9"	\$25,833	\$27,125	\$26,620	\$27,951
10"	\$26,515	\$27,840	\$27,758	\$29,146
11"	\$29,388	\$30,858	\$30,281	\$31,795
12"	\$31,835	\$33,427	\$32,802	\$34,442

Fee is based on the size of the tap made that provides the domestic water service to the building.

For taps greater than 12", add \$1,000 per 1/2" increment.

1-1/2" is the minimum size required for residential units with fire sprinklers.

6" is the minimum size allowable for any fire service.

Meters and backflow devices are to be installed by the owner and their plumbing contractor.

Water meters are to be purchased and picked up from the Development Services Department.

2023 FEES EFFECTIVE DATE: 05/01/2023
