There really are no words to express the **depth of our sorrow** for what happened yesterday at our Independence Day Parade. Tragedy struck our families, our City, and our souls. Never have we needed the **strength of community** and **neighbors** more than now.

It is too soon to know what is needed, but once identified, the **Highland Park Community Foundation will be there to assist**.

Neighbors need neighbors, and our **community will band together**. That's what makes Highland Park so great.

We send **condolences** to the families and friends who lost loved ones, **healing thoughts** for all who are injured or suffer, and **love** for our entire community,

The HPCF Board of Directors and Staff

The Highland Park Community Foundation **addresses the unmet needs** of our community and **expands opportunities** for all Highland Park and Highwood residents. We envision an inclusive, well-rounded, and vibrant community where residents' lives are enriched through our philanthropic efforts.

We proudly display **Candid's (formerly GuideStar's) Platinum Seal of Transparency**, Candid's highest level of recognition. Subject: Employee Counseling Service Available Tuesday, July 5th

Good evening colleagues,

Today has been an incredibly tragic day in our community. Whether you were on site or watching the news unfold at home, we understand how traumatic the events of today have been on our City of Highland Park family. I am in awe and incredibly appreciative of the swift work that our emergency responders undertook when shots were fired in the business district. Police, Fire, Public Works, Admin and other employees as well as the community quickly worked to provide aide to individuals on the scene and police personnel immediately began the investigation which has now led the person of interest in custody. We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

First Responders Wellness Center will be on site at West Ridge Center, 636 Ridge Road at 10 AM, July 5 to provide trauma support and counseling to City Staff and the City Council as well as for our Government Partners. ***All team members are welcome and encouraged to attend if comfortable.*** Please note that the opening session at 10 AM is designed specifically for those that were on the scene today. Attached are three handouts for reference and below is the schedule for services.

- ***10am, West Ridge Center – All team member who were at the Parade***
- ***11:30am, West Ridge Center - All team members who were in Highland Park today***
- ***12:30pm, West Ridge Center – All team members who would like additional support are encouraged to meet individually with a counselor from First Responders Wellness Center***

Additionally, communitywide counseling services will be taking place at the High School in a joint effort by the City, Park District, and School District 112 and 113 from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have valid State identification to be cleared to enter the school, which is the school's standard procedure for visitors.

Human Resources will be sending out information on additional support options in the coming days.

- 13) Victim or witness of multiple traumas
- 14) Inability to find any meaning or reason
- 15) Feeling that you did not handle the incident well

What you can do:

- 1) Understand common trauma reactions & that there is not something wrong with you
- 2) Talk with others who are safe/Increase your social support/Be with others
- 3) Name your emotions & acknowledge them
- 4) Expect unwanted emotions (i.e., crying spells, anxiety in crowds)
- 5) Grief can take a long time; give yourself time to recover.
- 6) Do not judge yourself negatively, you survived! Accept that you have feelings—feelings are not wrong, only what you do with your feelings can be wrong. You have a right to feel both negative and positive emotions.
- 7) Do not immerse yourself in the trauma, limit your exposure, when possible, avoid a lot of media and social media.
- 8) Try to get back into your normal routine slowly.
- 9) Use deep breathing, meditation, yoga, or other things that are calming to you.

- 10) Self-care: Eat healthy, prioritize sleep, shower, etc.
- 11) Exercise
- 12) Do what you enjoy, if you are happy that does not suggest you are okay with what occurred.

[EXTERNAL EMAIL]

I was supposed to take part in the parade in Evanston yesterday, and was extremely saddened to learn why it got canceled. I extend my condolences to all.

I write this about all the possessions that fleeing people left behind and are still out there in place.

I understand police wanted everything left in place because it's part of the big crime scene, and they want to process it for evidence. Heck, I've seen enough "CSI" shows to know this.

But there seems to be a growing problem with this crime scene being "corrupted" and evidence being degraded by the bad weather this week. I assume there was the same rain storm there yesterday and last night, as I experienced in Evanston. Rain and wind wash away some stuff and change the location of some items.

The forecast includes likely rain every day through Friday.

I know that most of the items left here will not be destroyed by rain. There is an eventual possibility of rust on some metal parts.

I write to share my wish that authorities will today do their best to get what they can from the whole crime scene, and prepare as many personal items hastily left there, as possible, for retrieval by their owners, most of whom are still alive and unhurt, though grieving like all of us. Photos can be taken. Tags can be attached showing the addresses where the items were collected. Sling chairs can be rolled up. Items removed from the scene, after being checked for all possible evidence, can be put inside a secure building, properly sorted, for pickup by owners. The sooner these items are collected and put in a safe place, after being processed for evidence, the less chance they will be wrecked by more bad weather.

Subject: Employee Counseling Service Available Tuesday, July 5th

Good evening colleagues,

Today has been an incredibly tragic day in our community. Whether you were on site or watching the news unfold at home, we understand how traumatic the events of today have been on our City of Highland Park family. I am in awe and incredibly appreciative of the swift work that our emergency responders undertook when shots were fired in the business district. Police, Fire, Public Works, Admin and other employees as well as the community

quickly worked to provide aide to individuals on the scene and police personnel immediately began the investigation which has now led the person of interest in custody. We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

First Responders Wellness Center will be on site at West Ridge Center, 636 Ridge Road at 10 AM, July 5 to provide trauma support and counseling to City Staff and the City Council as well as for our Government Partners. ***All team members are welcome and encouraged to attend if comfortable.*** Please note that the opening session at 10 AM is designed specifically for those that were on the scene today. Attached are three handouts for reference and below is the schedule for services.

