

## March is National Reading Month

Highland Park is a community built on progressive thinking and acceptance of diverse ideas. What better way to celebrate our community than to continue to expand our minds.

Ask questions. Challenge ideas. Find your voice. Open a book.

Learn about the Highland Park Public Library's One Book, One Highland Park (pg. 13) and find other fun things to do at [www.cityhpil.com/Calendar](http://www.cityhpil.com/Calendar).

# Read!

### Safety Hotline

The Police Department encourages anyone, including students and parents, with information regarding school violence, suspicious activity or bullying issues to immediately call the City's anonymous Safety Hotline at 847.432.7730.

p1

### Meet The Chiefs

The City is pleased to introduce our new Chiefs: Lou Jogmen, Highland Park's Police Chief, and Larry Amidei, Highland Park's Fire Chief.

p2

### Spring Clean Up Begins April 28

Mark your calendar for Lakeshore Recycling Systems' 2018 Spring Clean-up for single-family residential customers only. As a reminder, certain material including electronic waste, yard waste and recyclables will not be accepted.

p4

### Flood Mitigation

A comprehensive regional study is necessary to identify opportunities to mitigate flooding occurring in the community. Regular updates about the City's flood mitigation work can be found on the City website at [www.cityhpil.com/flooding](http://www.cityhpil.com/flooding).

p6

# Meet the Chiefs

The City of Highland Park is pleased to introduce Lou Jogmen, Highland Park Police Chief, and Larry Amidei, Highland Park Fire Chief.

Chief Jogmen started with the City on February 23 following the retirement of Chief Paul Shafer. Jogmen has served in law enforcement for 24 years, most recently as Deputy Chief of Police for the City of Park Ridge Police Department. He has a Bachelor's degree from the University of Illinois in Champaign-Urbana, a Master's degree from Roosevelt University in Chicago, and is a graduate from Northwestern University's Executive Management and Police Staff and Command Program.

Chief Amidei was promoted to Fire Chief on March 2 following the retirement of Chief Dan Pease. Amidei began working in Highland Park as a Firefighter/Paramedic in 1988. Amidei has most recently been serving as Deputy Chief. He has a Bachelor's degree in Occupational Health & Safety, a Master's in Business and Public Administration and attended the National Fire Academy in Maryland for Staff and Command school. Amidei is a graduate of Highland Park High School.

## Chief Jogmen

### What are your hobbies?

All things history (museums, antiques, landmarks) and the Blackhawks

### Favorite book?

To Kill a Mockingbird

### What is your favorite thing about your career?

Living each day doing the work I dreamed of and making a difference in the lives of the people I work with and serve

### What made you want to get in to police service?

For me, it was a very personal decision. My father was a police officer in Tinley Park. In July 1977, he responded to an armed robbery, exchanged himself for a hostage, was handcuffed and ultimately shot in the head by the suspect. Miraculously, he lived until I was 16. I spent those years talking with him and learning what sacrifice, honor and service to others really means.

### What do you look forward to most in your new role as Chief?

Developing new partnerships and friendships as I become part of the Highland Park community

### What changes can the community expect?

Enhanced use of technology and increased community outreach efforts

### What is your favorite quote or motto?

"What lies behind us and what lies before us are tiny matters compared to what lies within us"

### Do you have any advice for Highland Park youth interested in the field?

There's a lot more to law enforcement than most people think and it's important for someone who has an interest in this field to explore all of the different aspects of the job. Our officers can certainly help provide information to those interested.

## Chief Amidei

### What are your hobbies?

Attending sporting events and concerts and fishing

### Favorite type of music?

Country

### What motivates you?

Achieving goals and solutions in a team environment

### What is your favorite thing about your career?

Saving lives and helping people in their time of need

### What is the best thing about Highland Park?

Ravinia Concerts and the restaurants

### What made you want to get in to the fire service?

Following the Fire Department around as a kid when my dad was a volunteer firefighter in Highwood

### What do you look forward to most in your new role as Chief?

Continuing the tradition of 125 years of excellent service to the citizens of Highland Park and Highwood

### What is your favorite quote or motto?

"Do unto others as you would have them do unto you"

### Do you have any advice for Highland Park youth interested in the field?

Schedule a ride-along with us and get affiliated with a volunteer department in the area for experience

The City's nationally-accredited Police and Fire Departments are known for expedited response times and high-quality service during emergencies. Both departments continue to strengthen community relations, enforce laws and provide on-going education to residents.

