TO THE BOROUGH OF COLLINGSWOOD  
CONSOLIDATED PLANNING BOARD OF ADJUSTMENT**

**GENERAL INFORMATION:**

1. The regular monthly meetings of the Borough of Collingswood Planning Board of Adjustment are held on the 4<sup>th</sup> Monday of each month at 7:00 PM at the Borough of Collingswood Community Center, Second Floor, 30 West Collings Avenue, Collingswood, New Jersey 08108.
2. All applications submitted shall include the attached forms completed in full and duly executed by the applicant and property owner, a copy of the most recent survey of the property showing the present location and size of all existing buildings and improvements and setbacks to any and all structures along with any plans, drawings, literature, surveys, or any other documentation being presented in support of the application and those items detailed as required for submission in the governing ordinances (Ordinance §141-1 et seq.) Fifteen (15) collated sets of all submission materials and the completed application forms must be submitted to the Board Secretary no later than Twenty-One (21) calendar days prior to the next meeting date. Any error or omissions in the forms or missed deadlines may result in a delay in scheduling your hearing.
3. The Board Secretary will advise you of your hearing date and the applicant must then provide the required public notices via service and publication in either of the newspapers of record (Retrospect & Courier Post), with such notice being served and published at least ten (10) days prior to the scheduled hearing date using the attached form. Those persons entitled to notice of the application and the manner in which service and publication of the notice are to be effectuated are detailed in Ordinance § 141-8. The applicant must order a certified list of property owners and those others entitled to notice from the Borough Clerk. There is a charge of \$10.00 for this list. A tax map of properties within 200 feet of your property will be provided with the list and must be submitted with your application to the Board. The notification list may be obtained by submitting the attached form to the Borough Clerk. After completing the required notices, submit to the Board Secretary a completed Affidavit of Proof of Service, the form of which is included herein, all (white) certified mail receipts, no later than five (5) days before the scheduled hearing date, along with an Affidavit of Publication from the newspaper in which the notice was published.

5. The applicant must provide two (2) separate checks for the required Application fee and Escrow fee which are detailed in §141-13 of the Ordinance.
6. If your property is in the Historic District, you must first apply to the Historic Preservation Commission for a Certificate of Appropriateness for your proposal. The Consolidated Planning Board of Adjustment cannot hear your application in most cases until it receives the recommendations of the Historic Preservation Commission.
7. In most cases, the Board will reach a decision on your application on the same night that the matter is heard. The Board will then adopt a Resolution of Memorialization at its next regularly scheduled meeting stating its decision and explaining the reason for it. A notice

of the adoption of such resolution will then be published in a newspaper of general circulation within the municipality. The applicant has the option of publishing notice of the Board's decision subsequent to the adoption by the Board of the Resolution of Memorialization.

8. Any member of the public may appeal the Board's decision within forty-five days of the date of publication of the Notice of Decision. If there is no appeal within that time, the decision then becomes final. However, you may begin to implement your development proposal immediately after the first approval AT YOUR OWN RISK. Any actions taken before the 45-day appeal period ends may be nullified if a successful appeal is taken.

9. A corporation or other business entity must be represented before the Board by an attorney at law of the State of New Jersey unless an exemption applies.

10. PLEASE NOTE that all applicants must be up to date on all payments due and owing to the Borough of Collingswood for taxes, water & sewer, etc. before your case can be heard.

## **GENERAL DISCUSSION OF VARIANCE REQUIREMENTS**

*This discussion is being provided for general informational purposes only.  
Please consult with a licensed New Jersey attorney for further guidance.*

The Collingswood Planning Board is empowered by state law to hear requests from applicants for relief from the municipal zoning ordinance provisions applicable to their property. Most variance applications fall into one of two categories. A “Bulk” or “C” variance is needed when the applicant intends to use his or her land in a manner permitted in its zoning district but cannot comply with the applicable dimensional requirements. It commonly arises when a structure is proposed within the required front, rear, or side yard setback areas. It also arises when new construction is proposed on a lot smaller than the zoning ordinance requires or when the structure would exceed the maximum lot coverage requirements.

In order for the applicant to be excused from the applicable requirements, he or she must convince the Board by a sworn factual presentation that he or she qualifies for an exception from the requirements. This exemption is called a variance. The applicant has the burden to prove to the Board by producing evidence that a variance should be granted. The Board has no responsibility to produce evidence to support the applicant’s position.

The standards applicable to the Board’s consideration of variance applications are found in the New Jersey Statute known as the Municipal Land Use Law as set forth in N.J.S.A. 40:55D-70. Generally, there are two types of “C” variance each requiring different types of proof.

