Update to Gas-Powered Leaf Blower Restrictions

Effective January 1, 2024, the Village of Glencoe has updated its ordinance to restrict the usage of gas-powered leaf blowers. **Gas-powered leaf blowers may only be used during the following times:**

- Between April 1 and April 30
- Between October 1 and November 30

Use of gas-powered leaf blowers during all other times of the year is prohibited. This applies to individual property owners, as well as contractors operating within Village limits. Using gas-powered leaf blowers outside of the above dates can result in fines from the Village. Repeated violations can lead to increased fines and revocation of a contractor's landscaper license. Eff

There are no restrictions on the use of battery-powered or electric leaf blowers. The Village encourages the use of this type of equipment as an alternative.

If you have any questions, please contact Management Analyst Jeff Mawdsley at jmawdsley@villageofglencoe.org or (847) 461-1141.

Actualización de las restricciones de los sopladores de hojas a gasolina

A partir del 1 de enero de 2024, Village of Glencoe actualizó su ordenanza para restringir el uso de sopladores de hojas que funcionan con gasolina. **Los sopladores de hojas a gasolina sólo se podrán utilizar en los siguientes horarios:**

- Entre el 1 de abril y el 30 de abril
- Entre el 1 de octubre y el 30 de noviembre

Está prohibido el uso de sopladores de hojas a gasolina durante el resto de épocas del año. Esto se aplica a los propietarios individuales, así como a los contratistas que operan dentro de los límites de la Villa. El uso de sopladores de hojas a gasolina fuera de las fechas anteriores puede resultar en multas por parte del Village. Las infracciones repetidas pueden dar lugar a mayores multas y a la revocación de la licencia de paisajista del contratista.

No existen restricciones sobre el uso de sopladores de hojas eléctricos o de batería. El Village fomenta el uso de este tipo de equipamiento como alternativa.
