New Exterior Improvement Grant Program

The City is pleased to announce the ***Exterior Improvement Grant Program***, an expansion of the Small Business Façade Program. The Small Business Façade Grant Program was established in 2002 to provide both assistance and incentive to commercial property owners and sales-tax-generating local businesses citywide to improve the look and functionality of their properties and businesses. As of January 1, 2024, the Program title changed from the Small Business Façade Grant Program to the ***Exterior Improvement Grant Program***. The following are key changes:

- The grant maximum increased from \$5,000 to \$20,000 for eligible improvements, although it still requires a 50% cost-share from the applicant.
- Applicants may apply for a maximum Grant of \$20,000 toward eligible improvements annually for up to five consecutive years up to a maximum of \$100,000; grant funding for the same type of eligible expense will not be considered within the same 5-year period.
- The Program will expand from small businesses to allow eligible businesses of all sizes.
- The eligible improvements will expand from only frontage along the right-of-way to eligible improvements visible from the right-of-way.
- The eligible improvements will expand to include purchasing outdoor dining furniture and décor, landscaping, and installing parklets for outdoor dining.
- The annual Program Budget will increase from \$15,000 to \$100,000 to

accommodate the Program expansion.

The **Exterior Improvement Grant Program** is an excellent opportunity to reinvest in your business and property and enhance its appearance and the City's business districts.
