Back to School Safety
City Offices Closed September 3 & Other Labor Day Reminders

City offices will be closed on Monday, September 3 in observance of Labor Day. Residents may call the Public Safety Switchboard at 847.432.7730 if assistance is required.

Refuse and recycling collection will be delayed by one day for the entire week of September 3. Services return to normal on Monday, September 10. For more information, contact Lakeshore Recycling Systems at 773.685.8811 or visit LRSrecycles.com.

Vehicle Sticker Renewals

Renewal applications for City vehicle stickers are mailed in August. Stickers cost $55 per passenger vehicle and must be displayed by October 1. For an additional $30 donation, residents may upgrade their stickers to support the 112 Education Foundation. For more information on the 112 Education Foundation, visit their website at www.112foundation.org. 2018 vehicle sticker renewals are available for purchase on the City’s website. Residents are strongly encouraged to renew online at www.cityhpil.com.

Online renewals save stamps, paper, and time. For more information, contact the Finance Department at 847.432.0800 or finance@cityhpil.com.

Woof! Time to Renew Dog Licenses

Watch your mailbox. Renewal applications for 2018-2019 City of Highland Park Dog Licenses will arrive in August.

Renewal fees for the 2018-2019 licenses are $7.00 for spayed or neutered dogs (proof required) and $12.00 for unaltered dogs. A current rabies vaccination certificate is required for renewal if the vaccination listed on the dog license application has passed its expiration date. Dog Licenses can be renewed by mail or in person at City Hall, 1707 St. Johns Avenue. The Finance Department offers online renewal of Dog Licenses on the City’s website at www.cityhpil.com.

For information, please contact the Finance Department at 847.432.0800 or finance@cityhpil.com.
Residents sometimes ask me about projects or initiatives that are not necessarily under the control of the City. I am usually able to help them track down the best source for the answer, thanks to strong working relationships with our government partners (North Shore School District 112, Township High School District 113, the Park District, Moraine Township, and Lake County), state and federal officials, local clergy, multiple citizen advisory task forces and community groups.

We know that by communicating and creating synergies between our organizations, the public benefits and efficiencies are improved. With that goal in mind, I meet regularly with elected officials, local government staff, and community partners. We also hold quarterly intergovernmental partners meetings. In addition, I appoint City Council members to serve as liaisons to the school districts and the Park District. They meet with representatives of the respective boards as needed and/or attend board meetings.

Each government or organization has its own mission, purpose, budget and operational goals. However, we all approach issues with an eye towards collaboration to best meet the short- and long-term goals of our community. Coordinated projects include: public safety, flood mitigation, student experiential opportunities, environmental sustainability initiatives, cost-sharing opportunities, and more.

We all benefit from improved cooperation, actions, and communication on a multitude of initiatives that serve our community. This truly is representative government at its best.

National Water Quality Month

August is National Water Quality Month and water quality begins with our drinking water source: rivers, lakes, and ground water. It is important we each do our part to protect our drinking water supplies and keep our water sources and waterways clean for all living things to continue enjoying them for consumption and recreation. Protection of drinking water source is everyone’s responsibility.

For information on protecting City’s drinking water source please visit http://www.cityhpil.com/watertreatment or call the Water Plant at 847.433.4355.

Use Rain Setting on Sprinklers

To conserve water, homeowners are encouraged to program their sprinklers so the system doesn’t operate during or after rain events.

Electric Aggregation Update

Electric supplier solicitors are in the area asking to review ComEd bills. The City DOES NOT currently participating in an electrical aggregation program and DOES NOT have a contract with any alternative energy provider.

The Illinois Commerce Commission (ICC) has created www.pluginillinois.org as the State's official electric choice website to assist residents in comparing utility supply prices and offers from retail electric suppliers.

Consumers interested in exploring electricity supply alternatives can learn more through the Citizens Utility Board (CUB) at www.citizensutilityboard.org / 800.669.5556 and the ICC at www.pluginillinois.org / 217.785.7456.

Turn Off Idling Engines

Idling is when a driver leaves the engine running while the vehicle is parked. Unnecessary idling is bad for the environment, wastes fuel and increases engine wear and tear. The American Lung Association recommends the following to reduce unnecessary idling.

If you're waiting for more than 10 seconds, turn off the ignition. Did you know that idling for 10 seconds wastes more gas than restarting your engine?

Warm up your car by driving, not by idling. Even in winter, today's engines do not need to warm up. A vehicle's engine warms up twice as quickly when driven.

Protect your engine by idling less. Frequent restarts are no longer hard on car's engine or battery. You’ll also save money on wasted fuel and decrease wear by not operating your car longer than necessary.

The City’s local regulation states, “No vehicles shall be left unattended while the motor of such vehicle is running; and no vehicle shall be left without a driver on any hill or incline unless the vehicle is secured against moving.” (Municipal Code Section 71.245).

Help everyone breathe a little easier and turn off idling engines. For more information, visit www.lung.org and search “idle free.”

Back-To-School Safety Reminders From The Police Department

Students return to area schools during the week of August 20. Traffic and pedestrian safety at and around area schools is a priority and is everyone’s responsibility.

Common concerns include speeding, disobeying stop signs, failing to yield to pedestrians, failing to obey crossing guards, passing stopped school buses that are loading or unloading, obstructing traffic, texting while driving, cell phone use while driving in a school zone, double parking, and illegal parking in bus loading or no stopping, standing or parking zones.

