Additional Information:

Consolidation #1: With the addition of Tuscola Township to the Construction Code Authority (City of Frankenmuth, Frankenmuth Township and Blumfield Township) the geographic area of coverage will increase from 73 square miles to approximately 108 square miles. This will streamline the permitting and inspection process in Tuscola Township, and it will provide a greater volume of work during slow times which will ensure the continued employment of highly qualified inspectors. This will provide additional revenue for the Authority which will help ensure the three current members don't have to use General Fund revenue to keep the Authority solvent.

Consolidation #2: One wall of an under utilized building at the City's Wastewater Treatment Plant will be modified to simulate a two story apartment building in which the Fire Department can conduct realistic training activities.