Learn more about Chief Jogmen and Chief Amidei's credentials on the City website at [www.cityhphil.com](http://www.cityhphil.com).

## For The Safety of Our Students

*Nancy R. Roterling*

– Mayor Nancy R. Roterling

The tragedy in Parkland, Florida has left us with broken hearts and worries almost too profound to say out loud. As much as we know life is fragile and unpredictable, reminders like this make it almost unbearable. My heart goes out to those impacted by the horrific event.

Like many of you, at times I get frustrated with the locked door at school when I have to pick my son up early. Checking in with security every time seems redundant, until you realize it's not absurd at all.

As I have said before, public safety is paramount. We work daily to ensure

that our city is safe, but we can always do more. Safety procedures in our schools and public buildings are well established. The Police Department and school districts work closely together every day to help prevent school violence. Efforts include:

- *Providing regular police presence in and around all Highland Park schools*
- *Monitoring social media activity*
- *Collaborating with social service resources on violence and bullying prevention*

- *Working alongside parents and peers to watch for unusual behavior*

- *School social workers are always available to speak to students*

We will continue to do everything that we can to protect our community, especially our students. We will monitor and continuously work to improve safety and security procedures. If you see something, say something. Contact the Police Department at 911 or school administrators. As always, we welcome your thoughts and comments at [Council@cityhpil.com](mailto:Council@cityhpil.com).

### Stay Informed with City Updates

[www.cityhpil.com/signup](http://www.cityhpil.com/signup)

[www.facebook.com/HighlandParkIL](https://www.facebook.com/HighlandParkIL)

[@CityHPIL](https://twitter.com/CityHPIL)

[www.youtube.com/user/CityHPIL](https://www.youtube.com/user/CityHPIL)

### Recycling Tip

Remember that plastic bags should not be put into your recycling cart. This type of material hurts the recycling process. If you must bag items for recycling, use a kraft brown paper bag.

Highland Park residents may collect plastic bags or plastic film from dry cleaning and bring them to a local grocer for proper recycling.

### 38 Years of Tree City USA

The City maintains about 30,000 parkway trees, roughly one tree per resident. Our urban forest has always been an essential characteristic of this community, and we have long-recognized the value of it. A City Forester has been on staff since 1967 – the beginning of modern urban forestry.

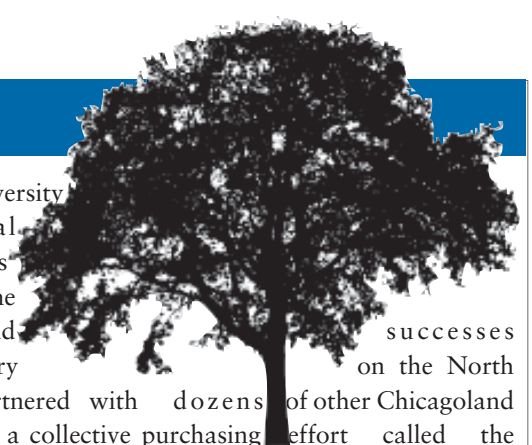

This year Highland Park has been awarded the title of Tree City USA by the Arbor Day Foundation for the 38th consecutive year. To achieve this, Highland Park continues to have a forester on staff, maintain our progressive tree ordinance, spend at least \$2 per resident on trees, and hold an Arbor Day celebration.

Did you know that Highland Park is tied for second (with Elmhurst and Lake Forest) after Urbana as the longest standing city in Illinois to hold this honor? In addition to this honor Highland Park was also awarded a Growth Award for 2017 as we not only maintained our urban forestry program, but improved upon it.

