Mr. Lawless,

This serves as an additional proposal to provide the Village Planning Department with staffing in light of the recent employment changes. After several weeks working with the department, I feel we have a good handle on what it would take to manage through this crisis until a permanent director is hired and adequate staffing is in place.

The current effort is comprised of a monthly fee of $17,000 per month. This includes 24 hours per week of service on site from Mr. Eric Ketterling at the level of Planner, and 8 hours per week from Mr. Corradino at the Planning Director level on site. For the first three weeks Mr. Corradino was on site for 13 hours, at no additional charge. These hours include time on site, staff meetings, meetings with management, department review, assessment and recommendations, telephone conferences with staff and applicants, and public meetings.

The new proposal would be in addition, to supply an additional planner, at the same level as Mr. Ketterling for 24 hours per week. Then supplement the workload of the two departed lead planners with Corradino’s senior planning staff, on an hourly basis. This staff would bill at the Senior Planner rate and handle all applications that would have been assigned to Mr. Stein and Mr. Bursa. They would pick up in process applications, assess them and complete them. These planners would primarily provide services remotely. Meetings with applicants would be held with me, on site, and the Corradino Senior Planners assigned to each application over the telephone. This staff would also be available to undertake any Village initiated efforts like code rewrites that may be requested by the Village Council. These would all be proposed on individually as lump sum tasks prior to initiation. Additionally, the Director position is proposed to move from 8 hours per week to 13 hours per week. The revised monthly fee would be $30,000/per month, plus hourly fees accumulated by Corradino’s Senior Planners at the assigned rate. I will monitor the City View system on a daily basis and distribute the work load to the junior staff as well as the senior consultant staff.

The new planner would be Mr. Kyle Dost. Mr. Dost is a graduate of Virginia Tech, with a Masters Degree in Urban Planning from the University of Florida. Between Mr. Dost, Mr Ketterling, Ms Lane and Ms Rumbaugh, I believe they will be able to handle some of the Lead Planners new and ongoing applications. Corradino, as listed in the original proposal (attached) has on staff 5 senior planners with availability to review applications. We have access to other professionals we employ on an hourly basis for just such emergencies. The outsourcing of applications and development of additional code modification if needed can easily be handled.

It may be possible to provide review services using the Cost Recovery Ordinance in the Village Code, Section 30-332 Cost Recovery. In many communities similar ordinances are used by which outside
assistance is used to process applications on an hourly basis, such assistance is billed directly back to the applicant. We should seek an opinion of the Village Attorney to confirm.
