Highland Park at a Glance

Award Nominations by March 12

Each year, the City recognizes individuals for outstanding service and contributions with two distinct awards: the Robert Barnard Character Counts Awards and the Humanitarian Award.

The Robert Barnard Character Counts Award honors students, residents and members of the business community for consistently demonstrating the six pillars of character: *trustworthiness, respect, responsibility, fairness, caring and citizenship*. The awards are presented by the City, North Shore School District 112, Township High School District 113 and the Character Counts Steering Committee. Nominate at cityhpil.com/charactercountsaward.

The Human Relations Commission established the Humanitarian award to recognize an individual who has rendered outstanding service to our community. Any person with a record of sustained giving and who has made a significant contribution to changing lives in Highland Park may be nominated. Nominate at cityhpil.com/humanitarianaward.

The deadline for nominations for both awards is **Monday, March 12**. For more information, contact Laura Frey, Manager of Youth & Senior Services at [847.432.4110](tel:847.432.4110) or lfrey@cityhpil.com.

Rental Registration Due April 1

Residential rental property owners are required to register their units with the City by **April 1** each year. Through an annual registration, owners of rental units within single-family, two-family and attached buildings are required to provide the name, address and telephone number of each owner and contact information for a property agent, if any. Contact information assists the City in its delivery of emergency and code enforcement services.

The \$30 annual registration fee is used to conduct outreach and provide educational materials regarding life-safety, property maintenance, and building and zoning codes to all registered property owners and their tenants. For those who registered a property last year, renewal notices are mailed at the end of February. Please use your renewal notice to register again for 2018.

To register a property for the first time, go to https://www.cityhpil.com/government/city_departments/community_development/rental_registration.php and complete a full application. Questions? Call Community Development at [847.926.0808](tel:847.926.0808).

Voter Information

Tuesday, March 20, 2018 is the next General Primary Election. February 20, 2018 is last day to register to vote at City Hall, 1707 St. Johns Avenue.

Grace Period Registration. Residents may still register to vote at any Lake County Early Voting Site or at the Lake County Clerk's office, 18 North County Street in Waukegan. Grace period registration is also available on Election Day at the polling place for your current address.

Absentee Ballot. Voters have four options if they choose to apply to request a ballot by mail:

- Apply online until noon on March 15.
 - Download a paper application from the Lake County Voter Power website, lakecountyil.gov/351/Voter-Power
 - Call [847.377.2406](tel:847.377.2406) to have an application mailed
 - Email a request to votingbymail@lakecountyil.gov
- All requests must be received by 12 PM on March 15.

Early Voting in Highland Park. Early Voting is available between Monday, March 5 and Saturday, March 17 at the Police Department Training Room, 1677 Old Deerfield Road. The hours for early voting are Monday through Friday between 9 AM and 5 PM and Saturday between 9 AM and 2 PM.

Election Signs. Residents may place election signs on their property; however, signs are not permitted on the public right-of-way between the sidewalk and curb. For homes where there is no sidewalk, signs must be placed more than 5 feet from the curb or street.

To report improperly placed election signs, call Code Enforcement in the Building Division at [847.432.0808](tel:847.432.0808).

Residents are reminded that it is illegal to trespass on another's property to remove or deface an election sign.

Election Day. All polling places are open from 6 AM until 7 PM on Tuesday, March 20 and are handicap accessible. Any handicapped or elderly voter who is physically unable to enter the voting site may request voting assistance. To request assistance, notify the Lake County Clerk's office by calling [847.377.2406](tel:847.377.2406) at least one day in advance of Election Day.

State of the City

Mayor Nancy R. Roterling Delivered the State of the City at the January 22 City Council Meeting

As the New Year begins, my wish is that we continue to use our collective passions to work together, crafting a vision that plans for decades to come. My City Council colleagues and I work alongside City staff, government partners, residents, and businesses focusing on issues that matter to all of us. Together, we strive daily to strengthen our community.

In 2017, we achieved many milestones. In addition to enhancing our overall quality of life, we focused on maintaining the City's on-going fiscal sustainability, invested in hundreds of infrastructure improvements (doubling our investment in our roads), and kept our community safe. We worked tirelessly as we advanced business development, increased communications, supported human services, environmental sustainability initiatives, and cultural arts plans.