To achieve the Growth Award, Forestry staff hosted a

DePaul University Environmental Science class field trip on the challenges and successes of urban forestry on the North Shore. We partnered with dozens of other Chicagoland communities in a collective purchasing effort called the Suburban Tree Consortium. Staff also applied for and received a \$10,000 ComEd Green Region grant to rehabilitate a portion of the Robert McClory Bike Trail. The restoration is being done in collaboration with the Park District; we are currently transforming this area from a jumble of invasive buckthorn and honeysuckle into a native pollinator garden.

In 2018, the City plans to plant 500 new parkway trees as we continue recovering from Emerald Ash Borer, complete the pollinator garden, and hold a new community Arbor Day celebration this spring (*see Calendar, page 5, for event details*).

# Highland Park at a Glance

## Spring Clean-Up Begins April 28

The City's annual Spring Clean-Up Program will be offered by Lakeshore Recycling Systems on four consecutive Saturdays beginning April 28 and ending May 19. This year, collection will again coincide with residents' primary garbage collection day (*the primary collection day is the day both garbage and recycling are collected*). Items must be placed at the curb no later than 7 AM on collection day. Refer to the map below to determine your primary collection day and then use the table to view your Spring Clean-Up collection date. **Important note: This program is for Single-Family Residential customers only.**

In order to keep City streets clean, it is requested that residents not place any material out for collection earlier than one week before a scheduled collection.

### Oversized Items

Lakeshore Recycling Systems will pick up all allowed oversized items that are placed at the curb on residents' scheduled Spring Clean-Up days.

Only 1 cubic yard of construction material will be accepted. To discard waste from a do-it-yourself project, please make sure that the material is bundled so that one person can pick it up and place it in the truck. Carpeting must be rolled and should not exceed the weight that one person can carry. Waste material generated by general contractors will not be accepted.

### Appliances

Residents with appliances for collection such as refrigerators/freezers (doors must be removed), stoves, dishwashers, washers/dryers, furnaces/boilers, hot water heaters, air condition-

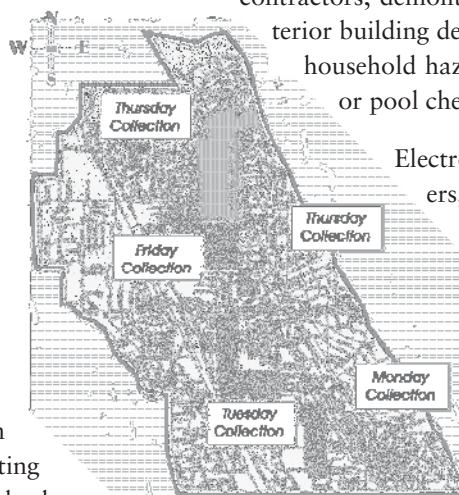

### For Single Family Residences Only:

Area	Collection Day	Spring Clean-Up Day
SE	Monday	Saturday, April 28
SW	Tuesday	Saturday, May 5
NE	Thursday	Saturday, May 12
NW	Friday	Saturday, May 19

ers, and microwave ovens must call Lakeshore Recycling Systems at [773.685.8811](tel:773.685.8811) to arrange for a special pick-up. When calling, please indicate your name, address, and the type of item to be collected. Please note that residents must bring the item to the curb in order for it to be collected.

### Prohibited Items

The following items will not be accepted: regular garbage; yardwaste; debris generated by landscapers, tree trimmers, or contractors; demolition material from fences, roofs, or exterior building debris; rubber tires; batteries; and oil and household hazardous waste such as paint, pesticides, or pool chemicals.

Electronics - including monitors, printers, televisions and computers - may be dropped off at Highland Park's Electronics Recycling Facility located at 1180 Half Day Road on Tuesdays from 7 AM to 1 PM and the first Saturday of every month from 7 AM to 1 PM. Residents may also put out one large or three small electronic items next to their refuse cart on the first service day of the month for

Lakeshore Recycling Systems. It is recommended that residents contact Lakeshore Recycling Systems in advance to alert them of a large item or electronics pick-up as it may require a separate truck.

