Hello everyone,

[REDACTED] and I met and discussed the call. While it was certainly an unsettling call, it doesn't meet the criteria of a threat per criminal law. Please know that I appreciate [REDACTED] reporting this and I'm not diminishing it in any way. I'm simply replying about the legalities of it. We sincerely encourage anyone who receives anything remotely close to a threat to report it to us right away.

I've shared the details of the call with the Lake County Major Crimes Task Force and they have not heard that name until this. They will let me know if they do. We have no record in HP records of [REDACTED]

[REDACTED] is checking to see if he can obtain the phone number of the caller so the HP team can try and identify him and go from there.

Of note, the global media attention is subjecting us to an influx of calls. Some are bizarre and completely unrelated to our parade investigation. Regardless, please do not hesitate to reach out with anything of concern.

Respectfully,

Its better to try and reach out first.

Thank you George. At some time in the future I will connect with Amy. We weren't including the CERT sponsoring agency contact on the emails, just the CERT lead/contact that we used for the pandemic, the general CCCLC CERT check in type training or event updates, etc. I have emails somewhere from Amy in the past to include you but we can work on that later.

We appreciate your communication update George. We hope to hear at some point in the future more about all of the CERT support that has/is occurring throughout the event. Somewhere down the road we hope to have lessons learned, suggestions, and more - at least broadly on how the HP CERT team supported, how other teams can prepare/better prepare, mental health steps taken for the team members, updated supply/PPE suggestions, updated training suggestions, etc. No person, team or jurisdiction wants to have to know the best way to be prepared but the learnings are all excellent things to share. Unfortunately it seems like events like this are becoming all too common.

If there is any way that the rest of the Lake County CERT teams or the CERT Association of Illinois can rally behind the Highland Park CERT team, we are here for you where its now or at future events

[EXTERNAL EMAIL]

Dear Sean,

I wouldn't want to take away anyone's place who needs support at this time so if Cynthia Plazas is available only for CERTS who were physically there yesterday, I'll totally understand. I know this could be difficult to understand, but I'm feeling very guilty that I wasn't in HP doing my usual CERT activation and being helpful at the parade yesterday because I'm in L.A. I've been a CERT for 15 years and always volunteer for the parade. I only missed one back in 2011 or so.

Add to that my daughter [REDACTED] who's here with me in LA, literally sat by my side the entire day yesterday glued to the news with me. She kept saying she was so grateful I wasn't there. Also, my very pregnant daughter in law, a social worker herself, broke down too. She and my son were planning to go to the parade with my husband Paul, but they ran late and then, of course, the worst happened.

I'd really like to speak with Cynthia even if it's by text. I'm having what I can only believe is a form of survivors guilt and would like to talk with her. Again, I'll understand if she's too busy helping others. Also, if Cynthia is busy, do you know who else I could reach out to? I'm not accustomed to asking for help. It feels very awkward for me to ask for help at all.

Thank you so much for reading my message and helping.

Thanks Margaret.

Fortunately no City employees or officials were injured.  
We at the Water Plant are somewhat distant from the parade route so our experience is basically the same as everyone else following the tragedy through broadcast and social media.

I am open to a call and anxious to learn about the response received.

Please offer a few times from which to choose.

Hi Don & Sharon,

First off, Don I hope that everything is ok (or as ok as it can be) with you and yours, sending thoughts your way. I can't imagine how everyone must be feeling at this time.

Second, we have received the survey data from Annie and Elizabeth is working on coding and cleaning. Along these lines, I thought it would be good to have a call to discuss some of the issues she is encountering and to develop a data analysis plan?

Please let me know your thoughts, kindly,

Margaret

## **Data Needed by May 15!**

This survey conducted by Illinois Section American Water Works Association (ISAWWA) Water Efficiency Committee is a follow up survey from the 2010 Water-Energy Nexus survey. The goal of this survey is to learn more about the energy intensity of Illinois water suppliers and how it has changed over time.

### **Why should you participate in the Water-Energy Nexus survey?**

- Your local energy provider may have an energy efficiency program to fund energy efficiency projects as reduction of water leakage in water distribution systems. Our survey will update this data and can alter if you will be included in the funding.
- Improvement without metrics and benchmarking. The 2010 survey was our benchmark, and this survey update will identify the “low hanging fruit” of improved energy efficiency, which potentially leads to cost savings to your customers.
- The more efficient your plant/facility is the better it is for the environment, making your facility look better to customers and the public.
- It was an essential piece of data for many companies and studies for people over the past decade getting new updated data will help answer questions that people have.

