Thank you for getting back to me, Amanda. Yes, we can do the interview over Zoom.

I'm also cc'ing my colleague Emily, who leads our US bureau and is currently in Highland Park.

We are working on a report which will be running on all our programmes this evening and tomorrow. Is there any chance of speaking to the Mayor, on top of the 3:30pm interview, in person for a couple of minutes? Unless there's any chance of doing the interview earlier and we could then aim to do it on camera instead of Zoom?

Let us know what you think.

Best,  
Jakub

Dear Ms Stone –

Hope you're well. I'm a producer for Sky News.

I was wondering if you might have availability for an interview today, 5th July, on the horrific shooting in Highland Park, IL yesterday, the concerns it raises, necessary measures to help victims?

We can do the interview live remotely, over Skype or Zoom, for 5-10 minutes. One on one.

For background - Sky News is the biggest news and business channel in Europe with three million daily viewers with many global affiliates. Sky News reaches more than 170 million homes across 138 countries.

After working a 12-hour midnight shift the night before in Riverwoods, I woke up to the horrifying news of the active shooter who senselessly killed 6 and wounded approximately 30 others during the Independence Day parade in downtown HP. Having worked at HPPD for 27 years, I still hold HP near and dear to my heart. My prayers and thoughts go out to all of the responding personnel and affected members of the community.

It is readily apparent that HP first responders handled the situation in a manner in which the residents of HP and other law enforcement agencies should be proud. HP officers have always been among the best trained and elite members of the law enforcement community and yesterday, it showed. Kudos to all of you and great job in handling such a chaotic and tragic situation in such an organized and professional manner. Thanks to all your coordination and efforts, the coward behind this tragedy was quickly identified and taken into custody in a timely manner.

Please feel free to share...

Of course! Here are some additional notes on our supports for survivors and on being trauma-informed in your response writ large. My cell is [REDACTED] should you need anything at all in the coming days and weeks.

Katie

The Everytown Survivor Network is a nationwide community of survivors working together to end gun violence. The Survivor Network connects survivors to each other, amplifies the power of survivor voices, offers trauma-informed programs, provides information on direct services, and supports survivors who choose to become advocates.

As you consider your response in the coming days, we wanted to share some information to help guide support for the grieving families, survivors of the shooting, as well as the broader community.

**Community Response - Vigils:** In the aftermath of a tragedy, some communities have organized vigils to remember the victims and to provide a space for members of the community to express their sorrow for the tragedy. Best practice from our experience is for these activities not to be political in nature and to be treated as a thoughtful remembrance gathering and an opportunity to show support to families. The families of victims may or may not choose to participate.

**Support for Victims' Families and Witnesses to the Shooting:** After a traumatic event, individuals respond in any number of ways. Many people are able to recover from their trauma using natural supports they have available to them. Others, however, may experience intense thoughts and feelings that last a long time.

**Resources and Information:** Here is some information on trauma and [signs and symptoms of emotional trauma](#) and [coping tips for traumatic events and disasters](#). Our Resources page includes a list of [crisis lines and resources](#) to help identify sources of support in the Highland Park community. The Resources page also has several fact sheets on [trauma and gun violence](#) and [coping with traumatic grief](#). Taking care of yourself is an important part of any recovery process. Self-care practices are those things we do for ourselves to maintain and improve our emotional, mental and physical well-being. Information on the importance of [taking care of yourself](#) can be found [here](#).

**Connection to Survivors of Other Shootings:** If it would be helpful to the Highland Park community of survivors, the Everytown Survivor Network can connect individuals and families with survivors from other shootings and potentially other survivors of gun violence in the Highland Park area.

For more information about the [Everytown Survivor Network](#), please email us at [survivors@everytown.org](mailto:survivors@everytown.org)

Hi -

I shared the note below with Mayor Rotering yesterday, but am confident your inboxes are overflowing. I definitely recommend sharing the mass shooting resources with your teams, and if connections to staff in other communities who have been through similar tragedies would be helpful, I am happy to make them. Sadly, you've joined a club of cities who have been through this, but everyone in that club is willing to support others.

Best-

Katie

Mayor Rotering -

We are seeing the news coming out of your community, and wanted to quickly share some resources that we know other mayors have found useful in the wake of a mass shooting.

Here is the mass shooting [protocol](#), a short doc that focuses on the first 24 hours. Additionally, here's the [mass shooting playbook](#). It's over 200 pages, but has a helpful index so you and your team can quickly jump to something you specifically need. It was developed in collaboration with mayors whose communities have experienced mass shootings.

Please let me know if there is anything else that Everytown and our network of volunteers can do to provide resources and support as you and your community respond to this tragedy. We are here to help.

