### INDEPENDENT AUDITORS' REPORT

November 2, 2017

Honorable Mayor and Members of the City Commission  
City of Kentwood, Michigan

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kentwood, Michigan, (the "City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kentwood, Michigan, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 9 and the information on pages 51 through 57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The continuing disclosure filing has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2017 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*Wendy Haefner LLC*

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

# Management's Discussion and Analysis

As management of the City of Kentwood (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2017.

## Financial Highlights

The financial statements, which follow this Management's Discussion and Analysis, provide these significant key financial highlights for the 2017 fiscal year as follows:

In fiscal year 2017, the City's taxable property values decreased by approximately 4% due to personal property taxation reform. This was more than offset by State Essential Services Assessment distributions. State shared revenue, the City's second largest revenue source, increased approximately 6% from the previous fiscal year related to higher state sales tax collections.

Fiscal year 2017 was a year of continued capital investment for the City. Projects included:

- Road rehabilitation projects, including construction in progress on 32<sup>nd</sup> Street, 44<sup>th</sup> Street, and Andrew Street, and traffic signal upgrades;
- Sidewalk and park facilities projects funded with Community Development Block Grant (CDBG) funds;
- Technology purchases, including a court server replacement, and police, fire and public works vehicle and equipment purchases, including a street sweeper and progress billings for a new fire engine.

## City of Kentwood Net Position

**Governmental activities.** Governmental activities increased the City's net position by \$2,458,014. Key elements of this increase are as follows:

- Infrastructure improvements partially funded by state and federal grants;
- Reporting of the City's Other Post-Employment Benefits (OPEB) Plan as an OPEB asset in accordance with GASB 75.
- Collections of special assessments and related interest;
- Accumulation of unexpended resources in the police and fire millage special revenue fund for future use to provide police and fire services, and accumulation of resources in the Property and Building capital projects funds for future asset purchases;
- Spending of resources previously accumulated in the Major, Local and Municipal Street Funds, and the Drain, Street Lighting, and Library Funds.

**Business-type activities.** Business-type activities increased the City's net position by \$1,246,610. Key elements of this increase are as follows:

- Operating revenue and investment income that exceeded operating expenses and transfers out;

## Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) Government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** The Government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues, earned but unused compensated absences, etc.).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, culture and recreation, and community and economic development. The business-type activities of the City include the water and sewer operations.

The government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate Economic Development Corporation (EDC) and Brownfield Redevelopment Authority for which the City is financially accountable. Information for these component units are reported separately from the financial information presented for the primary government itself.

**Fund financial statements** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general, police and fire millage, major streets, property and building and general projects funds which are considered major funds. Data is combined into a single aggregated presentation for the other governmental funds (non-major governmental funds). Individual fund data for each of the non-major governmental funds is provided in the form of combining statements and schedules.

The City adopts an annual appropriated budget for its general fund and all special revenue funds as required by state law. Budgetary comparison statements have been provided for the general and special revenue funds to demonstrate legal compliance.

**Proprietary funds** The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer operations. Internal service funds are accounting devices used to accumulate and allocate costs internally among the City's various functions. The City utilizes an internal service fund to account for its self insurance services. Because these services primarily benefit the City's governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the water and sewer funds, which are considered to be major funds of the City.

**Fiduciary funds** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resource of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the financial statements** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. This is limited to this discussion and analysis, required pension and other post-employment benefit plan information and major funds budget and actual presentations. Supplemental information follows the required supplementary information and includes combining and individual fund statements and schedules.

## Government-wide Financial Analysis

**Statement of Net Position** As noted earlier, net position may serve over time as a useful indicator of the City's financial position. In the case of the City, assets exceeded liabilities by \$117,888,267 at the close of the most recent fiscal year. The following chart illustrates the composition of net position.

### City of Kentwood Net Position

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>	
	2017	2016	2017	2016	2017	2016
<b>Assets</b>						
Current and other assets	\$56,588,948	\$54,139,553	\$10,927,161	\$10,303,656	\$67,516,109	\$64,443,209
Capital assets	54,878,608	53,956,260	18,631,933	19,081,130	73,510,541	73,037,390
<b>Total assets</b>	<b>111,467,556</b>	<b>108,095,813</b>	<b>29,559,094</b>	<b>29,384,786</b>	<b>141,026,650</b>	<b>137,480,599</b>
<b>Deferred outflows of resources</b>						
	1,205,861	3,140,712	-	-	1,205,861	3,140,712
<b>Liabilities</b>						
Current liabilities	2,369,395	2,257,774	40,557	477,859	2,409,952	2,735,633
Long-term liabilities	14,665,870	16,405,495	6,503,672	7,138,672	21,169,542	23,544,167
<b>Total liabilities</b>	<b>17,035,265</b>	<b>18,663,269</b>	<b>6,544,229</b>	<b>7,616,531</b>	<b>23,579,494</b>	<b>26,279,800</b>
<b>Deferred inflows of resources</b>						
	764,750	597,610	-	-	764,750	597,610
<b>Net position</b>						
Net investment in capital assets	45,063,879	43,227,285	12,128,261	11,942,458	57,192,140	55,169,743
Restricted	26,341,774	25,812,987	-	-	26,341,774	25,812,987
Unrestricted (deficit)	23,467,749	22,935,374	10,886,604	9,825,797	34,354,353	32,761,171
<b>Total net position</b>	<b>\$94,873,402</b>	<b>\$91,975,646</b>	<b>\$23,014,865</b>	<b>\$21,768,255</b>	<b>\$117,888,267</b>	<b>\$113,743,901</b>

By far the largest portion of the City's net position in the amount of 48% reflects its investment in capital assets (e.g., land, buildings, machinery and equipment and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position in the amount of 22% represents resources that are subject to external restrictions on how they may be used. The City's remaining balance of unrestricted net position in the amount of \$34,354,352 may be used to meet the City's ongoing financial obligations.

**Statement of Activities** The City's total revenue for the fiscal year ended June 30, 2017, was \$41,750,778 while total cost of all programs and services was \$38,046,174. This results in an increase in net position of \$3,704,624. The following table presents a summary of the changes in net position for the years ended June 30.

### City of Kentwood Changes in Net Position

<b>Increase (decrease) in net position</b>	<b>2,458,014</b>	<b>5,341,210</b>	<b>1,246,610</b>	<b>1,094,671</b>	<b>3,704,624</b>	<b>6,435,881</b>
<b>Net position – beginning</b>	<b>92,415,388</b>	<b>86,634,436</b>	<b>21,768,255</b>	<b>20,673,584</b>	<b>114,183,643</b>	<b>107,308,020</b>
<b>Net position – ending</b>	<b>\$94,873,402</b>	<b>\$91,975,646</b>	<b>\$23,014,865</b>	<b>\$21,768,255</b>	<b>\$117,888,267</b>	<b>\$113,743,901</b>

Beginning in 2017, the net position of governmental activities was increased by \$439,742 as a result of implementing GASB Statement Number 75, which is related to OPEB accounting.

**Governmental Activities** The preceding table shows that the governmental activities increased the City's net position by \$2,458,014 during this fiscal year. The increase is primarily the result of property tax revenues.

**Business-type Activities** Business-type activities increased the City's net position by \$1,246,610 during the year. This increase is primarily the result of charges exceeding operating expense during the year.

## Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a City's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$50,364,091, an increase of \$1,782,306 from the prior year.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, total fund balance was \$5,884,312, an increase of \$78,130. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance totaled \$5,014,267 or 18% of total general fund expenditures and transfers out.

The Police and Fire millage Fund is used to account for the receipt of property taxes restricted for expenditure on police and fire protection. The fund balance at the end of the year amounted to \$9,892,914, an increase of \$1,288,454 from the previous year.

The Major Streets Fund is used to account for the receipt and expenditures of state shared gas and weight taxes under Act 51, P.A. 1951 as amended. The fund balance at the end of the year amounted to \$5,980,320, a decrease of \$434,570 from the previous year.

The Property and Building Capital Projects Fund is used to account for funds saved for the construction or purchase of equipment and buildings, which reduces City borrowing related to these asset purchases. The fund balance at the end of the year amounted to \$7,419,210, an increase of \$967,462 from the previous year.

The General Projects Capital Projects Fund is used to account for resources restricted, committed or assigned for future building and expansion projects. The fund balance at the end of the year amounted to \$8,996,495, an increase of \$641,532 from the previous year.

**Proprietary funds** The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the water and sewer funds at the end of the year amounted to \$3,232,002 and \$7,654,602, respectively. The water fund had an increase in net position for the year of \$874,933 while the sewer fund had an increase of \$371,677. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City's business-type activities.

## Budgetary Highlights

- The City Commission, by resolution, amended the general fund budget once during the fiscal year ended June 30, 2017, which were related to year-end estimates prepared during the FY 2018 budget process.
- General Fund revenue budget to actual variances are due to several factors including higher than anticipated State Essential Services Assessments and revenue sharing distributions, federal and state grant revenues that vary with related costs; fee revenue that increased with improved economic activity; and decreased collections of fines and forfeitures.
- General fund expenditure budget to actual variances are due to several factors including staffing vacancies, rehires, reassignments and other changes; employee benefits costs that varied from amounts budgeted; variations in contractual services and supplies needed; and changes in customer utilization of activities.

## Capital Asset and Debt Administration

**Capital assets** The City's investment in capital assets for its governmental and business-type activities as of June 30, 2017, amounted to \$73,510,541 (net of accumulated depreciation). Of this amount, \$54,878,608 was for its governmental type activities and \$18,631,933 was for its business-type activities. This investment in capital assets includes land, buildings, equipment and vehicles, and infrastructure.

Significant additions consisted of various street projects. Additional information on the City's capital assets can be found in Note 5 to these financial statements.

**Long-term debt** At the end of the current fiscal year, the City had total long-term debt, including compensated absences outstanding of \$20,762,345 and long-term claims payable of \$75,000. Of this amount, \$14,333,673 was for governmental activities while \$6,503,672 was for business-type activities. The City has a AA bond rating from Standard & Poor's (affirmed April 21, 2014). Additional information on the City's long-term debt can be found in Note 9 to these financial statements.

## Economic Factors and Next Year's Budgets and Rates

The following economic factors were considered in preparing the City's budget for the 2017-2018 fiscal year:

- Property values are expected to increase by approximately 2.6%, which will be supplemented by State Essential Services Assessment distributions related to personal property taxation reform;
- State shared revenue is expected to increase by approximately 6%, based on MI Department of Treasury estimates;
- Compensation and employee benefits for City employees are estimated and included in the FY 2018 budget assuming full staffing for the entire year, and using provisions in completed collective bargaining agreements or anticipated changes for the bargaining unit in negotiations during the budgeting process. All four of the City's collective bargaining agreements are settled for FY 2018. Defined benefit pension and other post-employment benefit (OPEB) costs are calculated based on annual actuarial valuations.
- Transfers from Police & Fire Millage Fund – All police and fire operating costs are recorded in the General Fund, while revenues from the City's dedicated police and fire millage is recorded in a separate fund. The amount transferred is calculated based on the Police and Fire Department budgets reduced by the General Fund contribution level when a 1999 millage increase was adopted. Due to FY 2018 changes in County-wide funding of fire dispatch services that reduce total fire department costs, the General Fund contribution is reduced by the cost savings amount starting with FY 2018. Funding for police and fire capital purchases is now transferred directly from the Police & Fire Millage Fund to the Police Equipment and Fire Equipment Funds. The dedicated police and fire property tax revenue to be collected in FY 2018, and accumulated past collections and investment income, is sufficient to cover Police and Fire Department budgets and capital funding transfers without General Fund contributions in excess of the specified amounts.

## Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Thomas H. Chase, Finance Department, City of Kentwood, P.O. Box 8848, Kentwood, MI 49518-8848.

The accompanying notes are an integral part of these financial statements.

**CITY OF KENTWOOD**

**RECONCILIATION OF FUND BALANCE ON THE BALANCE SHEET  
FOR GOVERNMENTAL FUNDS TO NET POSITION OF  
GOVERNMENTAL ACTIVITIES ON THE STATEMENT OF NET POSITION**

**JUNE 30, 2017**

**Fund balances - governmental funds** \$ 50,364,091

Amounts reported for *governmental activities* in the statement of net position are different because

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds.

Add - capital assets not being depreciated	6,989,313
Add - capital assets being depreciated, net	47,889,295

The focus of governmental funds is on short-term financing. Accordingly, some assets will not be available to pay for current-period expenditures. Those assets (such as certain receivables) are offset by deferred inflows of resources in the governmental funds, and thus are not included in fund balance.

Add - deferred inflows for special assessments receivable	2,674,611
Add - deferred inflows for delinquent personal property taxes receivable	104,408
Add - deferred inflows for housing rehabilitation loans receivable	148,461

An internal service fund is used by management to charge the costs of centralized services, to individual funds. The assets and liabilities of the internal service fund are included in the governmental activities.

Add - net position of governmental activities accounted for in the internal service fund	149,813
--	---------

Certain items are not due and payable/receivable in the current period and therefore are not reported in the funds.

Deduct - bonds payable	(9,890,000)
Deduct - unamortized premiums on bonds payable	(18,393)
Deduct - landfill clean-up and other costs	(2,852,576)
Deduct - compensated absences payable	(1,497,704)
Deduct - long-term claims payable	(75,000)
Deduct - accrued interest on bonds payable	(81,330)
Add - net OPEB asset	859,499
Deduct - deferred inflows related to OPEB	(370,881)
Add - deferred outflows related to OPEB	174
Deduct - net pension liability	(332,197)
Deduct - deferred inflows related to pensions	(393,869)
Add - deferred outflows related to pensions	1,112,023
Add - deferred loss on bond refunding	93,664

**Net position of governmental activities** \$ 94,873,402

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

**CITY OF KENTWOOD**

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES**

**FOR THE YEAR ENDED JUNE 30, 2017**

**Net changes in fund balances - total governmental funds** \$ 1,782,306

Amounts reported for *governmental activities* in the statement of activities are different because

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.

Add - capital outlay	4,952,386
Deduct - depreciation expense	(4,030,038)

Some receivables are long-term in nature and are collectable over several years. However the current receipts are reflected as revenues on the fund statements.

