Danielle,

Yes, we have funds for immediate needs: [victimsfirst.com/intake](https://victimsfirst.com/intake)

The donations in GoFundMe are usually given out after the donations cease to flow so we can have a solid accounting of what is available to the victim base so it can be equitably distributed.

Victims First - How do we get the funds from the GoFundMe to those injured, families of those in the hospital, etc.? I have been asked numerous times and do not have an answer to give back on how the money will get to them.

As discussed and the page mentions, it has been communicated that it will go to people rather than city programs/groups/etc. Need to know what to tell people who are asking.

Can people fill out forms requesting funds?

Also, very key is to make sure that names of the families members murdered are pronounced correctly in funerals and for any memorial.

Do not automatically set up scholarships or anything else for families without their involvement. It's up to them how to properly honor their own family members. Any memorials to honor those murdered should involve input from the families (this will come much later)

Do not share addresses of memorial events on national television for the sake of public safety.

ALSO, this is a tricky line to walk, but ask the media to stop putting the name of the shooter and face of the shooter out there. He's been captured, and -- for the sake of public safety -- he needs to become unknown in the media. Contagion effects are a real thing. His name and photo

plastered all over the place becomes a call to action for others seeking notoriety from killing people and these shooters study each other.

The likelihood of another mass shooting rises in the following weeks. Follow NoNotoriety protocol: [www.nonotoriety.com](http://www.nonotoriety.com)

I would even state that we will honor the victims and the heroes of this tragic event from here on out.

The Attorney General office said they are working to get families situated for funeral costs, speaking to funeral homes, etc. Funerals are covered by VOC and State Comp programs, as are lost wages, etc.

The State Attorney's office SHOULD have the point person for this in the AG's office.

- 1). Pact immediately with an Airlines or Uber (Red Cross should have this) to help with family members who may need to fly in from out of town.
- 2). You will want to ask police for a security parameter to be established at funerals.
- 3). Make sure the language is correct so families of the deceased do not hear the word "healing" or their family member was "lost." There is no healing, there is only coping and managing trauma. Not all families get upset with the word "lost" but no families will be upset with the word "taken," "lives stolen" or "murdered."
- 4). Make sure that these funerals are not platforms for politicians (it is distasteful to families of the deceased and will blowback on the politician)
- 5). A Centralized fund, one for victims (we are capturing as much as we can for victims) and the other for the community with full transparency. Large nonprofits like the Red Cross usually take a hefty amount out for admin fees. They had gift cards in Vegas and were handing them out to anyone who came up and there was no vetting so there was a significant amount of fraud. We helped to train Red Cross workers on the ground after the Indianapolis mass shooting there.
- 6). Make sure coroner's reports are not made public. The media sometimes will try to get these.

Best Practices covers a lot of this.

Kim and Terry,

What can work well for victims is a private, sign-in only website page set up inside the State's Attorney's or D.A.'s office that families can access with a clear list of services for families needing help. Strongly advise something like that.

Otherwise, what will work for victims is when the AG, FBI and Red Cross set up with the table they always do at a Center where families can go to get information, provide those in charge with this information as an immediate resource, so if a victim's family reaches out, they will know where to direct them if that kind of need arises.

Victim advocates inside the State's Attorney or DA's office (every state is different) should be assigned to each family right away. They can help with getting this information to victims as well.

The one ADA (Disability) group in Chicago we can vouch for as top notch and can help anyone with a disability and that includes if people need help getting on disability with PTSD.

Hi Ron,

I think Annette created the shortcut and it should be 0704. It's also in the instructions that were sent out yesterday.

Let me know if it doesn't work for you or need the instructions. Note, the shortcut only works for timesheets in Eden.

Thanks,

Victims First - How do we get the funds from the GoFundMe to those injured, families of those in the hospital, etc.? I have been asked numerous times and do not have an answer to give back on how the money will get to them.

As discussed and the page mentions, it has been communicated that it will go to people rather than city programs/groups/etc. Need to know what to tell people who are asking.

