

Miscellaneous: Water Service and Sanitary/Storm Sewer Repair in the Right-of-Way (ROW):

1. Permit Submittal Requirements-
 - a. Plumbing permit application. For bond/guaranteed deposit requirements please call the Building Division at (847) 432-0808
 - i. Replacement of an existing lead water service line is required.
 - ii. Replacement of an existing water service line having a water meter pit: existing pit must be removed and replaced with a buffalo box, and the water meter relocated to inside of building.
 - b. Building permit application for street obstruction (if required based on scope of work).
 - i. Roadway/Street restoration:
 1. Compaction testing per the Public Works Department specifications, is required prior to roadway/street restoration.
 2. Roadway/street opening restoration (patch) per the Public Works Department specifications.
 3. Parkway to be restored with grass seed or sod to the condition of pre-construction. If grass seed is used, it must germinate before the Plumbing permit is closed.
 - c. Tree preservation/removal permit application (if required based on scope of work).
 - i. (2) copies of Site Plan with tree survey/inventory (indicating size, location and condition of all trees 6" diam. or greater- measured at breast height, within construction zone), and tree preservation fence plan per the Tree Preservation Ordinance. For questions please call the Forestry Section at (847) 926-1179