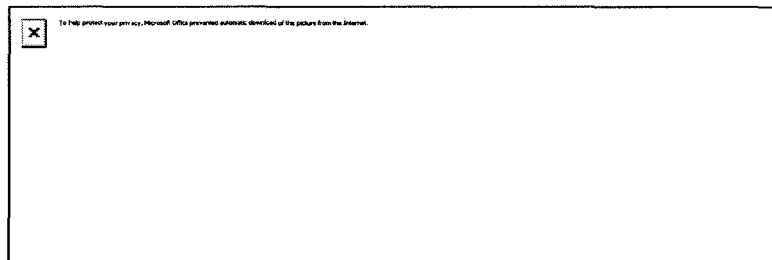

The information that needs to be gathered can be seen here in an excel [here](#).

Gathering information for the survey should take roughly 2 hours, and completing the survey after gathering the data should only take 20 minutes. Learn more about the survey at

<https://www.isawwa.org/page/energynexus2020>.

Ben Petersen, our Research and Marketing Intern, will be reaching out via phone call and email to help you proceed with filling out the survey. You can reach Ben at [Ben@isawwa.org](mailto:Ben@isawwa.org).

Thank you all for your responses...Here is a very basic schedule....please stay as long as you are able. The tent does not need to be manned every second but it would be nice to have people on hand to help organize and make sure coolers get filled. I will check in with the first crew tomorrow.

Please park near Laurel and Second. Irv is parked on Laurel. Go there and you will need to check in with an FBI employee to sign in to the scene. The tent is located on second street.

Please follow the below schedule if possible:

I will be back in tomorrow morning at 9a, so I will confirm with everyone.

[EXTERNAL EMAIL]

Hello Joy and Charlotte,

As we just discussed here is the larger list of trauma counselors vetted by our POC Cynthia Plazas with the Highland Park PD. Can we please add all of these providers added to your master list for the FAC this week? They are very much needed given the population of direct victims that we are serving in the FAC, so I want to get them added ASAP to participate in the coming days.

I have asked for 3-4 more counselors to be available today. Shall I have them check in at your table? Please tell me the process and I will coordinate with them. Please call me with any concerns.

Lastly, can I please request to add myself and Co-Incident Response Manager, Amanda Allen to the coordinating emails that you send to the partners moving forward? This will help us in coordinating with our Victim Specialists and navigate the resources as we help people. Thanks!

Also, very key is to make sure that names of the families members murdered are pronounced correctly in funerals and for any memorial.

Do not automatically set up scholarships or anything else for families without their involvement. It's up to them how to properly honor their own family members. Any memorials to honor those murdered should involve input from the families (this will come much later)

Do not share addresses of memorial events on national television for the sake of public safety.

ALSO, this is a tricky line to walk, but ask the media to stop putting the name of the shooter and face of the shooter out there. He's been captured, and -- for the sake of public safety -- he needs to become unknown in the media. Contagion effects are a real thing. His name and photo plastered all over the place becomes a call to action for others seeking notoriety from killing people and these shooters study each other.

The likelihood of another mass shooting rises in the following weeks. Follow NoNotoriety protocol: [www.nonotoriety.com](http://www.nonotoriety.com)

I would even state that we will honor the victims and the heroes of this tragic event from here on out.

The Attorney General office said they are working to get families situated for funeral costs, speaking to funeral homes, etc. Funerals are covered by VOC and State Comp programs, as are lost wages, etc.

The State Attorney's office SHOULD have the point person for this in the AG's office.

- 1). Pact immediately with an Airlines or Uber (Red Cross should have this) to help with family members who may need to fly in from out of town.
- 2). You will want to ask police for a security parameter to be established at funerals.
- 3). Make sure the language is correct so families of the deceased do not hear the word "healing" or their family member was "lost." There is no healing, there is only coping and managing trauma. Not all families get upset with the word "lost" but no families will be upset with the word "taken," "lives stolen" or "murdered."

4). Make sure that these funerals are not platforms for politicians (it is distasteful to families of the deceased and will blowback on the politician)

5). A Centralized fund, one for victims (we are capturing as much as we can for victims) and the other for the community with full transparency. Large nonprofits like the Red Cross usually take a hefty amount out for admin fees. They had gift cards in Vegas and were handing them out to anyone who came up and there was no vetting so there was a significant amount of fraud. We helped to train Red Cross workers on the ground after the Indianapolis mass shooting there.

6). Make sure coroner's reports are not made public. The media sometimes will try to get these.