Deduct - special assessment receipts	(368,879)
Deduct - personal property tax receipts	(27,316)

Issuance of bonds or notes provides current financial resources to governmental funds in the period issued, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond or note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

Add - principal payments on debt	925,000
Add - amortization of premium on long-term debt	2,627
Deduct - amortization of deferred loss on bond refunding	(13,381)
Deduct - increase in landfill clean-up liability	(1,085,764)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Add - decrease in compensated absences	30,306
Deduct - increase in long-term claims payable	(75,000)
Add - increase in deferred outflows related to OPEB	174
Deduct - increase in deferred inflows related to OPEB	(370,881)
Add - increase in net OPEB asset	419,757
Deduct - decrease in deferred outflows related to pensions	(1,921,644)
Add - decrease in deferred inflows related to pensions	203,741
Add - decrease in net pension liability	1,942,456
Add - decrease in accrued interest payable	4,683

Internal service funds are used by management to charge the costs of certain services to individual funds. The net revenue (expense) of the internal service fund is reported with governmental activities.

Add - increase in net position from the internal service funds	87,481

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Kentwood, Michigan (the "City") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the significant policies.

#### ***Reporting Entity***

These financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the City's operations, so data from these units are combined with data of the primary government. Discretely presented component units are reported in a separate column in the financial statements to emphasize they are legally separate from the City.

#### ***Blended Component Units***

**Building Authority** – The Building Authority is governed by a Board that is appointed by the Kentwood City Commission. Its sole purpose is to finance and construct the City's public buildings. The Building Authority had no activity during the year. A separate report is not prepared for the Building Authority.

#### ***Discretely Presented Component Units***

The component unit columns in the government-wide financial statements include the financial data of the Brownfield Redevelopment Authority and the Economic Development Corporation. These component units provide services to the businesses located within the districts. They are reported in a separate column to emphasize they are legally separate from the City.

**Brownfield Redevelopment Authority** – The Brownfield Redevelopment Authority is governed by a Board that is appointed by the Kentwood City Commission. Its purpose is to facilitate the implementation of brownfield plans relating to the designation and treatment of brownfield sites, and to promote the revitalization of environmentally distressed areas in the City. The Board Members are appointed by the City Commission, the City exercises control over the activity of the Brownfield Redevelopment Authority.

**Economic Development Corporation** - The Economic Development Corporation is governed by a board of up to 13 members appointed by the Kentwood City Commission. Its purpose is to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in relocating, purchasing, constructing, improving, or expanding within the City so as to provide needed services and facilities of such enterprises to the residents of the City. The Board Members are appointed by the City Commission, the City exercises control over the activity of the Economic Development Corporation.

#### ***Funds with Other Year Ends***

The financial statements of the defined benefit pension trust fund have been included in the financial statements using the fiscal year ended December 31, 2016.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### ***Government-wide and Fund Financial Statements***

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges between enterprise functions and other various functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

### ***Measurement Focus, Basis of Accounting, and Financial Statement Presentation***

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements, except for agency funds which do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 90 days of the end of the current fiscal period, except for, property taxes which uses a 60 day collection period, special assessments which uses a one year collection period and reimbursement-based grants and interest which uses a 6 month collection period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Property taxes, state revenue, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges for services. The principal operating revenues of the City's internal service fund is charges to City departments for self-insurance services. Operating expenses for the enterprise fund includes depreciation on capital assets, labor, supplies and contracted services. Operating expenses for the internal fund includes the cost of claims and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City reports the following major governmental funds:

The *general fund* is the general operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund.

The *police and fire millage fund* accounts for funds generated by property tax collections restricted for expenditure on police and fire protection.

The *major streets fund* is used to account for the construction and maintenance of streets. Financing is provided by the City's share of the State's fuel and weight taxes.

The *property and building capital projects fund* accounts for the accumulation and utilization of funds for the construction and purchase of facilities and equipment.

The *general projects capital projects fund* accounts for resources restricted, committed or assigned for future capital projects. Inflows primarily consist of private donations, special assessments, and interfund transfers.

The City reports the following major proprietary funds:

The *water enterprise fund* accounts for funds specifically intended for the operation, maintenance and capital improvements of the water supply system. Financing is provided by user charges and contributions by other funds, municipalities and customers.

The *sewer enterprise fund* accounts for funds specifically intended for the operation, maintenance and capital improvements of the sewage disposal system. Financing is provided by user charges and contributions by other funds, municipalities and customers.

Additionally, the City reports the following fund types:

The *Special Revenue Funds* are used to account for the proceeds of specific revenue sources (other than permanent trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

The *Debt Service Fund* is used to account for financial resources that are restricted, committed or assigned to expenditure for principal and interest on long-term debt.

The *Capital Projects Funds* account for the accumulation and disbursement of resources for the construction and purchase of governmental fund capital assets.

The *Internal Service Fund* is used to account for insurance coverage provided to the City departments and funds on a cost reimbursement basis.

The *Pension Trust Fund* is used to record the activities of the City's defined benefit pension plan.

The *Other Post-employment Benefits (OPEB) Trust Fund* is used to account for the operations of the other post-employment benefits plan which provides post-employment benefits to the City's employees.

The *Agency Funds* are used to account for the collection and disbursement of funds that are collected on behalf of outside governments or other parties.

### ***Budgets and Budgetary Accounting***

Comparisons to budget are presented for the general and special revenue funds. General and special revenue funds adopt a legal budget with remaining funds maintaining budgets as a management control device. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Mayor submits to the City Commission a proposed operating budget for the fiscal year commencing the following July 1. The operating budget is adopted at the department level.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to July 1, the budget is legally enacted through passage of a resolution.
4. Formal budgetary integration is employed for the governmental fund types as a management control device.
5. Budgets for the general and special revenue funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Annual budgets lapse at fiscal year-end.
6. Adoption and amendments of all budgets used by the City are governed by Michigan state law. The appropriations resolution is based on the projected expenditures budgets of the department heads of the City. Any amendment to the original budget must meet the requirements of Michigan law. Any revisions that alter the total expenditures of any department must be approved by the City Commission. Thus the legal level of budgetary control is at the department (activity) level. Supplemental appropriations were necessary during the year.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### ***Cash and Pooled Investments***

For the purpose of the statement of cash flows, the City considers all assets held in the cash and investment pool to be cash equivalents, because the investments are not identifiable to specific funds and the assets can be withdrawn at any time, similar to a demand deposit account.

### ***Investments***

Investments are stated at fair value at the balance sheet date.

City investment policy allows for all investment authorized by State statutes. State statutes authorize the City to invest in:

- a. Bond, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.
- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- d. Bankers acceptances of United States banks.
- e. Obligations of the State of Michigan and its political subdivisions that, at the time of purchase are rated as investment grade by at least one standard rating service.
- f. Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- g. External investment pools as authorized by Public Act 20 as amended.
- h. The City's defined benefit pension and OPEB plans are also allowed to invest in corporate debt and equity securities.

### ***Receivables/Due from Other Governments***

All receivables are recorded at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Uncollectible balances are immaterial to the financial statements.

### ***Special Assessments Receivable***

Special assessments receivable consist of long-term receivables from customers and benefited parties for various infrastructure improvement projects. Special assessments in governmental funds are recorded as revenue when due, not when levied. Estimated annual installments not yet available (due in more than one year) are reflected as deferred inflow in governmental funds. Special assessments are billed annually. Special assessments are recorded when levied on the government-wide and proprietary fund financial statements

### ***Prepaid Items***

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### ***Inventory***

All inventories are valued at original cost using the first-in/first-out (FIFO) method. Inventory represents parts, materials, and supplies utilized in the various City operations.