Over the course of about seven months, we hold neighborhood meetings and public budget workshops. With your input, City staff, my Council colleagues and I work as a team to create our budget – our most important policy statement. We are fiscally responsible with your dollars and plan for the coming year as well as the future with an eye on potential challenges and opportunities.

I am proud to say that we approved a balanced operating budget for the seventh year in a row and with healthy reserves; our financial house is in order. This fiscal stability is despite very real challenges from our state government via mandates and unsustainable and unpredictable policy decisions. Highland Park's fiscal strength was again re-affirmed by Moody's with our continued Aaa bond rating, a rating now held by only a handful of Illinois cities.

Recognizing that collaboration and synergies benefit the public and improve efficiencies, we met regularly with government partners, local clergy, and multiple citizen advisory task forces and community groups. Members of the City Council serve as liaisons to each of our sister governments. Conversations resulted in partnerships on a multitude of initiatives that benefited our daily life, achieved synergies, and provided representative government at its best.

The City continued to partner with sister governments on key projects. Working with the Park District of Highland Park, we helped them move to achieve an objective in their Green Print plans with the sale of Highland Park Country Club Golf Course. With the City's assistance, North Shore School District 112 successfully completed the addition of a road at Edgewood Middle School to achieve much needed public

safety. Additionally, sister governments worked together to promote a culture of inclusivity and supported human and social services including food security, housing, and mental health care.

Partnerships with our business community continue to support our strong local economy, create new jobs and reduce property tax burdens on residents. Our development process has been streamlined, bringing new market-driven housing to our downtown, and in-fill development throughout neighborhoods. The long awaited sale of the Highland Park Movie Theater was completed and will bring an exciting development to help revitalize the east end of Central Avenue in Downtown Highland Park. In addition, after an extensive public process, we look forward to an updated Ravinia Festival with the addition of a new Experience Center.

As we dive into 2018, we remain deeply committed to meeting the needs of our community now and in the future. On the horizon, we are planning for the future of our Public Library, Ravinia Fire Station, Senior Center, the celebration of our sesquicentennial/HP150, welcoming a new police chief and more. It is our job to keep our finger on the pulse of our community. We invite you to work with us, and thank you for being our partners and our neighbors.

– Mayor Nancy R. Roterling

Fix-A-Leak Week, March 19

Did you know the average American household wastes more than 10,000 gallons every year due to easy-to-fix water leaks? The City and the U.S. The Environmental Protection Agency (EPA) encourages residents to find and fix leaks during the 10th annual Fix-a-Leak Week, March 19 through 25, 2018. Sponsored by the EPA's WaterSense program, Fix-a-Leak Week reminds residents of the easy steps they can take to help save water in their home and community. For more information on Fix-a-Leak Week, visit cityhpil.com/fixaleak.

Our Community

Help Ensure Pedestrian Safety

Improving pedestrian safety remains a priority for the City of Highland Park and our community. Drivers, bicyclists and pedestrians are all responsible for traffic safety. Drivers should always be prepared to yield the right-of-way and should not drive unnecessarily close to pedestrians. Listed below are a few important reminders regarding pedestrian safety related laws and best practices.

Drivers

In Illinois, a driver or bicyclist must come to a complete stop (*and yield*):

- when a pedestrian is in a marked crosswalk.
- on school days, when children are in close proximity to a school zone crosswalk.

A driver or bicyclist must yield to a pedestrian:

- when a pedestrian is in an unmarked crosswalk on the driver's side of the roadway and there are no traffic control signals.
- when making a turn at any intersection or red light.
- after coming to a complete stop at a stop sign.
- when a pedestrian enters a crosswalk before the traffic light changed.
- when a pedestrian is walking in accordance with a walk signal.
- when a pedestrian is leaving or entering a street or highway from an alley, building, private road or driveway.

