Good morning everyone,

Thanks to all who were able to join us this morning. It was so greatly needed to check in with all of you this morning. Understandably, some were not available and that is fine. I am adding Erin Jason, from the City of Highland Park to this email and to further unify our forces for the benefit of families we serve. Andres, thank you for your leadership and expertise. Thank you all for articulating the needs that exist from the families and residents that trust us best especially during this unimaginable crisis.

We talked about moving forward with a press conference that Erin will take lead in helping to organize in Spanish and that Carmen will assist with so that our message can be articulated and our collective voices heard so that our Latino community is included in the ONE HP/HW COMMUNITY that we are all a part of. We had a wonderful opportunity for Erin to listen to the needs of the Latino community along with the services that need to be articulated so that nothing is lost in translation. As details of the press conference are being organized, **please take some time to populate the document shared** so that these services can be broadcasted from each of our pulpits including the City of Highland Park. It is important for our residents to learn where to go for support, to demystify stigmas of mental health, to emphasize that the governmental agencies like the FBI should not be that oof fear, as they are here to assist, to ensure that triage services can be provided, and then where to receive long-term support as the healing process will

take time. We are all hurting right now. But there is extreme power in our group to support each other and we have to use this power to support our families as well.

Please reach out to me at [REDACTED] and we will definitely continue these important conversations. Please text me if you have any trouble accessing the document. Keep in mind that this is a living document that will continue to grow as we move forward!

Love you all! Abrazos!

In response to the tragedy in Downtown Highland Park, the Celebrate Highwood organization has decided to cancel its regular programming for the Wednesday Evening Gourmet Market, tomorrow, July 6. There will be no vendors, sponsors or music onsite, rather we want Everts Park to become a haven for community to gather and honor the victims, survivors, and all those impacted by this senseless tragedy. We welcome the public to come out to a candlelight vigil at Everts Park from 6:30-9 PM and join our community members as we collectively grieve, process and begin to heal.

These are all great events aimed at supporting our families. My desire is to have a set unifying event that we all support for our families that will bring our Latino community together. Therefore, I would like to have a google meets meeting tomorrow at 9:30am to discuss organizing such event. Additionally, some in our group have discussed organizing a press conference with various media outlets where we can truly articulate the support for our community. I am adding a link below.

Good afternoon everyone,

With such sadness, I write this email to all regarding the tragic event that took place yesterday. I saw some of you yesterday as the parade had just started and some right as the tragedy was unfolding. I hope that all of you are ok and as well as can be I am still in shock but know we all have to work together now to ensure that the residents we work with are supported.

We have staff, including bilingual support available to any member of the community at Highland Park High School. There are also a couple of therapy dogs as well which can be incredibly helpful to anyone especially children. Staff and support will be available today until 2pm. Please share this information with your families.

Additionally, I am keeping all of those victims and their families who were impacted in my thoughts and prayers. A Gofundme page is set up the Toledo https://www.gofundme.com/f/mario-nicolas-toledo?utm_campaign=p_cp+share-sheet&utm_medium=copy_link_all&utm_source=customer.

I will continue to reach out with additional updates.

Items that are not being retained for evidence will be released as they are processed and may be picked up at the Family Assistance Center at Highland Park High School, 433 Vine Ave, Highland Park from 9:00 AM through 9:00 PM until Friday. Future dates and hours for item pick-up will be shared as it becomes available.

To:

Dear TrueNorth Families and Staff,

Community Counseling Resource

It is evident that the grief and the impact caused by Monday's horrific events have increased the community's need for access to counseling resources. Therefore, as City of Highland Park Mayor Nancy Rotering announced, the Highland Park Police Department, the American Red Cross, and the FBI Victim Services Response Team, with additional federal and state partners will provide assistance to enable expanded counseling services to students, staff, and community members at Highland Park High School today and tomorrow, Friday, July 8, from 9 a.m. to 9 p.m.

There are two updates to share with you regarding counseling services and the FBI's Family Assistance Center (FAC) at Highland Park High School.

1. The entrance to receive services at Highland Park High School has moved from the main entrance on Vine Street to the H-Entrance. The H-Entrance is on the north side of the school, near St. Johns Avenue and Woodpath Lane. Only the H-Entrance will be open. All visitors will check in at the H-Entrance and per school standard operating procedures, anyone who is not a current District 113 student or staff member who wishes to take advantage of counseling services will need to have a valid driver's license to be cleared to enter the school.
2. The FBI has released a map and information about personal effects from the parade route that have been cleared for pick up at Highland Park High School. That information can be found on this [web page](#).

Other Resources

1. All Lake County residents can call 211 or visit 211lakecounty.org for mental health resources and referrals.
2. As we shared earlier this week, The National Association of School Psychologists has some [resources about talking to your children about violence](#) that may be of help.

3. Compass Health Center in Northbrook is offering two clinician-led, virtual post-crisis support sessions tonight. [Here](#) is more information.
4. TrueNorth staff will continue to support student needs. Please contact your program administrator with any additional questions.

Estimadas familias y personal de TrueNorth,

Recursos de consejería comunitaria

Es evidente que el dolor y el impacto causado por los horribles eventos del lunes han aumentado la necesidad de la comunidad de acceder a recursos de consejería. Por lo tanto, como anunció la alcaldesa de la ciudad de Highland Park, Nancy Rotering, el Departamento de Policía de Highland Park, la Cruz Roja Estadounidense y el Equipo de Respuesta de Servicios para Víctimas del FBI, con socios federales y estatales adicionales, brindarán asistencia para habilitar servicios de asesoramiento ampliados para estudiantes, personal y miembros de la comunidad en Highland Park High School hoy y mañana, viernes 8 de julio, de 9 am a 9 pm

Hay dos actualizaciones para compartir con usted con respecto a los servicios de asesoramiento y el Centro de Asistencia Familiar (FAC) del FBI en Highland Park High School.

1. La entrada para recibir servicios en Highland Park High School se ha movido de la entrada principal en Vine Street a la entrada H. La entrada H está en el lado norte de la escuela, cerca de St. Johns Avenue y Woodpath Lane. Solo la entrada H estará abierta. Todos los visitantes se registrarán en la entrada H y según los procedimientos operativos estándar de la escuela, cualquier persona que no sea un estudiante actual del Distrito 113 o un miembro del personal que desee aprovechar los servicios de asesoramiento deberá tener una licencia de conducir válida para poder ingresar a la escuela.
2. El FBI ha publicado un mapa e información sobre la ruta del desfile que ha sido autorizada para recoger sus efectos personales que se encontraban en esta ruta. Pueden ser recogidos en Highland Park High School. Esa información se puede encontrar en esta [página web](#).

Otros recursos

1. Todos los residentes del condado de Lake pueden llamar al 211 o visitar 211lakecounty.org para obtener referencias y recursos de salud mental.
2. Como compartimos a principios de esta semana, la Asociación Nacional de Psicólogos Escolares tiene algunos [recursos sobre cómo hablar con sus hijos](#) sobre la violencia que pueden ser de ayuda.
3. Compass Health Center en Northbrook ofrece dos sesiones virtuales de apoyo posterior a la crisis dirigidas por médicos esta noche. [Aquí](#) hay más información.
4. El personal de TrueNorth continuará apoyando las necesidades de los estudiantes. Comuníquese con el administrador de su programa si tiene preguntas adicionales.

July 7, 2022

The City of Highland Park is heartbroken by the tragic shooting at the Independence Day Parade on July 4, 2022. As a community, we all share in grieving those who were killed or injured, and our hearts are with their loved ones. Since this unimaginable attack, Highland Park's businesses have stood in solidarity with the victims, survivors, their loved ones, and our community as a whole.

The City understands that the past few days have been especially challenging for business owners and employees, particularly those within the investigation area. While we can all acknowledge that the nature of this incident necessitates a thorough investigation that requires the preservation, as much as possible, of the crime scene, we also know that this has caused additional hardships in addition to the trauma we all experienced just a few days ago. We have prepared the below FAQ to share as much information as we can about this situation, help you to set timeline expectations for your employees, suppliers, and customers, and connect you with resources and assistance to best serve your customers and support your teams.

When can businesses within the investigation perimeter reopen for business?

We know this situation is difficult for our local businesses and we appreciate your patience.

The FBI and Lake County Major Crimes Unit are investigating a major crime. They must be thorough. The area will reopen as soon as we receive clearance from them. They anticipate allowing businesses within the perimeter to access

their place of business by Saturday, July 9 at 6 PM, but this is tentative. Access to your business does not mean you can open for business. As the scene is processed and evaluated, we will provide more information. The City will provide another update to businesses no later than Friday, July 8. The perimeter map follows below.

