#### CITY OF COLLEGE PLACE

#### NOTES TO FINANCIAL STATEMENTS

January 1, 2005 Through December 31, 2005

The following notes are an integral part of the accompanying financial statements.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of College Place uses the revenue and expenditure classifications contained in the *Budgeting*, *Accounting and Reporting System* (BARS) manual. The manual is prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW.

The City of College Place was incorporated on December 24, 1945 and operates under the laws of the State of Washington applicable to a code city with a mayor-council form of government. The City of College Place is a general purpose government and provides public safety, fire protection and prevention; street improvement, parks and general administrative services. In addition, the city owns and operates both a water and wastewater utility system. The City of College Place uses single-entry, cash basis accounting which is a departure from generally accepted accounting principles (GAAP).

## a. Fund Accounting

The accounts of the City of College Place are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is accounted for with a separate set of single-entry accounts that comprises its cash, investments, revenues and expenditures, as appropriate. The City of College Place's resources are allocated to and accounted for in individual funds depending on their intended purpose. The following are the fund types used by the City of College Place:

#### GOVERNMENTAL FUND TYPES:

#### General (Current Expense) Fund

This fund is the primary operating fund of the City of College Place. It accounts for all financial resources except those required or elected to be accounted for in another fund.

#### Special Revenue Funds

These funds account for revenues that are legally restricted or designated to finance particular activities of the City of College Place.

|  | · |   |  |
|--|---|---|--|
|  |   |   |  |
|  |   | · |  |
|  |   |   |  |

#### Debt Service Funds

These funds account for the accumulation of resources to pay principle, interest and related costs on general long-term debt.

## Capital Projects Funds

These funds account for financial resources, which are designated for the acquisition or construction of general government capital projects.

### Permanent Funds

These funds account for financial resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support programs for the benefit of the government or its citizenry.

#### PROPRIETARY FUND TYPES:

#### Enterprise Funds

These funds account for operations that provide goods or services to the general public and are supported primarily through user charges.

#### Internal Service Funds

These funds account for operations that provide goods or services to other departments or funds of the City of College Place on a cost reimbursement basis.

#### FIDUCIARY FUND TYPES:

Fiduciary funds account for assets held by the City of College Place in a trustee capacity or as an agent on behalf of others.

#### Expendable Trust Funds

These funds account assets where both principal and interest may be spent.

#### Agency Funds

These funds are used to account for assets that the City of College Place holds for others in an agency capacity.

### b. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Revenues are recognized only when cash is received and expenditures are recognized when paid, including those properly chargeable against the report year(s) budget appropriations as required by state law.

Purchases of capital assets are expensed during the year of acquisition. There is no capitalization of capital assets, nor allocation of depreciation expense. Inventory is expensed when purchased.

#### c. Budgets

Annual appropriated budgets are adopted for all funds. The financial statements include budgetary comparisons for those funds. The city does prepare a comprehensive, entity-wide budget of all anticipated resources and outlays for the fiscal period, including those funds for which appropriated budgets are not required.

Annual appropriated budgets are adopted at the fund level. The budgets constitute the legal authority for expenditures at that level. Annual appropriations for general, special revenue and proprietary funds lapse at the fiscal period end.

The mayor and city administrator are authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of a fund, or that affect authorized employee positions or salary ranges are approved by the City of College Place's legislative body.

#### d. Cash

It is the City of College Place's policy to invest all temporary cash surpluses. The amount is included in the net cash and investments shown on the statements of fund resources and uses arising from cash transactions.

The surpluses are invested in either of three ways: in the State's Local Government Investment Pool, investment certificates of deposit, or within the city's public deposit account(s) with Banner Bank, in which case the interest on those investments is prorated to the various funds.

#### e. <u>Deposits</u>

The City of College Place's deposits and certificates of deposit Page 3 of 8

are covered by the Federal Deposit Insurance Corporation or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission.

### f. Investments (See Investment Note #3)

#### g. Fixed Assets

Fixed assets are long-lived assets of the City of College Place and are recorded as expenditures when purchased.

### h. Compensated Absences

A vacation leave balance of up to two hundred hours may be carried forward each year in concurrence with the employee's anniversary date. Upon termination of employment, employees will be paid for unused vacation time that has been earned through the last day of work (provided twelve months of employment with the city have occurred.)

Sick leave may accumulate indefinitely. Cash-out of up to 40 hours of sick leave per year is allowed, provided that a balance of at least 96 hours remains on the books. This cash-out must be initiated during November each year. Normally, upon separation employees do not receive payment for unused sick leave. An employee who is retiring with a minimum of ten years of service with the city may cash out a maximum of one hundred and twenty hours of their accrued sick leave.

#### i. Long-Term Debt (See Long-Term Debt Note #6)

#### j. Other Financing Sources or Uses

The City's "Other Financing Sources or Uses" consist of proceeds from the sales of land, operating transfers-in and operating transfers-out.