For additional information, contact the City Manager's Office at [847.926.1000](tel:847.926.1000).

## World Water Day - March 22

World Water Day is held annually on March 22 to focus attention on the importance of water. This year's theme, *Nature for Water*, explores nature-based solutions (NBS) to the water challenges of the 21st century. The key message is that NBS, such as planting trees to replenish forests, reconnecting rivers to floodplains, and restoring wetlands, is a sustainable and cost-effective way to help rebalance the water cycle, mitigate the effects of climate change and improve human health and livelihoods. Visit [worldwaterday.org](http://worldwaterday.org) or for general info about the City's water supply, call the Water Plant at [847.433.4355](tel:847.433.4355).

## Composting Begins April 1st

Curbside composting service allows customers to comeingle their food scraps and yard waste between April 1 and December 15. Any customer is eligible to participate in this program. You can use this service for composting even if you do not need yard waste service.

To learn more, call Lakeshore Recycling Systems at [773.685.8811](tel:773.685.8811).

Port Clinton Square

600 Central Avenue

A sure sign of spring is the Dr. Mark & the Sutures' annual concert for Misericordia Candy Days. Come on out to hear the sunshine!

# Our Community

## Traffic Safety Is Everyone's Responsibility

The City of Highland Park Police Department enforces traffic laws to help keep motorists safe. Currently, the cost of a traffic citation can exceed \$350 with fines and court costs. Please take traffic safety into your own hands by following all traffic laws.

### Motorists

- Motorists are required to obey the posted speed limit. Weather and traffic conditions may make it necessary to drive slowly.
- When stop signs are posted, every driver (and bicyclist) shall come to a complete stop at the stop line or stop sign.
- Drivers and bicyclists are required to yield to pedestrians.
- Vehicles are expected to “share the road” with bicyclists.
- State Law requires that motorists pass bicyclists with three feet or more of space between them.
- Motorists are required to yield when making right and left turns in front of bicyclists.

### Pedestrians

- Pedestrians must yield the right-of-way to drivers by obeying traffic signals, observing walk lights and using crosswalks.
- When crossing at anyplace other than a marked crosswalk, pedestrians must give the right-of-way to drivers.
- Pedestrians must obey railroad gates and warning signals.

### Bicyclists

On public roadways, bicyclists have the same rights and responsibilities as other roadway users. In Illinois, bicyclists are required to:

- Travel in the same direction as vehicles, riding near the right edge of the roadway.
- Ride no more than two-abreast on the road, riding near the right edge of the road, so as not to impede vehicle traffic.
- Stop at all posted stop signs and yield to pedestrians in a cross-walk.
- Yield to pedestrians while riding on sidewalks.
- In Highland Park, bicyclists under sixteen years of age are required to wear an adequate safety helmet.
- State law requires bicycles to have a headlight and a rear reflector at night.

### State-Law: Hand-Held Cell Phone Use While Driving

- Hand-held cell phone use while driving is illegal
- Texting and driving is illegal
- Hand-held cell phone use while operating a bicycle is illegal.

If you have any questions or need further clarification of any traffic law, please contact Police Sergeant Chris O'Neill at **847.432.7730** or [concill@cityhpil.com](mailto:concill@cityhpil.com).

## Regional Study Needed to Provide Long-term Flooding Solution

The City of Highland Park has been working with both Lake and Cook Counties, Illinois Department of Natural Resources and the US Army Corps of Engineers (ACOE) on a long-term flood mitigation solution following several floods that devastated parts of Highland Park and dozens of communities throughout the region. The mitigation solution would be effective for residents who live along the Skokie and Middle Fork Rivers. A comprehensive regional study is necessary to identify opportunities to mitigate flooding occurring in the community. A preliminary study is anticipated to begin at the end of March, 2018 subject to approval by the participating agencies.

