City and Residents First. We respect all people. We value equity and fairness. There are no hidden or personal agendas.

Act with Integrity. We believe in honesty, trust, altruism, and humility.

Authentic Communication Required. We seek to understand and communicate through meaningful conversation. We commit to know each other, not ambush one another.

Make the Best Decisions, at the Best Times, for the Best Reasons. We act responsibly, timely, and make informed decisions. We believe compromise and cooperation are not dirty words.

Inputs and Outputs Matter. We pay attention and put data before opinions. Outcomes matter.