Best Practices covers a lot of this.

Kim and Terry,

What can work well for victims is a private, sign-in only website page set up inside the State's Attorney's or D.A.'s office that families can access with a clear list of services for families needing help. Strongly advise something like that.

Otherwise, what will work for victims is when the AG, FBI and Red Cross set up with the table they always do at a Center where families can go to get information, provide those in charge with this information as an immediate resource, so if a victim's family reaches out, they will know where to direct them if that kind of need arises.

Victim advocates inside the State's Attorney or DA's office (every state is different) should be assigned to each family right away. They can help with getting this information to victims as well.

The one ADA (Disability) group in Chicago we can vouch for as top notch and can help anyone with a disability and that includes if people need help getting on disability with PTSD.

Dear Mayor,

I watched your interview with Andrea Mitchell this morning and was so impressed with your statements, and your passion. You said what so desperately needed to be said, and said it most emphatically!

We moved to Highland Park in 1976, and my children were raised there..Lincoln Grammar School, Edgewater Jr High, and Highland Park High school.

My daughter (Melissa Pielet) still lives there. My grandkids went to high school with the shooter. My son lives in Riverwoods, and of course we all attended the HP 4th of July parade for many years.

My sister (Donna Gutman) is an activist in the highest sense of the word. She works tirelessly for gun change, and the other changes that need to happen in our country. I only mention this because I am so very proud of her, and her continuous work.

It will not be a critique or analysis. My understanding is that they will talk about the incident as a group first and then move to 1 on 1 counseling, if desired. There is no pressure. Thank you all for your responses...Here is a very basic schedule....please stay as long as you are able. The tent does not need to be manned every second but it would be nice to have people on hand to help organize and make sure coolers get filled. I will check in with the first crew tomorrow.

Please park near Laurel and Second. Irv is parked on Laurel. Go there and you will need to check in with an FBI employee to sign in to the scene. The tent is located on second street.

Please follow the below schedule if possible:

I will be back in tomorrow morning at 9a, so I will confirm with everyone.

Hi there Amanda,

Know you have a lot going on – just want to confirm that we are ON for tonight for the Mayor to join Wolf Blitzer on the Situation Room.

**We would like to lead the program with her interview at 4p CT/5p ET.**

Hoping she can come to our live location (St Johns and Central Ave) – and arrive no later than 345p CT/445p ET.

If this does not work – we can do the interview via Cisco/Skype but will need to test the connection before hand.

Please let me know this works on your end – and a good time for me to connect on the phone.

Thanks Amanda,

Debbie

That was me calling, but the connection was poor. We're thrilled about the Mayor for Wed. Not sure if that was my service or yours. Is it possible to call back?

In the meantime, can you advise if any of following may be able to join Wolf tonight? We're live 4-6 CT. I realize you won't have answers for some time, but was hoping to get guidance if you'd consider interviews today.

Amanda – that works perfectly on our end.

We are two hours that evening (5-7p ET) – Is she able to hold both hours for us – we should have a hit time mid morning Wednesday.

We will also likely have a live crew based somewhere in Highland Park – one of us will circle back tmrw with more details, but please let us know if the timing works.

Many many thanks – and my heart goes out to the entire Highland Park community on this tragic night.

Of course, Amanda. Thank you for asking. Our preference is 5P CT hour / 6P ET hour, but we are flexible on timing if the 4P CT hour / 5P ET is better.

Can you please confirm that you're handling all the officials below?

Highland Park Mayor Nancy Rotering  
Highland Park City Manager Ghida Neukirch  
Highland Park Police Chief Lou Jogmen  
Highland Park Highland Park Police Cmdr. Chris O'Neil  
Highland Park Fire Chief Joseph Schrage

We can't host the Mayor Rotering tomorrow as I see she's already committed to the 9A hour on CNN + AC360.

We greatly appreciate your help and are open to any other official you may be able to offer!

Hi Amanda,

I'm very sorry to reach out under these circumstances. Are you the POC for City officials? Can you assist with interview requests as we cover the shooting.

Can we request an interview with Mayor Nancy Rotering? Police Chief Lou Jogmen? Please advise if you can assist or if there's another person handling police.

The Situation Room is live 4-6 CT / 5-7 ET. Brianna Keilar is in for Wolf.

We could do an interview virtually (CISCO or SKYPE) or could consider phone interview.