#### k. Risk Management

The City of College Place is a member of the Cities Insurance Association of Washington. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self insure, or hire or contract for risk management services. An agreement to Page 4 of 8

form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The pool was formed on September 1, 1988 when 34 cities in the State of Washington joined together by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. Currently, the CIAW has 115 member cities and 176 associate members.

The pool allows members to jointly purchase insurance coverage and provide related services, such as administration, risk management, claims administration, etc. Coverage for Public Officials liability is on a "claims made basis". All other coverages are on an "occurrence basis". The pool provides the following forms of group purchased insurance coverage for its members: Property, liability, vehicle liability, other mobile equipment, boiler and machinery, bonds of various types, excess liability and public official liability.

The pool acquires liability insurance from unrelated under-writers that are subject to a per-occurrence deductible of \$100,000. Members are responsible for the first \$1,000 of the deductible amount of each claim, while the pool is responsible for the remaining \$99,000. Insurance carriers cover insured losses over \$100,000 to the limits of each policy. Since the pool is a cooperative program, there is a joint liability among participating members towards the sharing of the \$99,000 portion of the deductible. The pool, however, purchases a Stop Loss Policy in the amount of \$3,508,000 to eliminate any risk to members and, in addition, fully funds the Stop Loss in the budget.

Property insurance is subject to a per-occurrence deductible of \$10,000. Members are responsible for the first \$1,000 of the deductible amount of each claim, while the pool is responsible for the remaining \$9,000.

Boiler and machinery insurance is subject to a per-occurrence deductible of \$2,500. Members are responsible for the deductible amount of each claim.

Each new member now pays the pool an admittance fee. This amount covers the member's share of unrestricted reserves. Members contract to remain in the pool for a minimum of one year, and must give notice before August 31 before terminating participation the following September 1. The Interlocal Governmental Agreement is renewed automatically each year. Even after termination, a member remains responsible for contributions to the pool for any resolved, unreported, and in-process claims for the period they were a signatory to the Interlocal Governmental Agreement.

The pool is fully funded by its member participants. Claims are Page 5 of 8

filed by members with Canfield & Associates, Inc., which has been contracted to perform pool administration, claims adjustment and administration and loss prevention for the pool. Fees paid to the third party administrator under this arrangement for the year ended August 31, 2004 and 2005 were \$951,388 and \$1,057,063 respectively.

A governing board is selected by the membership and is responsible for conducting the business affairs of the pool. The Board of Directors has contracted with Canfield & Associates, Inc. to perform day to day administration of the pool. This pool has no employees.

#### NOTE 2 - COMPLIANCE AND ACCOUNTABILITY

There have been no material violations of finance-related legal or contractual provisions. There have been no expenditures exceeding legal appropriations in any of the funds of the city.

### NOTE 3 - INVESTMENTS

The city's investments are either insured, registered or held by the city or its agent in the city's name.

All of the city's investments were invested in the Local Government Investment Pool (E.G.I.P.) and Banner Bank. Total investments as of December 31, 2005, were \$1,615,459.07.

### NOTE 4 - PROPERTY TAXES

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Collections are distributed after the end of each month.

Property tax revenues are recognized when cash is received by the city. Delinquent taxes are considered fully collectible because a lien affixes to the property when taxes are levied.

The city's regular levy for 2005 was \$2.502973 per \$1,000 on an assessed valuation of \$340,982,044 for a total regular levy of \$853,469.

In 2005 the city also levied an additional \$0.539237 per \$1,000, on an assessed valuation of \$336,076,944 for Debt Service on the combined Municipal Building and Fire Station bond. The additional levy was \$181,225.

### NOTE 7 - PENSION PLANS

Substantially all city full-time and qualifying part-time employees participate in either the Public Employees' Retirement System (PERS), the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF) or the Volunteer Fire Fighters' Relief and Pension Fund. The PERS and LEOFF retirement systems are administered by the Department of Retirement Systems, under cost-sharing multiple-employer public employee retirement systems. Actuarial information is on a system-wide basis and is not considered pertinent to the City's financial statements. Contributions to the systems by both employee and employer are

| , |  |  |
|---|--|--|
|   |  |  |
|   |  |  |
|   |  |  |

based upon gross wages covered by plan benefits.

Historical trend information showing each system's progress in accumulating sufficient assets to pay benefits when due is presented in the State of Washington's Comprehensive Annual Financial Report. Please refer to said report for detailed information.

State of Washington Office of Financial Management 300 Insurance Building P.O. Box 3113 Olympia, WA 98504-0201

### NOTE 8 - OTHER DISCLOSURES

A. 457 Deferred Compensation Retirement Plan

The city established a 457 deferred compensation retirement plan for its employees during 1996. The plan assets are accounted for on the balance sheet of the Deferred Compensation Fund (Fund No. 635). The city does not provide a match for employee contributions. The plan is administered by Baker Boyer Bank, who also holds in trust the assets of this fund. As of December 31, 2005, employee contributions held in trust, and reported as assets of the city, were valued at \$281,874.