Pedestrians

- Pedestrians should use sidewalks and crosswalks when crossing the street.
- Pedestrians must yield the right of way to drivers by obeying traffic signals, observing walk lights and using crosswalks.
- When pedestrians are crossing the road at any place other than a marked or unmarked crosswalk, pedestrians must give the right-of-way to drivers.
- Pedestrians must not walk in the road unless there is no sidewalk or shoulder next to it. Under these conditions, pedestrians should always walk as close to the outside edge of the road as possible.
- Pedestrians must always obey railroad gates, and/or warning lights/bells.

For more information, please see the Illinois Rules of the Road available online at www.cyberdriveillinois.com.

If you have any questions or need further clarification of these laws, please contact Highland Park Police Sergeant Chris O'Neill at 847.432.7730 or coneill@cityhpil.com.

Snow Removal Operations and Water Quality

During the winter months, road salt (sodium chloride) is spread on the streets and sidewalks to minimize ice formation and improve safety. While no one enjoys ice or snow-covered surfaces, road salt has negative environmental consequences. Road salt enters rivers, streams and Lake Michigan directly through runoff from rain, melting snow and ice.

At high levels, chlorides and sodium from salt and other de-icing chemicals can be harmful. Chloride is toxic to aquatic life and impacts vegetation and wildlife. A recent study conducted by the Global Lake Ecological Observatory Network found that freshwater lakes have rising salt concentrations due to snowmelt and rainfall runoff containing road salt.

The City's Public Works Department tries to use as little road salt as possible, while still keeping roads and sidewalks safe. Using a combination of road salt and brine solution to treat roadways helps reduce the amount of road salt needed. Without the brine sprayer, the road salt would disperse in a larger area,

including parkways and ditches.

The term "water quality" refers not only to the quality of potable water supplied by the City, but also to the impact the City has on the water quality of surrounding lakes, rivers, and streams that impact recreation, aquatic life, vegetation, aesthetic qualities, legal compliance with water pollution control regulations, and in extreme cases human health. The City regularly monitors the sodium content in our drinking water. To view the City of Highland Park's 2017 Annual Water Quality Report, go to www.cityhpil.com/waterquality.

What can you do? To keep roads and sidewalks safe while also reducing the negative impact of road salt, use the minimum amount of salt necessary on your driveway, sidewalk, and parking area. Practice smart salt usage and encourage neighbors and businesses to apply the least amount necessary. Thank you for helping keep our waterways clean!

Highland Park High School Charity Drive Underway

Highland Park High School kicked off its annual Charity Drive with an all-school assembly on Friday, February 2, but the fun's not over! Charity Drive fundraisers will continue until March 2.

Charity Drive is a month of fundraising activities planned and implemented by Highland Park High School students, staff, and community members.

This year's recipient, chosen by Highland Park High School students and staff, is Cal's Angels, whose mission is to help children with cancer by granting wishes, raising awareness, and funding research.

Over the last 10 years, Cal's Angels has helped thousands of kids through wish granting, hospital

parties, Fantasy Flight, and their 12 Days of Christmas program. In addition to helping take kids' minds off their treatments, Cal's Angels works to raise awareness with their "Go Gold" campaign during the month of September. Cal's Angels also provides funding for research aimed at identifying new treatments for pediatric cancer and improving outcomes for kids everywhere.

Several events are open to the public, including all food nights, the Silent Auction on February 16, Fashion Show on February 22, Skate for Cal's on February 24, and Canasta night on February 26.

Jonathan Eig — Ali: A Life

Wednesday, March 14, 7 PM

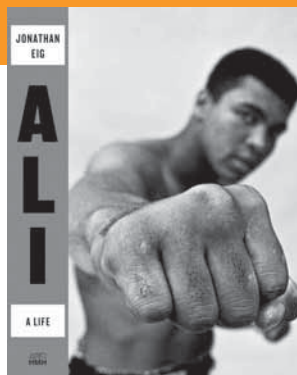

Bestselling author Jonathan Eig discusses his newest book, *Ali: A Life*. Muhammad Ali called himself “The Greatest,” and many agreed. He was the wittiest, the prettiest, the brashiest, the baddest, the fastest, the loudest, the rashest. Based on more than 500 interviews with almost all of Ali’s surviving associates, and enhanced by the author’s discovery of thousands of pages of FBI records and newly uncovered Ali interviews, the book is a portrait of a man who became a legend.
