BUDGET MESSAGE

FISCAL YEAR 2023 - 2024

To: Honorable Budget Committee Members

From: Michael Weston, City Manager, and Budget Officer

This budget is a continuation of the level of service approved and enacted in last year's budget. The City Council has established goals and objectives for the upcoming year and based on funding, we will attempt to implement those.

The budget being proposed addresses the growth opportunities within and outside of our City. We have set aside capital improvement funds that will improve large portions of our infrastructure and address some smaller concerns. We have also set aside funds to address growth criteria for future development located in our urban reserves.

You will find that we typically budget very conservatively, ensuring that we underestimate revenues and overestimate expenditures. Over the past three years we have attempted to keep all projects within budget parameters and over budget on most revenues.

Budgeting conservatively, we estimate that the beginning fund balance for all funds in fiscal year 2023-2024 will be little over \$4 million; reflecting a net increase of approximately \$314,000 from the previous fiscal year (FY22-23).

The city budget is a spending plan for the upcoming year based on estimated funds available from various sources. These estimates are based on current trends and anticipated changes in the next year. City staff continually evaluates these trends and recommends adjustments to the budget throughout the year as needed.

The current budget proposal shows an overall increase of approximately \$26 thousand in revenues and expenditures in the General Fund compared to FY22-23. due to the increase in various tax and fee revenues.

Over the past year and at the advice of our accountant the City has changed the way we are handling outstanding citations. When outstanding citations remain unpaid for an extended period of time, we send those citations to a collection company for collections. The total outstanding balance assigned to the collection company was around \$588,000. Since fiscal year 2020/2021 the City has written off

portions of the potential collection or bad debt, in 2020/21 we wrote off \$238,405, in 2021/22 the City wrote off \$132,158 and in 2022/23 the City wrote off another \$50,000 from the budget line "accounts receivable non-collectable". In 2023/2024 the City intends to write off another \$50,000. By writing off and offsetting these bad debts the City intends to better reflect our true financial position.

The proposed budget is balanced and has been prepared under the guidelines of Oregon Budget Law.

King City's (Permanent) Tax Rate is 1.5261 and the Local Option Levy rate for Law Enforcement is 0.63. Both are per \$1000 of assessed valuation.

The assessed value for the City of King City is \$609,885,918 for FY22-23. Based on a 3% increase per year, the city's budgeted property tax revenue is expected to increase from \$1,287,000 in FY22-23 to 1,337,000 in FY23-24.

No action of the local government can increase the permanent tax rate.

The city didn't have any new residential building units in FY 21-22 and FY22-23. And we are projecting there will be about 15 in FY 23-24.

The budget proposes a combined \$1,816,626 in the Contingency and Reserved for Future Expenditures accounts in the general fund. As we have discussed in the past, the City operates for the first 4 months of the budget year on money carried over from the previous year. We anticipate beginning the 23-24 budget year with \$2.2 million of carry-over balance. The projected expenditures would end the 23-24 budget year with a carry-over balance of \$1,816,626. Maintaining the status quo instead of the increases we have seen in the past reflects the planning and other outside services associated with the projected growth, and the increase in the tax and fee revenues.

The goal of city staff is to properly manage the resources of the city in a conservative and appropriate manner while providing the highest level of service to our residents. Providing high levels of service will continue to be a difficult task with needs and demands outstripping available revenues. Consideration of alternative revenue sources will continue while recognizing that options are limited.

I would like to thank the City Council, members of the Budget Committee, City Staff and consultants for your participation and input as we move through the process of finalizing this budget.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael J. Weston II", with a long horizontal flourish extending to the right.

Michael J Weston II, MPA
City Manager, King City

General Fund Expenditures

The General Fund expenditure is comprised of nine programs: City Council, City Manager, Planning & Finance, Public Information, Municipal Court, Building Department, Police, Debt Service and General Services.

In reviewing the detailed expenditures, we will address line items that depict any unusual increase or decrease.

City Council: There are no major changes

City Manager We have budgeted 70,000 in Park Maintenance, \$20,000 increase from FY22-23

Planning & Finance: Budgeted \$68,350 for City Planner position, and budgeted \$50,000 in Accounting Services – a \$50,000 decrease from FY22-23. Budgeted \$30,000 for Contract Services Miscellaneous – GIS, public outreach, Caselle support.

Public Information: There are no major changes.

Municipal Court: There are no major changes

Building Department: There are no major changes

Police Department: There are no major changes. We have budgeted \$60,000 for the patrol vehicle purchase.

Debt Service : We have budgeted \$100,000 for the payment of loan that the city borrowed from Business Oregon for the City Hall remodeling project in FY18-19.

General Services :

\$600,000 in contingency.

\$1,116,626 in Reserved for Future Expenditure account.

*****Contingency** - An amount appropriated in anticipation that some operating expenditures will become necessary which cannot be foreseen and planned in the budget.

*****Reserve for Future Expenditure** - An amount budgeted, but not appropriated, that is not anticipated to be spent in the fiscal year, but rather carried forward into future fiscal years. The correct way to "save" money under Local Budget Law

Street Fund

Requirement:

The Oregon Constitution, Article IX, Section 3a states that revenue from state highway tax "...shall be used exclusively for the construction, reconstruction, improvements, repair maintenance, operation and use of public highways, roads, and roadside areas...".

Summary:

The City Council approved on Feb.2, 2005 Ordinance 0-05-05, adopting a public utility privilege tax. The privilege tax of one and one-half percent is imposed on the gross revenue received from customers within the City by Portland General Electric Company. The revenue will be used to offset the costs of street lighting.

The FY2023 - 2024 proposed Street Fund budget reflects a beginning balance of \$450,000 and an expenditure of \$400,000 for street improvements project.

Park System Development Charges

Requirement:

The King City Council approved, on March 4, 2004, Resolution R-04-04 which established the criteria for a Park System Development Charge.

Allocation of Funds:

The City can only use the SDC revenues for capital improvements. The revenue from the SDC fee may be used on any park-related capital improvement, including replacing existing components. The statutes restrict the City's use of revenue from the improvement fee to those improvements that did not exist at the time the SDC was created or updated and that increase capacity.

The list of Capital Improvements are as following:

Land Acquisition

Site Improvement

Landscaping

Equipment

SDC Update & Administration

The FY2023 - 2024 proposed Park Fund budget reflects a beginning balance of \$100,000 and an expenditure of \$20,000 for Park improvements project.

Transportation Development Tax

On Tuesday November 4, 2008 the citizens of Washington County voted for a Transportation Development Tax (TDT). The TDT replaced the previous tax, known as the Traffic Impact Fee (TIF), passed county-wide in 1990. The TDT went into effect on July 1, 2009, increasing the previous TIF rates as well as updating and clarifying various procedures. The TDT essentially doubled the TIF rates developers pay for the impact new development has on the transportation system.

The TDT is levied countywide including within the Cities. The new rate is phased in over 4 years, through July 1, 2012. After July 1, 2013 the rates can increase at a rate of no more than 10% per year, based on an index tracking the costs of road construction material, labor, and right-of-way. Non-residential developments which had land use approvals prior to July 1, 2009 are charged based on the prior TIF rates. Developments may also receive credits for constructing eligible transportation improvements.

The TDT is based on the estimated traffic generated by each type of development. All revenue is dedicated to transportation capital improvements designed to accommodate growth. Eligible projects are on major roads, including sidewalks and bike lanes, as well as transit capital projects (such as bus shelters).

The TDT is not a property tax. New development is required to pay the tax when a building permit or occupancy permit is issued. Remodeling, temporary uses, and state and federal government buildings are exempt.

There are no major changes in the FY23-24 budget

American Rescue Plan Spending: Recommended Guiding Principles

<https://www.gfoa.org/american-rescue-plan-spending-guiding-principles>

Signed into law on March 11, 2021, **The American Rescue Plan Act of 2021** (“ARPA”) provides \$350 billion in additional funding for state and local governments. **Please click here for GFOA’s analysis of ARPA.** The state funding portion is approximately \$195 billion with \$25.5 billion distributed equally among the 50 states and the District of Columbia and the remaining amount distributed according to a formula based on unemployment.

The local funding portion is approximately \$130 billion, equally divided between cities and counties. Localities will receive the funds in two tranches—the first after the U.S. Treasury certifies the proceeds to each jurisdiction and the second one year later.

For cities, \$65 billion is divided between jurisdictions that are Community Development Block Grant (CDBG) entitlement jurisdictions and those that are not. \$45.5 billion of the \$65 billion will be allocated to metropolitan cities utilizing a modified CDBG formula, and the remaining amount for jurisdictions that are non-entitlement CDBG, will be allocated according to population. For the non-entitlement jurisdictions, the amount will not exceed seventy- five percent of their most recent budget as of January 27, 2020. Additionally, non-entitlement jurisdictions proceeds will be allocated through the state for redistribution to local governments.

For counties, the \$65 billion will be allocated based on the county’s population. Counties that are CDBG recipients will receive the larger of the population or CDBG-based formula.

Eligible uses of these funds include:

- Revenue replacement for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency, relative to revenues collected in the most recent fiscal year prior to the emergency,
- COVID-19 expenditures or negative economic impacts of COVID-19, including assistance to small businesses, households, and hard-hit industries, and economic recovery,
- Premium pay for essential workers,
- Investments in water, sewer, and broadband infrastructure.

Restrictions on the uses of these funds include:

- Funds allocated to states cannot be used to directly or indirectly to offset tax reductions or delay a tax or tax increase;
- Funds cannot be deposited into any pension fund.

Funding must be obligated by the end of calendar year 2024 and expended by the end of calendar year 2026.
