City of Kentwood to Open Brush Drop-off Site

Kentwood, Michigan, April 16, 2018 – The City of Kentwood will launch a new brush drop-off site to residents this May as a pilot project.

Residents of the City of Kentwood will be able to dispose of sticks, branches and logs at the Kentwood Department of Public Works, 5068 Breton Ave. SE, from May 7 to June 2. Kentwood residents can stop by between 8 a.m. and 8 p.m. Monday through Friday and 8 a.m. to 6 p.m. on Saturdays. The site will be closed on Sundays.

“Residents expressed a desire to have this service available, and we hope it will make spring cleaning and yard care easier,” said John Gorney, director of public works. “A drop-off site has worked well in other communities and we are excited for its launch in Kentwood.”

The site will not accept grass clippings, leaves, trash, dirt, concrete, asphalt, tires, rocks, stones, construction materials, glass or metal. The service is available to Kentwood residents only; anyone wishing to drop off items must show proof of residency.

More details can be found at www.kentwood.us.