**Attachments:** 1667EA45C2854F5888C031AAE0B1695A.jpg

[EXTERNAL EMAIL]

Dear Chief Jogmen:

The tattoos worn by Robert E. Crimo, III and his Twitter logo appear to me to be modified "Kek" symbols. The "Kekistan Movement" and a picture of a flag used by the movement is described by the Southern Poverty Law Center at the following link:

[What the Kek: Explaining the Alt-Right 'Deity' Behind Their 'Meme Magic' | Southern Poverty Law Center \(splcenter.org\)](https://www.splcenter.org/what-the-kek-explaining-the-alt-right-deity-behind-their-meme-magic)

His Twitter account logo appears to me to be a modified version of the complete "Kek" logo found in the center of the below pictured "Kekistan" flag. The hashmark tattoo on his face below his right eye appears to me to be a representation of the central symbol in the center of the "Kek" logo comprised of five vertical lines with opposing arrows, which appears to me that Crimo represented on his facial tattoo with four vertical lines and a horizontal crossing line. Additionally, you will note the leaves on the top of the below pictured "Kekistan" flag, and Crimo appears to have similar leaves tattooed on his neck.

Just sharing my personal observation in the interest of your investigation. I am NOT an authority on such symbols, and I may wrong but perhaps your investigators should consider the possibility of a connection between Crimo and the "Kek" movement.

Respectfully submitted,

[REDACTED]  
Hazle Township, PA

Yesterday was horrific and tragic day for Highland Park. As a community, we will come together and support each other through these difficult times. Senior staff met this morning and CMO and the Police and Fire staff provided the following information that I would like to share with all of you. If you have any questions, please feel free to reach out to Joel or me.

Crisis counseling is available for staff. Ghida sent out an email (attached) to All Users yesterday with the times. HR will send out information on additional support options in the upcoming days.

All requests for the media should be referred directly to Amanda Civitello and Erin Jason. Please do not supply interviews, conjecture or any other information. If you are asked questions by residents or customers, either in the field or in the office, please refer them to the City website home page. CMO is posting all updates on the website and that it the best source for information regarding yesterday's incident.

CMO is preparing a list of Q&A to be posted on the City website regarding yesterday's events and subsequent relevant information. These will include most commonly or expected questions.

CMO is also preparing a standard response for staff to use when being asked about yesterday or subsequent actions. Once I get a copy of this I will provide it to everyone for use in the field, on the phone, at the front counter – where ever you may be asked questions. If you get unusual requests, please forward them directly to your supervisor who will send them to CMO.

CMO is in contact with the Park District, School districts, township and other sister agencies.

The FBI has secured the scene and is controlling all access to it. They will provide a phone number and central location where residents can collect their personal belongings left at the scene. This will be posted on the City website. Residents who left articles outside of the secured area can start collecting those belongings.

The area under control of the FBI is Green Bay Road to St. Johns and Elm to Laurel. The FBI will notify businesses within this area when they can reopen.

Food Truck Thursday is cancelled this week. Take Out Tuesday is also cancelled. If other events are to be cancelled, the Communication Director will send out a notice.

There are several vigils being held for the victims. Attendance is optional, but if you go please remember to direct those with questions to check the City website for information.

A Go Fund Me page has been set up for Highland Park. The City is not involved in this site nor is it involved in the collection or distribution of any funds pledged to it.

All volunteers for any purpose (clean up etc.,) and all donations of food, whatever, need to be logged. Volunteers should identify their name, their affiliated organization, and provide a contact number. All donations should be logged in as to estimated value, who donated them, when and where. Finance is keeping track of all donations of labor or materials.

After the shooting, the City Council had an emergency meeting and granted the City emergency powers that extend to finances, regulation (including drones) and expenditures.

If you receive any offers from social workers or psychologists wanting to donate their services, please direct them to the HR department.

Names of the victims have not yet been released. The Mayor intends to reach out to the families of those affected by the shooting.

A memorial will be located at City Hall for those who wish to place flowers and other items in honor of those impacted by the event.

Hearing Bobby Crimo apparently went to the hospital **AFTER** the shooting for psych help, but he wasn't identified yet and left before it was his turn to be seen in the ER.

That accurate?

### **ITC: Psychosocial training and support**

Horrific shooting incident on nation's celebration day in Highland Park, IL deeply shocked the whole community– the ripple effect of this horrific incident impacts many in different ways. For many individuals and families this event will remain a traumatic experience of their life for long time and the community will need some time to recover as well.

Over the next few days, the response, both operational and psychosocial, will transition from the immediate phase to providing a mid to long-term response, requiring comprehensive coordination, deliberate planning of emotional support provision to various circles of impact along the timeline, including identification of needs for these phases and availability of recourses.

In light of the reality described above, and based on our experience in supporting the psycho-social response to multiple incidents in Israel and around the world, the following steps are recommended:

- Identification, mapping and scoping of needs of different groups of people impacted by the incident in various intensity (families that lost their loved ones, survivors, parents/children of missing and dead, community institutions such as schools, first responders and care-providers etc.) including the projection of those needs' development along time, including various time marks (end of forensic procedures, funerals, back to school, holidays and so on).
- Identification, mapping and scoping of psycho-social support recourses (it should be kept in mind that such a transition also comes with withdrawal of "helping hands" that will be so useful during the first days and gradual decrease in availability of outside help. Also the initial response always characterized by certain level of duplications and deficits as one, due to the fact that multiple organizations are "jumping in" to help, not always in most coordinated way.
- Development of mid and long term, detailed and coordinated plan for prolonged psycho-social response, based on development of common language, utilizing all available community recourses (not only mental health professionals), progressing from short-term interventions, targeting acute trauma to full rehabilitation, focusing on It on strength and resilience of the community and its members.

