MISSION STATEMENT

"Dedicated to Our Community, Committed to Service Excellence"

March 22, 2023

Honorable Mayor and
Members of the City Commission, and
Citizens of the City of Leesburg, Florida

It is our pleasure to submit this Annual Comprehensive Financial Report (financial report) for the City of Leesburg, Florida (City) for the fiscal year ended September 30, 2022. The report fulfills the requirements set forth by State law in accordance with Section 218.39, Florida Statutes, and Chapter 10.500, Rules of the Auditor General, which require that all general purpose local governments publish each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) in the United States and audited in accordance with auditing standards generally accepted in the United States by a firm of licensed certified public accountants.

The financial report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements are free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Florida Statutes require that an annual financial audit be performed by independent certified public accountants. This year the audit was performed by MSL, P.A. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2022 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended September 30, 2022 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The City is also subject to a broader, mandated “Single Audit” designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements - with special emphasis involving the administration of federal and state awards. For the fiscal year ended September 30, 2022, the City's expenditures of Federal and State financial assistance met the required Federal and State thresholds for reporting on such by the City and the independent auditor.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the report of the independent auditor.

Profile of the Government

The City of Leesburg was founded and first settled in 1857 by Evander H. Lee, a native of Sumter, South Carolina. The City received its name as a result of shipping directions given by Calvin Lee, Evander’s brother, during a merchandising trip to New York City in 1866. By a vote of 23 to 2, the City of Leesburg was incorporated on July 12, 1875. The City was originally part of Sumter County and served as the County seat until 1882 when the Florida Legislature created Lake County. The City has been a part of Lake County since then and is the oldest and second highest populated of the fourteen incorporated municipalities in Lake County, which include Astatula, Clermont, Eustis, Fruitland Park, Groveland, Howey-in-the-Hills, Lady Lake, Mascotte, Minneola, Montverde, Mount Dora, Tavares, and Umatilla.

The City of Leesburg is a political subdivision of the State of Florida. As such, it is governed by, and derives its operating authority from, the constitution and laws of the State of Florida. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing body.

The City operates under a commission/manager form of government, with a governing body consisting of five City Commissioners, elected to staggered four-year terms. The commission members must meet district residency requirements. One of the commissioners is selected by the other four as Mayor to serve a one-year term. The City Commission is responsible for, among other things, passing ordinances and resolutions, adopting the budget, appointing committees, and hiring the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances adopted by the City Commission, for overseeing day-to-day operations of the City, appointing the department heads and approving the hiring of all employees.

The City provides a traditional mix of governmental services, including police and fire protection, the construction and maintenance of streets and infrastructure, library, recreational activities, cultural events, planning, zoning, housing, and administrative services. The City also provides a full range of utility services, including electric, natural gas, solid waste, water, reuse water, wastewater treatment, and stormwater drainage. The City has an international airport as well. In addition, the City has three Community Redevelopment Agencies (CRA), which are Greater Leesburg, Carver Heights/Montclair Area, and U.S. Highway 441&27.

The City is situated between Lake Harris and Lake Griffin in Lake County. To the south, the City extends past the intersection of U.S. Highway 27 with County Road 48, and south on County Road 33 past the

Florida's Turnpike. The City extends west on County Road 48 and County Road 470 past the Florida's Turnpike to the Sumter County line. To the east, the City follows U.S. Highway 441 to County Road 473; the north is bounded by U.S. Highway 441 at Fruitland Park. The City occupies a land area of 40 square miles and has a population of approximately 28,833 residents. The City is located in north central Florida, midway between the Gulf of Mexico and the Atlantic Ocean, approximately 200 miles southeast of the State Capital, Tallahassee, 80 miles northeast of Tampa, 40 miles northwest of Orlando and 70 miles southwest of Daytona Beach. The City is intersected by State Road 44, U.S. Highway 27, U.S. Highway 441 and the Florida's Turnpike, with Interstate 75 close by.

The City also takes pride in preserving its rich heritage through the Leesburg Historical Museum and Mote-Morris House, which offers a fine example of Victorian architecture.

The City is known for its scenic beauty, relaxed lifestyle, recreational facilities, temperate climate, extensive waterways, and affordable housing. Waterfront living is a way of life with 1,400 beautiful lakes located in Lake County.

The City's geographic location enables it to offer three parks that include lake access to the beautiful Harris Chain of Lakes, one on Lake Griffin (Herlong Park) and two on Lake Harris (Venetian Gardens and Singletary Park). Venetian Gardens offers a variety of recreational amenities, including great shoreline fishing opportunities, as seven pedestrian bridges connect islands within this picturesque setting. Other recreational amenities in Venetian Gardens include outdoor volleyball courts, Kids Korner Playground, a splash pad, pavilions, the Community Building, Venetian Cove Marina, and Pat Thomas Stadium/Buddy Lowe Field that has hosted professional baseball in the past and is the current home of Leesburg High School varsity baseball and the Leesburg Lightning of the Florida Collegiate Summer League.

These outstanding recreational facilities of regional impact are complemented with numerous community and neighborhood parks. The City has three athletic complex locations. The Sleepy Hollow Sports Complex includes two football/soccer fields, two youth softball fields, two Babe Ruth Baseball fields, four adult softball fields, concessions, locker rooms, restrooms, pavilion and a playground. Sleepy Hollow is the site of numerous tournaments and attracts over 1,000 athletic teams each year.

The Susan Street Complex includes four youth baseball fields, one regulation football field, four tennis courts, four outdoor racquetball courts, concessions and restrooms. Pat Thomas Stadium has one regulation high school/college field with a full stadium, locker rooms, concessions, and restrooms. The Palmetto Street Complex features four tennis courts as well as 24 shuffleboard courts. Other quality recreational facilities throughout the City include Rogers Park & Rogers Park Splash Pad, Berry Park, Veterans Park, John L. Johnson Park, Leesburg's Dog Park, and the Town Square, which serves as the focal point during major festivals hosted within the City.

The Leesburg Recreational Complex features two indoor regulation basketball courts, four indoor volleyball courts, an outdoor basketball court, playground and offices for the Parks and Recreation Department.

The City currently operates the H.O. Dabney Aquatic Center. The center is located near the downtown area, and consists of a 25 yard competition pool, a beach entry pool, kids play area, two story slide, and basketball/volleyball area. The center also includes a bath house, guard house, and concession stand.

The City of Leesburg Resource Center is a 7,500 square-foot multipurpose facility that includes meeting rooms, computer-training space, a café, book depository, resource offices, and a teaching kitchen. The

Venetian Center at Venetian Gardens includes a 20,700 square-foot multipurpose community building with views of Venetian Gardens Park and Lake Harris. The largest room in Venetian Center can accommodate up to 1,000 people auditorium style.

The Leesburg Public Library is the second busiest location in Lake County's library system. Staff at the 45,000-square-foot facility help patrons with their reading, information, and educational needs. Circulation of adult and juvenile items totaled 241,940 for the year, and the internet was used by 13,400 patrons.

Leesburg International Airport (KLEE) is an approximately 850-acre controlled-access, general aviation airport that caters primarily to recreational and corporate aircraft with over 65,000 flight operations per year. The Airport has grown substantially in the past few years and it continues to grow. There are 115 fixed-wing, 27 helicopters and 7 jets that are permanently based at KLEE. The airport has a U.S. Customs and Border Protection office, a federally contracted air traffic control tower and an aircraft rescue firefighting station. The Airport provides a diversity of activities; with its two intersecting runways, tie downs, hangar facilities, a flight school and maintenance shops. KLEE is the largest airport and is also home to the first seaplane ramp valued at over \$2.6 million in Lake County.

The Airport sustains and leads economic growth and development. It is an important economic engine, and supports vital health, welfare, emergency, and safety-related services. The annual economic impact of KLEE is associated with direct impacts that come from tenants/businesses located at the Airport and construction projects that are undertaken by the Airport or by on-site businesses; indirect impacts are associated with spending from visitors who arrive in the area via general aviation aircraft.

Budgetary Controls

The annual budget serves as the foundation for the City's financial planning and control. Department heads are required to submit requests for appropriations to the City Manager, who uses those requests as the starting point for developing a proposed budget. The City Manager is required by the City Charter to keep the City Commission fully advised as to the financial condition and needs of the City and to submit an annual budget for its consideration. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget by September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund, function and department.

The City's adopted budget policy establishes budgetary control (i.e., the level at which expenditures cannot exceed the appropriated amount) at the fund level. Budgets for all governmental fund types are adopted on a basis consistent with GAAP. Department heads may make transfers of appropriations within a category from one division to another in their respective department, and transfers of appropriations between departments or categories can be approved by the City Manager. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual budget adopted by the City Commission. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund and major special revenue funds, these comparisons are presented as required supplementary information. For other governmental funds with appropriated annual budgets, these comparisons are presented in the Supplemental Information section of this report.

Economic Condition

The information presented in the financial statements is best understood when considered from a broader perspective of the environment within which the City operates.

Local Economy

The City, and Lake County as a whole, have transitioned in recent decades from agricultural roots to a growth-driven economy that is heavily centered in real estate, retail, personal services and health care. Leesburg continues to grow as a medical destination, influenced largely by approximately 150,000 residents who live nearby in The Villages retirement community. The labor market in Central Florida continues to recover from the effects of the COVID-19 pandemic. Central Florida's unemployment rate dropped to 2.7 % in September 2022, down from 4.3% which was reported a year ago. Filling jobs still remains a problem in healthcare, retail and food service which offer lower wages. Housing prices are continuing to increase, as well as ad valorem tax revenues. The retail sector in the downtown area continues to recover after some negative impacts from the pandemic. Vacancies in the downtown area have stabilized and are lower than levels experienced in the past. However, increased pricing, along with staffing shortages and supply chain issues are still major hurdles to tackle. In spite of these improvements, given the effects of the prior recession and the City's desire to maintain lower taxes for its citizens and customers, challenges remain in trying to prepare a balanced budget.

Although future revenues will be increasing, there is a need to address various budget items that were eliminated or reduced during the recession.