Chief, just an outsider looking in and I wanted to address something related to the mass shooting on July 4th. I live in central Texas and while watching news, local and national news I noticed footage shown on tv showing 2 men wearing fluorescent yellow shirts on bicycles riding TOWARDS the shooting in the middle of the street using there phones recording everyone else running away from the shooting and the threat. I found this quit unusual and suspicious. We're they a part of this crime and wearing the fluorescent shirts to be high visibility and not be a target and still recording the murders of innocent civilians. Hundreds of people running away and 2 people ( not armed police) riding there bicycles toward the threat!!!! I'm suspicious!!

I have no doubt you and your PD staff are working very hard and I have nothing but respect for law enforcement, please believe that my input is to help and not meant to be critical in any way!!

My Regards and respect,

During a deployment we sustained damage to our m210 landing gear locking assembly essentially grounding the unit. Can you please advise the price for a replacement piece. Photo attached

So, there have been departments buying the M300 and H20T to replace the M210 and XT cameras. But DJI also recently release the M30T which is a smaller version of the M300 but does not have swappable payloads. If budget is tighter, it is about half the price of a M300 package.

Link here is to the M30 series <https://www.dji.com/matrice-30?site=brandsite&from=nav>

Ballpark numbers: M300 w/H20T and accessories roughly \$30-45K.  
M30T w/accessories roughly \$16-25K

We can make our way out to you for a demo of both if you would like. This way you and the brass can compare the two systems and decide what you would rather have.

As for other options with thermal there is the Mavic 2 Enterprise Advanced, Autel Evo 2 Dual, and Parrot Anafi USA. All of these are the smaller drone platforms and range from \$6500 – 16K depending on accessories added.

Let us know if you would like to schedule a demo.

It was time for my department to talk about budget numbers and replacing our aged m210 version 1 was discussed. Unfortunately I wasn't given a lot of time to get quotes or a ball park figure on its replacement system. Have agencies been purchasing the m300? What are some of the other UAV's being purchased with FLIR and zoom cams?

Hello,

My name is [REDACTED]

My family and I attended the July 4th parade and were seated/standing at the tree benches by Walker Bros. Original Pancake House at the time of the shooting. My Mother-in-Law, [REDACTED] was struck in the leg and treated at Highland Park Hospital (I am sorry, I am from [REDACTED], and may have the incorrect hospital name).

Attached, please find a photo of the shorts I was wearing during the parade. When I made it back to my Brother-in-Law's house [REDACTED] I noticed these odd holes in my shorts. I am unsure if these are caused by the shooting, or by diving on the ground. I have not washed the shorts yet, and could send them to you if they would be at all helpful.

I want to offer my most sincere thanks and love to your fine Police and Fire Department personnel! Firefighter Knicks (sp?) was kind to my young daughters before the parade started, and then miraculously helped my Mother-in-Law after she was injured.

My family is forever in your debt, and are so thankful for your bravery and service!

From my recollection, I was standing roughly within the red circle when the shooting started, and was wearing these khaki shorts, a blue polo shirt, and a gray wide-brim hat.

Give an Hour is extremely helpful for mental health help with licensed professionals who donate their time (they are helping in Uvalde, they did victim intake for Thousand Oaks mass shooting) ... please meet the CEO.

It is my understanding that they have already connected one victim to a trauma specialist. Trina, you can elaborate from here.

**Subject:** Summary info for public safety, communications and other

Sharing some info from Anita and Zach from Victim's First:

Communications:

1. Do not share addresses of memorial events on national television for the sake of public safety.
2. Ask the media to stop putting the name of the shooter and face of the shooter out there. He's been captured, and -- for the sake of public safety -- he needs to become unknown in the media. Contagion effects are a real thing. His name and photo plastered all over the place becomes a call to action for others seeking notoriety from killing people and these shooters study each other.
3. State that we will honor the victims and the heroes of this tragic event from here on out.
4. Make sure the language is correct so families of the deceased do not hear the word "healing" or their family member was "lost." There is no healing, there is only coping and managing trauma. Not all families get upset with the word "lost" but no families will be upset with the word "taken," "lives stolen" or "murdered."

Police:

1. The likelihood of another mass shooting rises in the following weeks. Follow NoNotoriety protocol: [www.nonotoriety.com](http://www.nonotoriety.com)
2. You will want to ask police for a security parameter to be established at funerals.

Other:

1. Make sure that these funerals are not platforms for politicians (it is distasteful to families of the deceased and will blowback on the politician)
2. A Centralized fund, one for victims (we are capturing as much as we can for victims) and the other for the community with full transparency. Large nonprofits like the Red Cross usually take a hefty amount out for admin fees. They had gift cards in Vegas and were handing them out to anyone who came up and there was no vetting so there was a significant amount of fraud. We helped to train Red Cross workers on the ground after the Indianapolis mass shooting there.
3. Make sure coroner's reports are not made public. The media sometimes will try to get these.

