

ISLAMORADA, VILLAGE OF ISLANDS, FLORIDA

ADDENDUM NO. 2

REQUEST FOR PROPOSALS-PROFESSIONAL SURFACE REPAIRS AND EXTERIOR PAINTING OF ISLAMORADA FIRE STATION 19 (RFP 21-09)

ISSUE DATE: November 18, 2021

This Addendum forms a part of the Request for Proposals (RFP) and clarifies the original RFP.

Question: On page one, it states how interested firms must submit sealed proposals packages by mail but on page 5, under ELIGIBILITY CRITERIA, it mentions how an electronic copy should be provided by email attachment or cloud storage link. At first we interpreted it as including an electronic PDF format on a Flash Drive in the envelope along with the required copies of the submission. But re-reading it, we are unsure if this is what was meant.

Answer: For this RFP, we will make the transmittal of a digital version optional. **DO NOT SUBMIT A FLASH DRIVE OR STORAGE DEVICE WITH YOUR SUBMITTAL PACKAGE.** If you choose to provide a digital version, it must be provided as a pdf document via email or cloud storage link. The email providing the document or link is to be addressed to: mary.swaney@islamorada.fl.us.