### ***Capital Assets***

Capital assets, which include land, construction in progress, buildings, equipment, vehicles, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental and business-type activities columns in the government-wide financial statements.

The capitalization threshold ranges from \$10,000 - \$25,000. Capital assets are defined by the government as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of three years. Such assets are valued at cost where historical records are available and at estimated historical cost where no historical records exist. Donated capital assets are valued at acquisition value (the price that would be paid to acquire an asset with an equivalent service potential in an orderly market transaction) on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

No interest expense has been capitalized on capital assets reported in proprietary funds.

Depreciation on capital assets (including infrastructure) is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings and improvements	40-50
Water meters	20
Storage tank improvements	15
Transportation and other equipment	4-20
Public domain infrastructure	20-50

### ***Unearned Revenue***

Funds report unearned revenue in connection with resources that have been received, but not yet earned.

### ***Compensated Absences***

Under contracts negotiated with employee groups and personnel policy, individual employees have a vested right to receive payments for unused vacation and other compensation depending on employment agreements. Accumulated compensated absences of governmental funds are recorded on the statement of net position and not on the governmental fund balance sheets because the balance is not expected to be liquidated with expendable available financial resources. Amounts accumulated for proprietary funds are reported on the statements of net position of the individual enterprise funds. Compensated absences reported for governmental activities are primarily liquidated from general fund resources.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### ***Long-Term Obligations***

In the government-wide financial statements and proprietary fund types in the fund financial statements, the long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Where applicable, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method which approximates the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs in the year of issuance. The face amount of debt issued and any premiums received are reported as other financing sources. Discounts on debt issuances are reported as another financing use. Issuance costs are reported as expenditures.

### ***Deferred Outflows/Inflows of Resources***

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualifies for reporting in this category. A deferred loss on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the life of the refunding debt. The City has items that qualify for reporting in this category related to the net pension liability which are discussed in Note 6. The City also has items that qualify for reporting in this category related to the net OPEB liability as discussed in Note 7.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has three items that qualifies for reporting in this category. One which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from special assessments and delinquent property taxes which are deferred and recognized as an inflow of resources in the period that the amounts become available. The City has items that qualify for reporting in this category related to the net pension liability which are discussed in Note 6. The City has items that qualify for reporting in this category related to the net OPEB liability as discussed in Note 7.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### ***Net Position/Fund Balance***

Governmental funds report fund balance in the following five categories:

1. Non-spendable - the related asset's form does not allow expenditure of the balance. The assets are either (a) not in a spendable form or (b) legally or contractually required to be maintained intact. Nonspendable fund balance would be equal to inventory, prepaid items, non-current financial assets, and the nonspendable portion of endowments.
2. Restricted - the related assets can only be spent for the specific purposes stipulated by charter, external resource providers, or as identified in enabling legislation.
3. Committed - the related assets can only be spent for a specific purpose identified by formal resolution of the entity's governing board.
4. Assigned - the related assets can only be spent for a specific purpose but do not meet the criteria to be classified as committed.
5. Unassigned - is the residual classification and includes all spendable amounts not contained in the other classifications.

The City Commission has delegated the responsibility for making fund balance assignments to the Committee of the Whole.

### ***Net Position and Fund Balance Flow Assumptions***

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position/fund balance and unrestricted – net position/fund balance, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to use restricted resources first, then unrestricted resources as they are needed. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

### ***Property Taxes***

City property taxes are attached as an enforceable lien on property as of July 1. Summer taxes are levied July 1 and are due without penalty on or before August 20. Winter taxes are levied December 1 and are due without penalty on or before February 14. Tax bills include the City's own property taxes and taxes billed on behalf of other taxing units. Real property taxes not collected as of March 1 are turned over to the County for collection, which advances the City 100% of the delinquent real property taxes. Collection of delinquent personal property taxes remains the responsibility of the City Treasurer. Taxes collected on behalf of other taxing units are accounted for in the agency fund. Property taxes levied in July of each year are recognized as revenue in the year in which they are levied.

### ***Intergovernmental Revenues***

Grants and assistance awards made on the basis of entitlement periods are recorded as due from other governments and revenue when entitlement occurs. Reimbursement-type grants are recorded as intergovernmental receivables and revenues when the related expenditure/expenses are incurred.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### *Interfund Transactions*

During the course of normal operations, the City has numerous transactions between funds. Transactions that constitute reimbursement to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed. Changes between enterprise funds and other functions of the City are not reimbursements because elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Remaining transactions are generally reflected as transfers.

## 2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS IN BUDGETARY FUNDS

Michigan law provides that a local unit shall not incur expenditures in excess of the amount appropriated.

In the body of the financial statements, the City's actual expenditures and budgeted expenditures for the budgeted funds have been shown on a functional basis. The approved budgets of the City for these budgeted funds were adopted at the department (activity) level.

During the year ended June 30, 2017, the City did incur expenditures in budgetary funds which were in excess of the amounts appropriated as follow;

	<u>Budget</u>	<u>Actual</u>	<u>Negative Variance</u>
<b>General Fund</b>			
Transfers out	\$1,159,900	\$2,417,808	\$(1,257,908)
<b>Street Light Fund</b>			
Transfer out	20,000	37,000	(17,000)

#### 3. CASH AND INVESTMENTS

The captions on the financial statements relating to cash and pooled investments and investments are as follows:

	<u>Primary Government</u>	<u>Component Units</u>	<u>Fiduciary Funds</u>	<u>Total</u>
Cash and pooled investments	\$58,763,981	\$770,441	\$ 127,234	\$59,661,656
Investments	-	-	38,871,750	38,871,750
Negative equity in pooled cash	(18,350)	-	(410,470)	(428,820)
	\$58,795,831	\$770,441	\$38,588,514	\$98,104,586

The cash and pooled investments making up the above balances are as follows:

Deposits	\$ 8,250,380
Investments	89,850,456
Petty cash	3,750
 Total	 \$98,104,586

The deposits are in financial institutions located in Michigan in varying amounts. State policy limits the Treasurer's investing options to financial institutions located in Michigan. All accounts are in the name of the City and a specific fund or common account. They are recorded in City records at fair value. Interest is recorded when earned.

The ratings and maturity for investments held at year-end are summarized as follows:

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

The S&P rating break down of the domestic and international bonds are as follows:

Rating	Amount
A	\$ 149,808
A-	417,304
A+	82,889
AA	28,974
AA-	465,718
AA+	163,533
AAA	63,194
BBB	1,187,551
BBB-	456,329
BBB+	1,160,134
Unrated	1,005
Total	<u>\$4,176,439</u>

The City categorizes its fair value measurements of investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of year-end.

- The money market accounts, Franklin US Government Securities Fund, large cap domestic equities, small and mid-cap domestic equities, international equities, real estate equities, GNMA pools, and negotiable CDs are valued using quoted market prices (Level 1 inputs).
- The treasury notes, domestic corporate bonds, international corporate bonds, and BlackRock Midcap Equity Index Fund, is valued using a pricing model utilizing observable fair value measures of fund/pool investments and other observable inputs to determining the fair value of the securities making up the of investments fund/pool (Level 2 inputs).
- The American Core Realty Fund and American Strategic Value Realty Fund has investments that report fair value based on significant unobservable inputs (Level 3 inputs).

