Nancy,

There are no words to express my admiration and gratitude for all you have done for Highland Park during these incredibly horrific days. Your leadership has been remarkable, inspiring and flawless. My family and I are wishing you strength as you continue to help our community recover and heal.

I, along with 12 family members, were at the parade yelling hello to you in front of Shaevitz. We are unharmed, though shaken.

Take care of yourself as you take care of Highland Park,  
Mally

# Building an Apparatus to Do Work

July 21, 2022 | 1 PM EDT

A certificate of attendance will be offered.

Free to Attend  Save My Seat!

This Webcast will go through the process and design of an apparatus that is ready to go to work. The cost of apparatus today demands that departments get the most for their money and that the rig can do the job for the community and firefighters it will serve. The engineering of rigs should always be driven by the firefighters who ride it, with a balance of mechanical needs to ensure reliable performance. This class will help guide you through the design, engineering, and final delivery of your apparatus.

**Importance:** High

Hi Brian,

Per our records, your Paramedic license will be expiring at the **end of July 2022**. You will need the 120 required CE hours for the four year re-licensure. I currently have 73 hours on file with the HPH EMS System, so you are not able to renew until we received additional CE hours to recertify your license. In order to start the process, please send over the attached Paramedic Information Form filled out, along with your Child Support Statement form, to verify with IDPH Portal, a copy of your current CPR card and driver's license. Please send additional CE hours to review by the EMS department.

If your address has changed, then please update that address change first before you pay the fee of \$40.00. Here is the link for the renewal process with IDPH, all done online for address changes and for payment:

<https://emslic.dph.illinois.gov/GLSuiteWeb/clients/ildohems/private/Shared/OnlineServices.aspx>

Once you complete the online, please let me know so I can renew your Paramedic License.

If you have any questions, please reach out to me, as I do not have an EMS Secretary currently. Hope you are doing well! I will need to update your EMS license **no later than July 13, 2022** as I will be gone the remainder of the month from the office.

Thank you, hope you doing well.

Good afternoon Ms. Dayboll,

I understand that you've sent some records to other media outlets. I'm trying to make sure the requests I sent on Tuesday are considered so that I'm also included in future releases via FOIA. Did you receive this original request? Is there another contact I should reach out to?

Will future requests be put at this link on a rolling basis? Any help you can provide would be fabulous.

Items that are not being retained for evidence will be released as they are processed and may be picked up at the Family Assistance Center at Highland Park High School, 433 Vine Ave, Highland Park from 9:00 AM through 9:00 PM until Friday. Future dates and hours for item pick-up will be shared as it becomes available.

The gate is secured in the open position with a short section of chain locked the the gate chain with a water plant lock. The chain to the open Ballard is locked with the park district lock.

The Ballard on the sidewalk need to be repaired at the base plate and bolted down!

Hi Walt,

Thank you for sharing. We have not been able to get to Park Avenue to assess the situation or to evaluate the other gates and their installation. If the main issue is the bollard post and the bolts holding it in place, would that be possible for your team to secure?

Please let us know.

Thanks  
Mitch

The gate must have been secured at the onset of the parade issue and on searching for the suspect the tactical vehicle smashed through the gate to gain access to the area. Video of the police and tactical vehicle are saved. No damage to the vehicle!
