Highland Park Connector Bus

The Highland Park Connector, formerly known as the Senior Connector, now serves adult individuals aged 50+ with disabilities.

Earlier this year, the City purchased a new ADA-compliant bus which features a larger passenger seating capacity of 19, the ability to additionally transport two wheelchair/mobile assistive device occupants, a ramp, and a number of other safety features.

The Highland Park Connector operates Monday through Friday on a continuous fixed route, with stops at the Senior Center and other popular destinations in Highland Park. The service was expanded in 2017 by extending hours of operation from 9:30 AM until 3:30 PM, Monday through Friday and adding additional stops to better accommodate passengers.

For additional information on the Connector including a Connector schedule, please visit the City of Highland Park's website www.cityhpil.com or contact Transit Coordinator Lee Overholser at 847.432.3325 or Manager of Youth & Senior Services, Laura Frey at 847.926.1860.

Fourth of July Recap

On Wednesday, July 4th, thousands of community members gathered downtown to support our Nation's 242nd Anniversary. This year's parade theme was *Your Vote Counts*, and Highland Park/Highwood League of Women Voters served as the Grand Marshal celebrating their 90th Anniversary.

Over 70 businesses, organizations and groups participated in the parade. Immediately following the parade, the Park District of Highland Park hosted a successful Fourth Fest. Bitter Jester announced the 2018 Bitter Jester Music Fest contest winners: the Grand Championship Winner Isabel O. Trio, Runner-Up Cooper Run, and Honorable Mention awardee Out of Pocket. Thank you to all who joined us!

Our Roads and Streets - Vital Conections

Manuy R. Rotering

It is often said that in our region we have two seasons: winter and construction. The latter is well-underway. Although road construction can be a hassle, repairs are important as we prioritize our vital infrastructure assets and public safety.

Each spring, potholes bloom on our streets like weeds. This year they were abundant as we experienced extreme temperature swings and excessive rain. Potholes are created when water penetrates the roadways below the surface. The substructure erodes over time. The asphalt then sinks into the eroded parts, and the

pothole is created. It's not particularly complicated, but it is still a nuisance. To make matters worse, we needed warmer weather to begin repairs.

To complicate matters further, different roads are the responsibility of different governments. In our city, we have roads under the control of the City, Lake County, Cook County, the State of Illinois and the Federal government. Sheridan Road cannot be touched without the permission and approval of the state. The Lake-Cook Road bridge over Highway 41 is maintained by Cook County and we

cannot make repairs to their road.

We know that regardless of how potholes are created, who owns a specific road, or what the cost is, we all just want the roads fixed. If you see a pothole or an area of road that needs attention, report it at www.cityhpil.com/service or call 847.432.0807. Our Public Works crews are ready to make the repair or follow-up with the appropriate government if the road is not owned by the City of Highland Park. Thanks for your patience.

Student Parking Permits

City Student Parking Permits (S-permit) are available for the 2018-2019 school year beginning August 1. The S-permit allows students to park in designated spaces in the Moraine Park Lot, in any available, non-handicapped space in the 1987 Second Street Lot, as well as designated on-street spaces on First Street north of Elm Place. The S-permit is only sold per semester and costs \$125.

Students must complete a permit application and provide copies of their current driver's license, vehicle registration and insurance, as well as an "Alive @ 25" program completion certificate. Permits are sold at the Finance Department on a first-come, first-served basis. A total of 95 S-permits will be available. For more information, contact Jennifer Dotson at 847.926.1006 or jdotson@cityhpil.com.

Seeking Nominations for Mayor's Award for the Arts

Mayor Nancy Rotering and the Cultural Arts Commission (CAC) seek nominations of a deserving individual, organization, business, or resident for the Mayor's Award for the Arts. Given annually, this award recognizes outstanding achievements or contributions to the arts in Highland Park. For the award, arts can include visual arts, such as drawing, painting, printmaking, or sculpture; performance, such as dance, theater, or music; architecture; and literature, including poetry, fiction or script writing.

Achievements will be recognized in the following categories:

Individual - An individual who has achieved artistic excellence, or who has made a significant contribution to his/her artistic discipline and to the arts in the community/local area.

Arts Volunteer - A volunteer who has consistently supported the arts through a commitment of personal time, energy and devotion.

