

# SEPTIC TANK ABANDONMENT FORM

The Department of Environmental Quality rules require that all septic tanks be properly abandoned following hookup to a new septic system or when the tank is no longer in use. Please return the following form along with the pumping receipt to our office at 221 Stewart Avenue, Suite 201, Medford, OR 97501. If you have any questions, please call 541-776-6010.

Oregon Administrative Rule 340-071-0185 **Decommissioning of Systems**

(2) Procedures for decommissioning

- a. Tanks, cesspools and seepage pits must be pumped by a licensed sewage disposal service to remove all septage.
- b. Tanks, cesspools and seepage pits must be filled with reject sand, bar-run gravel or other material approved by the agent, or the container must be removed and properly disposed.