- ***10am, West Ridge Center – All team member who were at the Parade***
- ***11:30am, West Ridge Center - All team members who were in Highland Park today***
- ***12:30pm, West Ridge Center – All team members who would like additional support are encouraged to meet individually with a counselor from First Responders Wellness Center***

Additionally, communitywide counseling services will be taking place at the High School in a joint effort by the City, Park District, and School District 112 and 113 from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have valid State identification to be cleared to enter the school, which is the school's standard procedure for visitors.

Human Resources will be sending out information on additional support options in the coming days.

Subject: Employee Counseling Service Available Tuesday, July 5th

Good evening colleagues,

Today has been an incredibly tragic day in our community. Whether you were on site or watching the news unfold at home, we understand how traumatic the events of today have been on our City of Highland Park family. I am in awe and incredibly appreciative of the swift work that our emergency responders undertook when shots were fired in the business district. Police, Fire, Public Works, Admin and other employees as well as the community quickly worked to provide aide to individuals on the scene and police personnel immediately began the investigation which has now led the person of interest in custody. We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

First Responders Wellness Center will be on site at West Ridge Center, 636 Ridge Road at 10 AM, July 5 to provide trauma support and counseling to City Staff and the City Council as well as for our Government Partners. ***All team members are welcome and encouraged to attend if comfortable***. Please note that the opening session at 10 AM is designed specifically for those that were on the scene today. Attached are three handouts for reference and below is the schedule for services.

- ***10am, West Ridge Center – All team member who were at the Parade***
- ***11:30am, West Ridge Center - All team members who were in Highland Park today***
- ***12:30pm, West Ridge Center – All team members who would like additional support are encouraged to meet individually with a counselor from First Responders Wellness Center***

Additionally, communitywide counseling services will be taking place at the High School in a joint effort by the City, Park District, and School District 112 and 113 from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have valid State identification to be cleared to enter the school, which is the school's standard procedure for visitors.

Human Resources will be sending out information on additional support options in the coming days.

Dear Chief:

I picked up your email address from the website. I live in HP and was at the parade yesterday. Your officers were terrific. I saw them run toward the danger. They protected us in many ways. Sounds like they also did a great job on the investigation. I would like to express gratitude and admiration to anyone who will listen. Please, please, please pass this message on to your team

Good job Captain, your men run into the gunfire. The problem is your men had to make a stop for coffee and donuts on the way that's why they got there late. You all need to get fired. "Officers Safety", WHAT A JOKE. If you don't like the fire get out of kitchen. Look it up if you don't know the reference. Go get a job at red lobster if you are afraid for your safety.

If you want to discuss it further my name and email is below.

Good evening colleagues,

Today has been an incredibly tragic day in our community. Whether you were on site or watching the news unfold at home, we understand how traumatic the events of today have been on our City of Highland Park family. I am in awe and incredibly appreciative of the swift work that our emergency responders undertook when shots were fired in the business district. Police, Fire, Public Works, Admin and other employees as well as the community quickly worked to provide aide to individuals on the scene and police personnel immediately began the investigation which has now led the person of interest in custody. We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

First Responders Wellness Center will be on site at West Ridge Center, 636 Ridge Road at 10 AM, July 5 to provide trauma support and counseling to City Staff and the City Council as well as for our Government Partners. ***All team members are welcome and encouraged to attend if comfortable.*** Please note that the opening session at 10 AM is designed specifically for those that were on the scene today. Attached are three handouts for reference and below is the schedule for services.

- **10am, West Ridge Center – All team member who were at the Parade**
- **11:30am, West Ridge Center - All team members who were in Highland Park today**
- **12:30pm, West Ridge Center – All team members who would like additional support are encouraged to meet individually with a counselor from First Responders Wellness Center**

Additionally, communitywide counseling services will be taking place at the High School in a joint effort by the City, Park District, and School District 112 and 113 from 9:00 to 2:00. No appointment is necessary, but only the Vine Street entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have valid State identification to be cleared to enter the school, which is the school's standard procedure for visitors.

Human Resources will be sending out information on additional support options in the coming days.

We are grateful to the immediate and on-going support from the FBI, Lake County Major Crimes Task Force, State, area law enforcement agencies and numerous other agencies and organizations.

We saw from the Kenosha scanner that the suspect Robert Crimo III passed the Waukegan Toll Road plaza on I94- was he making his way towards Wisconsin?

I understand he was taken into custody about 30-40 mins ago but would you be able to answer that question this morning?

Ghida,

I know you are overwhelmed. Hoping you got some sleep. One of the many emails that came yesterday is very useful. It's from Victims First and includes a 7 Page manual with information on what to do in the aftermath of a mass shooting. I've started to read it and think it's worth your time to read this morning if possible. It might help structure things for us to proceed.

US Authorities Prepare For Summer Increase In Violent Crime

The [New York Times](#) (7/3, Thrush) reports that Justice Department leaders are “concerned with the stubborn, postpandemic rise in violent crime, and a growing sense that lawlessness is overtaking daily life in many big cities.” In late June, Deputy Attorney General Monaco traveled to Philadelphia for “meetings with federal prosecutors, state and local police officials, and community members aimed at combating an annual spike in summer violence ushered in by the Fourth of July weekend.” The Times article says the beginning of “warm weather typically signals an onslaught of violence in many parts of the country.” While mass shootings “pop up with little public warning,” the “seasonal rise in violence in cities is more predictable, and local departments spend months girding for the surge, experimenting with different approaches to limit the carnage.”