The City's top private sector employer is UF Health Leesburg (f/k/a Central Florida Health Alliance), boasting a labor force of 1,510. Other principal employers within the City include LifeStream Behavioral Center, Lake County School District, Lake Sumter State College, and the City itself. Health care, education, personal services, retail, and construction are sectors with the highest employment levels in Lake County.

The City is home to Leesburg International Airport, a regional shopping mall, two colleges and a growing medical community. The City's retail shopping is largely concentrated along U.S. Highways 27 and 441.

The financial policies of the past few years have begun to make a positive impact on the City's overall financial position, thereby allowing reinvestment in a sustainable manner. Such steps include continued allocated reinvestments in the downtown area, the Leesburg International Airport, Wastewater and Electric Expansion. Fiscal year 2023 should continue to place Leesburg in a positive financial and operational direction.

In 2017, the City sold approximately 1,127 acres near the Florida Turnpike and County Road 470 to The Villages. Approximately 3,000 retirement homes are to be built on this property, with construction currently underway and expected to be complete by the summer of 2025. In November 2022, Leesburg city commissioners have agreed to sell a 515-acre tract of land to The Villages in exchange for The Villages constructing a rapid infiltration basin system for the City; this will allow The Villages to use the property for the construction of more homes, as well as commercial and industrial development. The property tax revenues, as well as other tax and service revenues, are expected to substantially improve the economic condition of the City as a whole in the intermediate and long-term future.

The population in Lake County nearly doubled from 1980 to 2000 (210,528 persons). The County now has more than 400,000 residents and will continue to grow. Growth in the City has retreated from the

peak experienced in 2006. The City currently has 28,833 residents. The City expects a population growth of 20,000 to 25,000 over the next 15 years.

The Leesburg area is positioned at the crossroads of geographic expansion, as the retirement market continues to push from the north and family households sustain the market segment to the south. This area has embraced both market segments and, as a result, has become one of the emerging economic submarkets in all of Central Florida.

Long-term Financial Planning

The Core Values adopted by the City Commission will drive the long-term planning process. One of the Core Values, "Fiscal Responsibility," shows a respect for the citizens whose taxes support the municipal government and a commitment for the thoughtful prioritization and careful management of financial resources. Also addressed in this Core Value is the recognition that resources are limited and that this necessitates fresh approaches and creativity in addressing current operations and community needs.

The 5-year Capital Improvement Plan was developed to maximize the "pay as you go approach" while recognizing the benefit of financing. Utility improvements and replacements will be scheduled and integrated into the street paving work plan. The plan includes a detailed explanation regarding development of revenue projections and assumptions regarding capital needs. Due to limited resources, capital spending is limited to that which is necessary. The major sources of funding include grants and renewal and replacement funds.

In the past, the City typically extended services beyond the current available infrastructure based on a calculation to recoup the initial investment over a 5- to 7-year period.

Additional long-range planning for the following departments is listed below:

- **Electric** – The Electric Department consistently evaluates the costs of outsourcing specific activities, especially in the Substation team where they frequently augment their resources by bringing in contractors in order to complete the more labor intensive projects. This year saw the second of two reconductoring projects, U.S.27 from Center Substation to Leesburg High School, that used Team Fishel to complete the project. Past trending, growth projections, outputs from Contingency Analysis and developer's input are used to create the 5-year Capital Plan. The Capital Plan incorporates reconductoring, area improvements and feeder extensions as well as new residential subdivisions and commercial construction projects. During the next fiscal year, we will be expanding our use of S&C Trip Saver devices and reclosers to help improve our system reliability to customers. These types of changes, coupled with our continuing design and construction practices ensures that a safe, reliable and affordable electric distribution system is in place to meet the needs of our customers. The Electric department has a 10-year capital plan for replacing equipment in the field. This plan is based on age, condition and load of the equipment. Current loading and future load forecasts are used as well to design the plan. All new construction is designed based on the National Electrical Safety Code (NESC) requirements, which includes "storm hardening" of the system. The current system is approximately 70% underground. The long-range plans look at both costs and performance of both overhead and underground facilities. Automation of field devices is part of the 10-year plan to help mitigate outages for customers.
- **Gas** – The City is a member of Florida Gas Utility (FGU), which is made up of natural gas utilities with a common goal of acquiring natural gas in bulk to reduce the overall price to customers.

With the approval of Section 25-501 of the City Code of Ordinances in April 2006, Natural Gas is required in all new subdivisions within the city limits. In addition, the cost of infrastructure is to be borne by the developer. Implementation of this ordinance has significantly reduced future capital outlay. In 2018, the City entered into an Agreement with South Sumter Gas Utility/The Villages to provide natural gas service to the majority of their residential and commercial customers that have expanded into Sumter and Lake County. Additionally, the City has completed construction of a new gate station which connects to the Sabal Trail Natural Gas transmission pipeline. This connection provides a redundant feed for existing customers and capacity for future expansion of the gas system. Currently, the Gas department is working on numerous developments throughout Leesburg as the City continues to expand.

- **Water & Wastewater** – Aging infrastructure and capacity issues continue to be a priority for both utilities. Future utility expansion and recapitalization will be based on the five-year utility Master Plan and growth forecast models. The Water Utility is evaluating long-term capacity solutions for increased water consumption driven by population growth and in accordance with the SJRWMD Regional Water Supply Plan. The Wastewater fund has recently expanded the Turnpike Wastewater Plant to accommodate the increased growth in the Southern Sewer Shed and future expansion will meet sewer demand forecasts through 2035.
- **Solid Waste** – The Solid Waste Division executed a long term disposal agreement with Covanta Lake Il, Inc., a waste-to-energy facility that produces electricity by burning municipal solid waste. The five-year agreement includes an option to extend the contract for three additional five-year terms. The negotiated disposal fee is considerably less than the fee formerly paid to Lake County and represents a significant savings in operating expenses for the duration of the contract. The utility will continue to replace semi-automated residential side loading trucks with larger, fully automated trucks.
- **Information and Technology (IT)** – The IT Department is an important part of the City's operations; thus, long-term financial planning includes preparing to replace computers as they become obsolete. All computer equipment is owned by the IT Department and leased to the other City departments, based on a five-year payback period. IT is actively involved with upgrading business technology as financial resources become available.
- **Fleet Maintenance** – All City vehicles are owned by Fleet Services, which is responsible for repairs, vehicle bid specifications, and most purchases. A lease fee, based on useful life, is charged to the user department. Fleet Services also maintains the City's two fuel sites. The City maintains a vehicle replacement plan for all City-owned vehicles and updates it annually. Planning for future vehicle purchases is the joint responsibility of Fleet Services and the leasing departments.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Leesburg for its annual comprehensive financial report for the fiscal year ended September 30, 2021. This is the 32nd consecutive year (fiscal years ended 1990-2021) that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City believes its current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and will submit it to the GFOA to determine its eligibility for another certificate.

In addition, the City of Leesburg also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for fiscal year 2021-22. This was the 24th consecutive year the City received this award. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, as a financial document, as an operations guide, and as a communications device.

The preparation of this report on a timely basis was made possible through the efficient, dedicated and professional efforts of the entire staff of the Finance Department. The significant amount of year-end closing procedures required prior to the audit could not have been accomplished without the personal and professional dedication of the members of the Finance Department. Other City departments, although not extensively involved in year-end audit activities, contributed significantly by ensuring the accuracy and integrity of accounting information compiled throughout the year. Credit must also be given to the Mayor and Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of the City's finances. We believe that this report clearly illustrates the financial position of the City of Leesburg and wish to thank you for your support and commitment to maintaining the financial integrity of the City.

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Leesburg, Florida (the "City") as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the City of Leesburg Municipal Firemen's Retirement Plan, which represents 18% and 19% of the assets and net position of the aggregate remaining fund information, respectively. Those statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Leesburg's Municipal Firemen's Retirement Plan, is based solely on the reports of those other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis-of-Matter

As discussed in Note 1B to the financial statements, in the fiscal year ended September 30, 2022, the City adopted the provisions of Government Accounting Standards Board Statement ("GASBS") Number 87, *Leases*. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The supplemental information section, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, statistical section, and debt disclosure section as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF LEESBURG, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022

The City of Leesburg (the City), Florida's Management's Discussion and Analysis presents an overview of the City's financial activities for the fiscal year ended September 30, 2022. Please read it in conjunction with the letter of transmittal and the financial statements, as listed in the Table of Contents.

Financial Highlights

- The assets and deferred outflows of the City exceed liabilities and deferred inflows at the close of fiscal year 2022 by \$331.9 million (net position). Of this amount, \$61.9 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased \$22.1 million, or 7.1%. Net position for governmental activities increased \$4.8 million or 9.1%, while business-type activities increased \$17.3 million or 6.7%. The increase in the governmental activities is due primarily to an increase in taxes and revenues in general due to an improving and growing local economy and activities throughout the city, while at the same time paying down debt and monitoring expenses closely. The increase in the business-type activities is due to increased customer charges and continued positive business performance of the City's various services.
- As of September 30, 2022, the City's governmental funds reported combined ending fund balance of \$26.1 million, an increase of \$1.1 million in comparison with the reported amount of \$25.0 million in the prior year.
- On September 30, 2022, unassigned fund balance for the General Fund was \$12.1 million, or 40% of total General Fund expenditures and transfers out of \$30.4 million.
- Governmental funds' fund balance increased \$1.1 million, while in the prior year fund balance decreased \$(3.5) million. This is mainly attributable to the significant decrease in culture and recreation expenditures of in the Capital Projects fund. In fiscal year 2021, these expenditures were \$6.4 million, while similar expenditures were only \$2.9 million in fiscal year 2022. This is due to the construction of the H.O. Dabney Aquatic Center, which was opened to the public in fiscal year 2022.
- The Internal Service Funds' change in net position increased \$665 thousand. Internal service funds are considered governmental activities on the City-wide statements, but are included with the enterprise funds on the individual funds' statements. The primary reason for the increase was a significant decrease in claims expense in the General Employees' Health Insurance, which declined from \$7.7 million in fiscal year 2021 to \$6.2 million in fiscal year 2022.
- The total Enterprise Funds' change in net position increased \$17.3 million from the previous year, for the reasons noted for the increase in business-type activities above.
- The City's total financed debt as of September 30, 2022 increased \$23.5 million from \$124.2 million to \$147.7 million. Along with recurring debt repayments, the City borrowed \$30.0 million for improvements and expansion to the City's Wastewater System.

