**20. Cornell's Internet of Things (IOT)** group is getting ready to install gateways in 7 locations around the city and town and want to install one at the town hall; no cost to the town; they are looking at an application for monitoring energy use at the town's water plant that would involve installing an energy monitoring device there that would send data through the gateways to computers or other devices that interpret the data and give us real time information about energy use at the plant. The Townboard is fine with a gateway at the town hall.

**Sustainability** – met Nov. 3 and discussed the three recent town events, Free Stuff Day, Fix-it Clinic and Senior Citizen Clean-Out Day – all were successful and well received – discussed doing them Spring and Fall on or close to the same day again; the report of the Geneva Materials and Waste Management Working Group is being finalized with the efforts of HWS Prof. Darrin Magee; Cornell's Design Connect team will be working with the town in the Spring semester on a design for a Resource Recovery Park and/or other facilities to help us plan and be ready for the closing of the Ontario County landfill at the end of 2028; a committee was formed, led by Jacob Fox, to put together a HeatSmart campaign for the town and city; getting a Reuse Center started in Geneva was also discussed, including the need for a community survey.

**Kashong Conservation Area** – A Finger Lakes Land Trust representative visited the KCA and reported it looks fine and in compliance with the deed conditions.

The contract was approved for enhanced law enforcement with the Ontario County Sheriff's Office which covers town court security and extra road patrol. The town budgets \$20,000.00 each year to cover this service.

The town has \$30,000.00 in grant money to be applied toward the purchase of an electric vehicle for the code enforcement officer; initially a Ford F150 Lightning was planned to be purchased but we have been unable to secure one in time to use the grant so are purchasing a different EV that will satisfy the code enforcement officer's needs. The application for funding for the EV charging station is pending and should be announced soon.

The town is applying for additional grant funding to support food waste collection and other organics diversion, this time from the NYS Department of Environmental Conservation (an application to the US Department of Agriculture was earlier submitted and is pending).

The town has an additional \$70,000.00 in grant funding due to achieving Bronze Certification as a Climate Smart Community. It must be utilized for building upgrades or electric vehicles or charging stations (there are a few other approved uses but they are not available, like converting street lighting to LED, which the town has already done). We are looking at a number of energy efficiency upgrades for the town hall, the old town hall, and the rear highway building.

County Road 6 resident Jackie Moore emailed the town board about the town bringing water to her and other residences in the area. The Water & Sewer Superintendent has sketched out a plan for this that is going to MRB Group for a rough estimate of the cost so residents will have an understanding of at least an approximate expense of that project. The residents would have to petition the town for this. Another consideration is that bringing municipal water to that area might encourage more housing or other development, jeopardizing the surrounding farm land, which would be inconsistent with the town's Comprehensive Plan.

Two meetings for the public to hear about opt-out community solar will be held at the town hall on Thursday, November 10 and Wednesday, November 16, at 6:00 p.m. All eligible residents will receive correspondence describing the program and how to opt out, which can be done at any time.

as follows:

**Section 1.** Section 165-39 (Short-Term Rental Regulations) of the Zoning Code of the Town of Geneva is hereby repealed in its entirety.

**Section 2.** The Code of the Town of Geneva is hereby amended by adding a new Chapter 123 to read as follows:

Chapter 123

**Short-Term Rentals**

**§ 123-1 Title**

This Chapter shall be known and may be cited as the "Town of Geneva Short-Term Rental Law".

**§ 123-2 Purpose**

The purpose of this Chapter is to regulate the business involving the short-term rental of residential properties to ensure such rentals do not create public safety hazards nor become disruptive to the quality of life for other residents in the neighborhood where the property is located. It is the policy of the Town of Geneva to encourage stable residential neighborhoods for the health and well-being of all Town residents, businesses and guests. The Town permits short-term rentals under conditions that foster neighborhood cohesion and that attempt to keep property values affordable for owner-occupancy.