From our perspective and experience, the recommended way to deal with these challenges is via a comprehensive systematic community approach that enables all the local agencies and stakeholders, formal and informal, to share their knowledge and resources and integrate their actions in favour of the community so that a continuum of care can be created in a shared language and culture of services.

ISRAEL TRAUMA COALITION  
response. preparedness. resilience.

ITC is capable and willing to share our expertise and experience in psycho-social response following traumatic events (by conducting online and offline training sessions) on following topics:

- Augmentation of local experts' capacity in trauma focused care for individuals, families and groups including but not limited to -
  - **Tools for provision of non-stigmatized direct care from the acute phase onwards, for individuals and families.**
  - Diagnosis, triage and initial intervention principles, models and modules for Acute Stress Reaction (ASR) / Acute Stress Disorder (ASD) as well as Post Traumatic Stress Disorder (PTSD)
  - Trauma focused evidence based techniques
  - Practical skills on psycho-social interventions in traumatic stress situations
  - Identification, mitigation and management of compassion fatigue and burn-out symptoms amongst first responders and care providers
  - **Treating grief and bereavement**
  - **Development of a continuum of services to deal with psycho-trauma and rehabilitation.**
  
- Support in development of community resilience restoration plan, empowering and training the formal and informal leadership and professional services in the areas of health, welfare, education and community (including faith leaders) as well as local NGOs by training trainers and creating a cascade model of providing psycho education.
  
- Development and implementation of non-stigmatized emotional support mechanism and language to address the well being of first responders and care providers, that were and still are involved in incident, focusing on mitigation and decrease of burn-out and compassion fatigue levels among those.

Potential audiences for ITC training programs may include:

- Executives – City of Highland Park leadership and heads of departments and services, lay leaders, first responders' management and team leaders, administration, HR etc.
- Psycho-social care providers – psychiatrists, psychologists, social workers and therapists.
- Community and faith leaders.
- Educational system administration and personnel (teachers, pre-school educators and informal education professionals and volunteers).
- NGO and volunteer based organizations administration and practitioners.
- Operators of Hotlines and other support services specifically established or utilize to provide response to current incident (including self-care practices).

### **Gov. Pritzker Issues Disaster Proclamation to Assist in Recovery Efforts Following Highland Park Mass Shooting**

**CHICAGO** – Today Governor JB Pritzker issued a disaster proclamation for Lake County to assist in recovery efforts following Monday’s mass shooting in Highland Park. A disaster proclamation grants the State of Illinois the ability to expedite the use of state resources, personnel, or equipment to help affected communities recover.

“There are no words for the kind of evil that turns a community celebration into a tragedy,” **said Governor JB Pritzker**. “As we mourn together, the State of Illinois will provide every available resource to Highland Park and surrounding communities in the days and weeks ahead as the community works to recover from this horrific tragedy.”

“I am devastated by yesterday’s tragedy not just because it hit the very community I represent, but because mass shootings have become an all-too-common occurrence in this country that no city is immune to,” **said State Senator Julie Morrison (D-Lake Forest)**. “I pray for the victims and their families and vow to work together with my colleagues, local officials and Governor Pritzker on real, tangible solutions to ensure no other Illinois family has to experience this nightmare.”

“My community is so grateful for the emergency declaration and the support the State of Illinois has already given, especially the immediate response from the Illinois State Police,” **said State Representative Bob Morgan (D-Deerfield)**. “Our needs will grow and evolve over time, and we know state government has our back as we continue to confront the reality of this horrific attack.”

Lake County is the only county included in the disaster proclamation, which is effective immediately and will remain in effect for 30 days.

Good Afternoon Board Members,

Regarding all of the FOIA requests we have been receiving and will receive in the future, we have made arrangements with DoIT (Department of Innovation and Technology) to have [Illinois.gov](mailto:Illinois.gov) email addresses for our board members who would like to have a separate email address for board business.

I mentioned previously to the board that the State charges us for almost every interaction with State resources, and the email addresses are no exception. For web-based email access the fee is seven (7) dollars per month, per user. For those of you who would like the ability to download your email to an Outlook Desktop program, the fee is nine (9) dollars per user per month. The board will pay for all cost associated with the email address. If anyone would like to have a State of Illinois email address to conduct ILETSB business, please let me know.

Have a good evening,

Keith

## Gov. Pritzker Issues Disaster Proclamation to Assist in Recovery Efforts Following Highland Park Mass Shooting

**CHICAGO** – Today Governor JB Pritzker issued a disaster proclamation for Lake County to assist in recovery efforts following Monday’s mass shooting in Highland Park. A disaster proclamation grants the State of Illinois the ability to expedite the use of state resources, personnel, or equipment to help affected communities recover.

“There are no words for the kind of evil that turns a community celebration into a tragedy,” **said Governor JB Pritzker**. “As we mourn together, the State of Illinois will provide every available resource to Highland Park and surrounding communities in the days and weeks ahead as the community works to recover from this horrific tragedy.”

“I am devastated by yesterday’s tragedy not just because it hit the very community I represent, but because mass shootings have become an all-too-common occurrence in this country that no city is immune to,” **said State Senator Julie Morrison (D-Lake Forest)**. “I pray for the victims and their families and vow to work together with my colleagues, local officials and Governor Pritzker on real, tangible solutions to ensure no other Illinois family has to experience this nightmare.”

