A Note From The City Administrator

Spring is here! The City continues to feverishly work on a multitude of projects. Replacement drinking water well #4 at Liberty Christian School has been dug to a depth of 800 feet and the contractor POW is starting the work on constructing the well house and its associated mechanical equipment. The goal is to have this well fully operational in time for the peak summer water demand season this year. The week of February 26th Schneider Drilling finished drilling replacement drinking water well #6 at the southwest corner of Whitman Drive and Maple Ave at a depth of 800 feet. The City will soon conduct a pump test and once we receive State approvals, we will then put construction of the well house and mechanical equipment out for bid. This well should be fully complete by the start of 2021.

The City received a grant from Pacific Power to install an electric vehicle station at the municipal campus. That should be available for public use by this Summer.

The City is also working on sewer lining deteriorated wastewater mains around the Scenicview/Mountainview hill neighborhood. Sewer lining is very economical as it is a technology where an epoxy felt tube is inserted into a pipe, is inflated, heated, and cured in place. Wastewater mains can last up to another fifty years once lined. This project will take place during the spring. The Public Works Department will also be working on water main maintenance in the Highland Park neighborhood this spring as well.

Summer is right around the corner as well. The City has partnered with United Way of the Blue Mountains and Campfire to offer a youth camp program all summer in Kiwanis Park adjacent to Davis School in College Place. Sign up here: <https://www.wwcampfire.org/super-summer-in-the-park>

Projects and activities within the City are advised by a variety of volunteer advisory boards and commissions. The Civil Service, Planning, and Utilities and Transportation Advisory Commissions currently have openings. Please consider applying today to serve by filling out the form found here: http://www.cpwa.us/government/boards_and_commissions/index.php.

Walla Walla Valley Academy

On March 11th and 12th, Walla Walla Valley Academy will be hosting their WWVA Days open house for prospective students for the 2020-2021 school year. March 11th is geared explicitly to current 7th and 8th graders or those homeschoolers who are considering attending WWVA in the fall. Registration starts at 7:45 am, and the events will conclude at 3:15 pm. March 12th is for high school students who would like to join in on classes and participate in a regular school day. Registration starts at 8:30 am and will conclude at 3:00 pm. If you would like to attend, RSVP to farbe@wwva.org.