**§ 123-3 Authority**

This Chapter is adopted pursuant to:

1. Section 10 of the New York State Municipal Home Rule Law, which empowers the Town of Geneva Town Board to adopt local laws relating to the government, protection, order, conduct, safety, health and well-being of persons or property within the Town, and outside any village, to include the power to adopt local laws providing for the regulation or licensing of occupations or businesses, which such power includes the power to adopt a local law regulating the use of buildings for short-term rentals; and

"Rental" means an agreement granting use or possession of a residence, in whole or part, to a person or group in exchange for consideration valued in money, goods, labor, credits, or other valuable consideration. Use of a short-term rental by a record owner of a property shall not be considered to be a rental under this section.

Failure to pay the annual permit fee by the end of business on January 31 of the second year and third year that the short-term rental permit is in effect shall cause the short-term rental permit to immediately terminate.

5. If a short-term rental permit automatically terminates as a result of paragraph (4) of this section, the owners or the new owners of the subject property on which the short-term rental is located, shall apply for a short-term rental permit, submitting everything required pursuant to Section 123.6 of this Chapter, including a new permit fee for the current calendar year, even if a

The contact person may be the owner or an agent designated by the owner to serve as a contact person.

#### **§123.8 Short-term rental standards.**

All short-term rentals shall meet the following standards:

1. The maximum occupancy for each short-term rental unit shall be the smaller of:
  - A. The maximum number of people allowed based on the septic inspection report, if applicable; or
  - B. The number of people calculated on the basis of two persons per sleeping room (unless the room size is below 100 square feet). For this purpose, a sleeping room is defined as fully enclosed habitable space of at least 70 square feet for one person and 100 square feet for two persons, with an emergency escape or rescue opening.
2. The property must have sufficient off-street parking spaces, in compliance with the requirements of Article VI (Off-Street Parking and Loading) of the Zoning Code of the Town of Geneva, to accommodate the maximum occupancy of the dwelling unit as a short-term rental.
3. Tenants and guests shall park in the off-street parking spaces required by Article VI (Off-Street Parking and Loading) of the Zoning Code of the Town of Geneva and shall not park on any part of the lawn of the property nor on the street.
4. A house number visible from the street or road shall be maintained.
5. Provisions shall be made for weekly garbage removal during rental periods. Garbage containers shall be secured with tight-fitting covers at all times to prevent leakage, spilling or odors, and placed where they are not clearly visible from the street or road except around pickup time.
6. Advertisements for the short-term rental must conform to what is allowed under these regulations and the short-term rental permit.
7. The short-term rental shall be owner-occupied or owner-supervised. For purposes of this requirement: (a) "owner-occupied" shall mean that at least one owner in title to the lot or parcel that the short-term rental is a part of either: (i) occupies for at least seven months of each calendar year as his or her residence all or part of the dwelling unit that contains the short-term rental, or (ii) occupies for at least seven months of each calendar year as his or her residence a dwelling unit on the lot or parcel that the short-term rental is a part of, other than the short-term rental; and (b) "owner-supervised" shall mean that at least one owner in title to the lot or parcel that the short-term rental is a part of occupies for at least seven months of each calendar year as his or her residence a dwelling unit on a lot or parcel that is contiguous to or immediately across the street from the parcel containing the short-term rental. This standard requiring the short-term rental be owner-occupied or owner-supervised shall not apply to any short-term rental permit, or renewal thereof, in existence on the date the local law enacting this standard takes effect and shall only apply to short-term rental permits issued after such effective date.

#### **§123.9 Procedure upon filing application.**

1. Upon the filing with the Town Code Enforcement Officer of the permit application, containing the owner's written consent allowing the Town Code Enforcement Officer to enter the short-term rental and the lot or parcel of which the short-term rental is a part for purposes of conducting the inspections called for in this section, permit fee, and all documents and information required by this chapter, the Town Code Enforcement Officer shall:

A. Conduct an inspection of the short-term rental and the lot or parcel of which the short-term rental is a part to verify compliance with the Zoning Code of the Town of Geneva and this chapter, to verify compliance with New York State laws, codes and regulations, to verify the number of sleeping rooms within the short-term rental, as defined in this chapter, to verify the number of parking spaces on the property that meet the standards set forth in this chapter and to verify that the short-term rental complies with the following standards:

i. There shall be one functioning smoke detector in and outside each sleeping room and at least one functioning smoke detector in at least one other room, one functioning fire extinguisher in the kitchen and at each exit, and at least one carbon monoxide detector per floor level.

ii. Exterior doors shall be operational, and all passageways to exterior doors shall be clear and unobstructed.

iii. Electrical systems shall be serviceable with no visual defects or unsafe conditions.

iv. All fireplaces, fireplace inserts or other fuel-burning heaters and furnaces shall be vented and properly installed.

v. Each sleeping room shall have an exterior exit that opens directly to the outside, or an emergency escape or rescue window.