The number of parents driving their children to and from school increases when inclement weather occurs. School bus ridership has also declined. Many of our neighborhood schools, constructed years ago, were not designed to handle the traffic volumes, traffic patterns and parking demands that we experience today. These variables greatly increase the risk of an accident and associated injury to children and pedestrians at or near schools. The City has worked with both local School Districts to improve traffic flow, parking options, drop-off and pick-up locations and procedures and signage at and around many schools. Police will continue to increase their presence and enforcement efforts at and near schools to improve traffic and parking regulation compliance.

Please follow these safety measures at or near schools:

- Learn where designated drop-off and pick-up areas are located at your child's respective school and use them. Do not use City streets for drop-off and pick-ups, this increases risk to children and pedestrians
- Encourage your child to utilize school buses, carpools and bicycles to reduce vehicle traffic and pollution
- Obey existing State and City traffic and parking laws
- Do not pass stopped school buses which are loading or unloading passengers while its lights are flashing and its stop signal arm is extended
- Obey State laws and City ordinances pertaining to Electronic Communication Devices and Wireless Telephone use: (1) A person may not operate a motor vehicle on the road while using an Electronic Communication Device to compose, send or receive electronic messages; (2) A person may not use a hand-held cell phone at anytime while operating a motor vehicle on a City roadway - unless it is utilized in a hands-free mode; and (3) Drivers may not utilize a cell phone at anytime while in a school zone or within 500 feet of an emergency scene where police, fire or rescue are present while displaying activated emergency warning lights.

Help us achieve our mutual goal of maintaining the safety of our community’s children.

City of Highland Park Sesquicentennial Celebration
150 Club Member Donor Brick Order Form

The City of Highland Park invites the community to participate in our “150 Club Member Donor Program” to support the Sesquicentennial Celebration in 2019. Bricks purchased through this program will be installed in year 2019 in front of City Hall and will become a fixture in our community to be enjoyed by future generations. This is a unique and timeless opportunity for recognizing individuals, schools, teams or businesses with a brick, or a series of bricks, featuring a personalized message or name. The commemorative bricks are 4” x 8” crafted with a customized message rendered in deep-relief.

Each paver can be inscribed with up to 3 lines and up to 13 characters per line. Placement of engraved bricks will be random inside the council ring and dependent on the total number sold when order is placed. Cost per brick including engraving is $150.

District 113 Appoints HPHS Interim Principal

Township High School District 113 is pleased to announce that during a Special Meeting on July 30, 2018, the Board of Education approved the hiring of Deborah Finn as the Highland Park High School Interim Principal.

Ms. Debby Finn has served as the Math Department Chair at Highland Park High School since 2008. She joined the District in 1996 and has previously served as the Math Lab Supervisor at Highland Park High School, a math teacher at Deerfield High School, and a co-principal of the District 113 Summer School program. She has been heavily involved as a committee leader, staff representative, and student activities sponsor throughout her tenure at District 113. Ms. Finn’s extracurricular involvement includes the New Teacher Program, Faculty Advisory Committee, District Advisory Committee, Grand Times Intergenerational Program, District 113 Education Foundation, Referendum Committee, and STEAM Committee. She has also served as a liaison for Working Together, a community program that provides families of Highwood and Highland Park with access to cultural and recreational activities. Ms. Finn’s demonstrated leadership, experience serving in a multitude of school and District roles, and commitment to the District 113 students, staff, and community make her an excellent candidate for this role and will be of great benefit to Highland Park High School during this transition year.

"We are thankful for the time our stakeholders have dedicated to the Interim Principal selection process, and most importantly, for the input they have provided. Ms. Finn’s leadership at both the school and district level, in addition to her extensive involvement with the Highland Park community, made her a clear front-runner for the position," Interim Superintendents Dr. Linda Yonke and Dr. Ben Martindale stated. "Her knowledge of the students, staff, families, and community will facilitate a seamless transition in leadership at Highland Park High School and continued excellence in our academic and extracurricular programs."

"HPHS is a community of dedicated and accomplished staff, curious and connected students, and supportive and engaged families. I have always been proud to serve Highland Park High School, never more so than I am right now. I am looking forward to a positive and productive school year. Go Giants!"

The Rules of Romantic Comedies

Thursday, August 16, 7 PM

The “meet-cute.” The “manic pixie dream girl.” The “grand romantic gesture.” Romantic comedies are filled with recognizable tropes like these. Film expert, playwright, and journalist Randall Colburn analyzes the rules of romantic comedies and looks at examples, then discusses how Writers Theatre’s Vietgone, the play by Qui Nguyen, honors and subverts the romantic comedy as we know it. The play isn’t your typical rom-com, but it draws on several of these familiar elements and references or subverts them to tell its own unique story. A From Page To Stage program presented in conjunction with Writers Theatre’s production of Vietgone. RSVP is requested. RSVP at 847.242.6000.

Jefferson & Adams

Thursday, September 13, 6:30 PM

The Shakespeare Project of Chicago presents a theatrical reading of Jefferson & Adams, Howard Ginsberg’s play about the turbulent friendship of Thomas Jefferson, John Adams, and Adams’ wife, Abigail. Based on the collection of letters between these prolific Founding Fathers—and one equally astute woman—the play fuses compelling political thoughts with passionate personal beliefs.

Film Showings and Discussions

Coming of Age Film Series  Sunday, September 16, 2 PM

Bob Coscarelli, professor emeritus at College of Lake County, introduces a film that takes place in a small town in 1959 where a group of friends are in search of a missing teenager’s body. Wanting to be heroes, they set out on a trek that turns into a journey of self-discovery. Based on Stephen King’s novella, The Body. A discussion follows the screening. Presented with the Highland Park Senior Center.
