Welcome New Business Ravinia Bridal

Say yes to the dress! [Ravinia Bridal](#) is an expertly curated bridal sample gown shop located in the Ravinia District, owned by Bonnie Wegner. Brides-to-be can purchase their dream gown right off the rack, and at a discount, too! Shopping is by appointment only; ensuring each bride gets a fairytale shopping experience. [Click here to make an appointment!](#)

Spring Promotional Opportunity

Spring has arrived in Highland Park, and there's so much to celebrate! We've created an ever-growing, [downloadable digital Spring Guide](#) of things to do in Highland Park this season with sections dedicated to Passover and more.

Featuring over 60 pages of events, promotions, workshops, specials, and more, this downloadable Guide is a great way to advertise your business at no cost. The Guide is distributed weekly March – April via the Weekender (approximately 8,200 recipients), linked to social media, and housed permanently on enjoyhighlandpark.com.

Want your local business to be featured in the Guide? If your business has an event, promotion, special, workshop, or something else exciting happening now through April 30, please reach out to Marketing Coordinator, Diane Larson (dlarson@cityhpil.com) for information on how you can be included.

Second St. Parking Lot Reconstruction Mid-March - May

The Second St. Parking Lot Reconstruction Project began on Monday, March 18. Below you will find the most recent update regarding the Second St. Parking Lot Reconstruction Project.

Reconstruction of the lot is anticipated to be complete in late May. The project will enhance available parking for customers accessing businesses along Second St. The project includes reconstruction of the pavement to convert it

from an asphalt pavement to an environmentally friendly permeable pavement. Other improvements include LED lighting and conduit for future EV Charging Stations.

The City has been in direct communication with impacted businesses that rely on the parking lot for customer parking, deliveries, and refuse, recycling, and compost containers. Construction fencing will be placed around the perimeter of the lot, including the sidewalk in front of the parking lot.

Access to businesses and customer parking along Second Street will be maintained throughout the reconstruction of the parking lot. Parking options include:

- On-street parking (with the exception of two 15-minute parking spots in front of Terry's Toffee, which have been designated for use by the construction team)
- Parking in the Renaissance Place Garage

To learn more about the reconstruction of this parking lot, and to explore additional improvements planned for Second Street during spring/summer 2024, please visit cityhpil.com/construction.

If you're interested in receiving updates about the project, you can sign up for the dedicated project email list by emailing cityhp@cityhpil.com.

Central Business District Resurfacing Project

As part of the City's budgeted capital improvement projects for 2024, resurfacing streets in the Central Business District is particularly vital. While this work may have its inconveniences, this information is intended to assist residents and businesses about what to expect will be happening and when. Here are the resurfacing project limits listed below and on the map.

- 1) Elm Place (From Green Bay Road to St Johns Avenue)
- 2) Green Bay Road (From Elm Place to Laurel Avenue)
- 3) Central Avenue (From Green Bay Road to Linden Avenue)
- 4) Laurel Avenue (From Green Bay Road to St Johns Avenue)
- 5) Second Street (From Central Avenue to Laurel Avenue)
- 6) First Street (From Green Bay Road to Laurel Avenue)
- 7) St Johns Avenue (From Elm Place to Laurel Avenue)
- 8) Sheridan Road (from Elm Place to Central Avenue)

The majority of the work is to be done overnight to minimize disruption to businesses. Improvements will include pedestrian crosswalk enhancements, curb replacement and repair where needed, storm/sanitary grate updates as warranted, and ADA Upgrades to sidewalks at corners where warranted. Work is tentatively scheduled to start beginning of May 2024 with completion by middle of September 2024.

For questions about the project, please call Public Works at 847.432.0807.

Restaurant Meeting: Wednesday, April 17, 2 PM

The City is hosting a meeting for restaurant owners and managers on Wednesday, April 17, 2024, at 2 PM at City Hall in the Council Chambers. Collaboration is crucial for the ongoing success of the community's restaurants.

The City consistently reviews its existing practices, policies, and initiatives to align with its mission and achieve its goals, founded on its core priorities, including Economic Development.

The purpose of the meeting is to share highlights of the City's Business Development Strategic Plan, which sets forth various ways in which we work with existing businesses, market current businesses with an emphasis on supporting local establishments, and highlight current economic incentives used to attract and retain businesses. We will also share information about a proposed restaurant incentive and invite feedback from restaurateurs.

Please RSVP via email to cityhp@cityhpil.com.

Exterior Improvement Grant Program

The ***Exterior Improvement Grant Program*** offered by the City is designed to provide both assistance and encouragement to commercial property owners and sales-tax-generating local businesses citywide to improve their storefronts' appearance and functionality. The program has the following key features:

- The cost of eligible improvements is shared equally between the applicant and the City.
- The maximum Grant amount is \$20,000 per year for up to five consecutive years or a total of \$100,000; however, a grant for the same improvement would not be considered within the same five-year period.
- The eligible improvements must be visible from the right-of-way.

The annual program budget is \$100,000 and is available on a first-come, first-served basis.

The program is an excellent opportunity for local businesses and property owners to revamp their storefronts, enhance their appeal, and lessen the financial burden. Please visit [Exterior Improvement Grant Program](#) to learn more and download the [Application](#).

If you have questions about the program, please contact Business Development Manager Carolyn Hersch at 847.926.1027 or via e-mail at chersch@cityhpil.com.