The Skokie and Middle Fork Rivers are under the jurisdiction of US ACOE, the Federal agency responsible for waterway-related capital projects, and flows through Lake and Cook Counties. Part of a preliminary study to be undertaken by ACOE is to determine if a feasibility study is required that will entail a flood protection solution for all communities along the river. If a final feasibility study is undertaken, the potential solutions could result in a combination of storage basins, retaining walls, pump stations, buy-outs, and other measures. Any structural solution, if implemented in the long-run, cannot adversely impact both downstream and upstream properties. ACOE is looking into this preliminary study to determine the impacts of such a feasibility study. ACOE estimates it will take nine months to complete the preliminary study. ACOE-initiated projects typically take multiple years to plan and study. The construction phase takes anywhere from 7-10 years after initiation of a study.

Regular updates about the City's flood mitigation work can be found on the City website at [www.cityhpil.com/flooding](http://www.cityhpil.com/flooding). This link also includes recommendations and options that residents can pursue on their properties to minimize flooding risks either in a basement or yard. The risk of flooding cannot be completely prevented, especially for those living in the floodplain areas, but in certain circumstances, there are options that can be done to property to help mitigate the flooding and help alleviate some damage.

## Senior Center

**54 Laurel Avenue**  
**Serving Seniors ages 50 and better**

### Jesus Christ Superstar

Lyric Opera, Chicago  
Thursday, May 10  
Fee: \$100 / NM: \$120

One of the greatest stories ever told comes to life in the ground breaking, iconic rock opera that reinvented musical theater for the modern age. With music by Andrew Lloyd Webber and lyrics by Tim Rice, this global blockbuster tells the story of the final weeks in the life of Jesus Christ, from the perspective of Judas Iscariot. As Christ's followers grow more fervent, Judas must make his fateful choice between faith and betrayal. Filled with an exciting mix of musical styles that draw upon 1970s rock, gospel, folk, and funk themes, this contemporary imagining of the biblical tale features high-energy dance and powerful storytelling. A must-see Broadway hit of the new season! Seats are located in the center, main floor, rows CC or better.

### Upcoming Classes Please call for details and to register

#### Fit for Life

Wednesdays, 9:45 - 10:45 AM

#### Better Balance

Mondays and Wednesdays, 11 AM - 12 PM

#### Mah Jongg

Tuesdays, 1 - 3 PM

## Firehouse Youth Center

**1830 Green Bay Road**  
**Serving Youth in grades 6 - 8**

### Early Release Day Field Trips

**Open to ALL Highland Park and  
District 112 middle school students**

The Firehouse Youth Center offers a wide variety of field trips available on District 112 Early Release Days. Open to all Highland Park and District 112 middle school students, fees include transportation, lunch, activity fees, and supervision. Registration deadline is one week prior to the trip. Since activities will be off site for these special days, please arrange to pick your child up between 5:30 – 6 PM.

**3/28 Open House & Gaming \$20**

**4/27 Trampoline Park \$50**

Minimum: 8

### Firehouse After School Club

**Now Registering for 2nd Semester**

Monday - Friday, 3 - 6 PM

Semester Fee: \$120 per day of the week

The After School Club serves families looking for a comprehensive after school program for their middle school students. Offering transportation from District 112 middle schools, snack, homework time and assistance, choice of special activities, outdoor play, and free time, while supervised by a team of experienced staff, this is a great opportunity for students in 6th - 8th grade.

Further details and registration forms are available at [www.cityhpil.com](http://www.cityhpil.com).