Best Practices covers a lot of this.

4. What can work well for victims is a private, sign-in only website page set up inside the State's Attorney's or D.A.'s office that families can access with a clear list of services for families needing help. Strongly advise something like that.

5. Otherwise, what will work for victims is when the AG, FBI and Red Cross set up with the table they always do at a Center where families can go to get information, provide those in charge with this information as an immediate resource, so if a victim's family reaches out, they will know where to direct them if that kind of need arises.

6. Access Living in Chicago we can vouch for as top notch and can help anyone with a disability and that includes if people need help getting on disability with PTSD.

**Subject:** From The Daily (NYT): Mayor Rotering interview?

[EXTERNAL EMAIL]

Hi Amanda,

Nice to meet you. I'm one of the producers on The Daily, a podcast from The New York Times. First of all, I wanted to send my deepest condolences to you and the Highland Park community for the tragedy on the Fourth of July. I myself live in Evanston, and have been thinking a lot about the residents of Highland Park these past few days.

We're wondering if Mayor Rotering might be available to come on the show for a conversation about the tragic shooting, and also to talk about her own journey over the years in trying to address gun violence. It seems to us that she did everything a mayor *can* do to prevent this kind of incident. So we'd be interested in hearing about her efforts years ago to implement an assault weapons ban in Highland Park, and to hear what this week has been like for her and the HP community as everyone grapples with this tragedy.

Just by way of background, The Daily is known for very thoughtful, fair-minded and nuanced conversations and our large audience of about 3 million listeners a day have come to expect that from us.

Would you have a few minutes to hop on the phone and chat about what we had in mind further? If it all worked out it would probably involve at least 45-60 minutes of the Mayor's time in the next couple of days. I know that is a big ask, but we would need at least that much time to ensure the kind of conversation that our show specializes in. Let me know if you think that might be possible.

Many thanks,  
Rob

Matthew,

I am following up the message I had left regarding an overflow dumpster pickup. As you can imagine, emergency personnel are working non-stop at the tragedy site to work through various aspects of the investigation. We do have a dumpster is located within the cordoned off perimeter of downtown Highland Park to be picked up.

The dumpster is located on Second St, just north of Laurel Ave. You will need to enter through Laurel Ave, and check in with FBI to enter the secured zone. I have copied Battalion Chief Bill Brennan who can assist LRS to get to the dumpster location.

If you need additional information please let us know.

Thanks,

Ramesh

But I do know that Josiah Morales is the one who originally posted the photo on Snapchat. It then has been spreading on other platforms such as Tik Tok. Seeing this graphic image of my Grandpa and my other family members on the ground brings in a whole wave of emotions. Anger, sadness, and disturbance are just some of those emotions. I just wanted to bring this to your attention and hopefully help me stop the spread of this image. Thank you so much for all your help. My family and I greatly appreciate it.

Hello and thank you for your coverage of the deadly shooting at our parade in Highland Park on Monday. The privacy and safety of families impacted may be compromised by sharing of the meal train links on your website. (<https://www.cbsnews.com/chicago/news/how-to-help-victims-of-the-deadly-mass-shooting-in-highland-park/>.) The organizers intended these as a means of organizing with family and friends, and did not know that these were posted to your site. Could you remove these links? Please reply asap.  
Thanks.

Hi Don & Sharon,

First off, Don I hope that everything is ok (or as ok as it can be) with you and yours, sending thoughts your way. I can't imagine how everyone must be feeling at this time.

Second, we have received the survey data from Annie and Elizabeth is working on coding and cleaning. Along these lines, I thought it would be good to have a call to discuss some of the issues she is encountering and to develop a data analysis plan?

Please let me know your thoughts, kindly,

[View in browser](#)

## **Data Needed by May 15!**

This survey conducted by Illinois Section American Water Works Association (ISAWWA) Water Efficiency Committee is a follow up survey from the [2010 Water-Energy Nexus survey](#). The goal of this survey is to learn more about the energy intensity of Illinois water suppliers and how it has changed over time.