“My community is so grateful for the emergency declaration and the support the State of Illinois has already given, especially the immediate response from the Illinois State Police,” **said State Representative Bob Morgan (D-Deerfield)**. “Our needs will grow and evolve over time, and we know state government has our back as we continue to confront the reality of this horrific attack.”

Lake County is the only county included in the disaster proclamation, which is effective immediately and will remain in effect for 30 days.

Gentlemen,

Words cannot express how deeply saddened we all are by the tragic events that took place in Highland Park yesterday. I hope you and those close to you are safe and well; the entire community is in our thoughts and prayers.

Ron – it feels a bit trivial to discuss the public involvement plan for St. Johns in the wake of yesterday's events. Please take your time and give me a call whenever you would like to chat.

Thanks for reaching out- So the red cross and the FBI are gathering a list of available clinicians that specialize in trauma (they are being very adamant about the trauma informed specialty) for the next 3 days- Available persons can send me their contact, specialty, phone number, email and availability for the next 3 days – they will then add to list and a mass email will be sent out. Let me know if you and or have folks that would want to be added to list–

Thanks again!

In 2019, the Highland Park Police Department had two recorded incidents involving Robert E. Crimo III.

The first was in April of 2019. A person contacted the Police Department and reported that Mr. Crimo had attempted suicide a week prior. There were no threats to public at the time the police were made aware of the incident, and we were informed mental health professionals were handling the matter.

The second incident occurred in September 2019. A family member reported that Mr. Crimo told him that “he was going to kill everyone,” and that Mr. Crimo had a collection of knives. The Police responded to Mr. Crimo’s residence. The Police removed 16 knives, a dagger, and a sword from Mr. Crimo’s home. The Police had no cause to arrest Mr. Crimo at that time. The Highland Park Police did, however, immediately file a Clear and Present Danger report with the Illinois State Police.

The community has been incredible when it comes to providing investigators tips. Based on video surveillance recovered at the scene, investigators are aware there is a female witness who saw Crimo drop an object in a red blanket, behind Ross’s at 625 Central Avenue, following the shooting. Thus far, we have not been able to identify that witness. We are asking, if you are the witness who saw this, please call 800-CALL-FBI.

We are also asking anyone with first hand information about Crimo that could be relevant to this investigation to contact 800-CALL-FBI, but keep in mind we are looking for first-hand information, not information you’ve heard from another person.

State’s Attorney will hold a press conference at 5:15 p.m. this evening, where we anticipate a chagrining announcement regarding Crimo.

- CMO is preparing a list of Q&A to be posted on the City website regarding yesterday's events and subsequent relevant information. These will include most commonly or expected questions.
- CMO is also preparing a standard response for staff to use when being asked about yesterday or subsequent actions. Once I get a copy of this I will provide it to everyone for use in the field, on the phone, at the front counter – where ever you may be asked questions.
- If you get unusual requests, please forward them directly to your supervisor who will send them to CMO.
- CMO is in contact with the Park District, School districts, township and other sister agencies.

- All volunteers for any purpose (clean up etc.,) and all donations of food, whatever, need to be logged. Volunteers should identify their name, their affiliated organization, and provide a contact number. All donations should be logged in as to estimated value, who donated them, when and where. Finance is keeping track of all donations of labor or materials.
- After the shooting, the City Council had an emergency meeting and granted the City emergency powers that extend to finances, regulation (including drones) and expenditures.
- If you receive any offers from social workers or psychologists wanting to donate their services, please direct them to the HR department.
- Names of the victims have not yet been released. The Mayor intends to reach out to the families of those affected by the shooting.

### **Gov. Pritzker Issues Disaster Proclamation to Assist in Recovery Efforts Following Highland Park Mass Shooting**

**CHICAGO** – Today Governor JB Pritzker issued a disaster proclamation for Lake County to assist in recovery efforts following Monday’s mass shooting in Highland Park. A disaster proclamation grants the State of Illinois the ability to expedite the use of state resources, personnel, or equipment to help affected communities recover.

“There are no words for the kind of evil that turns a community celebration into a tragedy,” **said Governor JB Pritzker**. “As we mourn together, the State of Illinois will provide every available resource to Highland Park and surrounding communities in the days and weeks ahead as the community works to recover from this horrific tragedy.”

“I am devastated by yesterday’s tragedy not just because it hit the very community I represent, but because mass shootings have become an all-too-common occurrence in this country that no city is immune to,” **said State Senator Julie Morrison (D-Lake Forest)**. “I pray for the victims and their families and vow to work together with my colleagues, local officials and Governor Pritzker on real, tangible solutions to ensure no other Illinois family has to experience this nightmare.”

“My community is so grateful for the emergency declaration and the support the State of Illinois has already given, especially the immediate response from the Illinois State Police,” **said State Representative Bob Morgan (D-Deerfield)**. “Our needs will grow and evolve over time, and we know state government has our back as we continue to confront the reality of this horrific attack.”

Lake County is the only county included in the disaster proclamation, which is effective immediately and will remain in effect for 30 days.

Thanks, I just got off the phone with Scott to see what are the impacts. Although a public meeting is not required for Phase I, some kind of public meeting or public introduction is required to finalize the 4(f) report. I will still get all the documents ready to go and wait for Ramesh's go-ahead for a public meeting.

Hi Jennifer,

I hate to reach out in such horrible circumstances. My family and I are interested in participating, donating and doing anything we can to support families and others impacted from the horrible events from the parade.

Do you know of any resources or arrangements the city is making at this time? I come from a family of long-time HP residents and my fiancée is also from HP. We'd love to show, and provide support in any way possible.

Hope to hear from you soon.

Best,

Hi Jennifer,

I hate to reach out in such horrible circumstances. My family and I are interested in participating, donating and doing anything we can to support families and others impacted from the horrible events from the parade.

Do you know of any resources or arrangements the city is making at this time? I come from a family of long-time HP residents and my fiancée is also from HP. We'd love to show, and provide support in any way possible.

Hope to hear from you soon.

Best,

## Gov. Pritzker Issues Disaster Proclamation to Assist in Recovery Efforts Following Highland Park Mass Shooting

**CHICAGO** – Today Governor JB Pritzker issued a disaster proclamation for Lake County to assist in recovery efforts following Monday’s mass shooting in Highland Park. A disaster proclamation grants the State of Illinois the ability to expedite the use of state resources, personnel, or equipment to help affected communities recover.

“There are no words for the kind of evil that turns a community celebration into a tragedy,” **said Governor JB Pritzker**. “As we mourn together, the State of Illinois will provide every available resource to Highland Park and surrounding communities in the days and weeks ahead as the community works to recover from this horrific tragedy.”

“I am devastated by yesterday’s tragedy not just because it hit the very community I represent, but because mass shootings have become an all-too-common occurrence in this country that no city is immune to,” **said State Senator Julie Morrison (D-Lake Forest)**. “I pray for the victims and their families and vow to work together with my colleagues, local officials and Governor Pritzker on real, tangible solutions to ensure no other Illinois family has to experience this nightmare.”

“My community is so grateful for the emergency declaration and the support the State of Illinois has already given, especially the immediate response from the Illinois State Police,” **said State Representative Bob Morgan (D-Deerfield)**. Our needs will grow and evolve over time, and we know state government has our back as we continue to confront the reality of this horrific attack.”

Lake County is the only county included in the disaster proclamation, which is effective immediately and will remain in effect for 30 days.

**Subject:** Yesterday's violence

[EXTERNAL EMAIL]

Nancy,

A long weekend that should have been marked by celebration has instead left many of us deeply shaken.

Highland Park is a community that so many J Streeters call home, and yesterday's violence has left few lives untouched.

Together, we mourn the loss of seven lives needlessly cut short and hope for the swift and full recovery of those injured.

Three of those killed have been publicly named.

We remember Jacki Sundheim, a lifelong member of North Shore Congregation Israel, whose kindness and warmth touched so many in our community. We remember Nicolas Toledo, an active and funny grandfather who is today deeply missed by his children and grandchildren, who were with him yesterday. And we remember Stephen Straus, whose loving family describe him as an honorable, hardworking man who even at 88 still rode the train to work each day.

May their memories be a blessing.

In this moment, we also share anger and distress. The horror of yet another mass shooting has been visited upon an American community. It is truly intolerable.

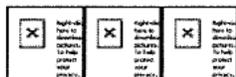

We cannot accept this mass violence as normal or acceptable, nor can we accept the gun violence that upends so many lives across our city and the nation, but which does not make national headlines.

We must act to keep weapons of war off our streets, and we must rally together as a community to support those who are today experiencing a profound sense of loss, grief and insecurity.

Please don't hesitate to reach out if the J Street community can be of any further support in this challenging time.

Yours,

Janette Hills-Jaffe  
Regional Director for New England and the Midwest

HI Chief,

I'm among the first to be critical of bad policing policies and personnel but am also capable of recognizing excellence as well.

Your personnel was and continues to be outstanding in every way dealing with the July 4th tragedy.

The spokespersons dealing on the fly were perfect as were the officers on the ground and in the air.

You and all those who participated in this horrific incident put on a clinic in how to be assertive, calming, reassuring, informative and extremely effective in moving this matter along to be processed.

A national media outlet listed some of the victims of this senseless tragedy.

Of course, nowhere will we see included as victims, your policing professionals. The effects of these tragedies tend to be cumulative.

**This pic says it all!**

My sincere thanks and all my best to each and every member of your dept. who contributed. They have benefited us all far beyond Highland Park and Illinois!

It's my hope they can move forward peacefully!

Thanks to all!

Hi,

I hope you're doing well given the circumstances in Highland Park. I'm a reporter with Business Insider, reaching out to see if you would be able to connect me with those in charge of putting on the city's 4th of July parade to talk about the events that unfolded yesterday.

We're hoping to gain some perspective from the people that put on the event and staff on the ground. I really appreciate your help.

Let me know if there's a good time to connect - my number is [REDACTED]

Nick,

As discussed, we anticipate most of the seven employees who were at the Parade to be at work tomorrow. If you are able to set a time, we can ensure staff are present for the group counseling session. Our recommendation would be to do it first thing in the morning, say 7:30 AM.

As a side note, it is possible one or two employees might be called back to work (if they voluntary agree) for potential flood related calls or other calls related to the July 4 incident.