Why are some businesses within the investigation perimeter operating during the required closure?

Businesses within the perimeter are required to remain closed. Those that were operating have been notified that they must cease operation.

How do healthcare professionals contact their patients to let them know their office is closed until further notice?

While the FBI and Lake County Major Crimes Unit are investigating a major crime, you cannot enter any building within the investigation perimeter. If you cannot access your patient/client list remotely, please consider changing your voicemail message to inform callers that you are closed due to a local emergency and to leave their names and phone numbers so that you can call them back to reschedule. You can also provide an alternate phone number for them to call you or your staff.

How do businesses within the investigation perimeter get their mail during the closure?

Due to the recent events, the Postal service cannot deliver to the closed area due to the ongoing investigation. The Post Office currently has these deliveries on hold at the office. If any business affected by the investigation chooses to pick their mail up at the post office, they can do so during regular business hours. The post office will resume delivery once the authorities allow the Postal service access. Once this occurs, the postal service will deliver any mail currently on hold.

Will businesses within the investigation perimeter receive any

government funding to help them recoup lost revenue during the time they are unable to open? Will employees be compensated for lost wages?

No state or federal aid is available at this time. The City is researching opportunities for business assistance.

Are there counseling services available for the community beyond the next few days?

For a list of counseling services, please visit the City's [website](#).

What can businesses do to support those that are working and the Highland Park community? Can we drop off food?

We are truly humbled by the incredible outpouring of support and generosity of the community.

We urge those who wish to show their financial support to send donations to the Highland Park Community Foundation; a longtime local organization deeply embedded in the community which is in the best position to help our neighbors in need. They have set up a fund to directly assist victims, survivors, and those that support them. Visit hpcfll.org to submit donations.

If you or your business are interested in donating food or items to first responders, please contact hr@cityhpil.com with your contact information. We are keeping a list and will reach out should ongoing needs arise.

At this point in time please do not send food directly to any City locations in order to minimize duplicate donations.

Whom do we contact to volunteer to help those in need?

Immediate needs are being met through local, state, and national resources. The Volunteer Pool of Highland Park is maintaining a list of volunteers as a resource should there be a need for volunteers in the future. Individuals interested in having their contact information on file with the Volunteer Pool of Highland Park may email info@volunteerpoolhp.org with their name, contact information, and any specific areas of expertise.

Organizations with a need for volunteers may reach out to the Volunteer Pool which will assist them in connecting with volunteers.

Should additional information become available or volunteer needs arise we will share any relevant information on the City's website at cityhpil.com.

Where should businesses take belongings that were left along the parade route?

Please do not remove personal property left along the parade route as this is still an active investigation. A secure perimeter around the crime scene has been established:

Retrieving items outside the secure perimeter:

Public Works has picked up items left along the parade route outside the secure area and placed them on the north lawn of City Hall, 1707 St. Johns Avenue. Items will be added as they are collected.

Retrieving items within the secure perimeter

Property within the secure area is being processed by the FBI to ensure that all relevant evidence is gathered. Items that are not being retained for evidence will be released as they are processed and may be picked up at the Family Assistance Center at Highland Park High School, 433 Vine Ave, Highland Park from 9:00 AM through 9:00 PM until Friday. Future dates and hours for item pick-up will be shared as it becomes available.

Items recovered from zones 1 and 5, items from the north side of zone 3, and limited items from zones 4 and 6 on the map below are available for pick-up at this time. There were no personal items recovered in area 2. Items at the intersection of Second and Central are not available for pick-up.

We thank all affected individuals for their patience during this lengthy process as this may take a significant amount of time. Additional information regarding the return of personal effects at the scene will be shared as it becomes available.

What should restaurants within the investigation perimeter do with their spoiled food?

Lakeshore Recycling Systems is prepared to do a pickup of trash and dumpsters the day after businesses regain access to clear any rotting food from the business district. We will work with businesses on any additional assistance needed at that time.

Are there any vigils being organized?

Many compassionate individuals and organizations have organized vigils to honor the memory of those who were killed and offer support and healing in this challenging time. The City is publicizing information about vigils on its website.

What is the status of City-sponsored events?