Arts Organization - A non-profit organization that has made an impact on the cultural development of the community as demonstrated through exceptional artistic achievement, outstanding programming or other leadership initiatives.

Arts Entities - An arts organization that provides artistic programming and contributes significantly to fostering the arts in the community, for example, publishers, musical ensembles or theatrical groups.

Business or Corporation - A local business or corporation that has demonstrated significant commitment to the arts, recognizing the imperative role of public/private partnership. This commitment may be in the form of financial, personal, and/or resource support.

Nominations are due August 22. For more information, visit cityhpil.com/cac or contact Hayley Garard at 847.926.1043 or hgarard@cityhpil.com.

Lightning Safety

Thunder and lightning storms are a fairly common occurrence. It's important to realize just how dangerous lightning can be and the damage it can do. To keep everyone safe, the Fire Department recommends that you follow these safety guidelines:

- Unplug appliances and other electrical items, such as computers, and turn off air conditioners. If you are unable to unplug them, turn them off. Stay off corded phones, computers, and other electronic equipment that put you in direct contact with electricity or plumbing. Avoid washing your hands, showering, bathing, doing laundry, or washing dishes.
- When you see lightning, count 30 seconds until you hear thunder. If that time is 30 seconds or less, the thunderstorm is within six miles and is dangerous. Seek shelter immediately. Wait at least 30 minutes after the last sound of thunder before leaving your shelter.
- Stop outdoor activities at the first clap of thunder and get inside a house, large building, or a hard-topped vehicle. If you are in open water, go to land and seek shelter immediately.
- If a person is struck by lightning, call 911 and get medical care immediately. Lightning strike victims carry no electrical charge; attend to them immediately. Check the person's breathing, heartbeat and pulse.

These simple precautions during a lightning storm can save lives and decrease the chances of injury and damage.

Summer Safety Reminders From The Fire Department

While summer is a time to rest and relax with families, some summertime activities can be dangerous. Please be mindful of the following information when planning your summertime activities.

- Avoid leaving children or pets in parked cars, even for a minute. Children's body temperatures can rise up to five times faster than that of an adult. On an 80-degree day, a car can reach deadly levels in just 10 minutes. Pets should also not be left in parked cars for any length of time.
- If you are using a gas or charcoal grill, make sure they are clean and safe to use.
- Never use a grill inside a building and keep children away from hot surfaces. If you are using a charcoal grill, use care when lighting the coals. When you're done, dispose of the coals in a metal container and leave the container outside. Coals that are even a day old can still hold heat. Do not place them in your garbage container or a paper bag.
- When cooling off in the pool, ensure that children are always supervised by an adult. Stay within arm's length of small children. If you are at the beach, consider life jackets for small children and inexperienced swimmers. Learning to swim, being vigilant when children are in the water, and never allowing anyone to swim alone are ways you can ensure a fun time.

Wishing everyone a safe and fun summer.

2018 Vehicle Sticker Renewals

Watch your mail – 2018 vehicle sticker renewal applications are on their way!

Renewal applications for City vehicle stickers are scheduled to be mailed to residents in August. Stickers cost \$55 per passenger vehicle and must be displayed by October 1. For an additional \$30 donation, residents may upgrade their sticker to support the 112 Education Foundation.

2018 vehicle sticker renewals will also be available for purchase online via the City's website in August. Residents are strongly encouraged to renew online at www.cityhpil.com.

Look for additional information in the August edition of the Highlander. For more information, please contact the Finance Department at 847.432.0800 or finance@cityhpil.com.

Water Conservation Tips

Summer's rising temperatures often lead to rising water use for lawn irrigation. "Peak" water use occurs this time of year, usually June through September, when residential water use is highest due to an increase in outdoor water use.

Overwatering lawns and landscape areas may increase the average residential water use from 260 gallons per day to 1,000 gallons per day. One simple way to reduce water usage is to step on your grass, if it springs back, the lawn doesn't need more water. If your lawn needs water, irrigate in the cooler hours of early morning or evening. Also, direct or adjust sprinklers to spray the lawn and not the sidewalk.

Please follow the odd and even sprinkling restriction for the summer months. For more tips on water conservation, please visit www.cityhpil.com/waterconservation.

