

**VILLAGE OF HUNTLEY
AGENDA SUMMARY**

May 25, 2023
Village Board Meeting

Agenda Item: **Consideration – A Resolution Approving the Bid Award to Patriot Pavement Maintenance for the 2023 Crack Sealing Program**

Department: **Public Works and Engineering – Administration and Engineering Division**

INTRODUCTION

The Crack Sealing Program is an effective and beneficial maintenance item to preserve the Village’s asphalt pavement investment. Pavement cracking is an inevitable characteristic of asphalt pavement as it ages. Left untreated, water can seep through the cracks and damage the base and sub-grade, which can destroy the load-bearing capacity of the roadway. Over time, more cracks can form causing alligator cracking then progressing to potholes and creating more costly repairs in the future. The Village plans to target the following areas in order of priority and as budget allows:

- Automall Drive (Curblin e & Roadway)
- Del Webb Blvd. (Eakin Creek Ct. to Hemmer Road/Curblin e & Roadway)
- Regency Parkway (West of Route 47/Curblin e & Roadway)
- NH 11 (Curblin e)

On April 6, 2022, the City of Crystal Lake received bids from three (3) contractors for the Municipal Partnering Initiative (MPI) Crack Sealing Program. The MPI is a municipality-based buying initiative where Agencies join forces to procure a wide range of public services in an effort to tap economies of scale. The City of Crystal Lake was the lead MPI agency for this project and prepared the necessary contract bid documents. The Municipalities reserved the right to renew this contract for up to one (1) additional year with 2023 being the second (2nd) and final year.

The bid results for Year 2 (2023) Crack Sealing Program and using the estimated quantities from all participating municipalities are summarized as follows:

| CONTRACTOR | BID AMOUNT |
|------------------------------|-------------------|
| Patriot Pavement Maintenance | \$276,143.50 |
| SKC Construction | \$328,605.00 |
| Denler | \$345,900.00 |

STAFF ANALYSIS

The bids have been reviewed by Public Works and Engineering Department Staff. All is in order to award the bid to Patriot Pavement Maintenance in the amount not to exceed \$75,000.00 for the 2023 Crack Sealing Program.

2022-2025 STRATEGIC PLAN ALIGNMENT

The Strategic Plan identifies “*Forward Looking Community*” as a strategic focus and the following goal: “*Management of Infrastructure Assets for Today and Tomorrow.*” Crack sealing is a cost-effective measure to extend pavement life and preserve the pavement condition.

VILLAGE OF HUNTLEY AGENDA SUMMARY

May 25, 2023
Village Board Meeting