The first type usually relates to the physical features of the property or the structures on it. In these cases the applicant must prove to the Board why his property (not he or his family personally) is under a hardship if it must be developed in accordance with the existing requirements. The focus must be on the physical characteristics of his property that would make it impractical or would pose peculiar or exceptional practical difficulties relating to the property if applicant were required to conform to the existing requirements.

The second type of “C” variance requires the applicant to prove that the proposed use of the land would advance the purpose of the municipal land use law as expressed in N.J.S.A. 40:55D-2. If the applicant can prove the above and prove further that the benefits that would be created under his or her proposal would substantially outweigh any detriment flowing therefrom, then the applicant will have taken a major step in proving his or her right to a variance.

In both types of “C” Variances, the applicant must also prove that the requested relief can be granted without substantial detriment to the intent and purpose of the zoning plan and the zoning ordinance.

Please note that in “C” variance cases as well as “D” variances (explained below) it is essential that the applicant accurately describe his or her property and what borders it. An accurate survey showing the distances from the existing and proposed improvement to the surrounding lot line is essential. Photographs of the area involved are also a great assistance to the Board.

If the applicant can prove to the Board that the above criteria are met, he or she is entitled to a variance by a majority vote of the Board.

The second category of variances the Board considers is a “Use “ or “D” variance. This variance applies when the proposed use of the property is not permitted by current regulations. This type of variance is harder to get than a “C” variance because it requires five (5) affirmative Board votes out of a maximum of seven (7) voting Board members. An applicant must prove that special reasons exist to use or erect a principal structure in the district where such use or structure is not permitted or to permit applicant to expand a non-conforming use. A non-conforming use is one that the zoning ordinance permitted when the use began but is not permitted by current ordinances.

These special reasons are loosely described but not defined in the law. It is sufficient to say that special reasons are those which promote the general purpose of the zoning law found in N.J.S.A. 40:55 D-2. A hardship imposed on an applicant if his property cannot be practically utilized in the manner for which it is zoned can be a special reason. Aesthetic improvements under certain circumstances can also be a special reason. If the general welfare is benefited by the proposed use then that can be a special reason if the applicant’s land is uniquely suited for the proposed use. If the proposed use is inherently beneficial to the general welfare (i.e.: hospitals, schools, etc.) that also can qualify as a special reason and applicant does not have to prove that the property is uniquely suited to the proposed use.

The above situations are examples of special reasons but are not meant to be all-inclusive.

In addition to the above, a “D” variance that is not in an inherently beneficial use category must satisfy an additional requirement. The applicant must demonstrate why his proposed use has been omitted from uses that are permitted. This extra proof must be shown in such a manner as to enable the Board to find that the requested variance is not inconsistent with the intent and purpose of the Master Plan and the Zoning Ordinance.

Finally, as in “C” variances cases, an applicant for a “D” variance must also prove that the requested relief can be granted without substantial detriment to the public good and to the intent and purpose of the zone plan and zoning ordinance.

The law does not favor use variances because they are inconsistent with the applicable zoning plan. Therefore, five affirmative votes (as opposed to the simple majority vote required for a “C” variance) are required. For this reason, it is strongly recommended that applicants retain a lawyer to help them present their proof. Expert testimony to reconcile the contrast between the proposed use and its omission from permitted uses is also highly recommended.

The above is intended as a general discussion of the legal factors applicable to most common request for variances. Appeals from administrative error, questions or interpretations of the zoning ordinances, variances from conditional use requirements and increases in floor area ratio, permission to build on a lot not abutting a street, are matters not covered here. These types of requests come up less frequently and are beyond the scope of this discussion.

If necessary, zoning officials will explain the requirements applicable to your application. They cannot, however, act as your attorney or counselor and tell you what to do or say to the Board. If assistance is needed to present your application to the Board, an attorney should be consulted.

**ESCROW AGREEMENT**

**THIS AGREEMENT** is made this \_\_\_\_ day of, \_\_\_\_\_, 20\_\_ by and between \_\_\_\_\_ (Name) hereinafter referred to as the "Applicant", the Planning Board of Adjustment of the Borough of Collingswood, hereinafter referred to as "Board", and the Borough of Collingswood in the County of Camden is hereinafter referred to as "Borough".

**WHEREAS**, the Applicant is proceeding under the applicable land development ordinance (hereinafter "Ordinance"), for approval of \_\_\_\_\_; and

**WHEREAS**, the Ordinance requires the Applicant to establish an escrow whereby work required to be performed by professionals employed by the Board will be paid for by the Applicant as required under the provisions of the Ordinance;

**NOW, THEREFORE**, the parties do hereby acknowledge and agree as follows:

**SECTION 1. PURPOSES**

The Applicant agrees to pay all reasonable professional fees incurred by the Board for the performance of its duties.