Our hope is for most of them to be available for tomorrow's important session.

Thanks for coordinating the session.

Thank you, Matthew.

While I do not in any way intend to speak for the City of Highland Park who is an integral partner in this effort, given all that they are dealing with at this time, I wonder if it would be better to delay this public meeting process a bit until they have a better opportunity to share this information with their community and get their participation.

If that's not possible, I understand, but I thought I'd share that idea (in case the HP staff team copied on this aren't able to work through their emails as they normally would).

Thanks,

Phil

Hello everyone,

I wanted to give a heads up that our initial public outreach event for the Lake Cook Road bike path is scheduled to go live next week on July 11<sup>th</sup>. It will be a virtual public forum where the public can learn more about the project, view project exhibits and comment on the proposed study. We are going to be deploying 4 of our mobile message boards in the study limits tomorrow (7/6) advertising the website. Below is our press release which you are welcome to use to promote the website through your own channels. We would ask that you hold back the press release until July 11<sup>th</sup> which is when we will be sending it out as well.

Please let me know if you have any questions. Thanks!

## **Input Wanted!**

# **Lake Cook Road Bike Path Study**

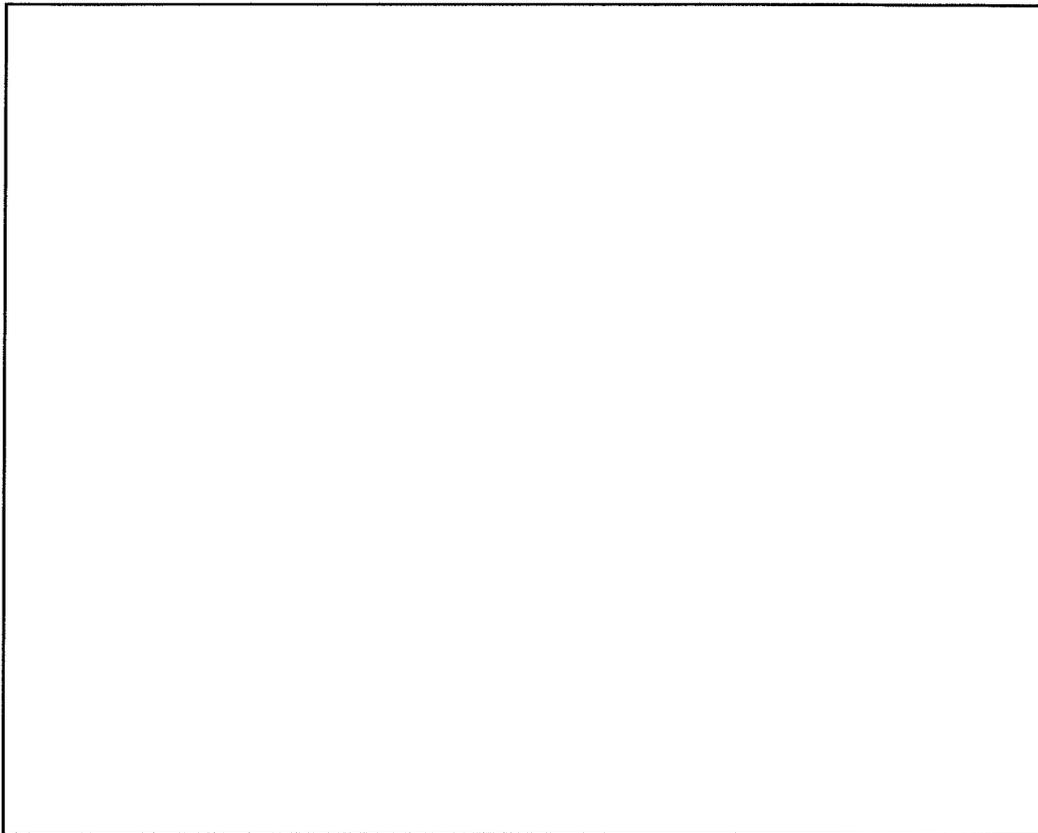

**Provide Input at: [lakecountyil.gov/LakeCookBP](http://lakecountyil.gov/LakeCookBP)**

The Lake County Division of Transportation (LCDOT) has initiated a study for non-motorized improvements on Lake Cook Road and public input is wanted!

The new study focuses on the construction of multi-use path connection between the Skokie Valley Bike Path (Skokie Valley Trail) and the North Branch Trail at the Chicago Botanic Garden along Lake Cook Road in the City of Highland Park and the Village of Northbrook.

The study has two main goals:

- Determine the exact location of the new bike path
- Find out the best way to connect the bike path over US 41 and the Skokie River with an emphasis on increasing safety and comfort for the pedestrians and cyclists through the corridor

---

## Reason for the Study

A bike path gap currently exists along Lake Cook Road between the Skokie Valley Bike Path and Robert McClory Bike Path. This project would connect those two paths and provide local users access to many key destinations like the Chicago Botanic Gardens, Ravinia, Lake Michigan and the local Metra station.

LCDOT routinely works with municipal agencies and other partners to look for opportunities to connect the dots and fill the gaps in the non-motorized network. This project accomplishes that by connecting two major paths that will improve the viability of travel in Lake and Cook County without the need for an automobile.