### **Why should you participate in the Water-Energy Nexus survey?**

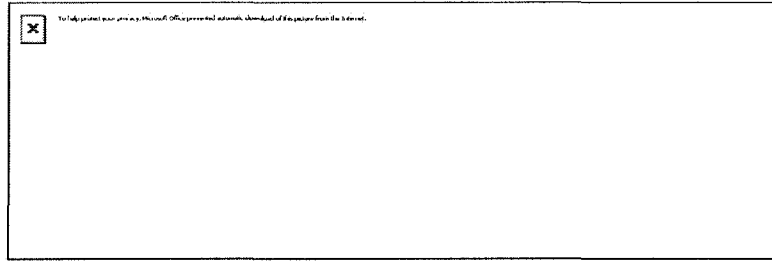

- Your local energy provider may have an energy efficiency program to fund energy efficiency projects as reduction of water leakage in water distribution systems. Our survey will update this data and can alter if you will be included in the funding.
- Improvement without metrics and benchmarking. The 2010 survey was our benchmark, and this survey update will identify the “low hanging fruit” of improved energy efficiency, which potentially leads to cost savings to your customers.
- The more efficient your plant/facility is the better it is for the environment, making your facility look better to customers and the public.
- It was an essential piece of data for many companies and studies for people over the past decade getting new updated data will help answer questions that people have.

The information that needs to be gathered can be seen here in an excel [here](#).

Gathering information for the survey should take roughly 2 hours, and completing the survey after gathering the data should only take 20 minutes. Learn more about the survey at <https://www.isawwa.org/page/energynexus2020>.

Ben Petersen, our Research and Marketing Intern, will be reaching out via phone call and email to help you proceed with filling out the survey. You can reach Ben at [Ben@isawwa.org](mailto:Ben@isawwa.org).

Betsy and Terri,  
Thank you for setting up this fund. My family and I certainly plan to contribute, and I'd be happy to join the committee that is tasked with the grant process.

I think it's safe to say that we all feel a bit numb. It feels so surreal that this has happened in our community. It's hard to make sense of it all. That said, we can make real impact here and help lift our community with funds that we are able to raise. I do think we should also make a significant contribution from our endowment towards this endeavor. In addition, I believe that any funds that come in over the next few months should be added to this response fund, whether earmarked or not. Just my two cents.

We obviously have a lot of healing to do as a community. I am proud to be a part of the HPCF and the fact that we will be able to make a direct impact in that healing process.

Thank you again for your leadership on this.

My name is Antonio Planas and I'm a reporter with NBC News in NYC. Happy Wednesday.

I am in the Chicago area covering the Highland Park shooting and I was wondering: Can someone with Highland Park or Illinois State Police say whether Crimo purchased a gun/guns online that were either used in the shooting or recently confiscated by authorities?

Did Crimo purchase weapons online and then pick them up at a regular gun storefront or maybe through a person-to-person exchange with someone who has all the proper FFL licenses to legally make that transaction?

I can field the answer/answers here at this email address or be reached at 212-991-8401.

I am on deadline and hope to hear back.

Thank you.

Surely my ears deceive me when I heard of you expressing heartbreak over the MURDERER who was once in your Cub Scout den. Well I can certainly see that you would find a little boy underneath all the tattoos etc., That's a lot of misplaced heartbreak. The heartbreak, I am sure you are aware, should be for the families of those slaughtered while enjoying a July 4 parade. Not for the person who slaughtered them!

Hello everyone,

Adam and I met and discussed the call. While it was certainly an unsettling call, it doesn't meet the criteria of a threat per criminal law. Please know that I appreciate [REDACTED] reporting this and I'm not diminishing it in any way. I'm simply replying about the legalities of it. We sincerely encourage anyone who receives anything remotely close to a threat to report it to us right away.

I've shared the details of the call with the Lake County Major Crimes Task Force and they have not heard that name until this. They will let me know if they do. We have no record in HP records of [REDACTED]

[REDACTED] is checking to see if he can obtain the phone number of the caller so the HP team can try and identify him and go from there.

Of note, the global media attention is subjecting us to an influx of calls. Some are bizarre and completely unrelated to our parade investigation. Regardless, please do not hesitate to reach out with anything of concern.

Respectfully,  
Bill

## SCAM AVOIDANCE TIPS

As with any disaster, there will likely be “bad apples” among individuals and groups that will try to take advantage of the Highland Park shooting to scam money.

There are two organizations accepting donations for the victims of the shooting that are overseen by local government in the Highland Park area:

- **Highland Park Community Foundation's July 4 Shooting Response Fund** - Donations support individual victims and families directly impacted by the shooting.
- **The Lake County Community Foundation Crisis Relief Fund** - This serves as a permanent countywide funding resource in times of emergencies. We are currently raising funds to support crisis relief efforts in the wake of the Highland Park shooting. Funds will be granted to support emergency response needs, mental health counseling services, downtown repair and revitalization, violence prevention and education and other urgent needs as they arise in the aftermath of this tragedy.