POLICING AND POLICY

Supreme Court Marshal Asks Maryland And Virginia To Stop Protests Outside Justices Homes

On a day when there was limited media coverage of key Administration-related topics, the [Washington Post](#) (7/2, Hilton, Marimow) reports Supreme Court Marshal Gail Curley has sent letters to Maryland Gov. Larry Hogan (R), Virginia Gov. Glenn Youngkin (R), Montgomery County Executive Marc Elrich (D), and Fairfax County Board of Supervisors Chairman Jeffrey McKay (D). Curley is urging those individuals to “direct police to enforce laws that she says prohibit picketing at the suburban homes of Supreme Court justices, following weeks of demonstrations for abortion rights.”

The [New York Times](#) (7/2, Kavi) reports the protests since a “leaked draft opinion in early May showed that the court’s conservative majority was poised to overturn Roe v. Wade” have “intensified concerns about the safety of the justices, and a fence was erected around the Supreme Court building in response to demonstrations.” In addition, the Times says Curley “referred to the arrest last month of a California man who was found with a pistol and other weapons near the Chevy Chase, Md., home of Justice Brett M. Kavanaugh.” [Axios](#) (7/2, Dam) reports that arrested individual “allegedly told detectives he traveled from California to Maryland intending to kill” Kavanaugh. The suspect also “allegedly told detectives that he was upset about the leak of [the] Supreme Court draft decision that would overturn Roe v. Wade and the school shooting in Uvalde, Texas.”

Police Departments Try New Strategies To Lure New Recruits

The [Wall Street Journal](#) (7/2, Barrett, Subscription Publication) reports police departments across the US are struggling to find capable new recruits amid a rash of departures. According to law enforcement officials, few young people like the idea of pursuing a dangerous profession at a time of rising crime and amid widespread anti-policing sentiments. As a result, departments are trying new strategies – including pay increases, signing bonuses, and housing allowances – to lure people back to the profession.

Texas Governor Expands Border Operations Following Deadly Truck Smuggling Incident

The [AP](#) (7/2, Weber) reports Texas Gov. Greg Abbott (R) has expanded the state’s border security efforts as border crossing approach their highest rate “in about two decades.” The order comes after a “human-smuggling attempt...left 53 people dead” in Texas. Abbott blames President Biden for failing to enforce border policy, and “says the operation overall has been successful, pointing to more than 4,000 migrants arrested on state criminal trespassing charges, 14,000 felony arrests and drug seizures.”

Pilot Program Aims To Make Los Angeles Public Transit Riders Feel Safe

The [Los Angeles Times](#) (7/3, Uranga) reports that a \$122 million pilot program on the Los Angeles County Metropolitan Transportation Authority’s bus and rail system “will place up to 300 uniformed workers on trains and buses starting this fall with the aim of making riders feel safe. The ambassadors will help with directions, alert police of a threat, point people to homeless services, keep an eye on vulnerable people and check that seats are clean and passengers are safe. The program will run up to

five years and could be expanded if successful." The program comes as the agency, "like many others across the country, has been grappling with sagging ridership and increased crime. Officials hope the program will create a sense of security, lure back longtime users and bring in new commuters."

SECURITY, CRIME, AND DRUGS

Biden Pledges Federal Support To Manhunt For Fourth Of July Parade Shooter

Bloomberg (7/4, Gardner) reports President Biden on Monday "said he spoke with officials in Illinois after a mass shooting in a suburb of Chicago and pledged federal law enforcement assistance in finding the gunman." The Hill (7/4, Gans) reports the President "said in a statement that he has spoken to Illinois Gov. J.B. Pritzker (D) and Highland Park Mayor Nancy Rotering (D), offering the 'full support' of the federal government to the community." CNN (7/4, Klein, Judd) reports Biden "began Independence Day by sharing a message that looked to the country's future, but quickly had to respond to another mass shooting in the United States." In a statement, the President said, "Jill and I are shocked by the senseless gun violence that has yet again brought grief to an American community on this Independence Day." Biden "noted that he had 'surged Federal law enforcement to assist in the urgent search for the shooter, who remains at large at this time,' and pointed to the gun safety legislation he recently signed into law." Biden also acknowledged "much more work" remains and asserted he is "not going to give up fighting the epidemic of gun violence."

The New York Times (7/4, Shear) reports, "Biden's grim statement" was issued "about an hour before he was scheduled to deliver remarks at an Independence Day celebration at the White House, and only hours after he tweeted to Americans that the holiday was 'time to celebrate the goodness of our nation.'" For Biden, "the shooting is the latest reminder that he presides over a nation struggling to confront an epidemic of gun violence, including a seemingly never-ending series of mass shootings."

Parade Shooting "Rattled" Americans Celebrating Fourth Of July Nationwide. The New York Times (7/4, Astor) reports that several Illinois communities canceled their Fourth of July celebrations following the shooting, which the Washington Post (7/4, Guarino, Shammass, Bailey, Berger) calls "a tragedy all too common in the nation they were celebrating." Reuters (7/4, Cox, O'Brien) reports the shooting "comes with gun violence fresh on the minds of many Americans, after a massacre on May 24 killed 19 school children and two teachers at an elementary school in Uvalde, Texas, which followed a May 14 attack that killed 10 people at a grocery store in Buffalo, New York."

According to an AP (7/4, Calvan, Foody) article, the parade shooting "rattled" July Fourth celebrations nationwide "and further rocked a country already awash in turmoil over high court rulings on abortion and guns as well as hearings on the Jan. 6 insurrection." Reuters (7/4, Trotta) reports that as the nation celebrates Independence Day, "some Americans see democracy in peril and others see it as ascendant."