Can people fill out forms requesting funds?

Also, very key is to make sure that names of the families members murdered are pronounced correctly in funerals and for any memorial.

Do not automatically set up scholarships or anything else for families without their involvement. It's up to them how to properly honor their own family members. Any memorials to honor those murdered should involve input from the families (this will come much later)

Do not share addresses of memorial events on national television for the sake of public safety.

ALSO, this is a tricky line to walk, but ask the media to stop putting the name of the shooter and face of the shooter out there. He's been captured, and -- for the sake of public safety -- he needs to become unknown in the media. Contagion effects are a real thing. His name and photo plastered all over the place becomes a call to action for others seeking notoriety from killing people and these shooters study each other.

The likelihood of another mass shooting rises in the following weeks. Follow NoNotoriety protocol: [www.nonotoriety.com](http://www.nonotoriety.com)

I would even state that we will honor the victims and the heroes of this tragic event from here on out.

The State Attorney's office SHOULD have the point person for this in the AG's office.

- 1). Pact immediately with an Airlines or Uber (Red Cross should have this) to help with family members who may need to fly in from out of town.
- 2). You will want to ask police for a security parameter to be established at funerals.
- 3). Make sure the language is correct so families of the deceased do not hear the word "healing" or their family member was "lost." There is no healing, there is only coping and managing trauma. Not all families get upset with the word "lost" but no families will be upset with the word "taken," "lives stolen" or "murdered."
- 4). Make sure that these funerals are not platforms for politicians (it is distasteful to families of the deceased and will blowback on the politician)
- 5). A Centralized fund, one for victims (we are capturing as much as we can for victims) and the other for the community with full transparency. Large nonprofits like the Red Cross usually take a hefty amount out for admin fees. They had gift cards in Vegas and were handing them out to anyone who came up and there was no vetting so there was a significant amount of fraud. We

helped to train Red Cross workers on the ground after the Indianapolis mass shooting there.

6). Make sure coroner's reports are not made public. The media sometimes will try to get these.

Best Practices covers a lot of this.

Anita - Do you have some sort of checklist of what's likely to come up the next few days, so we can try to get on top of things?

Kim and Terry,

What can work well for victims is a private, sign-in only website page set up inside the State's Attorney's or D.A.'s office that families can access with a clear list of services for families needing help. Strongly advise something like that.

Otherwise, what will work for victims is when the AG, FBI and Red Cross set up with the table they always do at a Center where families can go to get information, provide those in charge with this information as an immediate resource, so if a victim's family reaches out, they will know where to direct them if that kind of need arises.

Victim advocates inside the State's Attorney or DA's office (every state is different) should be assigned to each family right away. They can help with getting this information to victims as well.

The one ADA (Disability) group in Chicago we can vouch for as top notch and can help anyone with a disability and that includes if people need help getting on disability with PTSD.

Dear Law Enforcement Colleagues,

There are few words to adequately describe the emotions triggered by a tragedy of this magnitude. There are even fewer words able to ease the sadness and burden you now carry. In our darkest hour, though, there is light.

Over the days since the July 4th Highland Park Parade shooting many of you have shared the remarkable actions, heroic actions, human actions. The civilians assisting our EMS and law enforcement personnel, most placing themselves in obvious harm's way, deserve special praise. Like them, you paid little attention to self-preservation, instead caring for victims with a singular focus, to save lives.

Your impossibly quick response, your ability to remain calm under unimaginable stress, and your commitment to each other saved lives. With specifics to be shared in the coming weeks we can state with absolute certainty **your care** saved lives. Because of you, families will remain intact, able to share experiences and create memories once again. Because of you the casualties were minimized. Because of you our community, though terribly stunned, will forever derive confidence that they are protected.

No doubt many will believe they did nothing more than "their job," but the truth is, the "job" does not account for scenarios like these. Yes, we train, yes we prepare, yes we believe we understand the dynamics here. The reality, though, is that standard operating procedures simply do not apply. There is nothing "standard" about a violent mass casualty event. You needed to exercise judgment, judgment not captured by a piece of paper. You did just that and as a result you saved lives.

