Where do my Property Taxes Go?

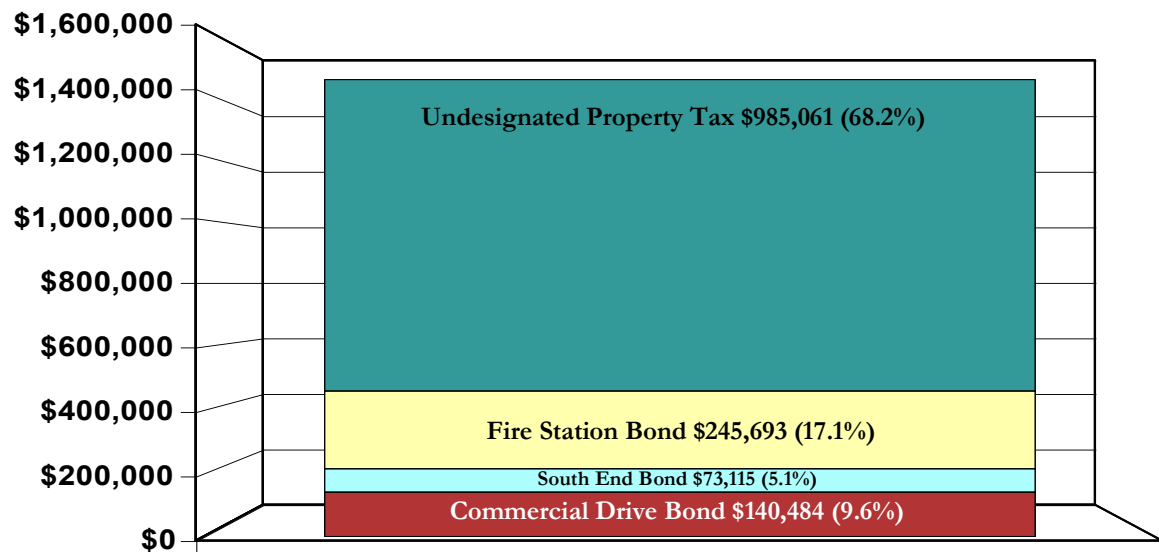

The Walla Walla County 2013 Assessment Guide was recently published and lists the assessed values and corresponding levy rates for all jurisdictions within the county.

The current levy rate for the City of College Place is about \$2.71. The levy rate is the amount charged per \$1,000 of assessed property valuation. For example, if you owned a \$100,000 home the portion of your property tax collected by the City of College Place would be \$271 annually. This amount includes only the money earmarked for the City and ***does not include*** the portion of your property taxes assessed by the state, school district, or other entities.

Property tax is very important to the College Place city government. These taxes account for 36.6% of the general fund revenues the city receives. These revenues support many of the city's departments including police, fire, building, planning, engineering, administration, finance and the municipal court. These taxes also fund the debt service for capital projects such as the fire station.

For 2013, approximately 32% of the city's property tax collections will service debt, while 68% is available for operating costs:
