<i>This policy applies to all Village of Kronenwetter employees in the categories checked in this section. Provisions within individual personal contracts or a collective bargaining agreement may supersede certain parts of this policy.</i>			

Purpose – The Kronenwetter Fire Department occasionally utilizes existing buildings which the property owner wishes to raze for fire trainings. This policy relieves the property owner of the expense of paying the fee associated with the razing permit.

Policy - The Village of Kronenwetter will waive the fee associated with the razing of the structure if the Village of Kronenwetter Fire Department will be utilizing the structure for training. The owner will still be required to take out a permit through the Village Building Inspector and the Fire Chief will need to provide a note confirming the structure will be used by the Fire Department. The owner is also still responsible for getting any of the required permits through the State of Wisconsin or any other agency that requires a permit.