To say we are proud feels a bit hollow. It does not capture the essence of our sentiment. What we really want to share with each of you is that we feel a bond. That bond includes tremendous pride but it also includes a compassion, a dedication, and a deep, unending commitment to each of you.

With warmest regard,

Hi Ron,

I think Annette created the shortcut and it should be 0704. It's also in the instructions that were sent out yesterday.

Let me know if it doesn't work for you or need the instructions. Note, the shortcut only works for timesheets in Eden.

Jami is my mom, yes.

Victims First - How do we get the funds from the GoFundMe to those injured, families of those in the hospital, etc.? I have been asked numerous times and do not have an answer to give back on how the money will get to them.

As discussed and the page mentions, it has been communicated that it will go to people rather than city programs/groups/etc. Need to know what to tell people who are asking.

Can people fill out forms requesting funds?

Also, very key is to make sure that names of the families members murdered are pronounced correctly in funerals and for any memorial.

Do not automatically set up scholarships or anything else for families without their involvement. It's up to them how to properly honor their own family members. Any memorials to honor those murdered should involve input from the families (this will come much later)

Do not share addresses of memorial events on national television for the sake of public safety.

ALSO, this is a tricky line to walk, but ask the media to stop putting the name of the shooter and face of the shooter out there. He's been captured, and -- for the sake of public safety -- he needs to become unknown in the media. Contagion effects are a real thing. His name and photo plastered all over the place becomes a call to action for others seeking notoriety from killing people and these shooters study each other.

The likelihood of another mass shooting rises in the following weeks. Follow NoNotoriety protocol: [www.nonotoriety.com](http://www.nonotoriety.com)

I would even state that we will honor the victims and the heroes of this tragic event from here on out.

The Attorney General office said they are working to get families situated for funeral costs, speaking to funeral homes, etc. Funerals are covered by VOC and State Comp programs, as are lost wages, etc.

The State Attorney's office SHOULD have the point person for this in the AG's office.

- 1). Pact immediately with an Airlines or Uber (Red Cross should have this) to help with family members who may need to fly in from out of town.
- 2). You will want to ask police for a security parameter to be established at funerals.
- 3). Make sure the language is correct so families of the deceased do not hear the word "healing" or their family member was "lost." There is no healing, there is only coping and managing trauma. Not all families get upset with the word "lost" but no families will be upset with the word "taken," "lives stolen" or "murdered."

4). Make sure that these funerals are not platforms for politicians (it is distasteful to families of the deceased and will blowback on the politician)

5). A Centralized fund, one for victims (we are capturing as much as we can for victims) and the other for the community with full transparency. Large nonprofits like the Red Cross usually take a hefty amount out for admin fees. They had gift cards in Vegas and were handing them out to anyone who came up and there was no vetting so there was a significant amount of fraud. We helped to train Red Cross workers on the ground after the Indianapolis mass shooting there.

6). Make sure coroner's reports are not made public. The media sometimes will try to get these.

Best Practices covers a lot of this.

Danielle - are you related to Jami? I'm wondering whether the legal aid clinic can help with figuring out the legal aspects of getting the funeral costs covered with the fund mentioned by Anita.

Anita - Do you have some sort of checklist of what's likely to come up the next few days, so we can try to get on top of things?

Kim and Terry,

What can work well for victims is a private, sign-in only website page set up inside the State's Attorney's or D.A.'s office that families can access with a clear list of services for families needing help. Strongly advise something like that.

Otherwise, what will work for victims is when the AG, FBI and Red Cross set up with the table they always do at a Center where families can go to get information, provide those in charge with this information as an immediate resource, so if a victim's family reaches out, they will know where to direct them if that kind of need arises.

Victim advocates inside the State's Attorney or DA's office (every state is different) should be assigned to each family right away. They can help with getting this information to victims as well.