While some Go Fund Me accounts may be legitimate, there are far too many incidents in which account administrators kept most of the funds for themselves, and little of the money went to the people the funds were ostensibly supposed to help.

### TIPS:

Do research! Take some time to determine if this is a legitimate organization and exactly what the funds will be used for.

From the FBI:

- Use caution anytime you see an email, social media post, crowdfunding platforms, cold calls, etc.
- Give to established charities or groups whose work you know and trust.
- Watch out for organizations with copycat names.
- Check the organization's reputation through the Federal Trade Commission.
- Be wary if someone asks for cash, gift cards, virtual currency, or wire transfer. If you feel an organization is legitimate, give using a check or credit card.
- If you think you've been scammed, report it to the Illinois Attorney General's office, the FBI, the FTC, and/or the National Center for Disaster Fraud.

From the Federal Trade Commission:

- Be wary if someone rushes you into donating
- Ask for specifics about the donation; be concerned if claims are vague or sentimental.
- Some scammers will thank you for a donation you didn't make in hopes you'll donate on the spot.
- Offering prizes or sweepstake winnings should be a red flag.

Hi Lee,

Nats here from AM.

We are still quite keen to speak to the Police Chief, or another Police representative, about the on-the-ground response from the shootings.

Would anyone be available to join us live-to-air on Zoom in one hours time?

Thanks,  
Nats

Do you have anyone available ASAP to cross into our program? We could do this via zoom.

We would also be quite keen to have the City Manager, who is best to contact for her?

Thank you all for your responses...Here is a very basic schedule....please stay as long as you are able. The tent does not need to be manned every second but it would be nice to have people on hand to help organize and make sure coolers get filled. I will check in with the first crew tomorrow.

Please park near Laurel and Second. Irv is parked on Laurel. Go there and you will need to check in with an FBI employee to sign in to the scene. The tent is located on second street.

Please follow the below schedule if possible:

I will be back in tomorrow morning at 9a, so I will confirm with everyone.

**Wed: 11a-2p Nancy McEntee, Shane Selig**

**Wed: 2p-6p Dan Bricker, Kris Byrnes**

Hello Everyone:

I spoke with Chief Jogmen earlier this morning, he asked to share our conversation with all of you.

First, he wanted to convey his appreciation, the appreciation of the entire Police Department, our City Staff and the citizens of Highland Park for our extraordinary contributions during Monday's incident. The CERTs who activated for the Parade became First Responders, whose efforts are being recognized near and far.

Further he wanted you all to know once phase 1 of this investigation is completed, the Department will be even more focused on making sure the Officers and all the others involved with the horrific incident receive the appropriate care and attention we all need and deserve

I'm not discouraging you from taking advantage of the resources Sean shared below. Quite to the contrary. Take advantage of every opportunity to practice self-care. The resources below are available NOW; and know additional resources will be made available in the near future.

Please let me know if you have questions or would like to talk.

Sincerely,  
Steve Rachman

Thank you all for your responses...Here is a very basic schedule....please stay as long as you are able. The tent does not need to be manned every second but it would be nice to have people on hand to help organize and make sure coolers get filled. I will check in with the first crew tomorrow.

Please park near Laurel and Second. Irv is parked on Laurel. Go there and you will need to check in with an FBI employee to sign in to the scene. The tent is located on second street.

Please follow the below schedule if possible:

I will be back in tomorrow morning at 9a, so I will confirm with everyone.

**Wed: 11a-2p Nancy McEntee, Shane Selig**

**Wed: 2p-6p Dan Bricker, Kris Byrnes**

My name is Antonio Planas and I'm a reporter with NBC News in NYC. Happy Wednesday.

I am in the Chicago area covering the Highland Park shooting and I was wondering: Can someone with Highland Park or Illinois State Police say whether Crimo purchased a gun/guns online that were either used in the shooting or recently confiscated by authorities?

Did Crimo purchase weapons online and then pick them up at a regular gun storefront or maybe through a person-to-person exchange with someone who has all the proper FFL licenses to legally make that transaction?

I can field the answer/answers here at this email address or be reached at 212-991-8401.

I am on deadline and hope to hear back.

Thank you.

Good morning colleagues,

My name is Jamie Friedman and I am one of the Incident Response Managers for the FBI Victim Services Response Team. We are here helping stand up the Family Assistance Center (FAC) at Highland Park High School.