Copenhagen Mall Shooting Leaves Several Dead

The AP (7/3, Olsen, Ritter) reports a 22-year old Danish man was arrested after opening fire "inside a busy shopping mall" in Copenhagen on Sunday, killing "several people and wounding several others." Copenhagen police inspector Søren Thomassen told reporters there was "no indication that anyone else was involved in the attack" and that it was "too early to speculate on the motive for the shooting." Danish Prime Minister Mette Frederiksen said the Scandinavian country had been hit by a "cruel attack," adding, "It is incomprehensible. Heartbreaking. Pointless. Our beautiful and usually so safe capital was changed in a split second."

The New York Times (7/3, Chung) reports videos and social media images showed people "sprinting out of the mall and ambulances lining its exterior," as armed police officers were "running near the mall and a helicopter hovered overhead." An eyewitness told TV 2 News that the gunman "seemed violent and angry, and he was shouting as he ran and took the gun and smashed the windows." Other eyewitnesses described "scenes of panic and of employees helping shoppers flee through the back rooms of stores."

Reuters (7/3) reports the attack "rocked Denmark at the end of an otherwise joyful week," just after it hosted the

first three stages of the Tour de France cycle race, “in an event that had sent thousands of cheering Danes into streets across the country.” Rigshospitalet, Copenhagen’s main hospital, had received a “small group of patients” for treatment and had “called in extra doctors and nurses.” The latest report from the Danish Security and Intelligence Service stated that the terrorist threat against Denmark is “currently assessed to be ‘serious,’ with the biggest threat coming from ‘militant Islamism.’” The Wall Street Journal  (7/3, Kantchev, Subscription Publication) provides similar coverage.

Danish Police: Copenhagen Shooter Acted Alone, Selected Victims At Random. The AP  (7/4, Olsen, Ritter) reports Danish police said the gunman who killed three people in a shopping mall “acted alone and apparently selected his victims at random... all but ruling out that the attack was related to terrorism.” Authorities filed three preliminary charges of murder and four of attempted murder against a 22-year old Danish man, “who will be held for 24 days in a secure mental health facility while authorities investigate the crime.” The suspect was brought before a judge Monday to face the preliminary charges, while it is unclear how the suspect pleaded.

Reuters  (7/4) reports the incident “shocked Denmark at the end of an otherwise festive week” in which it hosted the first three stages of the Tour de France cycle race. Two 17-year-olds and a 47-year old were killed in the shooting, while seven others were wounded with gunshots, “four with serious injuries.” The attack took place when “many young people were visiting the mall ahead of a concert due to be held nearby by British singer Harry Styles,” who canceled his concert after the shooting.

The New York Times  (7/4, Nielsen, Bubola, Ward) reports the suspect was “carrying a rifle and had access to a pistol, both of which are legal in Denmark, but he did not have permission to possess them,” while Copenhagen police commander Soren Thomassen said it was “not clear how he obtained the weapons.” The Wall Street Journal  (7/4, Miolene, Subscription Publication) provides similar coverage.

In Texas, Gunman Kills Two People, Wounds Three Police Officers Before Taking His Own Life

The AP  (7/3, Wallace) reports police said Sunday that “a gunman killed two people and wounded four others, including three police officers, before taking his own life at a home in the Dallas-Fort Worth area.” Around 6:45 p.m. Saturday, officers answered “a report of shots fired in a Haltom City neighborhood, Sgt. Rick Alexander said Sunday. Killed at the reported address were Collin Davis, 33, and Amber Tsai, 32, Alexander said. ... Security video shot from a neighboring house screened at a Sunday news conference showed three officers approaching the address when rapid gunfire erupted, wounding three officers. Officers returned fire as the gunman fled the house through a back door.” The gunman, 28-year-old Edward Freyman “shot himself, Alexander said. Freyman was found with a ‘military-style rifle’ and a handgun, he said.”

TECHNOLOGY

Machine Learning Tool Predicts Crime, Policing Bias In Major Cities

The Los Angeles Times  (7/4, Jany) reports social and data scientists “developed a machine learning tool it hoped would better predict crime.” While they say their efforts were successful, “their work also revealed inferior police protection in poorer neighborhoods in eight major U.S. cities, including Los Angeles.” But, “instead of justifying more aggressive policing in those areas...the hope is the technology will lead to ‘changes in policy that result in more equitable, need-based resource allocation,’ including sending officials other than law enforcement to certain kinds of calls, according to a report published Thursday in the journal *Nature Human Behavior*.” The tool “forecasts crime by spotting patterns amid vast amounts of public data on property crimes and crimes of violence, learning from the data as it goes.”

Bloomberg (7/4, Gardner) reports President Biden on Monday “said he spoke with officials in Illinois after a mass shooting in a suburb of Chicago and pledged federal law enforcement assistance in finding the gunman.” The Hill (7/4, Gans) reports the President “said in a statement that he has spoken to Illinois Gov. J.B. Pritzker (D) and Highland Park Mayor Nancy Rotering (D), offering the ‘full support’ of the federal government to the community.” CNN (7/4, Klein, Judd) reports Biden “began Independence Day by sharing a message that looked to the country’s future, but quickly had to respond to another mass shooting in the United States.” In a statement, the President said, “Jill and I are shocked by the senseless gun violence that has yet again brought grief to an American community on this Independence Day.” Biden “noted that he had ‘surged Federal law enforcement to assist in the urgent search for the shooter, who remains at large at this time,’ and pointed to the gun safety legislation he recently signed into law.” Biden also acknowledged “much more work” remains and asserted he is “not going to give up fighting the epidemic of gun violence.”

The New York Times (7/4, Shear) reports, “Biden’s grim statement” was issued “about an hour before he was scheduled to deliver remarks at an Independence Day celebration at the White House, and only hours after he tweeted to Americans that the holiday was ‘time to celebrate the goodness of our nation.’” For Biden, “the shooting is the latest reminder that he presides over a nation struggling to confront an epidemic of gun violence, including a seemingly never-ending series of mass shootings.”