The aforementioned investments do not include certificates of deposit which are classified as deposits for risk identification purposes.

#### ***Investment and deposit risk***

***Custodial Credit Risk - Deposits.*** Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned. The City minimizes this risk by pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors to be in compliance with the requirements set forth in the City's investment policy. As of year-end, \$8,261,572 of the City's bank balance of \$8,511,572 was exposed to custodial credit risk because the balance was uninsured and uncollateralized.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

*Interest Rate Risk.* State law and City policy limit the allowable investments and the maturities of some of the allowable investments as identified in Note 1, the summary of significant accounting policies. It is the City's policy to reduce interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the City's cash requirements.

*Credit Risk.* State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in Note 1, the summary of significant accounting policies. The investment policy does not have specific limits in excess of state law on investment credit risk.

*Custodial Credit Risk - Investments.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City minimized this risk by pre-qualifying the financial institutions, brokers/dealers, intermediaries and advisors to be in compliance with the requirements set forth in the City's investment policy. Of the \$89,850,456 of investments, the City has custodial credit risk of \$50,229,574 because the related securities are uninsured, unregistered and held by the government's brokerage firm which is also the counterparty for these particular securities. Of the above investments, \$39,620,882 is invested in mutual funds for which the City's custodial credit risk exposure cannot be determined because the mutual funds do not consist of specifically identifiable securities.

*Concentration of Credit Risk.* State law limits allowable investments but does not limit concentration of credit risk as identified in Note 1, the summary of significant accounting policies. The City's investment policy does not have specific limits in excess of state law on concentration of credit risk. The rating for each investment, where applicable, is identified above for investments held at year end.

*Foreign Currency Risk.* Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. The pension trust mitigates foreign currency risk by requiring the portfolio to be broadly diversified by number of holdings, by geographic location and across industry sectors. Country exposures are monitored through a quarterly performance report. Of the above investments, \$356,809 is exposure to foreign currency risk.

#### 4. INTERFUND TRANSACTIONS

Transfers in and out for the year ended June 30, 2017 are as follows:

<u>Transfers in</u>	<u>Transfers out</u>				<u>Total</u>
	<u>General Fund</u>	<u>Police and Fire Millage</u>	<u>Major Streets</u>	<u>Nonmajor Governmental</u>	
General fund	\$ -	\$10,586,228	\$ -	\$219,047	\$10,805,275

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### 6. PENSION PLANS

#### Defined Benefit Plan

##### *Plan Description*

The City of Kentwood Employee Pension Plan (the Plan) is a closed single employer defined benefit pension plan providing retirement and disability benefits to a portion of certain current and past City employees. The Plan is included as a pension trust fund in the City's financial statements; a stand-alone financial report of the Plan has not been issued.

##### *Benefits provided*

Benefits provided include plans with multipliers ranging from 2.6 to 2.7 of final average compensation. 50% vested after 5 years graded to 100% after 10 years. Normal retirement age is age 50 to 65 with early retirement at 45 to 50 with 10 years of service. Final average compensation is calculated based on the highest 5 of the last 10 years of service.

Membership of the defined benefit plan consisted of the following at the date of the latest actuarial valuation (December 31, 2016):

Active plan members	41
Inactive employees or beneficiaries currently receiving benefits	41
Inactive employees entitled but not yet receiving benefits	<u>7</u>
Total	<u><u>89</u></u>

##### *Contributions*

The City of Kentwood Employee Pension Plan was established and is being funded under the authority of the City Commission and under agreements with the unions representing various classes of employees. The plan's funding policy is that employees will contribute a fixed portion of their pay at rates specified in the plan document, and the employer will contribute any remaining required amounts as determined by an annual actuarial valuation. Current rates of employee contributions are 6% of compensation for police-patrol participants, 6.5% of compensation for police-supervisory participants, 7% for firefighter participants, and 4% for KGEA participants. The plan also calls for the City to contribute amounts sufficient to fund the plan in accordance with minimum funding standards of the Internal Revenue Code. There are no long-term contracts for contributions to the plan. The plan has no legally required reserves.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

---

#### **Net Pension Liability**

The employer's net Pension liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an annual actuarial valuation as of that date.

The total pension liability in the December 31, 2016 annual actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation: 2.74% (2% 2015-2016)

Salary Increases: 2.5%

Investment rate of return: 6.5%, net of investment expense, including inflation

As set forth in IRS Regulations for 2017 (1.430(h)(3)) for Non-annuitants, separately for males and females as well as annuitants and non-annuitants. Based on RP-2000 Tables with Scale AA.

The actuarial assumptions used in valuation were based on the results of the most recent actuarial experience study.

The long-term expected rate of return on pension plan investments was determined using a Building-Block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Expected Rate of Return</u>
US Equity	55%	5.3%
Fixed Income	35%	0.8%
Commercial Real Estate	10%	5.6%

The City, as plan sponsor and investment fiduciary, has chosen for the Plan an asset mix intended to meet or exceed a long term rate of return of 6.5%.

Discount rate. The discount rate used to measure the total pension liability is 6.5%. The projection of cash flows used to determine the discount rate assumes that plan member contributions will be made at the current contribution rate and the City contributions will be made at rates equal to the most recent recommended contribution expressed as a percentage of covered payroll. Based on those assumptions, the pension plan's fiduciary net position was projected to be sufficient to make all projected future benefit payments of current plan members. For projected benefits that are covered by projected assets, the long-term expected rate was used to discount the projected benefits. From the year that benefit payments were not projected to be covered by projected assets (the "depletion date"), projected benefits were discounted to a discount rate reflecting a 20 years AA/Aa tax exempt municipal bond yield. A single equivalent discount rate that yields the same present value of benefits is calculated. A discount rate is used of determine the Total Pension Liability. June 30, 2017 is the third year of required compliance with GASB 67, since the discount rate stayed the same as the prior year rate, there is no chance in the discount rate to disclose.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

**FOR THE YEAR ENDED JUNE 30, 2017**

### Changes in the Net Pension Liability

	Increase (Decrease)		
Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability	
(a)	(b)	(a)-(b)	
Balance at 12/31/15	\$35,247,326	\$32,972,673	\$2,274,653
Changes for the Year:

Balance at 12/31/16	\$36,925,657	\$36,593,460	\$332,197

**Sensitivity of the Net Pension Liability to changes in the discount rate.**

The following presents the net pension liability of the employer, calculated using the discount rate of 6.5%, as well as what the employer's net pension liability would be using a discount rate that is 1 percentage point lower (5.5%) or 1% higher (7.5%) than the current rate.

	1% Decrease	Current Discount rate	1 % increase
Total pension liability	\$41,412,576	\$36,925,657	\$33,162,221
Fiduciary net position	36,593,460	36,593,460	36,593,460
Net pension liability	\$ 4,819,116	\$ 332,197	\$(3,431,239)

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2017 the employer recognized pension expense of \$544,448. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences in experience	\$ -	\$393,869
Differences in assumptions	84,693	-
Excess(deficit) investment returns	258,330	-
Contributions subsequent to the Measurement date*	769,000	-
Total	\$1,112,023	\$393,869

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

\* The amount reported as deferred outflows of resources resulting from the contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the year ending June 30, 2018.