We have temporarily paused City-sponsored community events for this week and next and anticipate resuming regular programming the week of July 17. We appreciate your understanding as our resources are heavily focused on the investigation. We are not canceling due to fear; we are focusing our resources on the investigation.

July 7, 2022

The City of Highland Park is heartbroken by the tragic shooting at the Independence Day Parade on July 4, 2022. As a community, we all share in grieving those who were killed or injured, and our hearts are with their loved ones. Since this unimaginable attack, Highland Park's businesses have stood in solidarity with the victims, survivors, their loved ones, and our community as a whole.

The City understands that the past few days have been especially challenging for business owners and employees, particularly those within the investigation area. While we can all acknowledge that the nature of this incident necessitates a thorough investigation that requires the preservation, as much as possible, of the crime scene, we also know that this has caused additional hardships in addition to the trauma we all experienced just a few days ago. We have prepared the below FAQ to share as much information as we can about this situation, help you to set timeline expectations for your employees, suppliers, and customers, and connect you with resources and assistance to best serve your customers and support your teams.

When can businesses within the investigation perimeter reopen for business?

We know this situation is difficult for our local businesses and we appreciate your patience.

The FBI and Lake County Major Crimes Unit are investigating a major crime. They must be thorough. The area will reopen as soon as we receive clearance from them. They anticipate allowing businesses within the perimeter to access their place of business by Saturday, July 9 at 6 PM, but this is tentative. Access to your business does not mean you can open for business. As the scene is processed and evaluated, we will provide more information. The City

will provide another update to businesses no later than Friday, July 8. The perimeter map follows below.

Why are some businesses within the investigation perimeter operating during the required closure?

Businesses within the perimeter are required to remain closed. Those that were operating have been notified that they must cease operation.

How do healthcare professionals contact their patients to let them know their office is closed until further notice?

While the FBI and Lake County Major Crimes Unit are investigating a major crime, you cannot enter any building within the investigation perimeter. If you cannot access your patient/client list remotely, please consider changing your voicemail message to inform callers that you are closed due to a local emergency and to leave their names and phone numbers so that you can call them back to reschedule. You can also provide an alternate phone number for them to call you or your staff.

How do businesses within the investigation perimeter get their mail during the closure?

Due to the recent events, the Postal service cannot deliver to the closed area due to the ongoing investigation. The Post Office currently has these deliveries on hold at the office. If any business affected by the investigation chooses to pick their mail up at the post office, they can do so during regular business hours. The post office will resume delivery once the authorities allow the Postal service access. Once this occurs, the postal service will deliver any mail currently on hold.

Will businesses within the investigation perimeter receive any government funding to help them recoup lost revenue during the time they are unable to open? Will employees be compensated for lost wages?

No state or federal aid is available at this time. The City is researching opportunities for business assistance.

Are there counseling services available for the community beyond the next few days?

For a list of counseling services, please visit the City's [website](#).

What can businesses do to support those that are working and the Highland Park community? Can we drop off food?

We are truly humbled by the incredible outpouring of support and generosity of the community.

We urge those who wish to show their financial support to send donations to

the Highland Park Community Foundation; a longtime local organization deeply embedded in the community which is in the best position to help our neighbors in need. They have set up a fund to directly assist victims, survivors, and those that support them. Visit hpcf.org to submit donations.

Hi Charlie,

First, I can't express enough how amazing your mom is and how much I enjoy working with her. The tragedy on July 4th has devastated our community in so many ways, and your mom has been a pillar of strength and perseverance, reinforcing that we are grieving together, but stronger together. I'm sure it has been hard on your family given where family and friends were at the parade. You are all in my thoughts and prayers.

In response to your request, the major agencies working on the investigation have been the following:

FBI
ATF
State of Illinois
Lake County Sheriff
Cook County Sheriff
Lake County Major Crimes Task Force
More than 30 area municipalities providing support

Hi Ghida,

Hope you've been hanging in there with everything that's happened over the past few days. Senator Durbin plans to introduce and pass a resolution in the Senate later today in honor of the horrific events that occurred on the Fourth, and I wanted to make sure that each and every agency that assisted Highland Park was mentioned in the resolution - local, county, state, and federal. Do you have a list of all the agencies that responded to the shooting on the Fourth and/or have assisted in the last few days?

Thanks so much,
Charlie Rotering
