

62-B District Court's Collection Policy

Michigan Court Rule 1.110 states:

Fines, costs and other financial obligations imposed by the court must be paid at the time of assessment, except when the court allows otherwise, for good cause shown.

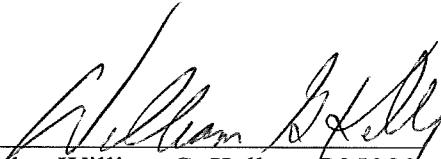

The court's collection policy for all fines, costs, fees, and other financial obligations ordered by the court is as follows:

1. All fines/costs/fees are expected to be paid at the time they are assessed.
2. Time to pay will only be granted with the completion of a financial statement, and the court determines that you do not have sufficient funds to pay the total due in one payment.
3. If less than \$125.00 is due, only one extension will be granted, regardless of financial status. **An initial payment of at least \$45.00 is expected.**
4. You can voluntarily agree to a wage assignment, in which your employer will deduct a designated amount from your pay check and forward a check to the court. **An initial payment of at least \$45.00 is expected**
5. If you have been approved for a payment plan, **An initial payment of at least \$45.00 is expected.** The court will provide you with a payment schedule that must be completed and signed.

****If you elect this option, the court will determine the amount and frequency of your payments.**

Some or all of the following actions will take place if you fail to pay your fines/costs/fees:

1. Overdue notice
2. Suspension of driver's license for failure to pay a traffic ticket
3. Order to show cause hearing
4. Civil contempt of court
5. Probation revocation
6. Garnishment of wages
7. Bench Warrant
8. Wage assignment
9. Income tax garnishment