**SECTION 2. ESCROW ESTABLISHED**

The Applicant hereby creates an escrow to be established within the \_\_\_\_\_.

**SECTION 3. ESCROW FUNDED**

The Applicant, upon execution of this agreement, shall pay to the Borough such sums as are required by Ordinance to be deposited.

**SECTION 4. INCREASE IN ESCROW FUND**

If, during the existence of this Escrow Agreement, the funds held by the Borough shall be insufficient to cover any voucher or bill submitted by the professional staff, the Applicant shall, within fourteen (14) days of receipt of written notice, deposit additional sums with the Borough escrow to cover the amount of the deficit referred to above and such additional amount reasonably anticipated as needed to complete the application process. Additionally, until such funds are fully replenished, no further consideration, review, processing of any pending application shall be permitted by the Board, nor shall any further inspections be performed by or on behalf of the Borough until such additional escrow has been deposited. Failure to post sufficient escrow funds to cover costs incurred or anticipated shall toll the period for action by the approving authority, as required by N.J.S.A. 40:55D-1 et seq and particularly N.J.S.A. 40:55D-50 and N.J.S.A. 40:55D-73 thereby barring an applicant from seeking a default approval under N.J.S.A. 40:55D-10.4.

The written notice referred to in this paragraph shall be sent to:

Name: \_\_\_\_\_  
Address: \_\_\_\_\_  
\_\_\_\_\_

Unless otherwise shown, receipt shall be presumed to have occurred three (3) days after mailing. After a period of forty-five (45) days from the notice from the Borough, the applicant's failure to deposit the additional funds shall be grounds for denial of the application or for dismissal of the application without prejudice. In the event the Board approves the application, the obligation to pay for professional plan reviews fees by depositing the funds in escrow shall be a condition of the approval granted by the Board. If the escrow funds are depleted, after the application is filed or granted, the applicant shall pay additional funds upon demand within the aforementioned fourteen (14) day period. The failure to pay the demanded funds may also result in a voiding of any prior approvals upon due notice to the applicant by the Board. In addition to the foregoing, the Applicant hereby agrees that in the event the reasonable and necessary amounts charged by the professionals for review of the application are not paid, the outstanding fees shall be deemed a lien on the above-described property and shall be collectible as in the case of taxes by the adoption of a resolution by the Borough governing body upon receipt of a certification that the amounts are due and owing pursuant to this agreement. Negative escrow balances shall incur interest at 1.5% per month.

In the event of the sale or transfer of property which is the subject of a development application or a change in the identity of the applicant, all funds on deposit pursuant to this agreement shall run with the development application affecting the property in questions and shall be considered to be the asset and/or obligation of any subsequent owner or applicant unless the initial owner or applicant provides written notice to the approving authority, and to the professionals providing review services, that the initial owner or applicant has specifically reserved ownership rights of the escrow account. In the event such a notice is received by the Borough officials and professionals, no further review shall be undertaken by relevant professionals until the new or subsequent owner or applicant has established an escrow account and signed an escrow agreement.

**SECTION 5. TIME OF PAYMENT**

The professionals referred to in this Agreement, upon the conclusion of their services or periodically during the performance of their services, shall submit vouchers. Said vouchers shall include the amounts of all fees and costs incurred as a result of the services set forth under Section 1 of this Agreement.

**SECTION 6. PAYMENTS FROM ESCROW FUNDS**

The Borough shall review the vouchers submitted by the professionals to determine whether the services have been performed in the manner and to the degree required by this Agreement. Upon making a determination that said services have been performed properly, the Borough shall process said vouchers in the same manner and under the same terms as are normally employed for vouchers submitted for work performed on behalf of the Borough. At the conclusion of this processing, the amounts specified in said vouchers shall be paid by the escrow holder from the escrow established pursuant to this agreement.

**SECTION 7. APPLICANT NOTIFICATION TO DISPUTE CHARGES**

Pursuant to the Municipal Land Use Law, applicants shall notify in writing the Board, and the professional whenever applicants disputes the charges made by a professional for service rendered to the Board in reviewing applications for development, review and preparation of documents, inspection of improvements, or other charges made. The Borough, or its designee, shall within a reasonable time period

attempt to mediate any disputed charges. If the matter is not resolved to the satisfaction of the applicant, the applicant may appeal to the Camden County Construction Board of Appeals.

**SECTION 8. RETURN OF UNUSED ESCROW FUNDS**

Escrow funds cannot be refunded for at least one hundred twenty (120) days from the time of a final decision of the Planning or Zoning Board. After one hundred twenty (120) days, a request to refund unused escrow may be made by letter.

**IN WITNESS WHEREOF**, the parties hereto have set their hands and seals the date first written above.