Parade Shooting “Rattled” Americans Celebrating Fourth Of July Nationwide. The New York Times (7/4, Astor) reports that several Illinois communities canceled their Fourth of July celebrations following the shooting, which the Washington Post (7/4, Guarino, Shammas, Bailey, Berger) calls “a tragedy all too common in the nation they were celebrating.” Reuters (7/4, Cox, O’Brien) reports the shooting “comes with gun violence fresh on the minds of many Americans, after a massacre on May 24 killed 19 school children and two teachers at an elementary school in Uvalde, Texas, which followed a May 14 attack that killed 10 people at a grocery store in Buffalo, New York.”

According to an AP (7/4, Calvan, Foody) article, the parade shooting “rattled” July Fourth celebrations nationwide “and further rocked a country already awash in turmoil over high court rulings on abortion and guns as well as hearings on the Jan. 6 insurrection.” Reuters (7/4, Trotta) reports that as the nation celebrates Independence Day, “some Americans see democracy in peril and others see it as ascendant.”

Copenhagen Mall Shooting Leaves Several Dead

The AP (7/3, Olsen, Ritter) reports a 22-year old Danish man was arrested after opening fire “inside a busy shopping mall” in Copenhagen on Sunday, killing “several people and wounding several others.” Copenhagen police inspector Søren Thomassen told reporters there was “no indication that anyone else was involved in the attack” and that it was “too early to speculate on the motive for the shooting.” Danish Prime Minister Mette Frederiksen said the Scandinavian country had been hit by a “cruel attack,” adding, “It is incomprehensible. Heartbreaking. Pointless. Our beautiful and usually so safe capital was changed in a split second.”

The New York Times (7/3, Chung) reports videos and social media images showed people “sprinting out of the mall and ambulances lining its exterior,” as armed police officers were “running near the mall and a helicopter hovered overhead.” An eyewitness told TV 2 News that the gunman “seemed violent and angry, and he was shouting as he ran and took the gun and smashed the windows.” Other eyewitnesses described “scenes of panic and of employees helping shoppers flee through the back rooms of stores.”

Reuters (7/3) reports the attack “rocked Denmark at the end of an otherwise joyful week,” just after it hosted the first three stages of the Tour de France cycle race, “in an event that had sent thousands of cheering Danes into streets across the country.” Rigshospitalet, Copenhagen’s main hospital, had received a “small group of patients” for treatment and had “called in extra doctors and nurses.” The latest report from the Danish Security and Intelligence Service stated that the terrorist threat against Denmark is “currently assessed to be ‘serious,’ with the biggest threat coming from ‘militant Islamism.’” The Wall

Street Journal (7/3, Kantchev, Subscription Publication) provides similar coverage.

Danish Police: Copenhagen Shooter Acted Alone, Selected Victims At Random. The AP (7/4, Olsen, Ritter) reports Danish police said the gunman who killed three people in a shopping mall “acted alone and apparently selected his victims at random... all but ruling out that the attack was related to terrorism.” Authorities filed three preliminary charges of murder and four of attempted murder against a 22-year old Danish man, “who will be held for 24 days in a secure mental health facility while authorities investigate the crime.” The suspect was brought before a judge Monday to face the preliminary charges, while it is unclear how the suspect pleaded.

Reuters (7/4) reports the incident “shocked Denmark at the end of an otherwise festive week” in which it hosted the first three stages of the Tour de France cycle race. Two 17-year-olds and a 47-year old were killed in the shooting, while seven others were wounded with gunshots, “four with serious injuries.” The attack took place when “many young people were visiting the mall ahead of a concert due to be held nearby by British singer Harry Styles,” who canceled his concert after the shooting.

The New York Times (7/4, Nielsen, Bubola, Ward) reports the suspect was “carrying a rifle and had access to a pistol, both of which are legal in Denmark, but he did not have permission to possess them,” while Copenhagen police commander Soren Thomassen said it was “not clear how he obtained the weapons.” The Wall Street Journal (7/4, Miolene, Subscription Publication) provides similar coverage.

In Texas, Gunman Kills Two People, Wounds Three Police Officers Before Taking His Own Life

The AP (7/3, Wallace) reports police said Sunday that “a gunman killed two people and wounded four others, including three police officers, before taking his own life at a home in the Dallas-Fort Worth area.” Around 6:45 p.m. Saturday, officers answered “a report of shots fired in a Haltom City neighborhood, Sgt. Rick Alexander said Sunday. Killed at the reported address were Collin Davis, 33, and Amber Tsai, 32, Alexander said. ... Security video shot from a neighboring house screened at a Sunday news conference showed three officers approaching the address when rapid gunfire erupted, wounding three officers. Officers returned fire as the gunman fled the house through a back door.” The gunman, 28-year-old Edward Freyman “shot himself, Alexander said. Freyman was found with a ‘military-style rifle’ and a handgun, he said.”

TECHNOLOGY

Machine Learning Tool Predicts Crime, Policing Bias In Major Cities

The Los Angeles Times (7/4, Jany) reports social and data scientists “developed a machine learning tool it hoped would better predict crime.” While they say their efforts were successful, “their work also revealed inferior police protection in poorer neighborhoods in eight major U.S. cities, including Los Angeles.” But, “instead of justifying more aggressive policing in those areas...the hope is the technology will lead to ‘changes in policy that result in more equitable, need-based resource allocation,’ including sending officials other than law enforcement to certain kinds of calls, according to a report published Thursday in the journal *Nature Human Behavior*.” The tool “forecasts crime by spotting patterns amid vast amounts of public data on property crimes and crimes of violence, learning from the data as it goes.”

