Dear Brad,

This letter and its attachments serves to satisfy the requirements of the Affordable Housing Mitigation Plan for the above mentioned project, pursuant to Code Section 30-638 (b).

**Affordable Housing Need**

Please refer to the attached “Exhibit A”, which outlines the calculation of the need for affordable housing created by the employee-generating development. Our development generates the need for 2.58 units of affordable housing per the attached “Exhibit A”.

**Method of Mitigation**

The method by which affordable housing shall be provided will be by way of construction of affordable units. The units are being permitted and constructed by a local developer who is building six (6) one-bedroom affordable units. We have been assigned units 3, 4, 5, and 6 as indicated on the attached conceptual site plan.

a. Conceptual Site Plan – Please refer to the attached “Exhibit B” for the conceptual site plan and building floor plans which illustrate the number of proposed affordable residential dwelling units. The attached “Exhibit C” illustrates the location of the proposed affordable units in relation to the employee-generating development. All adjacent land uses to the affordable units is residential use.

b. Tabular Summary of Affordable Units – Please refer to the attached “Exhibit D”.

c. Restrictions – The deed restrictions and restrictive covenants to be placed on the affordable units shall be recorded with the Affordable Housing Agreement prior to obtaining Certificate of Occupancy. We are working with the Village to establish the restrictions to be established within the Agreement.

The assignment of these four (4) units to our development provides a total of eight (8) affordable housing credits to meet the requirement of 2.58 units. Each one-bedroom unit provides two affordable housing credits.
We look forward to continuing to work closely with the Village of Islamorada and its residents to bring these beneficial improvements to the community. Please contact us with any questions.

Sincerely,
