Rooftop Sniper Kills 6, Injures Dozens at Illinois July Fourth Parade

What started as a carefree day of flag-waving and marching bands in the Highland Park suburb of Chicago swiftly turned chaotic as the pop-pop-pop of gunfire shattered the morning calm. Attendees scattered in every direction — leaving behind a jumble of strollers, camping chairs and kids' bikes. Also the bodies of the deceased. "I think for an

average person ... to see somebody's body literally blown apart by these high-powered guns with these horrible bullets, the image might be a hard thing for them to process," said Dr. David Baum, a local obstetrician who rushed to help. A 21-year-old person of interest was arrested late Monday. (Sources: **AP**, **NYT**)

After Luhansk

Russia Won a Major Battle Yesterday --- But What of the War?

The withdrawal of Ukrainian troops from the besieged city of Lysychansk gave Moscow total control of Luhansk province. Now the Kremlin is turning its attention to neighboring Donetsk. President Vladimir Putin is hoping his attritional tactics will eventually "lead to a slump ... in the Ukrainian resistance," said U.S. Director of National Intelligence Avril Haines. But some analysts are putting their money on Ukraine — provided it continues to receive modern weapons from the West. "Overall, local military balance in Donbas favors Russia, but long term trends still favor Ukraine," wrote Michael Kofman of the CNA think tank in Virginia. (Source: AP< /a>)

Major Flooding Puts 50,000 Sydney Residents Under Evacuation Order

A La Niña weather event caused Australia's largest city's third floods this year as parts of Sydney received 31.5 inches of rain in four days. Two years ago a La Niña brought relief from crippling drought and **devastating bushfires**. The island nation's extreme weather patterns offer a glimpse of life in a climate-changed world. Roads have been cut off, thousands are without power and flooding has killed 20 people this year. "It rose real quick, quicker than usual," said Tyler Cassel, who paddled from his home in a canoe. "It's actually one of the scariest floods I have been a part of." (Sources: AI Jazeera, BBC)

Big Spenders

Sources Say China Plans \$75 Billion Infrastructure Fund

It worked in the past and they're hoping it'll work again. In a bid to stimulate its flagging economy, China will set up a state infrastructure fund in the third quarter, sources told Reuters Tuesday. The new fund would cap a raft of economic support measures announced in recent weeks. China's strict zero-COVID policy has meant it's taken longer than most to shake the pandemic blues — and **Russia's invasion of Ukraine hasn't helped**. Returns on traditional projects like roads, railways and airports aren't what they used to be, so the fund will likely focus on 5G, data and artificial intelligence projects. (Source: **Reuters**)

Here are some things you should know about today:

Blamed. U.S. officials have concluded that Al-Jazeera journalist Shireen Abu Akleh was likely killed by Israeli gunfire, but they said there was "no reason to believe" her shooting was intentional. Transport Accounts for 20% of CO2 Emissions in Food Supply Chain

The first comprehensive estimate of the global food industry's carbon footprint makes for scary reading. By analyzing 2017 data from 74 countries, researchers at the University of Australia found that food transportation added 3.3 billion tons of carbon dioxide to the atmosphere — 7.5 times more than previously thought. Wealthy countries, where refrigerated trucks are the norm and imports are common, generated nearly 50% of global emissions, despite being home to only 12% of the population. Moving fruit and vegetables produces twice as much carbon as growing them — but plant-based diets are still much better for the planet than meaty ones. (Source: **Natu re**)

Rooftop Sniper Kills 6, Injures Dozens at Illinois July Fourth Parade

What started as a carefree day of flag-waving and marching bands in the Highland Park suburb of Chicago swiftly turned chaotic as the pop-pop-pop of gunfire shattered the morning calm. Attendees scattered in every direction — leaving behind a jumble of strollers, camping chairs and kids' bikes. Also the bodies of the deceased. "I think for an average person ... to see somebody's body literally blown apart by these high-powered guns with these horrible bullets, the image might be a hard thing for them to process," said Dr. David Baum, a local obstetrician who rushed to help. A 21-year-old person of interest was arrested late Monday. (Sources: **AP**, **NYT**)

It worked in the past and they're hoping it'll work again. In a bid to stimulate its flagging

Mayor Rotering, thank you for your thoughtful comments on the NBC Today show today. As we listened to your responses to the questions about the mass shooting that happened over the weekend, we heard thoughts that resonate with many of the thoughts we have about not glorifying the individual who caused the chaos, horror, and loss of life of others. Not attributing the reason to mental illness but of the over abundance of guns and the sickening gun culture this country has. We are praying for the families who lost lives and for your community. I wish we had more common sense leaders like you. Snellville GA

Thank you Laura. We are all heartbroken but will hopefully heal together as we doubledown on our fight to make the world a safer, more humane place ... good luck to you!

