**Subject:** RE: Ambulance Billing

Hi Ghida,  
During a mass casualty incident, we do not do ambulance reports. The patients are just transported and notes are made in the NFIRS report regarding how many were transported. This is a non-issue. We do not even have the information to be able to bill them. I forgot about that when I asked the question. Sorry.  
Thank you.  
Joe

Joe,  
Sorry we didn't connect about ambulance billing. What is your recommendation? LMK how many would be impacted if we did. We did all the transport?

Hi Erin,

The instructions were written to capture hours for which there might be potential funding. There is no potential funding for regular hours. We certainly can track all hours should there be an interest in that. Please let me know if there is and we will change the instructions.

Thanks,
