COLLEGE AVENUE BICYCLE TRAFFIC ACCOMMODATION SURVEY

DN Traffic Consultants has been tasked by the City of College Place to obtain public feedback to assist the City in determining how bicycle traffic should be accommodated on the College Avenue corridor.

After completing this form, please save and then send as an email attachment to:

Gary@DNtrafficconsultants.com.

We want to thank you for your participation in advance!

Question 1: Do you prefer to ride on the roadway or within a designated bicycle lane within the road, on sidewalks or multiuse paths or in a 'cycle track' like the one on 4th Street and Academy Way?

Question 2: Where do you ride your bicycle on College Avenue – the sidewalk or the roadway and why?

Question 3: Would you be comfortable riding your bicycle between parked cars the curb?

Question 4: What preferred north-south route, if any, would like to see designated as an alternate to College Avenue?

Question 5: Please list your three most frequent destinations when riding a bicycle beginning with the most frequent?

Question 6: How many times a week to you ride your bicycle?

Question 7: What improvements or activities would encourage you to ride your bicycle more frequently? For example: better connections, more bike lanes, more separation from traffic, better street lighting.

If there is anything else that you would like to note in completing this survey, please include below:
