8.1 Comprehensive Plan Update-Keith Liden

Keith Liden, City Planner, presented an update on the status of the City's current Comprehensive plan including the history and additions or amendments. Although the City is not required to update our plan every five years as other cities, it is probably a good time to do so based on changes in the last several years and the upcoming Urban and Rural reserves decisions. Keith outlined potential steps to be taken to organize the process and seek funding.

Following discussion, the Council requested that Keith prepare an outline of potential funding sources and a modified scope of work to be reviewed by the Planning Commission and Council.

Councilor Winn suggested that the Council review in detail the existing Comprehensive Plan prior to meeting with the Planning Commission.