Dear Members and Friends,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued.

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Nancy R. Rotering, Mayor

City of Highland Park, IL

Ending America's Gun Madness: Today's Juice, by Greg Hinz

To halp polied your price ory. Macoush Office prevented extended durined of We polier from the Intern Highland Para puncte shooting

It's still early in the investigation of America's latest mass shooting, the carnage <u>that struck the</u> <u>Highland Park</u> Fourth of July parade. <u>While a suspect</u> (Robert "Bobby" Crime, 22 and an <u>apparent</u> <u>Trump fan</u>) is in custody, there's still so much we don't know, namely the how and why. Things such as how the murder weapon was acquired, whether the shooter has a criminal or mental health record. What the motive was.

We still don't know any of that—not, mind you, that the lack of such answers kept politicians on both sides of the gun-control war from immediately reasserting hard-line positions.

It's not too early to say this: After <u>Uvalde</u> and Buffalo and a score of other mass shootings, after another summer of Chicago violence, enough. I'm sick and tired of being scared in my own

neighborhood and my own city. So, I suspect, are you.

We need to get a handle on this. And that means everybody on both sides of the argument—those who say having strong police is the answer and those who insist that having complete freedom to buy any firearm any time is the answer—has to give a little.

We need effective, respected and professional police—and prosecutors who will do their job instead of looking for excuses to let criminals out. We also need tough laws and tough enforcement to keep guns out of the hands of those criminals. And we need adequate mental health treatment as well as safeguards to protect us from those who have not been helped.

What we know at this point is that the Highland Park shooting appears to follow a sad pattern that has become almost a media cliché in recent decades.

We don't know for sure, but it appears the shooter is a distressed young man, probably angry with the world because he's angry with himself. And that distressed young man somehow got ahold of what police say was at least one "high-powered rifle."

Reaction has been mixed.

I thought Gov. J.B. Pritzker struck the right tone. "There are no words for the kind of monster who lies in wait and fires into a crowd of families with children celebrating a holiday with their community," he said in a statement. "But grief will not bring the victims back, and prayers alone will not put a stop to the terror of rampant gun violence in our country. I will stand firm with Illinoisans and Americans: we must - and we will—end this plague of gun violence."

GOP gubernatorial nominee Darren Bailey was in full law-and-order mode – literally – in tweeting the Illinois Legislature needs to convene in a special session "to address crime on streets."

"We need to demand law and order and prosecute criminals," <u>Bailey tweeted</u>. "We need more police on our streets to keep our families safe."

Bailey has a point-to an extent.

Social media over the weekend was filled with a story about a Loop convenience store that was pillaged for the third time in a week of liquor, cigarettes and other necessities of life by young hooligans, and with stories about Chicago police being attacked with fireworks and more when they tried to break up a street drag race. Where is, for instance, State's Attorney Kim Foxx condemning such activity, and vowing to prosecute anyone who participated to the full extent of the law? Don't

hold your breath.

Mr. Bailey, even if it was for his primary campaign, still has lots of explaining to do about <u>another</u> <u>tweet</u> from April 2022 advertising a fundraising gun raffle, open to all and including a rifle with a 30-bullet magazine. "We wouldn't do that today," says an aide. Not good enough.

Where's the call for steps to keep easily acquired assault weapons out of the crowded streets of Chicago, Mr. Bailey? Where's the recognition that, while "gun rights' may mean one thing in Xenia, they lead to mayhem in Chicago as surely as night follows day? Where's the admission that the Highland Park parade was filled with plenty of cops, yet the shooter struck anyhow?

Another emotional reaction came from U.S. Rep. Sean Casten, D-Downers Grove, in a separate tweet.

"Not again," <u>he wrote</u> after the Highland Park news hit. "I am so sick of a U.S. Senate that keeps watching people get shot and keeps concluding that the thing we need to protect more than anything else at this moment is the filibuster. Half-assed platitudes in lieu of action are killing people."