Overview of the Financial Statements

This narrative overview and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements provide information on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and fund level) allow the user to address relevant questions, broaden a basis for comparison and enhance the City's accountability. The City's basic financial statements are comprised of three components: 1) City-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements that explain information in the financial statements and provide more detailed data.

The statements are followed by a section of Required Supplementary Information that further explains and supports the information in the financial statements.

This report also contains other Supplemental Information in addition to the basic financial statements that provides detail about the City's nonmajor governmental funds, nonmajor enterprise funds and internal service funds, each of which are added together and presented in single columns in the basic financial statements. The required parts of this annual report are arranged and relate to one another as shown in the following graphical representation:

MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022

City-wide Financial Statements

The government-wide financial statements are the Statement of Net Position and the Statement of Activities. These statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private sector business. Emphasis is placed on the net position of governmental activities and business-type activities, and the change in net position. Governmental activities are principally supported by taxes and intergovernmental revenues. Governmental activities include most of the City's basic services, including police, fire, public works, parks and recreation, library, and general administration. Business-type activities are intended to recover all or a significant portion of their costs through user fees and charges. The City's water system, sewer system, electric system, stormwater system, gas system, solid waste system operations and airport operations are reported as business-type activities.

The City-wide financial statements include not only the City itself, but also the Greater Leesburg Community Redevelopment Agency, Carver Heights/Montclair Area Community Redevelopment Agency, and the U.S. Highway 441 & 27 Community Redevelopment Agency (all three "CRAs"). The CRAs, though legally separate, are reported as part of the primary government as blended component units due to the City Commission serving as each of the CRA's governing boards.

- The *Statement of Net Position* presents information on all of the City's assets and deferred outflows, less liabilities and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.
- The *Statement of Activities* presents information showing how the government's net position changed during the current fiscal year. All changes in net position are reported as soon as the occasion arises, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that result in cash flows in future fiscal periods (e.g., uncollected taxes and unused vacation leave when earned).

Both of these financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The Internal Service Funds, namely health insurance, workers' compensation, and fleet maintenance, are recorded as governmental activities on the entity-wide statements, but presented with the proprietary funds in the fund-level statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The fund financial statements provide detailed information about the City's major funds - not the City as a whole. Fund accounting helps to ensure and demonstrate compliance with finance-related legal requirements. Based on restrictions on the use of monies, the City established multiple funds that account for various services provided to residents and businesses. These fund financial statements focus on the City's most significant funds: governmental; proprietary; and fiduciary.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the City-wide financial statements. However, unlike the City-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the City-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the City-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds' balance sheet and the governmental funds' statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirteen individual governmental funds. Separate information for the General Fund, Capital Projects Fund, and the Community Redevelopment Agency Fund, which are considered major funds, is presented in the governmental funds' balance sheet and in the governmental funds' statement of revenues, expenditures, and changes in fund balances. Data from the other ten governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the Supplemental Information section of this report.

Annual appropriated budgets are adopted for the governmental funds, except the fire and recreation impact fee funds. Budgetary comparison statements and/or schedules are provided for these funds to demonstrate budgetary compliance.

Proprietary Funds

The City maintains two different types of proprietary funds: enterprise and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the City-wide financial statements. The City uses enterprise funds to account for its electric, gas, water and reuse water, wastewater, airport, stormwater and solid waste operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its self-insurance health care, workers' compensation, and fleet maintenance programs. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the City-wide financial statements.

CITY OF LEESBURG, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022

Proprietary funds provide the same type of information as the City-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Electric Utility, Gas Utility, Water Utility, Wastewater Utility and Airport enterprise funds, which are considered major funds of the City. The remaining nonmajor enterprise funds are combined into a single fund and are aggregated into a single presentation. Individual fund data for the nonmajor enterprise funds and the internal service funds are provided in the form of combining statements in the Supplemental Information section of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the City-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is similar to proprietary funds. The fiduciary funds include pension trust funds for police, fire, and general employees.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the City-wide and fund financial statements, including the City's progress in fulfilling its obligations to provide pension benefits and other postemployment benefits (OPEB) to its employees.

Other Information

In addition to the basic financial statements and accompanying notes, required supplementary information is included which presents budgetary comparison schedules for the City's General Fund, major special revenue fund, as well as historical trend information for the pension trust funds and the City's OPEB plan.

The combining statements and budgetary comparison schedules referred to earlier, in connection with nonmajor governmental funds, nonmajor enterprise funds, and internal service funds, are presented in the Supplemental Information section of this report.

City-wide Financial Analysis

Statement of Net Position

As noted earlier, over time net position may serve as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$331.9 million at the close of the fiscal year ended September 30, 2022.

At the end of fiscal year 2022, the City reported a negative balance in unrestricted net position for governmental activities. The following table reflects the condensed Statement of Net Position for the current year as compared to the prior year:

Net Position						
	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021

The largest portion of the City's net position is reflected in the investment in capital assets (e.g., land, buildings, and equipment) less any related outstanding debt used to acquire those assets. Net investment in capital assets totals \$253.7 million, or 45% of all assets, which total \$558.8 million. The City uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets cannot be used to liquidate the debt.

A portion of the City's net position, \$16.4 million, or 4.9% of total net position, represents resources that are subject to external restriction on how they may be used. The balance of unrestricted net position totaling \$61.9 million, or 18.6% of the total net position, may be used to meet the City's ongoing obligations to citizens and creditors, and provide funding for various projects.

Governmental Activities

Governmental activities for the current fiscal year increased the City's net position by \$4.8 million, compared to an increase of \$6.4 million in the prior year. Charges for services increased by \$256 thousand, primary due to an increase in fire fees and an increase in activities after prior years' pandemic-related cancellations and at home isolation. Operating grants and contributions increased \$161 thousand primary a result of receiving federal funding from the Coronavirus Aid Relief and Economic Security Act (CARES). Capital grants and contributions increased \$310 thousand, mainly due to the timing of grant-funded capital projects. Overall expenses increased by \$3.1 million, attributed primarily due to the allocation of CARES assistance to local businesses that were affected by the pandemic.

The expenses and program revenues depicted in the following bar graph are from the Statement of Activities. Please note that expenses precede revenues as governments seek to identify the needs of their citizens and then raise the resources needed to meet those needs. The excess of expenses over program revenues are then funded by the remaining general revenues of the government.

**CITY OF LEESBURG, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

The pie chart depicting revenues by source for governmental activities reflects the percentage of individual revenue sources to total revenue sources for governmental activities.

Activities of the City's internal service funds are considered governmental rather than business-type activities. The net position of the funds increased by \$665 thousand. The City's General Employees' Health Insurance Fund net position increased by \$70 thousand, a significant improvement over last year when the fund received a \$1.0 million transfer from the Workers' Compensation Insurance Fund to cover significant claims expenses. The City continues to offer employees the use of the City onsite wellness center, for which there is no cost to covered employees or dependents for visits, generic drugs dispensed from the center's formulary, and X-ray and MRI services performed by a third-party imaging center; however, the cost of health care continues to rise. The Workers' Compensation Insurance Fund's net position increased by \$497 thousand and claims expense decreased by \$(592) thousand. The Fleet Maintenance fund tracks activities associated with providing vehicles and equipment services throughout the City's operations. Net operating income (loss) for the Fleet Maintenance Fund is \$(313) thousand, which is an increase in loss of \$(50) thousand from the previous year, due primarily to an increase in depreciation and amortization expense. The City closed the Risk Management Fund in the current year as it was decided the individual funds would directly contribute the necessary funds for the various insurance policies; the remaining pooled cash and investments in the fund were transferred to the General Employees' Health Insurance Fund. Combined operating expenses of all internal service funds decreased by \$(1.8) million, due primarily to reduced claims expense in both the General Employees' Health Insurance Fund and the Workers' Compensation Insurance Fund.

Business-type Activities

The City has several business-type activities, which are accounted for much like commercial entities. The City has separate business-type funds for electric, gas, water and reuse water, wastewater, airport, stormwater and solid waste. Business-type activities differ from governmental activities in that charges for services are designed specifically to recover the cost of providing those services, including capital costs, such as depreciation and debt service. Business-type activities primarily generate revenue as charges to users of the services of the various activities. Business-type activities for the current fiscal year increased the City's net position by \$17.3 million from \$257.3 million to \$274.6 million. Net

operating and nonoperating revenues of \$14.1 million (an increase of \$475 thousand from prior year) were offset primarily by transfers to the governmental funds of \$(9.3) million. Capital contributions increased by \$0.7 million, primarily due to receiving both monies and infrastructure from The Villages to support the expansion of both the Gas Utility Fund and the Wastewater Utility Fund.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2022, the City's governmental funds reported combined ending fund balances of \$26.1 million, an increase of \$1.1 million from the prior year. Unassigned fund balance of the governmental funds increased \$1.1 million to \$11.5 million, which is available for spending at the City's discretion. The remainder of fund balance is classified as nonspendable, restricted, committed or assigned to indicate that it is not available for new spending because it has already been committed for other uses.

The General Fund is the primary general government operating fund of the City. At the end of fiscal year 2022, the fund balance of the General Fund was \$15.1 million. This fund balance is comprised of non-spendable funds totaling \$732 thousand, restricted funds of \$176 thousand, committed funds of \$76 thousand, assigned funds of \$2.0 million, and unassigned funds of \$12.1 million. This unassigned balance is an increase of \$1.2 million from the previous year mostly due to an increase in assigned funds for Capital and other Projects, primarily due to the receipt of American Rescue Plan Grant monies.

The Greater Leesburg CRA experienced an increase of \$56 thousand in expenditures, while revenues increased \$12 thousand due to an increased tax increment financing (TIF) tax revenues. A transfer of \$200 thousand was also made to the General Fund to fund the City's downtown building redevelopment grant fund. The Carver Heights/Montclair CRA revenues increased by \$93 thousand due primarily to TIF revenues, while expenditures increased by \$162 thousand. A transfer of \$200 thousand was also made to the Capital Projects Fund to construct and install decorative fencing and an electronic parking gate at Berry Park. The U.S. Highway 441 & 27 CRA experienced a \$156 thousand increase in TIF and other revenues, while expenditures increased \$377 thousand due to the paydown of debt; the scheduled principal payment increased from \$210 thousand in fiscal year 2021 to \$607 thousand in fiscal year 2022. These activities in the three CRAs combined to result in an increase of fund balance of \$300 thousand.

Expenditures in the Capital Projects Fund decreased \$(4.8) million due to significant capital improvements that occurred in 2021, primarily the H.O. Dabney Aquatic Center being mostly constructed in fiscal year 2021, and open to the public in fiscal year 2022. Expenditures of \$4.2 million were more than offset by corresponding interfund transfers in of \$3.2 million and intergovernmental revenue of \$1.8 million, thus leaving fund balance with an increase of \$704 thousand.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position for business-type activities increased \$5.3 million, or 8.5%.

Unrestricted Net Position			
Fund	2022	2021	Change
Electric	\$ 18,544,688	\$ 18,669,079	\$ (124,391)
Gas	4,633,221	3,877,619	755,602
Water	9,549,340	8,160,216	1,389,124
Wastewater	25,201,891	22,751,605	2,450,286
Airport	4,046,148	3,391,750	654,398
Stormwater	3,548,434	2,893,366	655,068
Solid Waste	1,953,674	2,470,459	(516,785)
Total	<u>\$ 67,477,396</u>	<u>\$ 62,214,094</u>	<u>\$ 5,263,302</u>

The \$(0.1) million decrease in unrestricted net position in the Electric Fund is due to a decrease of operating income of \$(117) thousand. The unrestricted net position for the Gas Fund increased \$756 thousand, a result of continuing strong operations of the fund, which had an operating income of \$2.6 million. The increase in unrestricted net position in the Water Fund of \$1.4 million is attributable to an operating income of \$3.0 million. The unrestricted net position for the Wastewater Fund increased \$2.5 million, a result of the continuing strong operations of the fund, which had operating income of \$4.5 million, and a \$5 million capital contribution from The Villages for expansion, which collectively increased net position by \$9.3 million. The Airport Fund's unrestricted net position increased \$654 thousand, primarily due to the receipt of capital grants from federal and state agencies. The Stormwater Fund had an increase in unrestricted net position of \$655 thousand which was a result of an increase in operating income \$171 thousand from the prior fiscal year and a decrease in net investment in capital assets of \$(152) thousand. The Solid Waste fund's unrestricted net position decreased \$(517) thousand due to a decrease in operating income of \$(476) thousand compared to the prior fiscal year, due to several factors, including filling unfilled personnel positions, adding positions and increases in both fuel costs and landfill tipping fees.

General Fund Budgetary Highlights

The final General Fund expenditures budget of \$30.4 million is an increase over the original budget of \$26.7 million. The change is primarily attributable to approximately \$2.0 million in American Rescue Plan Act of 2021 (ARPA) funds and \$1.0 million of downtown building redevelopment grant funds budgeted but not fully expended in fiscal year 2022.

Actual revenues and expenditures varied from revised budget estimates in some areas. Taxes exceeded budget by \$171 thousand, and Licenses, Permits, and Assessments exceeded budget by \$161 thousand due to increased building and economic activity. Interest income fell short of budget by \$(244) thousand due to rising interest rates (thus, declining bond investment values) during fiscal year 2022. Rental income exceeded budget by \$177 thousand due to conservative budgeting in general for this line item.

Actual expenditures also varied from revised budget estimates in some areas. Public Safety was over budget by \$(428) thousand, primarily due to overtime, vacation/sick and PTO buyouts, and fuel costs.

CITY OF LEESBURG, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022

Human Services was under budget by \$1.9 million, primarily due to budgeting the receipt of ARPA funds which were not all expended, the budgeting of downtown building redevelopment grant funds which were not expended in the current year, as well as the budget for paid time off sellbacks, which is budgeted for in Human Services, but the expenditures are recorded in the various other functions.

Capital Asset and Debt Administration

Capital Assets

Capital assets include land, buildings, improvements other than buildings, intangible assets, vehicles and equipment, infrastructure, and construction in progress. The infrastructure asset category includes long-lived capital assets, typically stationary in nature, such as roads, sidewalks and bridges. At September 30, 2022, the City had investments in capital assets of \$363.1 million (net of accumulated depreciation), a net increase of \$14.8 million from the previous year.

Significant changes in capital assets include the following:

Governmental Activities - Total net capital assets increased \$1.8 million from the prior year, primarily due to capital projects such as the improvements to the various buildings within the City, and other improvements City-wide.

Business-type Activities – Total net capital assets increased \$12.9 million from the prior year, or 4.7%. Much of the increase is related to current and ongoing system improvements to the airport, electric, gas, wastewater, and water systems to handle future growth in the City and service areas of these utilities.

Long-Term Liabilities

At the end of fiscal year 2022, the City had total long-term liabilities outstanding of \$154.0 million, attributable to outstanding bonds, notes, compensated absences, and financed purchase agreements. \$69.2 million represents bonds secured solely by specified revenue sources. \$10.5 million of the bonds are applicable to governmental activities, and \$58.7 million is for the business-type activities. The City also has revenue notes totaling \$81.4 million, of which \$14 million is for governmental activities and \$67.4 million is for business-type activities.

The City's long-term liabilities also include an amount for the City's net pension liability in both the City-wide and proprietary Statements of Net Position of \$17.5 million. This amount is actuarially determined and represents the City's obligation for future pension benefits to its employees based on past service already provided. The amount is calculated net of assets available to provide for these future payments. Additional information on the City's net pension liability can be found in Note 12 of the notes to the financial statements.

Other postemployment benefits (OPEB) are considered a liability on the Statement of Net Position. This is an unfunded liability which is calculated annually by the City's actuary. The calculated liability for fiscal year 2022 is \$22.3 million. Additional information on the City's OPEB liability can be found in Note 14 of the notes to the financial statements.

Economic Factors and Next Year's Budget

- The unemployment rate for Lake County at September 2022 was 2.7%, compared to 4.3 % from a year ago. This compares favorably to the State average rate of 2.5% and the national average of 3.5%.
- The millage rate for fiscal year 2022 was 4.0192 mills. This was a decrease from 4.1086 mills in 2021, and the second consecutive decrease in millage. The City ranked 4th lowest out of the 14 cities in Lake County. The City is able to retain ad valorem rates at a minimal level due in large part from the transfers from utility fund operations.
- Population increased slightly to 28,833 from the prior fiscal year of 24,761.
- The 2023 property values are projected to improve from 2022 levels, resulting in ad valorem revenues that are expected to increase over the 2022 level. The city has adjusted the economically driven revenues back to pre COVID-19 estimates. Revenues which are tied to sales seem to have also recovered and are further continuing to improve.

Other

Power supply for 2022 received through the Florida Municipal Power Agency (FMPA) and the City's share of the St. Lucie Nuclear Power Plant represents 76% of the Electric Fund's annual operating expenses. More information on the City's Electric and Gas funds' purchased power agreements is in Note 7 of the financial statements.

FUND FINANCIAL STATEMENTS

This page intentionally left blank.

MAJOR GOVERNMENTAL FUNDS

General Fund is the principal fund of the City and is used to account for all activities not included in other funds. The General Fund accounts for the normal recurring activities of the City (i.e., police, fire, public works, general government, etc.). These activities are funded principally by property taxes, intergovernmental revenues, and licenses, fees, and assessments.

Community Redevelopment Agency Funds consist of the Greater Leesburg Community Redevelopment Agency Fund, Carver Heights/Montclair Area Community Redevelopment Agency Fund, and U.S. Highway 441/27 Community Redevelopment Agency Fund, which are incremental tax districts established pursuant to Florida Statutes and accounted for as special revenue funds. The funds account for the incremental increase in ad valorem tax revenue collected within the designated community redevelopment agency areas. Revenues must be utilized and expended in accordance with the respective community redevelopment agency plans.

Capital Projects Fund accounts for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Accumulated Depreciation (excluding Internal Service Funds)	<u>(62,567,038)</u>	69,971,590

The internal service funds are used by management to charge the costs of health insurance and workers' compensation services, risk management costs and fleet operation costs to individual funds. The assets, deferred outflows, liabilities and deferred inflows of the internal service funds are included in governmental activities in the statement of net position.	11,856,734
--	------------

Deferred Amounts on Refunding are not available to cover current liabilities and therefore are not considered revenue in the fund level statements.	1,588,644
---	-----------

Deferred Outflows are not reported in the governmental funds but will be recognized in expense on a long-term basis (excluding Internal Service Funds).	
Pensions	11,693,721
Other Postemployment Benefits	2,539,822

Deferred Inflows are not reported in the governmental funds but will be recognized in expense on a long-term basis (excluding Internal Service Funds).	
Pensions	(1,525,804)
Other Postemployment Benefits	(7,140,400)

Accrued interest payable is not recorded in the fund financial statements but is recorded in governmental activities.	(397,952)
---	-----------

Long-term liabilities are not due and payable in the current period and, accordingly, are not reported in the governmental funds.
Long-term liabilities (assets) at year-end consist of:

Capital Improvement Revenue Bonds	(10,485,000)	
Notes Payable	(13,976,400)

**CITY OF LEESBURG, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Net change in fund balances - total governmental funds **\$ 1,124,591**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This reconciling item is the amount by which capital purchases, less net book value of disposals, exceeds depreciation expense:

Capital Purchases	\$ 4,753,925		
Net Book Value of Disposals	(41,292)		
Depreciation Expense	<u>(3,182,193)</u>		1,530,440

Repayment of bond and note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is a list of those repayments:

Capital Improvement Revenue Bonds	605,000		
Notes Payable	1,013,000		
Financed Purchase Agreements	<u>106,582</u>		1,724,582

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Accrued Interest Payable	32,384		
Compensated Absences	56,521		
Change in Deferred Amount on Refunding	(125,851)		
Pension Expense	(820,836)		
Change in Other Postemployment Benefits Liability	<u>571,361</u>		(286,421)

The Internal Service Funds are used by management to charge the costs of activities that benefit the entire government. The net revenue (expense) of the internal service funds is reported with governmental activities.

MAJOR PROPRIETARY FUNDS

Proprietary Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the costs of providing goods or services to the general public are recovered primarily through user charges; or where the City has decided that determination of net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Individual major proprietary funds are described below.

Electric Utility Fund accounts for the purchase and distribution of electric services.

Gas Utility Fund accounts for the purchase and distribution of gas services.

Water Utility Fund accounts for costs for collection, treatment, and distribution of water services.

Wastewater Utility Fund accounts for costs to provide wastewater and sanitary sewer services.

Airport Fund accounts for the costs associated with the management, construction, maintenance, protections, control, regulation, use, and enhancement of the City's International Airport.

INTERNAL SERVICE FUNDS

Internal Service Funds account for the financing of goods and services provided by one department to other departments of the governmental unit on a cost-reimbursement basis. The City maintains four internal service funds. The internal service funds are for the payment of employee health and medical claims, workers' compensation claims, property and casualty policies, and the purchase and maintenance of the City's vehicles.

NOTES TO THE FINANCIAL STATEMENTS

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting of the City of Leesburg, Florida (the City) conform to accounting principles generally accepted in the United States (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in GASB's *Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification)*. The more significant of these accounting policies are summarized below.

A. Financial Reporting Entity

The City is a Florida municipality governed by an elected five-member City Commission. The City was established by the adoption of its Charter in the Laws of Florida, Chapter 9820, 1923. The City provides a traditional mix of governmental services, including police and fire protection, the construction and maintenance of streets and infrastructure, library, recreational activities, cultural events, planning, zoning, housing, and administrative services. The City also provides a full range of utility services, including electric, natural gas, solid waste, water, reuse water, wastewater treatment, airport, and stormwater. In addition, the City has three Community Redevelopment Agencies (CRAs), which are Greater Leesburg, Carver Heights/Montclair Area, and U.S. Highway 441 & 27.

The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy for the City. The execution of such policy is the responsibility of the Commission-appointed City Manager.

This report includes all funds, departments, agencies, boards and commissions, and other organizational units that are administered by the City Manager and/or controlled by or dependent upon the City Commission as set forth in the City Charter. In GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, the GASB has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and: (1) the ability of the City to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City.

As required by GAAP, these financial statements present the City of Leesburg (the primary government) and its component units. In evaluating the City as a reporting entity, management has addressed all potential component units for which the City may or may not be financially accountable and, if applicable, has included them in the City's financial statements. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The City has identified and included within the financial reporting entity, as its component units, legally separate organizations for which the City is financially accountable for which a significant relationship with the City exists such that exclusion would cause the City's financial statement to be misleading or incomplete.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

There is one component unit which is legally separate from the City, but is so intertwined with the City that it is, in substance, the same as the City. It is reported as part of the City as a blended component unit and blended into an appropriate fund as listed below:

Community Redevelopment Agency (CRA): The City established the Greater Leesburg, Carver Heights/Montclair Area, and U.S. Highway 441 & 27 Community Redevelopment Agencies as component units of the City pursuant to Section 163.512, Florida Statutes.

The CRA's sole purpose is to administer funds distributed via state law for blighted areas within the City. The Governing Boards are composed of the City Commission plus two members appointed by the City Commission; therefore the City Commission has absolute influence over the CRA board. Additionally, the City provides financial support to the CRA, so a financial benefit/burden relationship exists. In accordance with 163.387, Florida Statutes, the supplemental schedule details the following: the amount and source of revenues, the amount and purpose of expenditures, including the amount of debt principal and interest paid during the current year. The CRA is reported as a major special revenue fund. The remaining amounts of indebtedness to which revenues of the fund are pledged are detailed in Note 8. To obtain a copy of the separately issued financial statements, please contact the City's Finance Department at 501 W Meadow Street (P.O. Box 490630), Leesburg, FL 34749-0630, or call (352) 728-9720.

B. Recent Governmental Accounting Standards Board (GASB) Statements

GASB Statement No. 87, *Leases*, requires the recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognizes an inflow or outflow of resources based on the payment provisions of the contract. The standard establishes one model for lease accounting based on the principle that a lease is a financing of the right to use an underlying asset. The lessee is required to recognize a lease liability and an intangible right-to-use lease asset. A lessor is required to recognize a lease receivable and a deferred inflow of resources.

The remainder of the GASB statements implemented by the City this fiscal year had little or no impact on the City's financial statements.

C. Basic Financial Statements

The basic financial statements include both City-wide and fund level statements. The City-wide financial statements report on all activities of the City and its blended component unit except those that are fiduciary in nature.

Statements for fiduciary activities, such as employee pension plans, are presented in a separate section of this report. Both the City-wide and fund level statements classify primary activities of the City as either governmental activities, which are primarily supported by taxes and intergovernmental revenues, or business-type activities, which are primarily supported by user fees and charges.

City-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements report on the government as a whole, both the primary government and its component units, and provide a consolidated financial picture of the government. As part of the consolidation process, interfund activities are eliminated to avoid distorted financial results.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Fiduciary funds of the government are not included in the presentation since these resources are not available for general government funding purposes. The Statement of Net Position reports all financial and capital resources of the City's governmental and business-type activities. It is presented in a net position format and shown with three components: (1) net investment in capital assets; (2) restricted net position; and (3) unrestricted net position.

The Statement of Activities reports the functional categories of programs provided by the City and demonstrates how and to what degree those programs are supported by specific revenues.

Program revenues are classified into three categories: (1) charges for services; (2) operating grants and contributions; and (3) capital grants and contributions. Charges for services refer to direct recovery from customers for services rendered. Grants and contributions refer to revenues restricted for specific programs whose use may be restricted further to operational or capital items. The general revenues sections display revenues collected that help support all functions of the government.

The fund financial statements follow and report additional and detailed information about the City's operations for major funds individually, and nonmajor funds in the aggregate, for governmental, proprietary and fiduciary funds. Reconciliations are provided that converts the results of governmental fund accounting to the City-wide presentation.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

City-wide financial statements, as well as the fund financial statements for proprietary funds and fiduciary funds, are reported using the economic resources measurement focus, and the accrual basis of accounting. Revenues are recognized in the period for which they are levied. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

Operating revenues shown for proprietary operations generally result from producing or providing goods and services such as electric, gas, water, wastewater, stormwater, solid waste and aviation. Operating expenses include all costs related to providing the service or product. These costs include salaries and benefits, supplies, travel, contract services, depreciation, administrative expenses and/or other expenses directly related to the cost of services. All other revenue and expenses not meeting these definitions are reported as non-operating revenues and expenses.

All governmental fund financial statements are reported using a current financial resources measurement focus and a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period, or soon enough thereafter, to be used to pay liabilities of the current period. This period is within 180 days of the end of the fiscal year, and jointly assessed taxes collected through other governments are within 60 days.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Property taxes, franchise taxes, investment earnings, and most charges for services are recorded as earned since they are measurable and available. Licenses, permits and assessments, fines and forfeitures, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until received.

A significant portion of the City's grants and contracts are exchange transactions. Funds from these transactions are deemed to be earned and reported as revenue when such funds have been expended towards the designated purpose and eligibility requirements have been met.

Expenditures are recorded when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated paid time off, which is not reported until they have been paid (matured balances are accrued); (2) prepaid insurance and similar items, which are reported only on the balance sheet and do not affect expenditures; and (3) principal and interest on long-term debt, which are recognized when due. Budgets for governmental funds are also prepared on the modified accrual basis.

The City charges centralized services through the General Fund and Internal Service Funds to functional activities through various charge methods. Expenses reported for functional activities include these indirect expenses, including an administrative component.

The accounting policies and the presentation of the financial report of the City have been designed to conform to GAAP as applicable to government units, in accordance with the GASB.

E. Major Governmental Funds

1. The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
2. The **Community Redevelopment Agency Fund** includes the **Greater Leesburg Community Redevelopment Agency, Carver Heights/Montclair Area Community Redevelopment Agency, and U.S. Highway 441 & 27 Community Redevelopment Agency**. These are incremental tax districts established pursuant to Florida Statutes and accounted for in a special revenue fund. The fund accounts for the incremental increase in ad valorem tax revenue collected within the designated community redevelopment areas. Revenues must be utilized and expended in accordance with the respective community redevelopment plans.
3. The **Capital Projects Fund** accounts for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

F. Major Enterprise Funds

1. The **Electric Utility Fund** accounts for the purchase and distribution of electric services.
2. The **Gas Utility Fund** accounts for the purchase and distribution of gas services.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

3. The **Water Utility Fund** accounts for costs for collection, treatment, and distribution of water services.
4. The **Wastewater Utility Fund** accounts for costs to provide wastewater and sanitary sewer services.
5. The **Airport Fund** accounts for the costs associated with the management, construction, maintenance, protection, control, regulation, use and enhancement of the City's International Airport.

G. Internal Service Funds

Internal Service Funds account for the financing of goods and services provided by one department to other departments of the governmental unit on a cost-reimbursement basis. The City maintains four internal service funds:

1. The **General Employees' Health Insurance Fund** accounts for maintaining the City's self-insured employee health insurance.
2. The **Workers' Compensation Insurance Fund** accounts for maintaining the City's workers compensation self-insurance fund.
3. The **Risk Management Fund** accounts for maintaining the City's self-insured property and casualty policies. The City closed the Risk Management Fund in the current year as it was decided the individual funds would directly contribute the necessary funds for the various insurance policies; the remaining pooled cash and investments in the fund were transferred to the General Employees' Health Insurance Fund.
4. The **Fleet Maintenance Fund** accounts for maintaining the purchases and services of the City's vehicles.

H. Fiduciary Funds

Pension Trust Funds account for the activities of the firefighters' and police officers' pension funds, and the general employees' retirement fund, which accumulate resources for pension benefits and disability payments to qualified retirees.

I. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve a portion of the applicable budget appropriation, is utilized by the governmental funds of the City. Encumbrances lapse at fiscal year-end.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

J. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

1. **Cash and Investments** - The City's cash and cash equivalents include cash on hand, demand deposits, and equity in pooled cash and investments. The equity in pooled cash and investments represents a fund's share of a cash and investment pool maintained by the City for use by all funds, except the pension funds and funds with agreements that require separate bank accounts. State statutes require all deposits of the City, including demand deposit accounts, time deposit accounts and money market accounts be held in institutions designated by the Treasurer of the State of Florida as "qualified public depositories" and are covered by a collateral pool as required by the statute.

All investments are reported at fair value. For the purpose of the statement of cash flows, the City considers cash equivalents to be highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased. Interest earned from investments purchased with pooled cash is allocated to each participating fund based on the fund's average equity balance, except as required by City charter. Funds that incur negative equity in pooled cash and investments during the year incur a charge for interest. Funds used to account for federal and state grants may have negative equity in pooled cash and investments throughout the year due to the reimbursement basis of the grant programs.

2. **Receivables and Payables** - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans).

Accounts receivable balances are shown net of the allowance for uncollectible accounts. The allowance amounts in the enterprise funds are based on historical experience. In the governmental funds, the allowance varies based on management estimates. Electric, gas, water and related wastewater charges to customers are based on actual consumption. Consumption is determined on a monthly cycle basis. The City recognizes as revenue the estimated unbilled consumption at fiscal year-end.

3. **Inventories and Prepaid Items** - Inventories of expendable supplies held for consumption are priced at the "first-in-first-out" method of accounting. Governmental fund type inventories are recorded using the consumption method. Reported inventories in governmental funds are included with nonspendable fund balance because they are not in spendable form. In proprietary fund types, inventories are expended when consumed. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The costs of prepaid items are recorded as expenditures when consumed rather than when purchased.
4. **Capital Assets** - Capital assets, which include land, property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the City-wide financial statements.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Capital asset purchases are recorded as capital outlay expenditures in the fund level governmental funds in the year of acquisition. Property, plant, and equipment with initial, individual costs that equal or exceed \$5,000 with estimated useful lives of over one year are recorded as capital assets. Roads, bridges, and sidewalks are capitalized when their initial costs equal or exceed \$25,000 as long as they possess estimated useful lives of more than one year. For intangible assets, the City maintains a \$100,000 threshold for related assets. Capital assets are recorded at historical cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the fair value of the assets or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of major business-type activities is included as part of the capitalized value of the assets constructed. During 2022, there was no capitalized interest.

Buildings, improvements other than buildings, utility plant, vehicles and equipment, and right-to-use lease assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	10 - 50 Years
Improvements Other than Buildings	5 - 50 Years
Utility Plant	10 - 50 Years
Vehicles and Equipment	5 - 50 Years
Infrastructure	15 - 60 Years
Right-To-Use Lease Assets	Over Life of Related Lease

Expenditures for repairs and maintenance are expensed when incurred. Additions, major renewals, and replacements that increase the useful lives of the assets are capitalized.

5. **Deferred Outflows/Inflows of Resources** - In addition to assets and liabilities, the Statements of Net Position report a separate section for deferred outflows/inflows of resources. This separate financial statement element, deferred outflow of resources, represents a consumption of net asset that applies to future period(s) and so will not be recognized as an outflow of resources until then. The City has three items that qualify for reporting in this category: 1) the deferred amounts on refunding reported in the City-wide and proprietary statements of net position. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price, and is recognized as a component of interest expense in a systematic manner over the shorter of the life of the refunded or refunding debt; 2) the deferred amounts on pension obligations reported in the City-wide and proprietary statements of net position; and 3) the deferred amounts on other postemployment benefits reported in the City-wide and proprietary statements of net position. The deferred amounts on pension obligations and other postemployment benefits represent an acquisition of net position that applies to future periods.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

The City's Statement of Net Position includes deferred inflows of resources. This separate financial statement element represents an consumption of net assets that applies to future period(s) and so will not be recognized as an inflow of resources until then. The City's deferred inflows are related to pensions, other postemployment benefits, and leases and can be found in the City-wide and proprietary statements of net position. Deferred inflows related to the City's pensions, other postemployment benefits, and leases represent an acquisition of net position that applies to future periods.

6. **Contributions** - Contributions in the form of cash and capital assets to the governmental activities of the City are recognized on the Statement of Activities as revenues in the period they are received. Contributions of capital assets and primarily completed infrastructure from developers are recognized at the fair value at the date of donation. All contributions are reported on the Statement of Activities as program revenues, with operating contributions reported separately from capital contributions.
7. **Interfund Activity** - Interfund activity within and among the City's governmental and proprietary fund categories are classified as reciprocal interfund activity and non-reciprocal interfund activity.

Reciprocal interfund activity flows between funds with an expectation of repayment and is reported as interfund receivables and payables.

Reciprocal interfund activity flows between funds without an expectation of repayment within a reasonable time and is reported as transfers between funds. Interfund services provided and used are sales and purchases of goods and services between funds for a price approximating their external value, and are reported as revenues and expenditures (or expenses) in the funds.

Non-reciprocal interfund activity is the flow of assets between funds without an equivalent flow of assets in return, or without a requirement for repayment. This is reported as transfers in governmental funds and non-operating revenues and expenses in proprietary funds.

As a rule, the effect of interfund activity has been eliminated from City-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between the City's Water, Wastewater, Solid Waste and General Fund, as well as cost reimbursement transactions between the enterprise funds and various other functions of the government. Exclusion of these charges would distort the direct costs and program revenues reported for the various functions concerned.

8. **Restricted Assets** - Assets are reported as restricted in the City-wide Statement of Net Position and the enterprise fund level statements when constraints are placed on asset use. The constraints are either: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law or through constitutional provisions or enabling legislation.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

9. **Unearned Revenues** - Inflows that do not yet meet the criteria for revenue recognition, such as occupational licenses collected in advance, are recorded as unearned revenue in the City-wide and in the fund financial statements.
10. **Self-Insurance Claims** - Liabilities for reported claims and incurred but not reported claims are estimated based on an actuarial review of claims pending and historical experience.
11. **Compensated Absences** - Employees earn paid time off (PTO) that is commensurate with their years of service with the City. A maximum of 560 hours can be accumulated and used for vacation, sick, personal business, etc. Upon termination or retirement, employees are paid for a maximum of 360 hours of PTO time. This PTO program replaced separate vacation and sick time programs under which some employees still have time available.

In governmental and proprietary fund financial statements, the amount of compensated absences associated with employee vacations that are recorded as expenditures (expenses) represent the amounts paid during the year, plus the amount accrued at year-end that would normally be liquidated with available spendable resources. Only the amount of the compensated absence liability that has matured is reported in the governmental fund financial statements and the General Fund is typically used to liquidate this liability. In the City-wide financial statements, all governmental fund compensated absences are recorded and split between the current and noncurrent portions. For proprietary funds, the entire liability for compensated absences of these funds is reflected in the respective financial statements, split between the current and noncurrent portions.

12. **Long-Term Obligations** - In the City-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statements of Net Position. Bond premiums and discounts are amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and acquisitions under financed purchase agreements are reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

13. **Fund Balances** - Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:
 - a. **Nonspendable** - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

expected to be converted to cash. It also includes the long-term amount of interfund loans.

- b. Restricted** - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation (City ordinances). Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means the City can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.
- c. Committed** - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance) of City Commission. Those committed amounts cannot be used for any other purpose unless City Commission removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process.
- Constraints imposed on the use of committed amounts are imposed by City Commission, and anything separate from these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.
- d. Assigned** - Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes, but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. The City, for planning purposes, may assign fund balances for a specific purpose, such as setting aside funds for capital equipment replacement, emergency preparedness, and accrued benefit payouts to retired/terminated employees. Unlike commitments, assignments generally exist temporarily. Decisions with regard to these purposes and amounts will be determined by the City Commission by resolution and additional action by the City is essential to either remove or revise them.
- e. Unassigned** - Fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In the other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, or unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then by unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

14. **Use of Estimates** - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.
15. **Minimum Fund Balance Policy** - The General Fund reserve target is 20% of the fund's current year budgeted appropriations. For the purpose of determining if the target has been met, the unassigned fund balance of the General Fund is then compared with the annual appropriations budget.
For other major funds designated as major funds within the City's financial report, the City has established a range of 15-25% of operating expenditures, which are utilized for the purposes allowed by these various fund types. Fiduciary funds do not have fund balance targets.
16. **Electric Rate Stabilization** - The City purchases bulk power from the Florida Municipal Power Agency (FMPA) and resells it to the electric utility customers. The Bulk Power Cost Adjustment can vary significantly from month to month. The Electric Rate Stabilization is designed to smooth out the electric utility rates paid by the electric utility customers. This stabilization process serves to minimize variances in the purchased power component of the City's electric utility service charge by passing along a more stable cost over time, even though the actual costs incurred by the City can vary. When bulk power costs are higher than usual, previously collected funds are used to stabilize the cost passed along to electric utility consumers. The converse occurs when actual costs are less than the amount charged since the difference between the actual cost and that charged consumers is reserved for future application.
17. **Reclassifications** - Certain 2021 amounts have been reclassified to conform to the 2022 presentation.

NOTE 2 - BUDGET AND BUDGETARY DATA

A. Budget Policy

The City, in accordance with its City code and state law, applies the following procedures in establishing the budgetary data reflected in the accompanying financial statements.

An annual operating budget is prepared by the departments for the General, Special Revenue, Enterprise, Capital Projects and Debt Service Funds. This is then reviewed by the City Manager, Finance Director, and Budget Manager. In July, the City Manager submits to the City Commission the proposed budget for the ensuing fiscal year.

The operating budget includes proposed expenditures and the means to fund them, as well as a proposed ad valorem millage rate. Public hearings are conducted to obtain taxpayer comments on the proposed budget and ad valorem millage rate. Prior to October 1, the City Commission legally enacts the operating budget and sets the ad valorem millage rate by passage of resolutions.

The City Manager is authorized to transfer budgeted amounts within any fund, but may not revise total fund expenditures without the approval of the City Commission. The budgetary data presented is in agreement with the originally adopted budget as amended by the City Commission.

Formal budgetary integration is employed as a management control device during the year for substantially all funds. Budgets are adopted on a basis consistent with GAAP. Total budgeted appropriations within a governmental fund-type may not be exceeded legally. Appropriations lapse at fiscal year-end. Budget data, when presented in the basic financial statements, is prepared on the same basis of accounting as that prescribed for the fund.

B. Excess of Expenditures Over Appropriations

The Police Education Fund contained an excess of expenditures over appropriations during the fiscal year ended September 30, 2022.

No other individual fund contained an excess of total expenditures over total appropriations during the fiscal year ended September 30, 2022, except for insignificant variances. However, within various funds, there may be an excess of expenditures over appropriations at the line item level.

C. Deficit Fund Balance/Net Position

The Worker's Compensation Insurance Fund and the Carver Heights/Montclair Area Community Redevelopment Agency Fund show a deficit net position/fund balance at September 30, 2022. The City plans to raise individual employee rates to increase cash flow in the Worker's Compensation Insurance Fund to alleviate the net position deficit in future years and the Carver Heights deficit will be corrected as the loan from the Electric Fund is paid down.

NOTE 3 - PROPERTY TAXES

The City is permitted under its charter to levy up to \$10 per \$1,000 of assessed valuation for general government services other than the payment of principal and interest on general long-term debt and in unlimited amounts for the payment of principal and interest on long-term debt. Additional taxes assessed for the payment of general long-term debt issues of the City must be approved by the public. The tax rate assessed by the City for the year ended September 30, 2022 was \$4.0192 per \$1,000 of assessed property value. Current tax collections (inclusive of legally available early payment discounts) for the City were 96.57% of the total tax levy. The property calendar provides for the tax revenue to be billed and collected within the applicable fiscal year.

Calendar of Property Tax Events

Tax Collection

January 1	Property taxes are based on assessed property value at this date as determined by the Lake County Property Appraiser
July 1	Assessment roll approved by the state
By September 30	Millage resolution approved by the City Commission
October 1	Beginning of fiscal year for which taxes have been levied
November 1	Property tax bills rendered
November 30	Last day for 4% maximum discount
April 1	Unpaid property taxes become delinquent
On or Prior to June 1	Tax certificates are sold by the Lake County Tax Collector. This is the first lien date on delinquent properties.

Property tax collections are governed by Chapter 197, Florida Statutes. The Lake County Tax Collector bills and collects all property taxes levied within the County. Discounts are allowed for early payment of 4% in November, 3% in December, 2% in January, and 1% in February. If property taxes are not paid by April 1, the County adds a 3% penalty on real estate, and 1.5% on personal property.

The Tax Collector advertises and sells tax certificates on all real property for delinquent taxes. Certificates not sold revert back to the County. The Tax Collector must receive payment before the certificates are issued. Any person owning land on which a tax certificate has been sold may redeem the certificate by paying the Tax Collector the face amount of the tax certificate plus interest and other costs. The owner of a tax certificate may, at any time after taxes have been delinquent for two years, file an application for tax deed sale. The County, as a certificate owner, may exercise similar procedures two years after taxes have been delinquent. Tax deeds are issued to the highest bidder for the property which is sold at public auction.

The Tax Collector remits current taxes collected through four distributions to the City in the first two months of the tax year and at least one distribution each month thereafter. The City recognizes property tax revenue in the period in which they are levied.

NOTE 4 - DEPOSITS AND INVESTMENTS

A. Pooling of Cash and Investments

The City maintains a cash and investment pool that is available for use by all funds except for monies legally restricted to separate administration (i.e., pension plans). The "Cash and Investments" on the City-wide financial statements consist of cash and investments owned by each fund and defined as resources that can be liquidated without delay or penalty. Cash and Investments held separately where contractual arrangements and bond covenants require such arrangements are classified as "restricted assets". Investment earnings are allocated to the individual funds monthly based on the fund's weighted average monthly cash balance.

As of September 30, 2022, deposits and investments are classified in the accompanying financial statements as follows:

City-wide Cash and Investments

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Primary Government Activities

1. Investments and Investment Practices

The City's investment guidelines are defined by City Ordinance and a written investment policy that is approved by the City Commission. The investment policies authorize the investment of funds in time deposits or savings accounts of financial institutions approved by the State Treasurer, and obligations of the U.S. Government and its agencies and mutual funds. Investments may also include repurchase agreements and investments in local government investment pools, either state-administered or developed through joint powers statutes and other intergovernmental agreement legislation. Revenue bond covenants also restrict the type and maturities of investments in bond-related funds.

As of September 30, 2022, the City had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (In Years)	
		Less Than 1 Year	1- 2 Years
Local Government Investment Pools	\$ 21,777,104	\$ 21,777,104	\$ -
U.S. Government and Agencies	44,415,688	28,848,299	15,567,389
Corporate Fixed Income	10,517,392	6,671,636	3,845,756
Total	\$ 76,710,184	\$ 57,297,039	\$ 19,413,145

2. Custodial Credit Risk

As of September 30, 2022, the carrying amount of the City's deposits was \$69,943,884. Monies on deposit with financial institutions in the form of demand deposit accounts and time deposit accounts are defined as public deposits. The entire City's public deposits are held in "qualified public depositories" as required by Chapter 280, Florida Statutes, "Security for Public Deposits" (the "Act"), and covered by federal depository insurance. In addition, all qualified public depositories must deposit with the State Chief Financial Officer eligible collateral in such amounts as required by the Act. Qualified public depositories are required under the Act to assume mutual responsibility against loss caused by the default or insolvency of other qualified public depositories of the same type. Should a default or insolvency occur, the State Chief Financial Officer would implement procedures for payment of losses according to the validated claims of the City.

3. Interest Rate Risk

Interest rate risk is the risk that as market rates change, the fair value of an investment will vary. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market interest rates. The City's formal investment policy ensures that securities mature to meet operating cash requirements to avoid the need to sell on the open market prior to maturity. In addition, the policy calls for investing operating funds primarily in shorter-term securities, mutual funds or investment pools from which funds can be readily withdrawn without penalty and which limit the average maturity of the portfolio from 90 days to three years. Reserve funds and other funds with longer-term investment horizons may be

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

invested in securities not exceeding five years. As of September 30, 2022 the weighted average maturity of the City's investments was 0.88 years.

4. Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The risk is generally measured by the assignment of a rating by a nationally recognized statistical rating agency. Authorized investments are outlined in Section 218.415, Florida Statutes, and are generally limited to: (a) the State of Florida Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, as provided in Section 163.01, Florida Statutes; (b) Securities and Exchange Commission registered money market funds with the highest credit quality rating; (c) interest-bearing time deposits or savings accounts in qualified public depositories as defined in Section 280.02, Florida Statutes; and (d) direct obligations of the U.S. Treasury.

5. Concentration of Credit Risk

The City's investments are guaranteed by the U.S. Government, or are highly-rated agency, State or corporate debt instruments, or held in FLSAFE, FLCLASS and FP local government investment pools as described below.

6. Local Government Investment Pools

For the fiscal year ended September 30, 2022, the City invested in the Florida Surplus Asset Fund Trust (FLSAFE), Florida Cooperative Liquid Assets Securities System (FLCLASS) and Florida Prime (FP) local government investment pools. The investment pools operate under investment guidelines established by Sections 215.47 and 218.415, Florida Statutes. None of the investment pools are registrants with the Securities and Exchange Commission; however, they have adopted operating procedures consistent with the requirements for a 2a-7-like fund and the fair value of the positions in the pools are equal to the value of the pool shares. The City's investments in FLSAFE, FLCLASS and FP were rated AAAM by Standard & Poor's.

All three investment pools in which the City is a participant have elected to measure their investments at amortized cost. In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the City is required to disclose the presence of any limitations or restrictions on withdrawals.

FLCLASS and FLSAFE allow for daily redemptions from their funds. The investment pools may temporarily suspend or postpone the right of redemption under extraordinary circumstances such as (a) war, emergency or act of God; (b) suspension of trading on major stock exchanges or a general banking moratorium; or (c) when an emergency exists such that the investment pools may not dispose of their investments because of substantial losses or it is not reasonably practical for the pools to value their net assets. As of September 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit the City's daily access to 100% of the account values.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

FP's rules regarding redemption and penalties and redemption fees are governed by Section 218.409, Florida Statutes, which notes that the Executive Director of the FP may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations, limit contributions or withdrawals. The Trustees of the pool may extend this for an additional 15 days. Section 218.409(4), Florida Statutes, provides for the FP to impose penalties for early withdrawal, subject to disclosure in the enrollment materials; at present, no such disclosure has been made. As of September 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit the City's daily access to 100% of the account value.

7. Fair Value

The City has adopted GASB Statement No. 72, *Fair Value Measurement and Application* (GASB 72). The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City's investments in government and agencies and corporate fixed income are high-quality bonds that are valued using a matrix pricing model (Level 2). Investments in local government investment pools and non-negotiable certificates of deposit are exempt from the GASB 72 fair value hierarchy disclosures per paragraph 69 of GASB 72, and are valued at the City's cost and any accrued interest on these investments.

B. Fiduciary Activities

The City reports three pension funds in the accompanying financial statements. Each of the plans has a separate governing board of trustees, a separate investment policy, and differing investment restrictions/risks. Consequently, each is disclosed separately below. All three plans are defined benefit plans. All investments at year-end were in compliance with the respective plan investment policies.

a. Custodial Credit Risk

This is the risk that in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of an outside party. Consistent with the Plan's investment policy, the investments are held by the Plan's custodial bank and registered in the Plan's name.