The one ADA (Disability) group in Chicago we can vouch for as top notch and can help anyone with a disability and that includes if people need help getting on disability with PTSD.

I was fortunate enough to work for Highland Park Park District for 3 years. It was such an amazing experience. I grew up in Glenview. My heart is absolutely broken at the carnage and craziness that was brought to the parade. I just want you to know that I no longer live in Illinois but will always consider that to be my home. My prayers and support are with you and the citizens of Highland Park. The people of Glenview are outraged for you as well. My prayers are that this country ban all assault weapons before another community must feel this pain. God Bless all of you.

**(N) Default.**

1. Any of the following events shall each constitute a material breach of this Agreement by Licensee, and after the expiration of any notice/cure or grace period provided for herein below (the “**Notice Period**”), shall constitute an event of default hereunder (severally an “**Event of Default**” or a “**Default**” and collectively, “**Events of Default**” or “**Defaults**”):

Upon the occurrence of an Event of Default, the failure of Licensor to revoke or terminate this Agreement or to bring action based on any such default, shall not be deemed, nor shall it constitute, a waiver of any of the terms, covenants or conditions of this Agreement, with respect to such event of default or with respect to any other Event of Default.

4. If an Event of Default by Licensee occurs, Licensor shall be entitled to recover from Licensee, and Licensee agrees to pay promptly upon Licensor's demand, Licensor's reasonable attorneys' and other professionals' fees and expenses, plus court costs at trial and all appellate levels, incurred in attempting to enforce this Agreement.

Licensee shall store its property in, and shall use and occupy, the License Area and any RMU at its own risk, and Licensee hereby releases Licensors and its property management agent, and its or their respective officers, directors, stockholders, partners, members, managers, agents, servants and employees, from any and all liability or claims of liability of any and every kind whatsoever arising or resulting from or in any way connected with any loss of life, personal or bodily injury or property damage, no matter when or to whom same occurs, even if caused in whole or in part by the negligent acts or omissions of a party released hereunder, without being limited by any other provision of this Agreement.

**(Q) Waiver of Subrogation.** Insofar as, and to the extent that, the following provisions may be made effective without invalidating or making it impossible to secure insurance coverage from responsible insurance companies doing business in the state where the Center is located (even though an extra premium may result therefrom), Licensors and Licensee hereby grant to each other on behalf of any insurer providing property insurance to either of them covering the License Area, its contents, Licensee's other property or the other improvements in the Center, a waiver of any right of subrogation which any such insurer may acquire against the other by virtue of payment of any loss under such insurance.

Licensee agrees that no other assets of Licensors, and no assets of Licensors's property management or agent or of Licensors's or such agent's respective officers, directors, stockholders, partners, members, managers, agents, servants or employees, shall be subject to levy, execution or other procedures for the satisfaction of any such judgment, award, decree or claim. Nothing herein contained shall be construed as granting or consenting to any equitable or other lien in or to Licensors's interest hereunder or in or to the Center, and any lien of the Licensee or rights of the Licensee with respect thereto shall arise only upon execution by Licensee of a judgment obtained by it against Licensors and shall be subject and subordinate to the rights of the holder of any existing or future mortgage covering all or any part of the Center, or any interest or interests therein.

Hi Anna,

I was hoping to hear from you today, so we can begin promoting today.

I've got a lot of people interested in donating, and ready to register.

I've updated the flyer a bit – let me know if this works for you – please see attached.

Please feel free to call my cell at [REDACTED] once we are ready to pull the trigger. If you are just waiting to find out about the 6 pm time frame, let skip it and move forward with the 5 PM ending time.

Thanks!

Attached is a draft of the flier. I wanted to get a jump on this, so it's ready once everything is confirmed. Please let me know if you see the need for any changes. I attached as a Word doc. in case you want to make any additions/edits.

Thanks!