SCHOOL CONFIGURATION THOUGHT EXCHANGE

This summer and fall, North Shore School District 112 will use an engagement tool called ThoughtExchange, an online learning process that allows us to gather feedback in an inclusive and agile way.

On July 28th, a Long-Range Planning Committee will analyze the results of this Exchange along with previously gathered feedback to arrive at several possible configuration models for D112 to consider. This fall, possible configuration plans will be provided for community input. This input will aid new Superintendent Dr. Michael Lubelfeld as he makes recommendations to the Board of Education.

District 113 Board of Education Hires Interim Superintendents

The Township High School District 113 Board of Education is pleased to announce that during its Special Meeting on June 29, 2018, the Board approved the contracts of two Interim Superintendents. District 113 is honored to welcome Dr. Benjamin Martindale and Dr. Linda Yonke who will share the Superintendent of Schools responsibilities effective July 2, 2018.

Dr. Ben Martindale

Dr. Ben Martindale brings nearly five decades of experience in the field of education. Dr. Martindale retired in 2017 from North Chicago CUSD 187, where he spent five years as Chief Education Officer. His superintendent career spans nearly two decades, with tenures at Gurnee School District 56, Round Lake Area Schools CUSD 116, and Lake Bluff Elementary School District 65. Dr. Martindale has also served as an assistant superintendent, Regional Supervisor of Instructional Services for the Special Education District of Lake County, and teacher. His wealth of experience and demonstrated success working collaboratively with all stakeholder groups will be of great benefit to District 113 during this transition year.

Dr. Linda Yonke

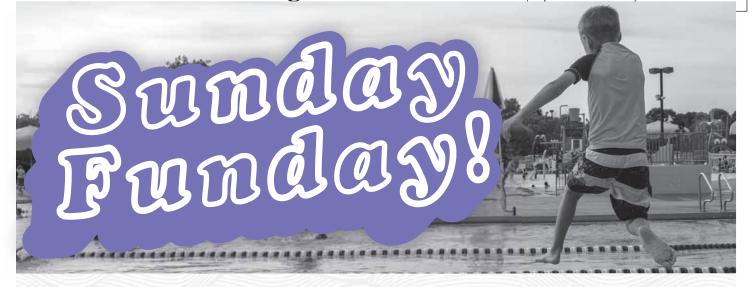

Dr. Linda Yonke worked for 41 years in public education, retiring in 2017 from New Trier Township High School District 203 where she spent eleven years as Superintendent and two years as Assistant Superintendent for Curriculum and Instruction. During her tenure at New Trier, Dr. Yonke focused on a number of initiatives, including implementation of a strategic plan, articulation with sender districts, revision of the teacher supervision process, expansion of equity/diversity initiatives, and completion of significant capital improvements on both campuses. Dr. Yonke began her career as a high school English teacher and served extensively in high school administration, including twelve years as a high school principal. Bringing administrative experience at both the building and district level in a variety of diverse and high-achieving schools,

Dr. Yonke is eager to become acquainted with this unique community and is committed to focusing on the needs of all District 113 students.

FUNDING SUPPORT

Highland Park Public Library, in conjunction with Ravinia Festival, received a major grant from the Illinois State Library to digitize items and collections related to the history of Ravinia Festival. The initiative, entitled *Music Under the Stars Around the World*, will provide virtual and expanded access to Ravinia's history, documenting the country's oldest outdoor music festival.

Ravinia was originally developed in 1904 as an amusement park. By 1913, the park transitioned to a concert venue, and was known as America's summer opera capital. Historic material relating to Ravinia Festival from the Library's archives and Ravinia's collection include programs from as early as 1905, photos of world-renowned artists at the beginning of their career, early photos of the Chicago Symphony at Ravinia, correspondence, and more.

The Library will work with Ravinia to digitize these collections and share them on the Illinois Digital Archive platform. The grant of more than \$80,000 was awarded by Jesse White, Secretary of State and State Librarian. As a result of the project, Highland Park residents along with festivalgoers, scholars, and artists from around the world will have greater access to the history of Ravinia, Highland Park's esteemed music festival.

Chicago's Newest Waterfront: The Rebirth of the Chicago River