DAYWATCH

Good morning, Chicago.

The North Shore suburb of Highland Park is the latest American community to be terrorized by a mass shooting.

On an idyllic summer morning, from a rooftop high above the Highland Park Independence Day parade, a gunman aimed down at the floats and lawn chairs and strollers and opened fire on Monday.

In all, six people were killed. Some two dozen others were injured, either by rifle fire or in the stampede away from the scene. The victims ranged in age from 8 to 85.

Among those shot and injured were an elementary school teacher and her husband. A woman who worked and worshipped for decades at a synagogue in Glencoe was among the victims killed.

After an hourslong search, authorities arrested a person of interest: 22-year-old Robert “Bobby” Crimo III. North Chicago police spotted him and gave chase; he was ultimately arrested without incident in Lake Forest, according to the Highland Park police chief. Highland Park is an affluent suburb nearly 30 miles north of downtown Chicago. In 1998, Vanity Fair magazine said the largely white and Jewish community “has the feel of a gated community without the actual gates.” Michael Jordan made his home there for a time when he was with the Bulls.

Highland Park shooting: 6 dead and 2 dozen others shot at parade; suspect arrested

TUESDAY, JUL 5

The high school marching band's members sprinted for their lives, still carrying their flutes and saxophones. Bystanders scooped up young children and fled. In all, six people were killed. Some two dozen others were injured, either by rifle fire or in the stampede away from the scene.

Speaking outside a Highland Park fire station late Monday afternoon, Gov. J.B. Pritzker decried the shooting, saying he spoke with President Joe Biden about it earlier. They both agree on one thing, Pritzker said: "This madness must stop."

In painful, chilling detail, witnesses recount the deadly mass shooting at a Fourth of July parade

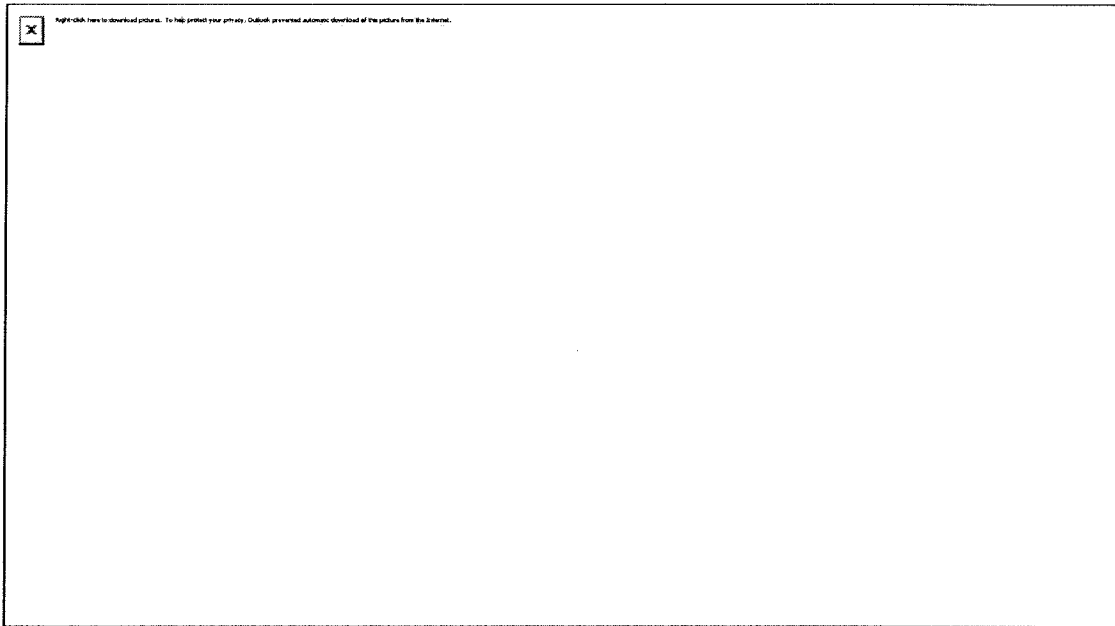

TUESDAY, JUL 5

The first popping noises sounded like firecrackers or maybe a gun salute honoring the American flag. Then someone screamed, “There’s a shooter.” And, in an instant, everyone understood the reality. “People were terrified, screaming,” Highland Park resident Joe Leslie said. “It was a scene from a nightmare.”

It’s a story witnesses to the deadly shooting at Highland Park’s Fourth of July parade told over and over again in the hours after the tragedy. In painful, chilling detail they recounted how someone opened fire during an annual community celebration, killing at least six people, injuring more than two dozen and leaving an entire town traumatized.

The arrest of Robert “Bobby” Crimo III came about eight hours after the mass shooting.

Crimo was described as a longtime resident of the suburb who posted online videos under the moniker “The Awake Rapper.” An archive of 17 YouTube videos apparently belonging to Crimo alternates between wholesome and foreboding.

Highland Park was at the center of gun-control debate long before Monday's shooting; just days ago city honored Uvalde victims

TUESDAY, JUL 5

Members of the Highland Park community had gathered to mourn victims of another American massacre in Uvalde, Texas, not 10 days before someone opened fired during the local Fourth of July parade. Yet Highland Park has had a prominent history of gun rights activism and controversy.

In this affluent suburb abutting Lake Michigan with a large Jewish population and predominantly liberal politics, Highland Park leaders enacted a ban on assault rifles in 2013 that was swiftly challenged by a local doctor and the Illinois Rifle Association. That legal fight was appealed all the way to the U.S. Supreme Court, which declined to hear the case, allowing a lower court ruling in favor of the ban to stand.