Anna,

Just so we are on the same page – I'm not thinking to start it later, rather to end it at 6 PM, instead of 5 PM. 😊

Please get me the details and the sign-up link asap, so our PR person can get this out to our community as soon as possible.

Let's promote it as being hosted by the City of Highland Park at the Highland Park Senior Center / Highland Park Country Club (1201 Park Avenue West) and if possible, please reference in support of Highland Park's 4<sup>th</sup> of July shooting victims.

Thanks.

Anna,

We would be honored to host a blood drive, here at the Highland Park Country Club on Tuesday, July 12<sup>th</sup>, in our Ballroom.

As I mentioned, it would be nice if it ran a little later than 5 pm, so those who work can also participate – but whatever works best for you is great.

I'm at my desk if you would like to call me to hammer out the details.

I'd like to begin promoting this asap, as many of our community members are asking where they can donate.

**To:** EMS Personnel - Highland Park Medical Direction  
**From:** EMS Team - Highland Park  
**Subject:** July 4th Tragedy - Appreciation

---

Dear EMS Colleagues,

There are few words to adequately describe the emotions triggered by a tragedy of this magnitude. There are even fewer words able to ease the sadness and burden you now carry. In our darkest hour, though, there is light.

During the hours and days since the July 4th Highland Park Parade shooting many of you have shared of remarkable actions, heroic actions, human actions. The civilians assisting our EMS and law enforcement personnel, most placing themselves in obvious harm's way, deserve special praise. Similarly, the men and women of our EMS system paid little attention to self-preservation, instead caring for victims with a singular focus, to save lives.

Your impossibly quick response, your ability to remain calm under unimaginable stress, and your commitment to each other saved lives. With specifics to be shared in the coming weeks we can state with absolute certainty your care saved lives. Because of you, families will remain intact, able to share experiences and create memories once again. Because of you the casualties were minimized. Because of you our community, though terribly stunned, will forever derive confidence that they are protected.

Though no doubt many will believe they did nothing more than "their job," the truth is the "job" does not account for scenarios like these. Yes, we train, yes we prepare, yes we believe we understand the dynamics here. The reality, though, is that standard operating procedures simply do not apply. There is nothing "standard" about a violent mass casualty event. You needed to exercise judgment, judgment not captured by a piece of paper. You did just that and as a result you saved lives.

To say we are proud feels a bit hollow. It does not capture the essence of our sentiment. What we really want to share with each of you is that we feel a bond. That bond includes tremendous pride but it also includes a compassion, a dedication, and a deep, unending commitment to each of you.

With warmest regard,

[EXTERNAL EMAIL]

Dear Lou,

I just wanted to reach out and let you know that I'm thinking of and praying for you. I know that the July 4th shooting will take up a lot of your time, long after it fades away from the daily news. When I saw you at the press conference I was reassured that the matter would be handled professionally and thoroughly. I am so sorry that you have to deal with such a devastating situation.

I hope your children are doing well. [REDACTED]

[REDACTED] e.  
I have very fond memories of my time at Roosevelt, and I remember the support that you provided the school and me when you were with the Park Ridge Police Department.

Please know that I will continue to keep you, your officers, and the residents of Highland Park in my thoughts and prayers. Please give my best to your family.

Sincerely,  
Mary Jane Cole

Hi Laura-

My apologies for the delay. I was downtown this afternoon for some meetings; however, I've been checking the calendar to see if our schedulers confirmed everything. It's not the 6PM end time we're waiting on. Our phlebotomy staff are union, so since we are working behind deadlines, the approval process is taking longer. I anticipate the schedulers will have all their approvals by tomorrow. I'll check again first thing tomorrow morning and see if the drive has been opened.

Thanks for your patience. The flier looks great!

Please get me the details and the sign-up link asap, so our PR person can get this out to our community as soon as possible.

Let's promote it as being hosted by the City of Highland Park at the Highland Park Senior Center / Highland Park Country Club (1201 Park Avenue West) and if possible, please reference in support of Highland Park's 4<sup>th</sup> of July shooting victims.