Sorry, congressman, but much as I agree that the gun lobby is selfish, the desire to defend one's self is pretty innate. Democrats have to separate the hardcore from the reasonable ones. Abolishing the filibuster will work just fine. Until, that is, Republicans get majority control of Congress and not only undo everything the Democrats did but make things worse.

Still, be it Pritzker, Bailey, Casten or the faces of terrified people running for safety in what was supposed to have been a celebration of national pride, they do all share one sentiment: No more. End it. Do something.

America, we have a problem. You know it. Your neighbor to the left knows it and so does your neighbor to the right. The politicians know it.

Now, what are we going to do about it-together?

• <u>Visiting grandfather among those killed at Highland Park parade shooting</u>: One of the six people who were killed at the Highland Park parade was identified as Nicolas Toledo, a beloved grandfather

who was in town from Mexico visiting family.

• <u>Cancellations of Fourth of July events follow shooting</u>: A long list of other celebrations around the Chicago area were canceled in the wake of the Highland Park shooting. While the Chicago White Sox went forward with their game against the Minnesota Twins, they <u>canceled</u> their planned fireworks show after the game.

• <u>Bailey video about shooting feels like a barely-disguised campaign opportunity</u>: GOP gubernatorial candidate Darren Bailey didn't just face scrutiny over that gun raffle. He also shared a video about the shooting shot with supporters holding up campaign signs. Supporters of Bailey praised his message while those who oppose him decried the video as being tone-deaf and opportunistic.

• Special session delayed? Springfield sources confirm that a <u>special legislative session</u> initially set for the coming weeks to take up new measures to protect abortion rights has been postponed until later in the summer. It appears to be a combination of scheduling people during prime vacation time and the immediate attention being turned to the Highland Park shooting.

Good evening colleagues,

Today has been an incredibly tragic day in our community. Whether you were on site or watching the news unfold at home, we understand how traumatic the events of today have been on our City of Highland Park family. I am in awe and incredibly appreciative of the swift work that our emergency responders undertook when shots were fired in the business district. Police, Fire, Public Works, Admin and other employees as well as the community quickly worked to provide aide to individuals on the scene and police personnel immediately began the investigation which has now led the person of interest in custody. We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

First Responders Wellness Center will be on site at West Ridge Center, 636 Ridge Road at 10 AM, July 5 to provide trauma support and counseling to City Staff and the City Council as well as for our Government Partners. <u>All team members are welcome and encouraged to attend if comfortable</u>. Please note that the opening session at 10 AM is designed specifically for those that were on the scene today. Attached are three handouts for reference and below is the schedule for services.

- 10am, West Ridge Center All team member who were at the Parade
- 11:30am, West Ridge Center All team members who were in Highland Park today
- 12:30pm, West Ridge Center All team members who would like additional support are encouraged to meet individually with a counselor from First Responders Wellness Center

Additionally, communitywide counseling services will be taking place at the High School in a joint effort by the City, Park District, and School District 112 and 113 from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have valid
State identification to be cleared to enter the school, which is the school's standard procedure for visitors.

Human Resources will be sending out information on additional support options in the coming days.

COPING AFTER A CRITICAL INCIDENT:

• Try to slowly get back into your normal routine

• Do healthy things for your body (eat fruits, vegetables, whole grain, beans), exercise (30 min. a day), & sleep (8 hours)

- Grounding, practicing being present in the here and now (Use all 5 senses)
- Avoid excesses such as food, alcohol, shopping, gambling, exercise, etc.
- \bullet Socialize with others & Talk about your feelings with others you trust
- Try therapy and/or spiritual counselors
- Have fun, read, play, and stay involved in your hobbies
- Volunteer or participate in other community activities to reduce isolation

• Watch comedies or look at www.sunnyskyz.com, a positive upbeat online news media

• Look at www.commonsensemedia.org for guidance on what movies, TV shows, cartoons, that could be triggering for your situation. Common sense media reports on positive message, positive role models, violence, sex, language, drinking, drugs, and smoking, and consumerism.

• Turn Media off & Take a Break: You may want to know what is happening with your critical incident, but the updates can also add distress. Consider if you truly want to know or not, if so, then give yourself time limits.

SIGNS YOU MAY NEED MORE HELP:

- Having symptoms that are getting worse or staying exactly the same since the incident.
- Difficulties with not thinking about the event and all the "what if's..."