## Superintendent Dr. Michael Lubelfeld

District staff and the Board of Education hosted a community event with NSSD 112's newly selected Superintendent, Dr. Michael Lubelfeld on February 12, 2018. Dr. Lubelfeld gave an exciting presentation about his vision of change for the district and also took questions from the audience. Having spent 25 years in education, half of which were in NSSD 112, Dr. Lubelfeld believes that the focus must be on the students. Speaking to a packed board room, he insisted "[All children can learn](#) regardless of the label that we put upon them or the label that society puts upon them. [All children can learn](#) regardless of the native tongue they speak in their home or they speak in the schools. [All children can learn](#), no matter what, and I've seen it happen." With change, Dr. Lubelfeld also hopes to bring a sense of equity and unity to the district, adding "We're going to a one school system, not 12 or 10 or 9 or whatever number of schools. We're going to go to a school system united for the people of Highwood, Highland Park, Town of Fort Sheridan and anybody else we happen to serve who shows up. We're gonna be united for education."

Full video of the presentation and following Q&A is available at [youtu.be/oG8c0WEOyrk](https://youtu.be/oG8c0WEOyrk)

In preparation for his official start, Dr. Lubelfeld is seeking as much input as possible from parents, non-parents, students, teachers, and community members about the state of our District and your hopes for the future.

**PLEASE VISIT [WWW.NSSD112.ORG/SUPTSURVEY](http://WWW.NSSD112.ORG/SUPTSURVEY) TO LEAVE YOUR FEEDBACK AND QUESTIONS FOR DR. LUBELFELD!**

### Upcoming Board Meetings

March 20th - 7:00 p.m.  
April 10th - 7:00 p.m.  
April 24th - 7:00 p.m.

*For More Info, Please Visit*  
[www.nssd112.org/BoardMeetings](http://www.nssd112.org/BoardMeetings)

### Registration

Parents are encouraged to complete the pre-registration process for students entering kindergarten for the 2018 – 2019 school year. An individual appointment must be scheduled by calling **224-765-3046**, Monday - Thursday, between the hours of **8 a.m. and 4 p.m.**

# Township High School District 113

Please note that this page is submitted, written and edited by the Township High School District 113 and does not reflect the views or opinions of the City.

## Safety & Security at Highland Park and Deerfield High Schools

Last month, our community and nation were devastated by the news of the school shooting at Marjory Stoneman Douglas High School that took 17 innocent young lives. Our thoughts, prayers, and deepest sympathies are with all those who have been affected by the heartbreaking events.

We do not know the details of the events that transpired at Stoneman Douglas High School that day, we do not know what led to each decision that was made during the crisis, and we do not know how the students and staff felt during those moments. What we do know is that as a community, we need to do everything we can to ensure our students feel safe, welcome, and loved in our schools. The safety and well-being of our students is our top priority, and we are committed to providing a safe learning environment for every student, each and every day.

District 113 would like to inform students, parents, staff, and community members of the many measures we take to create a safe and secure learning environment in our schools. At both the District and school levels, we regularly review our school safety procedures and will continue to do so. We conduct drills throughout the year with varying scenarios to ensure our staff is prepared for any incident that may arise. Our staff are trained in and utilize the ALICE protocol, and with each drill conducted, we evaluate and reflect in order to continually improve our practice as well as plan for different possible situations. We maintain regular contact with our neighboring high school districts and our sending districts and work closely with city officials and the police and fire departments in order to discuss protocol and best practice, but to more importantly, ensure that as a community, we are equipped, prepared, and doing our very best to support our students.

The support we provide, however, must go beyond procedures and best practice. We must work together and build positive, trusting relationships

with our youth. These relationships are key in preventing challenging behavior and enhancing our students' sense of well-being, belonging, and overall social competence. We must be engaged and involved in their everyday lives and continually remind them that we are here for them.

We must work together to keep our students, our school community, and each other safe and informed. We encourage our students, staff, parents, and community to report anything that makes them uncomfortable, whether it is an unexpected change in a friend or a troubling post made on social media. Any threat to the safety, security, or well-being of our students is taken seriously, no matter how small the issue or perceived credibility. We remind our school community to report any concerns to school staff or to utilize our STOP (Speak TO Prevent) platform, which was designed to notify the appropriate school and District staff of any potential threats to the safety and well-being of our students.

We are committed to serving our students and school community and thank you for your ongoing partnership and support.

