Residential Waste and Recycling Service Options

The City of Highland Park has entered into an agreement with **Lakeshore Recycling Systems (LRS)** for residential waste and recycling collection. Residents have several options to choose from:

Curbside Volume-Based Service

Customers opting for this service will pay a monthly flat fee per 35 gallons of waste. The additional volume-based fee will be calculated through the use of RFID chips implanted in each refuse cart. Charges will be listed on quarterly invoices. Additional cans or bags of refuse must have a pre-paid refuse sticker attached in order to be collected.

Curbside Subscription Service (1 x week)

Residents who opt for this service will be provided either a 35 or 65 gallon refuse cart by LRS. Garbage that does not fit in the cart provided must have a refuse sticker attached to it. Additional cans or bags of refuse must have a pre-paid refuse sticker attached in order to be collected.

Refuse Stickers

Refuse stickers are only required for yard waste and additional waste that does not fit in provided containers. Residents can purchase stickers at City Hall and several local grocery and hardware stores.

Electronic Waste

Highland Park residents can enjoy the convenience of recycling certain electronics at their curb. LRS will collect one large electronic or three small electronic items on the first collection day of each month. Allowable items include televisions, monitors, computers and printers. **White goods (fridge, freezer, etc.) are not accepted. Please contact LRS to arrange special pick-up for such items.**
