

operation medicine drop

Medications are the leading cause of accidental poisoning deaths among children.

Operation Medicine Drop has disposed of more than 280 Million prescription and over-the-counter pills since 2010, saving countless lives as well as the environment.

You can help your family and community by keeping unused or expired medications out of the wrong hands.

Safely dispose of unused medicine. Visit safekidsnc.org to find a Take-Back Event or Drop Box near you.