TUESDAY, JUL 5

A shooting at a Fourth of July parade in Highland Park is the latest incidence involving gun violence to stun the United States.

The most deadly incident since May happened when a gunman killed 19 children and two adults at a school in Uvalde, Texas, on May 24. And on May 14, a racist attack led to the deaths of 10 African Americans at a supermarket in Buffalo, New York.

The Chicago White Sox consulted with Major League Baseball on whether to play Monday night’s game with the Minnesota Twins after shootings at a Fourth of July parade in Highland Park killed six and wounded more than two dozen others. The Sox played the game, but did cancel the postgame fireworks show and scheduled a moment of silence before the game.

“Unfortunately in this day and age, it’s becoming all too commonplace,” closer Liam Hendriks said of the Highland Park shootings. “The access to the weaponry that is being used in these things totally needs to change. Something needs to be done. Something needs to happen because there are way too many people losing their lives.”

DAYWATCH

Good morning, Chicago.

The North Shore suburb of Highland Park is the latest American community to be terrorized by a mass shooting.

On an idyllic summer morning, from a rooftop high above the Highland Park Independence Day parade, a gunman aimed down at the floats and lawn chairs and strollers and opened fire on Monday.

In all, six people were killed. Some two dozen others were injured, either by rifle fire or in the stampede away from the scene. The victims ranged in age from 8 to 85.

Among those shot and injured were an elementary school teacher and her husband. A woman who worked and worshipped for decades at a synagogue in Glencoe was among the victims killed.

After an hourslong search, authorities arrested a person of interest: 22-year-old Robert “Bobby” Crimo III. North Chicago police spotted him and gave chase; he was ultimately arrested without incident in Lake Forest, according to the Highland Park police chief.

Highland Park is an affluent suburb nearly 30 miles north of downtown Chicago. In 1998, Vanity Fair magazine said the largely white and Jewish community “has the feel of a gated community without the actual gates.” Michael Jordan made his home there for a time when he was with the Bulls.

1 Highland Park shooting: 6 dead and 2 dozen others shot at parade; suspect arrested

TUESDAY, JUL 5

The high school marching band's members sprinted for their lives, still carrying their flutes and saxophones. Bystanders scooped up young children and fled. In all, six people were killed. Some two dozen others were injured, either by rifle fire or in the stampede away from the scene.

Speaking outside a Highland Park fire station late Monday afternoon, Gov. J.B. Pritzker decried the shooting, saying he spoke with President Joe Biden about it earlier. They both agree on one thing, Pritzker said: "This madness must stop."

In painful, chilling detail, witnesses recount the deadly mass shooting at a Fourth of July parade

TUESDAY, JUL 5

The first popping noises sounded like firecrackers or maybe a gun salute honoring the American flag. Then someone screamed, “There’s a shooter.” And, in an instant, everyone understood the reality. “People were terrified, screaming,” Highland Park resident Joe Leslie said. “It was a scene from a nightmare.”

It’s a story witnesses to the deadly shooting at Highland Park’s Fourth of July parade told over and over again in the hours after the tragedy. In painful, chilling detail they recounted how someone opened fire during an annual community celebration, killing at least six people, injuring more than two dozen and leaving an entire town traumatized.

[EXTERNAL EMAIL]

Mayor,

My heart goes out to the victims of the shooting in you city, and all victims of violence. With that said I seen your interview on CBS this morning. You said that you don't understand why we allow "weapons of war". If you would let me give you a little education. AR 15'S have never been used in any war. They are a simi automatic firearms. Military weapons are fully automatic. The reason we are allowed to own them is simple, it's so we the citizens can defend our freedoms and liberties. The greatest threat to freedom in the world comes from governments themselves. There are laws in our country forbidding the military use against it's citizens. Let me ask you What long weapons do your and most all police department s use? If you answered correctly then you said AR 15's. What you call weapons of war! This would imply the the civilian law enforcement is prepared for war against the citizens. By the constitution we we have the right, and if you read the writings of Jefferson and Washington the duty to defend our rights. I don't suggest that we take these tool from police only that governments in this country not infringe on our right to protect our freedom.

Thank you for your time.

God bless our country and those of your city!

Debbie,

I created a project code labeled 07042022 – Parade Incident.

For Labor/OT related expenditures, please use the code 07042022.050 – Parade Incident-Labor

I also created a code for miscellaneous expenditures related to yesterday's incident. That code is 07042022.999 – Parade Incident-Other.

A formal email might be sent out shortly letting other departments know about the project number.

Debbie,

I created a project code labeled 07042022 – Parade Incident.

For Labor/OT related expenditures, please use the code 07042022.050 – Parade Incident-Labor

I also created a code for miscellaneous expenditures related to yesterday's incident. That code is 07042022.999 – Parade Incident-Other.

A formal email might be sent out shortly letting other departments know about the project number.

Lt, Chief, and Director,

My thoughts and prayers are with you, your families, the first responders, and the Highland Park residents after the tragic, senseless mass shooting that took place yesterday morning during the parade. Your swift action to respond to such violence, to protect those attending the parade, and to triage and treat the victims is admirable and I appreciate your dedication to helping others.

No, we were just keeping it simple with the Starcom talk group and matching the existing VHF channels in the current radios. Is that something that you would like for testing? If so, I will need the Talk group ID(s), if it is encrypted what the CKR is, and prior to delivering get the portables key loaded.

Please advise if you would like us to add the PD talk group(s)

Hi Lt,

Our techs are finishing up on programming the (2) APX NEXT XE and (2) APX8000XE demo radios. They will have 4 zones
Zone 1

- Will have a demo starcom talk group for you to test the coverage of starcom
 - The APX NEXT XE's will roam to Smartconnect if out of Starcom coverage.