One Book, One Highland Park is a community-wide reading program designed to encourage friends, families, and neighbors to share their experience while reading the same book.

Sponsored by the Friends of the Highland Park Public Library

#onebookhp

## READ THE BOOK!

Bestselling author John le Carré revisits the events from his classics *The Spy Who Came in from the Cold* and *Tinker, Tailor, Soldier, Spy*, recasting them in the light of our current concerns and values.

Former spy Peter Guillam is enjoying retirement when he's summoned to MI6 headquarters in London to answer for the tragic outcome of *The Spy Who Came in from the Cold*. Guillam is forced to search the files and his own memories to explain and justify Cold War-era operations that were often ruthlessly brutal and resulted in the sacrifice of agents and informers in the service of the country.

## Join the Discussion!

WEDNESDAY, APRIL 11, 7PM

Davis Schneiderman, English professor at Lake Forest College, leads a discussion of *A Legacy of Spies*.

## ATTEND EVENTS!

### Film Showing & Discussion

SUNDAY, MARCH 18, 2PM

Bob Coscarelli, professor emeritus at College of Lake County, introduces a film based on John le Carré's bestselling novel starring Richard Burton, and leads a discussion following the screening. Presented with the Highland Park Senior Center. Sponsored by Warren Barr North Shore.

### Surveillance and

### Electronic Countermeasures

THURSDAY, APRIL 12, 7PM

Perry Myers, president of Myers Service Inc. Investigations and U-Spy Enterprises, discusses personal surveillance methods and equipment, security evaluations, investigations, and countersurveillance.

### Uncovering Le Carré and Spy Fiction

### Author Event with Joseph Kanon

SUNDAY, APRIL 15, 2PM

Bestselling author Joseph Kanon, noted for his spy fiction, will discuss the writing career of John le Carré and his influence on the espionage genre. Kanon's titles include the Edgar Award-winning *Los Alamos*, *The Good German*, *Leaving Berlin*, *The Defectors*, and more.

### Surveillance & the Constitution:

### What I Told the NSA with Geoffrey R. Stone

SUNDAY, APRIL 29, 2PM

Geoffrey R. Stone, an expert on national security, professor at the University of Chicago, and former dean of the University of Chicago Law School, was appointed by President Obama to a review group to evaluate the NSA's surveillance program following the Edward Snowden revelations. Professor Stone will discuss the group's findings and recommendations.

## FUN FOR

### Pipe Cleaner Zoo

Wednesday, March 28, 2 – 4 PM, Ages 8 – 14

Stop by our pipe cleaner zoo! Follow instructions to make your own animal, or create a creature from your imagination.

## SPRING BREAK FUN!

### Find Out About Fingerprints

Monday, April 2, 1 – 3 PM, Ages 4 – 14

Stop by and learn how to identify the basic print shapes and see how your fingerprints compare to those of some famous criminals!

### Stuffed Animal Sleepover

Tuesday, April 3, 6 PM, Ages 3 – 6

Children and a plush pal are invited to a special storytime. After bedtime stories the stuffed animals will spend two nights exploring the Library! Children will receive a picture of their stuffed animal's nighttime adventures when they pick them up on Thursday, April 5. Registration required. Register at [kidsevents.org](http://kidsevents.org).

### Variety Show & Juggling Workshop

Wednesday, April 4, 1 PM

Families — enjoy a variety show performance with juggling, balancing stunts, zany comedy, and audience participation. Then try some of the circus skills from the show including juggling. **Space is limited. Doors open at 12:50 p.m.**

## Raise A Reader!

### Spring Storytime Sessions

Newborns – Six-Year-Olds

Spring storytime sessions, with activities designed to foster pre-reading skills, begin in March and April. Visit [hplibrary.org](http://hplibrary.org) for storytime dates and times. Register now at 847.681.7030 or at the Youth Services desk.

## Book Discussion

### *The Alice Network*, by Kate Quinn

Tuesday, April 10, 1 PM

Noted book discussion leader Judy Levin leads the discussion.