We would be honored to host a blood drive, here at the Highland Park Country Club on Tuesday, July 12<sup>th</sup>, in our Ballroom.

As I mentioned, it would be nice if it ran a little later than 5 pm, so those who work can also participate – but whatever works best for you is great.

I'm at my desk if you would like to call me to hammer out the details.

I'd like to begin promoting this asap, as many of our community members are asking where they can donate.

### **CLEAR AND PRESENT DANGER PROCESS INFORMATION**

**CHICAGO** – In the ongoing investigation into the shooting in Highland Park on July 4, 2022, the Illinois State Police (ISP) continue to provide information to the public.

Clear and Present Danger reporting was established by Illinois law in 1990 and expanded incrementally to include school administrators and law enforcement. This law is distinct from the Firearms Restraining Order which became law in 2019. Clear and Present Danger is a mechanism used by the ISP to revoke or deny a Firearm Owner Identification Card (FOID). On the other hand, the Firearms Restraining Order is a court ordered restriction on firearms possession. Clear and Present Danger status is only one of many factors that can result in the revocation and denial of a FOID card. Other factors can include criminal records, mental health prohibitors, and other orders of protection.

Upon receipt of a Clear and Present danger report submitted to ISP, officers determine if the subject of the report has a FOID card or a pending FOID application and review all information submitted by the local reporting police department.

For a Clear and Present Danger determination, the legal standard for review ISP must meet is a preponderance of the evidence, which is a higher legal burden than probable cause. Granting a Firearms Restraining Order has an even higher burden of proof requiring “clear and convincing” evidence.

If the reviewing officer determines there is sufficient evidence to establish a clear and present danger posed by the subject of the report, then the subject’s FOID is revoked, or a pending FOID application is denied. If there is insufficient evidence, the status of the FOID or pending application is unaffected.

For the individual charged in the Highland Park shooting, in September 2019 ISP officers confirmed the individual did not have a FOID card or pending application. According to the report submitted, the threat of violence allegedly made by the individual was reported to Highland Park Police second hand. When police went to the house, both the individual and his mother disputed the threat of violence. The individual told police he did not feel like hurting himself or others and was offered mental health resources. Additionally, the report indicated the knives did not belong to the individual and were ultimately turned over to the father who claimed they were his. As stated by Highland Park Police, there was no probable cause to arrest. Upon review of the report at that time, the reviewing officer concluded there was insufficient information for a Clear and Present Danger determination.

-more-

#### ADD ONE/CLEAR AND PRESENT DANGER PROCESS INFORMATION

In December of 2019 the individual applied for a FOID card. The application included a parental legal guardian affidavit signed by the father of the individual applying.

Illinois law dictates that the Illinois State Police shall issue a FOID card to an applicant who meets the statutory requirements and who has no firearms prohibitor. At the time of FOID application approval for the individual in question there was no new information to establish a clear and present danger, no arrests, no prohibiting criminal records, no mental health prohibitors, no orders of protection, no other disqualifying prohibitors and no Firearms Restraining Order. The available evidence would have been insufficient for law enforcement to seek a Firearms Restraining Order from a court.

**Message from Mayor Rotering**

Yesterday we received the names of the individuals murdered in the July 4 shooting that shook our community to its core.

We will forever remember these innocent victims murdered by gun violence. May their memory be a blessing.

Katherine Goldstein (64) of Highland Park  
Irina McCarthy (35) of Highland Park  
Kevin McCarthy (37) of Highland Park  
Jacquelyn Sundheim (63) of Highland Park  
Stephen Straus (88) of Highland Park  
Nicolas Toledo-Zaragoza (78) of Morelos, Mexico

A seventh victim who succumbed to injuries within Cook County. Further information is not available at this time.

I am reaching out to the victim's families and will be joining them as they mourn. I will stand with them, attending their funerals and offering the community's sympathy and support.

Yesterday Vice President Kamala Harris stood at the site of the shooting, in our beloved downtown. She shared her support and condolences, and offered continued Federal resources. She brought a message of hope and strength.