B. Have 30 days to complete the inspection required in Paragraph 1. A. of this section, to review the application, and then to either issue the permit, with or without conditions, or notify the applicant in writing that the application has been denied, along with the reason or reasons for denial. If a permit is issued, the permit shall bear the signature of the Town Code Enforcement Officer.

2. In reviewing the application, if the Town Code Enforcement Officer has probable cause to believe information contained in the application is inaccurate or incomplete, he or she may request additional information to clarify or verify the situation. A failure to cooperate and provide accurate and complete information is grounds for denial of the permit.

3. In issuing a short-term rental permit, the Town Code Enforcement Officer may impose such reasonable conditions and restrictions as are directly related to and incidental to the use of the property for short-term rentals so long as such conditions and restrictions are consistent with the requirements of the Zoning Code of the Town of Geneva and the On-Site Individual Wastewater Treatment System Law of the Town of Geneva and are imposed for the purpose of minimizing any adverse impact the issuance of the short-term rental permit may have on the neighborhood or community.

4. The Town Code Enforcement Officer may decline an application for any of the following reasons:

A. If the application is incomplete, the documentation required by this chapter was not included with the application or the full permit fee, in payment form acceptable to the Town Clerk, was not included with the application.

B. If the Town of Geneva issued a short-term rental permit to any of the owners needing to sign the short-term rental permit application and any of such owners had a short-term rental permit revoked within the previous year.

C. If the affidavit from the owners or, if conducted, an inspection conducted by the Town Code Enforcement Officer as authorized in this section, does not evidence that the subject property is in compliance with this chapter, the Zoning Code of the Town of Geneva or with the On-Site Individual Wastewater Treatment System Law of the Town of Geneva.

D. If the site plan required to be submitted with the application does not comport with the requirements of this chapter.

E. If a private septic inspection report is required to be submitted with the application and if such report does not comport with the requirements of this chapter or with the On-Site Individual Wastewater Treatment System Law of the Town of Geneva.

5. Short-term rental permits issued pursuant to this chapter shall state the following:

A. The names, addresses and phone numbers of every person or entity that has an ownership interest in the short-term rental property and of a primary contact person who shall be available during the entire time the short-term rental property is being rented;

B. The maximum occupancy and vehicle limits for the short-term rental unit;

C. Identification of the number of and location of parking spaces available;

D. A statement that littering is illegal;

E. A statement that all fires must be attended and in an approved location and containment;

F. A statement that guests must comply with the Noise Ordinance of the Town of Geneva, as set forth in Chapter 106 of the Town Code, as amended, which sets strict limits on noise levels between 10:00 p.m. and 7:00 a.m., which ordinance

will be enforced by the Ontario County Sheriff's Department, the New York State Police, or any law enforcement agency properly exercising jurisdiction over the premises or incident;

- G. A statement that the short-term rental permit may be revoked for violations;
- H. Any conditions imposed by the Town Code Enforcement Officer; and
- I. That the permit shall expire on December 31 of the third year for which it is effective.