Amounts reported as deferred outflows and inflows of resources related to pensions (excluding subsequent contributions) will be recognized in pension expense as follows:

2018	\$117,365
2019	117,367
2020	50,525
2021	(305,799)
2022	(30,304)
Thereafter	-
Total	<u>\$(50,846)</u>

#### Defined Contribution Plan

The City of Kentwood defined contribution pension plan (the Plan) provides pension benefits for all employees working more than 1,300 hours per year exclusive of those participating in the City's defined benefit plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings.

Employees are eligible to participate immediately upon employment. The City contributes 8 – 12% of each participant's compensation to the Plan. The City's contributions are partially vested after from two to four years of service and 100% vested after seven years of service. The Plan provisions and contribution amounts were established by City Commission, based on collective bargaining agreements, and may be amended by City Commission. The Plan is administered by the ICMA Retirement Corporation.

The City's contribution of \$983,204 was calculated using the employee compensation amount of \$10,641,463. City employees also made pre-tax mandatory contributions to the Plan totaling \$452,423, which was 0 – 8% of covered payroll.

#### 7. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

##### Defined Benefit Plan

###### *Plan Description*

The City maintains a single-employer defined benefit healthcare plan (the "Plan"). In addition to the retirement benefits described in Note 6, the Plan provides health insurance benefits to certain retirees and their beneficiaries, which are advance funded on a discretionary basis. The Plan is included as an other post-employment benefits trust fund in the City's financial statements; a stand-alone financial report of the Plan has not been issued.

###### *Benefits provided*

In accordance with the collective bargaining agreements, retirees receive an employer-paid benefit toward health insurance premiums for the retiree and spouse. The retiree benefit amount is determined by multiplying \$12.00-\$13.50 by the employee's years of continuous active service. Upon the death of the employee or spouse, the employer's contribution will be reduced by 25%. The employer's contributions cease when the employee becomes eligible for Medicare benefits.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

Membership of the Plan consisted of the following at the date of the latest actuarial valuation (June 30, 2017):

Retirees and beneficiaries receiving benefits	16
Active plan members	62
 Total	 78

**Contributions**

The Plan was established and is being funded under the authority of the City Commission and under agreements with unions representing various classes of employees. The Plan's funding policy is that the employer will contribute any required amounts as determined by an annual actuarial valuation. There are no long term contracts for contributions to the Plan. The plan has no legally required reserves.

**Net OPEB Liability**

The employer's net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an annual actuarial valuation as of that date.

The total OPEB liability in the June 30, 2017 annual actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation: 2.00%

Salary Increases: 2.5%

Investment rate of return: 6.5%, net of investment expense, including inflation

Healthcare cost trend rates: Not applicable the benefit at retirement is fixed

As set forth in IRS Regulations for 2017 (1.430(h)(3)) for Non-annuitants, separately for males and females as well as annuitants and non-annuitants. Based on RP-2000 Tables with Scale AA.

The actuarial assumptions used in valuation were based on the results of the most recent actuarial experience study.

The long-term expected rate of return on OPEB plan investments was determined using a Building-Block method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Expected Rate of Return</u>
US Equity	70%	7.82%
Fixed Income	30%	3.9%

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

The City, as plan sponsor and investment fiduciary, has chosen for the Plan an asset mix intended to meet or exceed a long-term rate of return of 6.5%.

Concentrations. The Plan is invested 25% in VT II Model Port Moderate and 75% in VT II Model Port Aggressive.

Rate of return. For the year ended June 30, 2017, the annual money-weighted rate of return on investments, net of investment expense, was 19.65 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount rate. The discount rate used to measure the total OPEB liability is 6.5%. The projection of cash flows used to determine the discount rate assumes that Employer contributions will be made at rates equal to the most recent recommended contribution expressed as a percentage of covered payroll. Based on those assumptions, the Plan's fiduciary net position was projected to be sufficient to make all projected future benefit payments of current plan members. For projected benefits that are covered by projected assets, the long-term expected rate was used to discount the projected benefits. From the year that benefit payments were not projected to be covered by projected assets (the "depletion date"), projected benefits were discounted to a discount rate reflecting a 20 years AA/Aa tax exempt municipal bond yield. A single equivalent discount rate that yields the same present value of benefits is calculated. A discount rate is used of determine the Total OPEB Liability. June 30, 2017 is the first year of required compliance with GASB 74, so there is no required discount rate change to disclose.

#### Changes in the Net OPEB Liability

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a)-(b)
Balance at 6/30/16	\$2,311,251	\$2,750,993	\$(439,742)
Changes for the Year:			
Service cost	45,288	-	45,288
Interest	117,298	-	117,298
Change in benefits	-	-	-
Differences between expected and actual experience	(257,508)	-	(257,508)
Change in assumptions	203	-	203
Contributions : employer	-	-	-
Contributions: employee	-	-	-
Net investment income	-	330,921	(330,921)
Benefit payments, including refunds	(1,095,208)	(1,095,208)	-
Administrative expense	-	(5,600)	5,600
Other changes	283	-	283
Net changes	(1,189,644)	(769,887)	(419,757)
Balance at 6/30/17	\$1,121,607	\$1,981,106	\$(859,499)

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

**Sensitivity of the Net OPEB Liability to changes in the discount rate.**

The following presents the net OPEB liability of the employer, calculated using the discount rate of 6.5%, as well as what the employer's net OPEB liability would be using a discount rate that is 1 percentage point lower (5.5%) or 1% higher (7.5%) than the current rate.

	1% Decrease	Current Discount rate	1 % increase
Total OPEB liability	\$1,210,051	\$1,121,607	\$1,042,700
Fiduciary net position	1,981,106	1,981,106	1,981,106
Net OPEB liability	\$ (771,055)	\$ (859,499)	\$(938,406)
Plan fiduciary position as a percentage of the total OPEB liability	163.7%	176.6%	190.0%

**Sensitivity of the Net OPEB Liability to changes in the healthcare cost trend rates.**

The Net OPEB liability is not affected by changes in the healthcare cost trend rates because the benefit is a fixed amount.

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2017 the employer recognized OPEB expense of \$(49,050). The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences in experience	\$ -	\$220,721
Differences in assumptions	174	-
Excess(deficit) investment returns	-	150,160
<b>Total</b>	<b>\$174</b>	<b>\$370,881</b>

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

2018	\$(74,298)
2019	(74,298)
2020	(74,298)
2021	(74,298)
2022	(36,758)
Thereafter	(36,757)
<b>Total</b>	<b>\$(370,707)</b>

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

The annual requirements to amortize all debt outstanding (excluding accrued employee benefits) as of June 30, 2017 are as follows:

Year Ended June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2018	\$ 950,000	\$ 322,665	\$ 640,000	\$ 118,624
2019	1,000,000	301,410	650,000	108,736
2020	1,000,000	275,867	660,000	98,686
2021	1,025,000	247,637	265,000	98,424
2022	1,055,000	220,354	270,000	83,074
2023-2027	3,710,000	672,823	1,425,000	331,620
2028-2032	1,150,000	87,000	1,570,000	182,070
2033-2035	-	-	1,023,672	30,985
<b>Total</b>	<b>\$9,890,000</b>	<b>\$2,127,756</b>	<b>\$6,503,672</b>	<b>\$1,052,219</b>

The City is a party to certain agreements relating to the Economic Development Corporation bond issues. The agreements provide that the bonds are self-liquidating revenue bonds and no obligation to the City. The bonds are collateralized by the assets constructed with bond proceeds and are guaranteed by the recipient corporation. The amount of such bonds outstanding at year end was \$80,745,000

#### 10. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the government carries commercial insurance and participates in the Michigan Municipal Liability and Property Pool (the Pool). The City is covered for property and liability coverage through the pool. The City's contributions to the Pool are combined with other member contributions to provide members with coverage for property and liability claims. Funds not needed to pay claims or maintain reserves are either distributed to the members or credited toward future contributions. Settled claims have not exceeded commercial insurance coverage in any of the past three fiscal years. There were no significant changes in insurance coverage from the prior year.

