To: ALL GENERAL CONTRACTORS

Re: Licensing of General Contractors

Effective March 1, 1994, it became a requirement that all general contractors doing business in the City of Highland Park become licensed. This licensing was approved by City Council to help ensure that Highland Park residents are served by quality contractors.

Attached please find the Application for General Contractor’s License. It is a requirement to list the names and addresses of the owners and partners of the business, as well as to disclose any outstanding and/or incomplete jobs or complaint violations filed in Highland Park against the company making application. Additional requirements include disclosure of felony convictions and the details of the offense, statement by the principals of the names, addresses, and birthdates of all of the officers and directors, and the state and date of incorporation. If the company is incorporated outside the State of Illinois, documentation of registry with the Secretary of State of Illinois to do business within the State must be provided. The completed license application, with its accompanying bond and insurance forms, must be submitted at the time the test is taken, and will be reviewed by the Building Division upon successful completion of the licensing examination. The license expiration date is one year from date of issuance, and the license fee of \$100 must be paid annually. An additional test fee of \$100 is charged each time the test is taken.

Testing for general contractors is offered BY APPOINTMENT ONLY. Appointments are Monday through Friday, 8:00 AM and 12PM. Please allow a maximum test time of 2 hours to complete the test. The test is open book. Testing is given at the Public Services Center, Building Division, 1150 Half Day Road, and shall be taken by the owner or co-owner of a company, or by a principal of the corporation. With benefit of license renewal (payment of annual fee) retesting is required only once every five years.

When arriving to obtain the license, have the completed application, original License and Permit Bond (incorporating the City rider), and Certificate of Insurance (\$1 million commercial general liability with the City of Highland Park named as additional insured), and the appropriate fees (checks should be payable to the City of Highland Park). Additional information is available by calling the Building Division offices at (847) 432-0808.