## NEW MEDIA

### Code Club

Tuesday, March 20, 3:30 – 4:30 PM, Ages 8 – 14

Work in teams to code programs, use Makey Makey kits, program robots, and explore fun programming apps. No previous coding or programming experience required.

### Spark It Up: Graphic Design Made Easy

Monday, March 26, 6 – 7 PM

Join us for a hands-on program on creating web graphics, posters, flyers, photo collages, posts for social media, and more using Adobe Spark, a free online graphic design app that makes it fast and easy to create content. Registration required. Register at [hplibrary.org](http://hplibrary.org).

### Discover 3D Printing

Tuesday, March 27, 7 – 8 PM, Ages 14 and up

Do you want to learn about 3D printing? Come by for an hour of 3D design. Staff will be on hand to help.

### LED Origami

Wednesday, March 28, 3 – 4 PM, Ages 9 – 13

Make your origami glow! Integrate simple circuits to illuminate a paper origami with an LED light and see it glow! Registration required. Register at [kidsevents.org](http://kidsevents.org).

### 3D Printing Partners

Friday, March 30, 2:30 – 3:30 PM, Ages 3 – 7

Kids, bring a grown-up to help you design a structure with blocks. Then turn it into a 3D design to submit for printing on the Library's 3D printer. Registration required. Register at [kidsevents.org](http://kidsevents.org).

# Highland Park Public Library

## Concert

### Violin and Cello Duo

Sunday, April 8, 2 PM

John Sharp, principal cellist of the Chicago Symphony, and violinist Liba Shacht, with the Lyric Opera of Chicago, will perform works by Bach, Beethoven, and Bartók.

Funded in part by the Highland Park Cultural Arts Commission in partnership with the Illinois Arts Council, a state agency, and by a grant from YEA! Highland Park.

## NEW!

### Introduction To Square Dancing

Tuesdays, May 1 – June 26

(No class June 19) 6:30 – 8:30 PM, Cost: \$80

Discover today's modern square dancing! No partner required to participate. This class is for beginners — couples looking for a date night or singles looking for a social outing. Dance to music ranging from the Beatles to current hits. Today's modern square dancing is great exercise for the body and the brain.

Register at [hplibrary.org/libraryU](http://hplibrary.org/libraryU).

Try a free introductory class!

Tuesday, April 17, 6:30 – 8:30 PM.

### Turnbull Woods and Other Green Stories

Saturday, March 17, 2 p.m.

Those who have visited the Chicago Botanic Garden have likely encountered adjacent Turnbull Woods. Therese Radke from the Forest Preserve District of Cook County will discuss the Forest Preserve District's efforts to restore Turnbull Woods and other nearby natural areas in partnership with the Shedd Aquarium and volunteers. Learn about ways that volunteers can help.

## Film Discussion

### *Three Billboards Outside Ebbing, Missouri*

Wednesday, March 28, 7 PM

Film instructor Dick Adler discusses the award-winning film starring Frances McDormand and Woody Harrelson. Sponsored by The Friends of the Highland Park Public Library.

## Theater

### Knowing Your Audience: Code-Switching & Social Performance

Monday, April 16, 7 PM

“Yo!” “Greetings.” “Hey there!” Most of us have engaged in a phenomenon of social interaction known as “code-switching,” where we alter our language or dialect depending on to whom we are talking. Experts in linguistics, sociology, and performance from The University of Illinois at Chicago, Northwestern University, and Lake Forest College use real world examples to explore code-switching and how we present ourselves and communicate.

A From Page To Stage program presented in conjunction with Writers Theatre's production of *Smart People*, a play that examines issues of privilege, implicit bias, and miscommunication.

## Brown Bag Lunch — Small Business Seminar

### Social Media 101

Monday, March 19, 1 PM

Strategies and best practices for social media activities for your business will be discussed. Presented by SCORE, a nonprofit association dedicated to helping small businesses. Registration is suggested. Register at [hplibrary.org](http://hplibrary.org).