• Depressive symptoms such as sadness, worthlessness, lack of energy, social withdrawal, low self-esteem, increase/decrease of sleep or appetite, indecisiveness, unresolved grief, and/or poor concentration

• Anxiety Symptoms such as excessive or unrealistic worry, difficulties controlling worry; physical tension (i.e. muscle tension, restlessness, shakiness); autonomic hyperactivity (i.e. heart palpitations, shortness of breath, dry mouth, nausea); hypervigilance (i.e. feeling on edge, difficulties concentrating, trouble falling or staying asleep, irritability), sadness, intrusive memories, poor sleep, anxiety, guilt, etc.

• Trauma Symptoms such as intrusive, distressing thoughts related to the traumatic incident, avoidance of reminders of the incident, detachment, hypervigilance, and arousal and distress when reminded of the incident.

• Symptoms that are negatively impacting your mood, thoughts, or daily functioning

- Having thoughts of death, suicide, or hurting oneself
- Not being able to do your job/school or take care of oneself or significant others

• Substantial decrease or increase of sleep, food, and/or alcohol or other substances

COPING STRATEGIES:

• Tactical breathing: inhale for 3 counts, hold for 3, exhale for 3 counts to reduce stress.

• Use Calm, Headspace, or another phone app to practice guided imagery & meditation.

• Increase and use your support system. You are not alone, everyone suffers.

• Wallpaper: Put happy pictures on your phone of family or vacations for reminders of happy times

• Exercise Regularly: Gym, walk, play with kids, sports, etc.

• Move: Get out of your couch, draw, listen to music, walk around the block, visit a park or a nice view.

• Use scented candles, oils, or other fragrances that are calming at home. Consider a nice smelling air freshener in your office.

- Go to therapy and talk with a trauma counselor.
- Concentrate on what you have & appreciate it.

• Do something nice for someone else: Anything from opening a door to a smile.

SLEEP TECHNIQUES:

• Lie down to sleep only when sleepy.

• Do not use bed for any other activities like TV, reading, listening to music, etc. only for sleeping.

• Get out of bed if sleep doesn't arrive soon after retiring (approx. 30-40 min)

• Try to set a consistent sleep-wake cycle. No napping, when possible.

• Restrict excessive liquid intake prior to bed & Avoid spicy late-night snacks or any late-night eating.

• Exercise daily but not 3-4 hours before bedtime.

• Minimize or avoid caffeine, alcohol, tobacco, and any stimulants.

• Do not use caffeine or any stimulants a minimum of 4-6 hours before going to bed.

• Try to avoid TV 1-2 hours before going to bed and avoid news or other intense material prior to going to bed.

• Make the bedroom colder, use brand new sheets, and darken your room.

• Try Chamomile, Valerian Root, Lavender, or Lemon Balm Teas.

• Eat Melatonin rich foods such as pistachios, tomatoes, tart cherries, walnuts, almonds, spinach, and bananas.

QUOTE OF THE DAY

Q: With all the recent controversial Supreme Court decisions, can our school restrict what the students wear even if it expresses a political message?

A: Maybe. The Seventh Circuit Court of Appeals has acknowledged that a school can justify restrictions on speech activities if the school can show that the speech "would materially and substantially disrupt the work and discipline of the school" or invade the rights of others. That standard was established in a previ-ous U.S. Supreme Court case called Tinker v. Des Moines Independent Comm. Sch. Dist, involving a First Amendment challenge to school policies that prohibited students from wearing black armbands to express opposition to the Vietnam War. For your school to enforce a policy that restricts certain messages on clothing it will have to survive analysis under this legal framework.

Thank you so much for the amazingly supportive and fast response. My apologies for the delay in response, it has been busy here.

I talked with the group here, and I don't think we will be ready to have a debrief tonight. I was informed that the school districts are coordinating community sessions tomorrow, but we would like if possible to have a counselor available at the Senior Center tomorrow for the community if you have anyone available – we can be flexible on time. We would also like to set up a session or two for our staff later in the week if we can make that work.

Hi Nancy,

I think they need to do an immediate debriefing, just to talk through their feelings. I can come out tonight or lead via telehealth.

Thanks Carolyn.

Along with all City staff and officials, I am fine.

Of course we are shocked and shaken to realize what has long been an 'inner city' threat can come to a peaceful small town such as Highland Park.