#### **§123.10 Conformity and display of permit.**

1. The issuance of a short-term rental permit is subject to continued compliance with the requirements of these regulations.
2. Prior to any tenants coming onto the short-term rental property:
  - A. The current short-term rental permit shall be prominently displayed inside and near the front entrance of the short-term rental; and
  - B. A copy of the current short-term rental permit shall be provided to every adjacent property owner and to every property owner within 150 feet of the short-term rental property (whether on the same side of the road, across the street or behind the subject property). A statement of compliance with this provision, stating the owners served, and their addresses, and the method of service (e.g., mail, personal delivery), shall be provided to the Town Code Enforcement Officer.
3. The owners must ensure that current and accurate information is provided to the Town Code Enforcement Officer and that they notify the Town Code Enforcement Officer immediately upon any information contained on the permit or in the application changing. If, based on such changes, the Code Enforcement Officer issues an amended or a new short-term rental permit, the owners must immediately replace the permit displayed inside and near the front entrance of the short-term rental with the amended or new permit and must immediately provide a copy of the amended or new permit to every adjacent property owner and to every property owner within 150 feet of the short-term rental property (whether on the same side of the road, across the street or behind the subject property).

#### **§123.11 Compliance, hearings and penalties.**

Owners of short-term rental units shall obey all applicable laws, ordinances and regulations of the Town of Geneva, Ontario County, New York State and the United States of America, and shall be subject to the enforcement and penalty proceedings contained in this chapter and in the Code of the Town of Geneva. The following process shall be followed in the event of a complaint alleging a violation of these regulations or a permit issued under these regulations:

1. The complaining party shall first attempt to contact the contact person designated on the permit, describe the problem and indicate the desired remedy.
2. The contact person shall, within two hours of receiving the complaint, respond to the complaint and remedy as soon as reasonably possible any situation that is out of compliance with these regulations or with the permit for the property.
3. If the response is not satisfactory to the complaining party (including the inability to promptly reach the contact person), the complaining party may file a complaint with the Town Code Enforcement Officer by submitting a written complaint including the date, time and nature of the alleged violation as well as a statement that the complainant either unsuccessfully attempted to contact the contact person or did contact the contact person but the complaint was not adequately resolved. A failure to attempt to contact the contact person will not excuse a violation.
4. If the Town Code Enforcement Officer finds a violation of the permit or of this chapter, the Code Enforcement Officer may do any of the following depending on the circumstances:
  - A. Attach reasonable conditions to the existing short-term rental permit;
  - B. Suspend the short-term rental permit; and/or
  - C. Revoke the short-term rental permit.
5. In addition to any other action this chapter permits the Town Code Enforcement Officer to take upon finding a violation of the permit or of this chapter, if the Town Code Enforcement Officer finds three or more violations of the permit or of this chapter within 30 days of each other, the Code Enforcement Officer shall revoke the short-term rental permit.
6. Should a permit be revoked:
  - A. None of the owners of the short-term rental property may obtain any short-term rental permit sooner than one year after the date of revocation; and
  - B. If any of the owners of the short-term rental property are a corporation, limited liability company or partnership, none of the shareholders of such corporation, members of such limited liability company or partners of such partnership, as the case may be, may obtain any short-term rental permit, either as an owner or as the shareholder, member or partner of an owner that is a corporation, limited liability company or partnership, as the case may be, sooner than one year after the date of revocation.

C. Any future application for a short-term rental permit for the same property shall be in compliance with all regulations of this section in effect at the time such application is submitted.

7. The Town may initiate enforcement proceedings under this chapter at any time following receipt of a complaint.

8. Decisions of the Code Enforcement Officer will be provided to the parties and may be appealed, within 30 days of receipt of the decision, by the owner or by the complainant to a tribunal, appointed by the Town Board, consisting of one Town Board member, one Town resident who holds a short-term rental permit, and one Town resident who does not hold a short-term rental permit. The appealing owner or complainant shall make a written request for a hearing to the Town Clerk, and the tribunal shall hear the appeal within 15 days of the request, during which time the decision of the Code Enforcement Officer shall be stayed. At the hearing, the tribunal shall accept evidence offered by the property owner, the complaining party, the Code Enforcement Officer and any other witness with relevant evidence. The tribunal shall make its decision within 10 days of the hearing, and may uphold the Code Enforcement Officer's decision, reject it, or modify it.

9. Any property owner found in willful violation of the provisions of this section shall be required to reimburse the Town for its reasonable costs of enforcement, including reimbursement for staff time and reasonable attorney's fees.

**Section 3.** If any clause, sentence, paragraph, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been ordered.

**Section 4.** This local law shall take effect immediately upon filing with the Secretary of State.