I sincerely apologize for the lack in communication about having your services at the FAC today. We have been coordinating closely with the American Red Cross to assist their efforts in setting this up as quickly as possible and have been juggling a lot. We have a great need for your support and counseling assistance here and through the weekend, so please accept our apologies for failing to get you added to the communications sooner. The American Red Cross has invited some of their counseling contacts, but as vetted contacts by our partner Cynthia Plazas with the Highland Park PD, both our FBI team and the Red Cross are certainly extending the invitation.

Please see below for a forwarding of the email send from the American Red Cross yesterday. The FAC opens today at 12:00pm. There are rooms designated by the Red Cross for counseling purposes.

For those of you who are still available to assist today, **please reach out to me directly**. My cell phone is [REDACTED]. For those available to assist tomorrow and moving forward, please reply to this email and let me know your availability as well.

In the meantime, I will be coordinating with the American Red Cross coordinators to get you added to all communications for the FAC moving forward. Once again, our apologies for this communication and thank you so much for your willingness to help.

Dear Partner,

Sorry for the late response, it's been a busy day. Here is the information for tomorrow. As a reminder, we will be serving survivors of the deceased, survivors of those injured and those who were in close proximity to the incident. I am also attaching the notes from this morning's call, many thanks Rebecca Kumar. Partner information is listed below. Send your information to me as soon as you can.

Here are some helpful tips:

- Look for the police officers in the lot. Let them know you are a partner and they will direct you where to park. Please park as far away from the door as possible. We want the clients to be able to park as close to the door as possible.
- Please bring an ID. When you enter the building, there will be a police officer at the door. Let the officer know that you are there to provide services or volunteer
- When you enter, there will be a partner sign in sheet. Please sign in and out.
- Bring all supplies and anything you might need to do your work with you. We cannot provide pens, notebooks etc. If you have handouts in Spanish, please bring those as well as we are expecting some Spanish speakers.
- There will be comfort dogs at the center each day for you to use with your clients.
- Food will be provided to you as well as water and drinks. Please feel free to bring your own if you wish.
- There may be periods of sitting and waiting or there may be periods when you will be busy. We don't know what to expect, but being present for the community speaks volumes and your presence is appreciated.
- Know that things may change as the week progresses. Flexibility is key.
- Please make sure that someone is at your table for the entire duration of the event on each day.
- On Wednesday, arrive by 11:00 am to set up

- As a reminder, no uniforms and please wear soft colors.

Hi Reyes,

I am sorry to hear about the damaged bracket. We are very saddened about the events that occurred in Highland Park and appreciate you and the department's service. Would you possibly be able to tell me if you M210 is a V1 or V2?

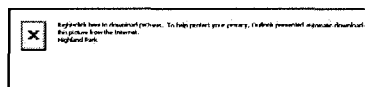

Thank you and please let me know if you need anything else.

Thanks for the info. As you know we had a major incident in our town and our UAV was utilized to provide overwatch, search for suspects, and clear areas of concern.

During a deployment we sustained damage to our m210 landing gear locking assembly essentially grounding the unit. Can you please advise the price for a replacement piece.

So, there have been departments buying the M300 and H20T to replace the M210 and XT cameras. But DJI also recently release the M30T which is a smaller version of the M300 but does not have swappable payloads. If budget is tighter, it is about half the price of a M300 package.

Link here is to the M30 series <https://www.dji.com/matrice-30?site=brandsite&from=nav>

Ballpark numbers: M300 w/H20T and accessories roughly \$30-45K.  
M30T w/accessories roughly \$16-25K

We can make our way out to you for a demo of both if you would like. This way you and the brass can compare the two systems and decide what you would rather have.

As for other options with thermal there is the Mavic 2 Enterprise Advanced, Autel Evo 2 Dual, and Parrot Anafi USA. All of these are the smaller drone platforms and range from \$6500 – 16K depending on accessories added.

Let us know if you would like to schedule a demo.

It was time for my department to talk about budget numbers and replacing our aged m210 version 1 was discussed. Unfortunately I wasn't given a lot of time to get quotes or a ball park figure on its replacement system. Have agencies been purchasing the m300? What are some of the other UAV's being purchased with FLIR and zoom cams?

Hi Reyes,

I started a new thread that blue background was killing my eyes, that is my fault for trying a new template.

I will be back in the office on Tuesday along with my tech guy Sean. Feel free to respond this email with your question or a good time frame to call or you can give me a call (50/50 chance of it working though. IT not sure why).

Have a great weekend,