The City manages its workers compensation risk by participating in the Michigan Municipal League Workers' Compensation Fund (MMLWCF), a public entity risk pool providing workers compensation coverage to its participating members. The City pays an annual premium to MMLWCF for its workers compensation coverage. The MMLWCF is self-sustaining through member premiums and provides statutory workers compensation coverage to its member by internally insuring certain risks and reinsuring risks through commercial companies. Settled claims have not exceeded insurance coverage in any of the past three fiscal years.

The City has transferred the risk of loss associated with employee health care by purchasing health insurance from commercial insurance carriers. On October 1, 2006, the City established a self-funded dental plan using a third party administrator for claims processing. On July 1, 2015, the City established a self-funded vision plan using a third party administrator for claims processing.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2017

The change in the claims liability for the year ended June 30, 2017 was as follows:

<u>Year</u>	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>End of Year Liability</u>
2017	\$36,000	\$198,949	\$178,949	\$20,000
2016	33,000	171,613	168,613	36,000

#### 11. CONTINGENT LIABILITIES

##### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability to applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

##### Litigation

In the normal course of its operations, the City has become a party in various legal actions, including property tax appeals. Management of the City is of the opinion that the outcome of such actions will not have a material effect on the financial position of the City. Amounts reserved for losses related to legal actions have not been included as a liability in the financial statements.

##### Landfill remediation

Paris Township, which later became the City of Kentwood, operated the old Kentwood Landfill from the late 1940's through 1972 at which time Kent County assumed operations until the landfill closed in May 1976. In 1980, the landfill was placed on the U.S. Environmental Protection Agency (EPA) Superfund national priority list of contamination sites. Studies of the landfill show that a variety of solvents, inorganic compounds and metals have contaminated groundwater. The EPA has also concluded that leachate, a hazardous liquid which seeps from refuse, might find its way into nearby Plaster Creek if corrective action is not taken.

Kent County and the EPA have negotiated a settlement to clean up the landfill over a 30-year period. On August 6, 1991, the City Commission approved an arrangement with the County whereby the City would be responsible for 20% of the total clean-up costs as a result of its prior operation of the landfill. The current present value estimate of remaining clean-up costs is \$14,262,880 of which the City would be responsible for \$2,852,576. No expenditures were paid by the City for landfill clean-up during fiscal year 2017. Under the plan developed by the EPA, contaminated groundwater and leachate is being pumped out, treated and the soil-and-clay cap, which covers the dump, is being maintained. Fencing has also been installed around the site.

The City is to cover these costs using assets accumulated from a 15 year millage that was approved by voters in November 1994, which has since expired. More recently, Kent County has established funding for County and City costs based on fees charged through waste haulers. In spite of this, because the City is still party to the EPA agreement, as of June 30, 2017, the City has accounted for the \$2,852,576 liability in the government-wide financial statements.

# CITY OF KENTWOOD

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2017

---

### 12. Tax Abatements

The City entered into property tax abatements agreements with local businesses under the Plant Rehabilitation and Industrial Development Districts Act, (known as the Industrial Facilities Tax Abatement) PA 198 of 1974, as amended, provides a tax incentive to manufacturers to enable renovation and expansion of aging facilities, assist in the building of new facilities, and to promote the establishment of high tech facilities. An Industrial Facilities Tax Abatement (IFT) certificate entitles the facility to a partial exemption from ad valorem real and/or personal property taxes for a term of 12 years as determined by the local unit of government. The agreements entered into by the City include claw back provisions should the recipient of the tax abatement fail to fully meet its commitments, such as employment levels and timelines for relocation. The IFT is computed at half the local property tax millage rate. This amounts to a reduction in property taxes of approximately 50%.

For the year ended June 30, 2017 the City abated property tax revenues of approximately \$350,000

Public Act 381 of 1996, the Brownfield Redevelopment Financing Act, was adopted in the State of Michigan as a means to authorize municipalities to create a brownfield redevelopment authority to facilitate the implementation of brownfield plans; to create brownfield redevelopment zones; to promote the revitalization, redevelopment, and reuse of certain property, including, but not limited to, tax reverted, blighted, or functionally obsolete property; to prescribe the powers and duties of brownfield redevelopment authorities; to permit the issuance of bonds and other evidences of indebtedness by an authority; to authorize the acquisition and disposal of certain property; to authorize certain funds; to prescribe certain powers and duties of certain state officers and agencies; and to authorize and permit the use of certain tax increment financing.

For the year ended June 30, 2017 the City abated property tax revenues of approximately \$10,000.

The City entered into a property tax abatement agreement with a local organization to provide housing for Low Income Persons and Families and to encourage the development of such housing by providing for a service charge in lieu of property taxes in accordance with the State Housing Development Authority Act of 1966 (1966 PA 346, as amended, MCL 125.1401, et seq, MSA 116.11-4(1), et seq). Under the agreement the organization pays 12% of annual shelter rent in lieu of taxes or the ad valorem property taxes whichever is smaller. The agreement is approved for a term dependent on the status of outstanding loans, participation in Low income housing tax credits, and rehabilitation of the property.

For the year ended June 30, 2017 the City abated property tax revenues of approximately \$55,000.

The City entered into property tax abatements agreements with a local businesses under the New Personal Property Exemption Act, PA 328 of 1998, as amended, affords a 100% property tax exemption for specific businesses located within eligible distressed communities. The property must be located within an established Industrial Development District. Exemptions are approved for a term of 12 years as determined by the local unit of government and the taxable value is exempted for the duration of the certificate.

For the year ended June 30, 2017 the City abated property tax revenues of approximately \$176,000.

### **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

November 2, 2017

Honorable Mayor and Members of the City Commission  
City of Kentwood, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kentwood, Michigan, (the "City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 2, 2017.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

2016	2017	2018	1,894,714,015	32,445,732	1,927,159,747	2.53

Per Capita Total Taxable Value for the Fiscal Year Ending June 30, 2018 (3)..... \$39,566

(1) Includes the value of qualified property located within the City's Tool & Die and Renewable Energy Renaissance Zones (the "Zones") which were created pursuant to the provisions of Act 376, Public Acts of Michigan, 1996 ("Act 376"), as amended. Act 376 was designed to stimulate private investment within the Zones through the abatement of certain property, income and business taxes. For the fiscal year ending June 30, 2018, the Taxable Value of property qualified for the benefits of the Zones program totaled \$2,200,209. Excludes the value of qualified property under Act 328, Public Acts of Michigan, 1998 ("Act 328"), as amended, "New Personal Property Exemption" available to eligible businesses engaged in manufacturing, mining, research and development, wholesale trade, or office operations bringing either new or additional business to the State of Michigan. The 100% property tax exemption continues for new acquisitions until the expiration date set by the local governmental unit. For the fiscal year ending June 30, 2018, the Taxable Value and State Equalized Valuation of property granted exemption under Act 328 is \$18,286,400. Also included are Brownfield parcels with a base taxable value totaling \$1,534,500, current value of \$1,960,590 and "captured" Taxable Value of \$426,090. Also included are County Land Bank Sold properties with a base taxable value totaling \$193,100, current value of \$238,601 and "captured" Taxable Value of \$45,501. Effective December 31, 2015, pursuant to the provisions of Act 92, Public Acts of Michigan, 2014, "Eligible Manufacturing Personal Property" commenced a six-year phase-in period to exempt it from taxation. A portion of the resulting reduction in property tax revenue may be replaced from State collections of Essential Services Assessments.