There is no roadmap that tells us what to do next, but we cannot allow this shooting to define us. Today as we begin a new day -- we do so with a renewed sense of resolve and purpose.

Each day, we will find the strength to take a step forward. No single action will heal us, but many small steps, taken together as a community will help, and each of us has a role in the healing process. Kindness matters and small actions that you take every day will help us heal. Check on your neighbors, reach out with a kind word or supportive action, continue to check the City's website and emails for updates, resources, and other information. We want you to be in touch and connected.

We will get through this together. We will move forward together. We are Highland Park strong. These are not just words on a page, these are words to live by.

**Nancy R. Rotering**  
Mayor, City of Highland Park, IL

## Healing Services

Thank you to all the faith communities who have organized vigils and shared love and prayers. The city's webpage lists vigils that we have been made aware of and resources, visit [www.cityhpil.com](http://www.cityhpil.com).

The City will be organizing a community-wide vigil in the days ahead, where we can come together as one. More information will follow.

## Counseling

The City of Highland Park's Police Department, District 112, District 113, the American Red Cross, and the FBI Victim Services Response Team, with additional federal and state partners, are offering counseling services to students, staff, and community members at Highland Park High School, 433 Vine Street, Highland Park, Wednesday, July 6 through Friday, July 8 from 9 a.m. to 9 p.m. each day. No appointment is necessary.

Lake County residents can also call 211 or visit [211lakecounty.org](http://211lakecounty.org) for mental health resources and referrals. If you are a mental health professional interested in volunteering your services, please fill out the provider survey at [211lakecounty.org](http://211lakecounty.org). 211 support is available in English, Spanish, and many other languages.

## Community Outreach

We are seeking the contact information of individuals injured in the shooting to help provide support. If you know the name of an individual currently in a hospital or who was injured and returned home, please share contact information and your relationship to the individual by email [cityhp@cityhpil.com](mailto:cityhp@cityhpil.com).

## Reopening Downtown

The footprint of the crime scene in downtown Highland Park has been reduced, but a portion of our downtown remains off-limits as the FBI continues to investigate. We know this is a terribly difficult situation for our local businesses, and the City has been actively communicating with downtown business owners to share information and resources. We will reopen the area as soon as we receive clearance from Federal authorities. We know this situation is difficult and we appreciate your patience.

Please continue to avoid the secure perimeter.

To help protect your privacy, Microsoft Office prevented automatic download of this picture from the Internet.

## Lost & Found Established

Individuals who left personal belongings at the parade outside of the secure perimeter can begin to retrieve them from the lost and found established at City Hall. Items will be available on the North Side Lawn beginning July 7 at noon.

## City-Sponsored Community Events

We have temporarily paused City-sponsored community events for this week and next and anticipate resuming regular programming the week of July 17. We appreciate your understanding as our resources are heavily focused on the investigation.

## Donations

To help those impacted by Monday's mass shooting, the Highland Park

Community Foundation has established a July 4th Highland Park Shooting Response Fund.

All,

Please review this message from Cynthia:

Thanks for reaching out- So the red cross and the FBI are gathering a list of available clinicians that specialize in trauma (they are being very adamant about the trauma informed specialty) for the next 3 days- Available persons can send me their contact, specialty, phone number, email and availability for the next 3 days – they will then add to list and a mass email will be sent out. Let me know if you and or have vetted folks that would want to be added to list–

Thanks again!

Cynthia

[EXTERNAL EMAIL]

My heart broke when I heard a story about a father who was killed shielding his 2 year old son. I believe the little boy's name is Aden. He is living with his grand parents. I would like to take up a collection here [REDACTED] and give the money to Aden's grand parents to help for his care. Before I start the collection, I want to make sure I am able to get the money directly to the grand parents and that it will be used for Aden now and in the future. I would appreciate any help you can give me to help accomplish this.

Thank you,

Frank Pugliese
