Oregon Law, ORS 609.100, and Curry County Ordinance 4.01.050 require a current dog license for all dogs six months of age or older. Additionally, all dogs are required to have a current rabies vaccination certificate on file ORS 433.375. **A copy of the rabies vaccination certificate must be submitted with this application.**

Annual dog license fee is \$25.00 for Spay/Neutered Dogs; \$50.00 for Unaltered Dogs, Veteran/Senior discount is \$23.00 and \$48.00 for unaltered. 100% of licensing fees help pay for the animal care and control services. Licensing your dog helps ensure that your four-legged friend can be returned to you if lost. License information is used to allow the animal to be directly returned to their home.

Another benefit to licensing is the “free ride home” policy. If a dog has its current license tag attached and we can contact the owner the first day of impound to return the dog, it gets one free ride home per license year within Curry County.