(2) At the full tax rate. See "Tax Abatement" herein.

(3) Based on the City's 2010 Census of 48,707.

## Tax Abatement

The City's SEV and Taxable Value does not include the value of certain facilities which have temporarily been removed from the Ad Valorem Tax Roll pursuant to Act 198, Public Acts of Michigan, 1974 ("Act 198" or the "Act"), as amended. The Act was designed to provide a stimulus in the form of significant tax incentives to industrial enterprises to renovate and expand aging facilities ("Rehab Properties") and to build new facilities ("New Properties"). Except as indicated below, under the provisions of the Act, a local governmental unit (i.e., a city, village or township) may establish plant rehabilitation districts, industrial development districts, and offer industrial firms certain property tax incentives or abatements to encourage restoration or replacement of obsolete facilities and to attract new facilities to the area.

An industrial facilities exemption certificate granted under the Act entitles an eligible facility to exemption from Ad Valorem Taxes for a period of up to 12 years. In lieu of Ad Valorem Taxes, the eligible facility will pay an industrial facilities tax (the "IFT Tax"). For properties granted tax abatement under Act 198 there exists a separate tax roll referred to as the industrial facilities tax roll (the "IFT Tax Roll"). The IFT Tax for an obsolete facility which is being restored or replaced is determined in exactly the same manner as the Ad Valorem Tax; the important difference being that the value of the property remains at the TV level prior to the improvements even though the restoration or replacement substantially increases the value of the facility. For a new facility the IFT Tax is also determined the same as the Ad Valorem Tax but instead of using the total mills levied as Ad Valorem Taxes, a lower millage rate is applied. Abatements granted prior to 1994 are all expired. For abatements granted after 1994, this millage rate equals 1/2 of all tax rates levied by other than the State plus none, 1/2 or all of the state education tax rate (as determined by the State Treasurer).

The City has established goals, objectives and procedures to provide the opportunity for industrial development and expansion. Since 1974, the City has approved a number of applications for local property tax relief for industrial firms. Most abatements have been for new industrial facilities. The SEV of properties which have been granted tax abatement under the Act 198, removed from the Ad Valorem Tax Roll and placed on the IFT Tax Roll totaled \$64,891,463 for the fiscal year ending June 30, 2018. The IFT Taxes paid on these properties is equivalent to Ad Valorem Taxes paid on \$32,445,732 of Taxable Value at the full tax rate (the "Equivalent Taxable Value"). Upon expiration of the industrial facilities exemption certificates the current equalized valuation of the abated properties will return to the Ad Valorem Tax Roll as Taxable Value. Personal property components of IFT certificates will not expire until the equipment is exempt as "eligible manufacturing personal property" (if applicable).

The City's SEV and Taxable Value includes the value of qualified property located within the City's Tool & Die and Renewable Energy Renaissance Zones (the "Zones") which were created pursuant to the provisions of Act 376, Public Acts of Michigan, 1996 ("Act 376"), as amended. Act 376 was designed to stimulate private investment within the Zones through the abatement of certain property, income and business taxes. For the fiscal year ending June 30, 2018, the SEV and equivalent Taxable Value of property qualified for the benefits of the Zones program totaled \$2,292,075 and \$2,200,209, respectively.

The City's Brownfield Redevelopment Authority was established and incorporated by resolution, pursuant to the provisions of Act 381, Public Acts of Michigan, 1996 ("Act 381"), as amended, adopted by the City Commission on December 6, 2005. Act 381 authorizes the Authority to undertake a broad range of improvement activities intended to promote the revitalization of environmentally distressed areas. These activities include, but are not necessarily limited to, baseline environmental assessments, due care activities, additional response activities, infrastructure improvements, demolition, lead or asbestos abatement and site preparation. The Authority Board is comprised of the board of directors of the Economic Development Corporation of the City of Kentwood appointed by the City Commission. The Authority Board prepared the original Brownfield Plan adopted by the City Commission on September 2, 2008 (the "Brownfield Plan"). The Authority has the responsibility for carrying out and overseeing the Brownfield Plan. Tax increment financing permits the Authority to capture tax revenues attributable to increase in value of real and personal property on the Eligible Property. The initial taxable value of the Eligible Property was \$1,534,500 (the "Initial Taxable Value"). The current taxable value of the Eligible Property has increased to \$1,960,590. The amount by which the current taxable value exceeds the Initial Taxable Value in any one year is captured taxable value (the "Captured Taxable Value"). The 2017 Captured Taxable Value is \$426,090. These sums include the second brownfield established in 2013.

Starting with the 2010 City assessment roll is a "New Personal Property Exemption" under Act 328, Public Acts of Michigan, 1998 ("Act 328"), as amended. Eligible businesses engaged in manufacturing, mining, research and development, wholesale trade, or office operations bringing either new or additional business to the State of Michigan may be eligible for this exemption on personal property brought into Michigan after the date of approval for exemption. The exemption continues for new acquisitions until the expiration date set by the local governmental unit. This is a 100% property tax exemption. One exemption has been granted, exempting \$18,286,400 in SEV and TV from the rolls. These amounts are not included

in the ad valorem totals for the fiscal year ending June 30, 2018. This exemption will continue past the December 2015 expiration date indefinitely until all equipment is exempted as “eligible manufacturing personal property”.

(1) *Principal Residence* means a dwelling or unit in a multiple-unit dwelling subject to ad valorem property taxes that is owned and occupied as a principal residence by the owner of the dwelling or unit. Principal residence includes all unoccupied property classified as agricultural or residential adjacent and contiguous to the home of the owner that is not leased or rented by the owner to another person if the gross receipts of the agricultural or horticultural operations, if any, exceed the household income of the owner. If the gross receipts of the agricultural or horticultural operations do not exceed the household income of the owner, the homestead includes only 5 acres adjacent and contiguous to the home of the owner. Principal residence includes a life care facility registered under the living care disclosure act, Act No. 440 of the Public Acts of 1976, being sections 554.801 to 554.844 of the Michigan Compiled Laws. Principal residence also includes property owned by a cooperative housing corporation and occupied as a principal residence by tenant stockholders. *Non-principal residence* is property not included in the above definition.

(2) The Kentwood Public Schools is the largest school district within the City. Portions of other school districts overlap the City's boundaries. The lowest and highest non-principal residence millage rates for the other overlapping school districts for the fiscal year ending June 30, 2017 ranged from \$25.0000 to \$26.6000 for each \$1,000 of Taxable Value, respectively. The total tax rates for property owners in other school districts would change accordingly.
