RE: Urban Growth Boundary Expansion | King City 6D Urban Reserve Area

Dear Michael,

As a collaborator in the Lake Oswego-Tigard Water Partnership, we look forward to continuing to work with our community partners around the region to meet the expectation of delivering reliable water per the service agreements set forth in the currently-held Intergovernmental Agreement between the City of Tigard and King City.

Per the terms of the current IGA signed by King City in 2015, Tigard's Water District and collaborative partners are the anticipated service providers for the urban reserves under consideration and we look forward to working closely with your city to plan for adequate facilities which support the urbanization of any future development of Urban Reserve Area 6D should it be brought in during 2018 or a future Urban Growth Boundary expansion.

Sincerely,

John L. Cook, Mayor
City of Tigard