Zones 2-4

- Will be programmed identical to the radio that you provided

Are you available next week for me to drop off the radios and show you how to use the APXNEXT XE's? At this point I could do:

Tuesday after 2pm
Wednesday afternoon or,
Thursday Morning

Let me know if any of these dates work for you. If not, please provide a couple date/times that work for you

Dear Members,

On behalf of the Senior Center staff, we are devastated and heart-broken over the senseless act of violence against our community, that occurred during today's 4th of July parade. Our hearts go out to those who lost their lives and those who were injured - and to their families and loved ones as well.

After thoughtful consideration, we have decided that the Senior Center will be open tomorrow, and that all classes and activities will be held as scheduled. We hope this decision will allow us to grieve together and just maybe we can begin to heal together as well.

As a life-long resident of Highland Park who lives and works in this beloved community – the pain is palpable – and we are experiencing this pain together. The outpouring of love and support our community has shown – is one of the reasons I love Highland Park. Together, we will get through this.

If you are seeking support after today's tragic events, you are invited to participate in a coordinated effort to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available for community members in need of support. Counseling will be available at the Highland Park High School, 433 Vine Avenue tomorrow (Tuesday) from 9:00 AM to 2:00 PM; please enter through the Vine Avenue entrance. Anyone who wishes to take advantage of counseling services, will need to present a valid driver's license or student ID to be cleared to enter the school; no appointments are necessary.

Message from Mayor Rotering

Today was the bloodiest day that we have ever experienced in Highland Park. This morning at approximately 10:14 AM a shooter opened fire with an assault weapon on a crowd attending our 4th of July parade. We know at this time that six individuals lost their lives and at least 24 were injured. Our hearts go out to the victims, families, and our community.

The attack prompted an immediate and well-coordinated response from multiple law enforcement agencies at the Federal, State, County, and local levels. A suspect, Robert "Bobby" Crimo III (age 22 of Highwood, Ill.) was identified and a massive manhunt ensued

At approximately 6:30 p.m., the suspect was apprehended on Route 41 at Westleigh Road. He was taken into custody without incident and is currently being processed through the Highland Park Police Department.

Throughout the day we have received offers of support and resources from public officials and agencies including President Biden. Fellow mayors have reached out from across the country, many who lead communities that have experienced this pain and tragedy. We thank Governor J.B. Pritzker, Senator Richard Durbin, Senator Tammy Duckworth, Congressman Brad Schneider, Illinois State Senator Julie Morrison, and Illinois State Representative Bob Morgan for coming to support our community and for providing every available resource.

I want to thank our first responders for their bravery and extraordinary efforts today. Our police and firefighters saved countless lives with their responses -- running into danger and taking immediate action to save others. We are grateful for these selfless acts. We know there were members of our community who rendered aid and assistance as well, and we thank each and every one of you for those efforts.

I also want to acknowledge and thank numerous agencies for their support including American Red Cross, World Central Kitchen, Lakeshore Country Club, Northmoor Country Club, Soul and Smoke food truck, Catering by Michaels, Northern Illinois Critical Incident Stress Management, local clergy and many other individuals and agencies have stepped up to provide food and support for our first responders. We are grateful for their generosity.

Our community, like so many before us, is devastated. It's impossible to imagine the pain of this kind of tragedy until it happens in your backyard. Gun violence - a mass shooting such as this casts a much wider net of agony than what the public is typically exposed to; it's a crisis that devastates entire families and communities in a single moment and we know will take time to heal.

Tomorrow the President will order our flags to fly at half-mast, and many public programs have been canceled. Please check with your camps and activities to see if they are operating. In the days and weeks ahead we will come together as a community to mourn and begin the path of healing. I will share more information as it is available.

Road and Business Closures

Numerous roads will remain closed in central downtown Highland Park for the FBI investigation, and many businesses will remain closed. The area closure spans Laurel Avenue from First Street to Elm Place and Green Bay Road from First Street to Elm Place (map below). Detours will be established, but please limit your travel only to essential business in Highland Park. The City is reaching out to business owners to share information, and will work with them to reopen as soon as possible.

Counseling Resources

A coordinated effort is also being made to provide crisis counseling to anyone in need. The City of Highland Park, District 112, District 113, and the Park District will have counselors available at Highland Park High School, 433 Vine Ave., for community members in need of assistance, tomorrow from 9:00 AM to 2:00 PM. No appointment is necessary. The Vine Ave. entrance will be open and anyone who wishes to take advantage of counseling services will need to have a valid driver's license or student ID to be cleared to enter the school.

The theme of this year's parade was community -- and while we are hurting -- we know that we will come together and support each other, as we always do, in difficult times. We are Highland Park strong.

Nancy R. Rotering, Mayor
City of Highland Park, IL

Sincerely,

Laura Frey, CPRP

Highland Park Strong: Grieving Together as a Community

Together, the City of Highland Park, the Park District of Highland Park, Highland Park High School / Township High School District 113, and North Shore School District 112 are grieving for the victims and the families of the horrific shooting today at what should have been a happy and joyous celebration.

Highland Park is a strong community, closely knit with shared values, priorities, and partnerships that were so clearly evident among the organizations, individuals, businesses, and entertainers participating in our parade today. As

we grieve together as a community, we need to support each other as a community. In the aftermath of this unthinkable tragedy, we are stronger together.

Counseling professionals will be available tomorrow, Tuesday, July 5, for students, staff and community members at Highland Park High School (433 Vine Ave.) from 9:00 to 2:00. No appointment is necessary, but only the Vine Ave. entrance will be open. Anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have a valid driver's license to be cleared to enter the school, which is the school's standard procedure for visitors to the school.