---

## Providing Input

LCDOT created a virtual forum and an online survey for you to share your ideas and questions through July 25. Use the interactive comment map to provide an exact location of your input. All input submitted goes directly to the project study team.

Provide your input and learn more at [lakecountyil.gov/LakeCookBP](http://lakecountyil.gov/LakeCookBP), and complete the [online survey](#).

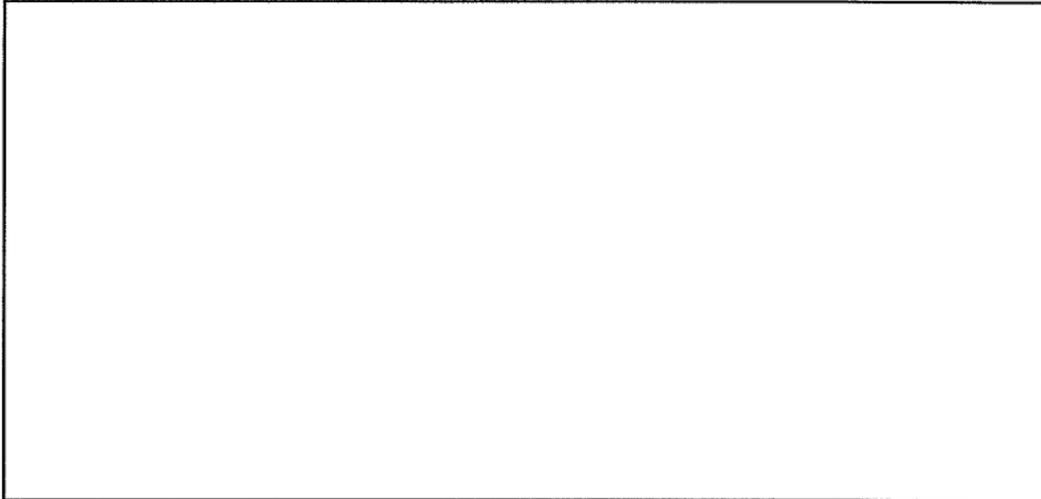

Other ways to provide input on the project include:

- **Mailing**  
Lake County Division of Transportation  
600 W. Winchester Road, Libertyville, IL 60048
- **Calling**

## Project Timeline

This project will span a few years of planning, coordination, and design before construction will begin. Currently, construction is scheduled to begin in 2026 dependent upon project readiness and funding availability. Ensure you stay up to date by **signing up for project updates**.

Hello Ghida

I'm so sorry for you and the Highland Park community. Unfortunately, community crises are both a sprint and marathon. But, I also know how much it helped me after I was appointed to lead recovery efforts following a natural disaster when people reached out to share best practices and lessons learned. Michelle Wolfe served as the DCM for the City of Aurora, CO when they dealt with a mass shooting tragedy in a community movie theater. You may know her as she attended NIU. I know Michelle learned lessons and can offer best practices on handling the community's grief and managing donations for victims. She is now the City Manager in Blaine, MN. If you need her contact information, let me know.

Be well and take good care.

Thanks Chuck.

All is well here (at the Plant at least).

Our Plant operations remain unaffected apart from rerouting of Plant deliveries and contractors around the crime scene.

No City personnel or officials were injured.

Most of us live some distance from Highland Park and none were in town for the parade so our trauma level is pretty much the same as everyone else who experienced this through the media.

It is impossible to imagine what the families present with children, either at their side or in the parade, experienced.

Hi Amanda,

Thank you very much. And our condolences to you and so many people there during this horrible time.

We would very much like to interview her at that time -- 4 pm CST, probably for about 5 or 6 minutes or so. Our anchor, Judy Woodruff, will interview her.

Let's plan on that. I am adding my colleague, Ali Schmitz, who can help sort through the details. We do need to do a Skype check at some point later this AM or early to mid-afternoon that uses both the laptop and the location she will be doing this from so we can check signal strength, picture quality and audio, etc.

The control room will probably connect with her around 3:55 pm CST to make sure all is clear before we record.

Does she have a Skype account/handle? Please send along when you can, along with a number where she can be contacted while we are doing the recording. If she doesn't have a Skype account, we can send a guest link to be used through a Chrome browser. But if she or Highland Park has a Skype account we could use, that would be best.

Thanks so much.

Ali will follow up with more. But do let us know about a couple of these questions when you can, please. I know you are all very busy so we appreciate the time. And again, we are so sorry for the losses and trauma there. I have family there myself who have long lived in the community and they are trying to come to terms with it.

Thank you,

Murrey

## Conference of Mayors Calendar

Upcoming events and deadlines from the United States Conference of Mayors:

- **July 12 (Tu), 2pm ET:** [Local Infrastructure Hub Series Kickoff Session](#)
- **August 5 (F):** [2023 Childhood Obesity Prevention and Environmental Health & Sustainability Award Applications Due](#)

## Mike Bloomberg and Mitch Landrieu Look Forward to Seeing You on July 12 – Janette Sadik-Khan, Nationally Known Transportation Expert to Join

Over the next few days, Conference Staff will be reaching out to you as we look forward to seeing you on our Tuesday, July 12th Local Infrastructure Hub Zoom

Meeting. As mentioned before, this new partnership with Bloomberg Philanthropies and Results for America is designed specifically to help cities of ALL sizes benefit from the large number of grant opportunities for federal money to come to your city - all to be provided by the \$1.2 trillion infrastructure law enacted last November.

2022 is the beginning of the implementation of this new law. We want to make sure all cities get a shot at the federal money provided in the new law. Simply, that's what this new series of Zooms is all about.

**Register**

Register now and be a part of the launch and of the Zoom meetings that are to follow, each geared toward different pots of federal money that are yours to take for your city.

For our first Zoom next week, we are pleased to have Janette Sadik-Khan. A national and international expert on transportation, she was former New York City Mayor Mike Bloomberg's Transportation Commissioner, a deputy transportation administrator under President Bill Clinton, and a Senior Vice President at the international firm of Parsons Brinkerhoff. She will present strategies for crafting impactful applications for the Safe Streets and Roads for All program (SS4A) with leading examples from cities.

This is in addition to the main focus of our Zoom next week, which will feature Mike Bloomberg, former Mayor of New York City, and founder of Bloomberg Philanthropies, who will speak about how the Local Infrastructure Hub will help cities create infrastructure programs that transform communities. White House Infrastructure Coordinator and United States Conference of Mayors Past President, former New Orleans Mayor Mitch Landrieu will speak on themes across IJA programs, including Justice40 and Made in America, and how cities should be prioritizing programs that relate to their communities' needs.

Conference Second Vice President Columbus, OH Mayor Andrew Ginther will lay out the Hub's priority BIL federal programs and calendar of supports.

I look forward to seeing you on the Zoom next week. Please register now for this important new initiative.

## **Highland Park Shooting: Seven Dead, More Than 30 Injured**

On Independence Day, we had to face another deadly attack in America. This time, it was in Highland Park, Illinois and the shooter fired 70 rounds from a rooftop during the city's 4th of July Parade. The shooter planned this attack for weeks and even donned women's clothing to ease his escape into the crowd. Law enforcement indicates that the shooter's choice of deadly weapon was "similar to an AR-15" and was purchased legally in the Chicago area.

Highland Park Mayor Nancy Rotering signed an ordinance almost a decade ago banning assault weapons. She said, the nation "needs to have a conversation about these weekly events involving the murder of dozens of people". While she said the person "clearly had a mental breakdown" the focus should be on access to guns, not mental health.

Find below a [statement I released over the weekend, representing our organization:](#)

"Today as we celebrate our nation's independence and the freedoms we enjoy, we are reminded that we are not free from gun violence and that nothing, not even a Fourth of July parade in a suburban community, is immune. Every day gun violence kills more than 100 people in our country. Today, in one community alone, at least six people are dead and dozens more injured, apparently because a young man had access to a high-powered weapon and decided to target innocent children and families celebrating our country's birth.

“The nation’s Mayors stand with Highland Park Mayor Nancy Roterling, the police officers and other officials who quickly responded, treated the wounded and guided those at the parade to safety, and the entire Highland Park community. Once again, we send our condolences to the victims and their families.

“As the nation’s mayors speak out once again to decry yet another mass shooting, along with a daily death toll that occurs on the streets of cities across the nation, we all must ask what else we can do to reduce gun violence in our country. The Bipartisan Safer Communities Act enacted just one week ago will help and is an indication that Congress can act, but as today demonstrates more must be done in our cities, our states and in Washington.”

## Here's a Fact.

Joey Chestnut chomped his way to win a record-setting 15th win yesterday at Coney Island's Nathan's Hot Dog Eating Contest.

The 37-year-old gobbled 63 hot dogs and buns in 10 minutes, which is far less than the 76 he devoured last year. He beat the person who came in second by 20 hot dogs. He had a brief interruption when an animal rights protester rushed him at one point. This disturbance lasted only a few seconds before the eating champ body slammed the man out of the way.

Good evening colleagues,

Today has been an incredibly tragic day in our community. Whether you were on site or watching the news unfold at home, we understand how traumatic the events of today have been on our City of Highland Park family. I am in awe and incredibly appreciative of the swift work that our emergency responders undertook when shots were fired in the business district. Police, Fire, Public Works, Admin and other employees as well as the community quickly worked to provide aide to individuals on the scene and police personnel immediately began the investigation which has now led the person of interest in custody. We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

***First Responders Wellness Center will be on site at West Ridge Center, 636 Ridge Road at 10 AM, July 5*** to provide trauma support and counseling to City Staff and the City Council as well as for our Government Partners. ***All team members are welcome and encouraged to attend if comfortable.*** Please note that the opening session at 10 AM is designed specifically for those that were on the scene today. Attached are three handouts for reference and below is the schedule for services.

- ***10am, West Ridge Center – All team member who were at the Parade***
- ***11:30am, West Ridge Center - All team members who were in Highland Park today***
- ***12:30pm, West Ridge Center – All team members who would like additional support are encouraged to meet individually with a counselor from First Responders Wellness Center***

Additionally, communitywide counseling services will be taking place at the High School in a joint effort by the City, Park District, and School District 112 and 113 from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have valid State identification to be cleared to enter the school, which is the school's standard procedure for visitors.

Human Resources will be sending out information on additional support options in the coming days.