CITY OF LEESBURG, FLORIDA

b. Interest Rate Risk

Interest rate risk is the risk that as market rates change, the fair value of an investment will vary. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market interest rates. The Plan does not have a policy related to limiting its exposure to fair value losses arising from rising interest rates. As of September 30, 2022, the Plan's investments weighted average maturity was 3.82 years.

c. Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The risk is generally measured by the assignment of a rating by a nationally recognized statistical rating agency. Purchases of bonds or debt obligations are limited to one of the four highest ratings issued by Nationally Recognized Statistical Rating Organizations (NRSRO). The Plan's investment policy utilizes portfolio diversification in order to control this risk.

d. Concentration of Credit Risk

The investment policy of the Plan contains limitations on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. Investments in corporate common stock and convertible bonds are limited to 60% of Plan assets. No more than 10% of Plan assets shall be invested in one company. Except for U.S. Government and agency obligations, no more than 10% of Plan assets can be invested in one issuer. No investments exceeded these thresholds at September 30, 2022.

e. Foreign Currency

The Plan has nominal exposure to foreign currencies due to investments in non-U.S. markets implemented through the money managers' portfolios. Foreign currencies will fluctuate relative to the U.S. dollar, but it is believed that the diversification benefits outweigh potential risks. Given the limited exposure, foreign currency risk is considered minor.

f. Fair Value

The Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Plan's investments in government and agencies and corporate obligations are primarily bonds that are valued using a matrix pricing model (Level 2). Investments in corporate stock, mutual funds, unit investment trusts (UITs) and exchange traded funds (ETFs), which are deemed actively traded, are valued using quoted market prices (Level 1). Investments in

money market funds are exempt from the GASB 72 fair value hierarchy disclosures per paragraph 69 of GASB 72, and are valued at the Plan's cost of these investments.

The Plan's alternative investments are a partnership and a hedge fund and are valued at net asset value (NAV):

NOTE 5 - INTERFUND ADVANCES, RECEIVABLES AND PAYABLES, AND TRANSFERS

As of September 30, 2022, the composition of interfund balances is as follows:

a. Interfund Advances

On September 10, 2018, the City Commission approved an interfund loan from the Electric Utility Fund to the Community Redevelopment Agency Fund (CRA Fund) to finance the construction of the Leesburg Resource Center by the CRA Fund. The interfund loan in the amount of \$1,200,000 will be repaid over fifteen years with annual repayments at 2.50% interest. The balance of the interfund loan as of September 30, 2022 is \$891,554.

b. Interfund Receivables and Payables

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Debt Service Fund	<u>\$ 52,161</u>

The purpose of the above interfund balance was to eliminate a negative cash balance in the Debt Service fund. The Debt Service Fund will reimburse the General Fund when funds are received from other funds to finance debt payments.

c. Interfund Transfers

Enterprise	-	1,090,731
	<u>\$ 17,327,042</u>	<u>\$ 17,327,042</u>

Interfund transfers represent a major source of funding in the General Fund. The amount of utility contribution to the General Fund may not exceed 10% of the enterprise fund's estimated operating revenues and is determined by applying an established percentage against each enterprise fund's charges for services excluding surcharge revenue, gross receipts tax, and franchise fees. In addition to the Annual Operating Transfer, surcharge revenue, which is collected from customers outside the corporate limits at the same rate as Public Service Tax, is collected in the Electric, Gas, and Water Funds and transferred to the General Fund. Transfers into the Capital Projects Fund were associated with the following projects: parks and recreation improvements; road resurfacing and improvements; and future downtown and City Hall courtyard improvements. Transfers made into the nonmajor governmental funds were primarily associated with debt service payments.

NOTE 7 - PURCHASED POWER AGREEMENTS

A. Florida Municipal Power Agency

The City is a member of the Florida Municipal Power Agency (FMPA). FMPA was created pursuant to Chapter 163, Part I and Chapter 361, Part II (the Florida Interlocal Cooperation Act of 1969 and the Joint Power Act), Florida Statutes, to, among other things, provide a means for the Florida municipal corporations to cooperate with each other to provide for their present and projected energy needs. The City has limited oversight authority over the operation of FMPA. This oversight is manifested through the appointment of one voting member to the 31-member Board of Directors of FMPA and one voting member to the FMPA All-Requirements Project 13-member Executive Committee. Furthermore, the City, by the terms of FMPA's project agreements, has no equity interest in any of the assets owned by FMPA. The City participates in the following FMPA projects:

1. St. Lucie No. 2 Power Purchase Agreement

The City, through FMPA's joint ownership agreement with Florida Power and Light Corporation has an entitlement share to a small portion of the output of the St. Lucie No. 2 nuclear power plant. The City's entitlement share totaled 2.1 megawatts of generating capacity from the St. Lucie No. 2 nuclear power plant. The annual entitlement shares amount is based on the City's percent participation in the St. Lucie FMPA Project applied to the output of the plant over the same period. The operating license for Unit No. 2 is due to expire in 2043.

2. All-Requirement Power Supply Project Agreement

The City has an agreement with FMPA whereby the City purchases all of its electric power from FMPA on an all-requirement basis over and above the City's entitlement share of the St. Lucie No. 2 output. The agreement remains in effect on an evergreen 30 year basis. FMPA's power supply rates are subject to a super majority vote of the Executive Committee of FMPA.

B. Florida Gas Utility

Florida Gas Utility (FGU) was established between and among several Florida municipal entities for the purpose of achieving savings through joint services. There are currently 23 members. Among the services utilized by the City are coordination and management of firm and interruptible transportation entitlements, the purchase of gas, the performance of gas flow balancing between FGU members and customers receipt and delivery points, large customer bill reviews, and project consultation and management. FGU is governed by its Board of Directors, which consists of one representative from each member organization.

The City purchases firm transportation services from Florida Gas Transmission (FGT) pursuant to two contracts. FTS-1 provides for a maximum annual quantity of 1,614,435 Dth. FTS-2 provides for a maximum annual quantity of 182,500 Dth. These contracts have been assigned to FGU to facilitate day-to-day scheduling and management of the City's gas needs.

Sabal Trail is a transportation organization similar to FGT. The City will eventually enter into an agreement for either interruptible or firm transportation services with Sabal Trail. FGU will manage these contracts and gas purchases in a similar manner to their current agreement with the City.

E. Governmental Activities Liabilities

A summary of all governmental activities long-term debt as of September 30, 2022, except for Net Pension Liability (Note 12) and Other Postemployment Benefits (Note 14), is as follows:

1. Capital Improvement Revenue Refunding Note – 2009

On December 4, 2009, the City signed a promissory note in the amount of \$6,227,400 which was used to refund its Capital Improvement Revenue Bonds, Series 1999. Although the debt was refunded, the Debt Service Delivery Agreement for the Capital Improvement Bonds, 1999 continues in force until the Series 2009 is paid. The note is secured by a pledge of the proceeds of the local government half-cent sales tax, the guaranteed entitlement portion of state revenue sharing funds and a covenant to budget and appropriate from legally available non-ad valorem revenues. The note contains a provision that in the event of default of any payment due to the lender, written admission of inability to pay or filing a petition of bankruptcy, judgment of insolvency, or other similar events by the City, the lender may declare all obligations under this note immediately due and payable.

2. Capital Improvement Revenue Refunding Bonds, Series 2013

On May 2, 2013, the City issued bonds in the amount of \$15,345,000 pursuant to Resolution No. 9182. The 2013 Bonds are a refunding of the Capital Improvement Bonds, 2004, are fully registered bonds and are collateralized by a pledge of the proceeds of the local government half-cent sales tax, the guaranteed entitlement portion of state revenue sharing funds, the public service tax and investment income earned on trust funds held for the bondholder.

3. Greater Leesburg Community Redevelopment Agency Note – 2015

On January 12, 2015, the Greater Leesburg Community Redevelopment Agency (the "Agency") authorized the issuance of its Redevelopment Revenue Note, Series 2015, pursuant to Resolution No. 31. Also on January 12, 2015, the City signed a loan agreement with Citizens First Bank in the amount of \$1,000,000 pursuant to Resolution No. 9533. The proceeds were used to finance the acquisition, construction and improvements of streets and street improvements, undergrounding and replacement of all electric, water, wastewater, stormwater and fiber optic cable on Main Street from U.S. 27 to 9th Street, all within the

Community Redevelopment Area of the Agency. The note is secured by pledged revenues of the Agency. The note contains a provision that in the event of default of any payment due to the lender, act of bankruptcy being filed by the City, or material event related to the performance of obligations of the City within the note, the lender may take whatever legal actions necessary to collect amounts due on the note.

4. 441/27 Community Redevelopment Agency Note - 2016

On December 8, 2016, the City issued a note in the amount of \$11,563,000 pursuant to Resolution No. 9922. Proceeds from the note were used to refund the Tax Increment Revenue Bonds, Series 2009, and to pay costs of issuing the bonds. The note carries an interest rate of 2.59% and matures on May 1, 2036. The note is secured by tax increment revenues and a covenant to budget and appropriate from legally available non-ad valorem revenues of the City. The note contains a provision that in the event of default of any payment due to the lender, written admission of inability to pay or filing a petition of bankruptcy, judgment of insolvency, or other similar events by the City, the lender may pursue legal action to enforce its rights under the note, and interest will be at the Default Rate, which is 5.59%.

5. Fire Financed Purchase Agreement - 2018

On May 29, 2018, the City executed a Financed Purchase Agreement dated April 24, 2018 with Community First National Bank to acquire breathing apparatuses and various equipment for the Fire Department at a total acquisition cost of \$255,163. CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

NOTE 9 – CONDUIT DEBT

The City issues conduit debt to provide financial assistance to private-sector entities for the acquisition and construction of hospital and other healthcare facilities deemed to be in the public interest. Conduit debt refers to certain limited-obligation revenue bonds or similar debt instruments issued by the City for the express purpose of providing capital financing for a specific nongovernmental third party. Although conduit debt bears the name of the City as issuer, it is collateralized by the resources provided by the loan with the third party on whose behalf they are issued. The City acts solely as a conduit issuer with respect to the debt.

Conduit debt is collateralized by the property financed and is payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity servicing the bond issue. None of the assets or revenues of the City are pledged to the payment of the bonds and under the constitution and laws of the State of Florida, the City may not legally pledge any of its revenues or assets to the payment thereof. Neither the City, the state, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2022, the City had an aggregate principal amount of hospital and not-for-profit revenue refunding bonds of approximately \$81,129,026. The amount of bonds outstanding for The Villages Tri-County Medical Center was \$25,585,000. The amount of bonds outstanding for Leesburg Regional Medical Center and The Villages Tri-County Medical Center as a combined entity was \$47,350,000. The amount of bonds outstanding for LifeStream Behavioral Center, Inc. was \$8,194,026.

NOTE 10 – ARBITRAGE REBATE

In accordance with the Tax Reform Act of 1986, any interest earnings on borrowed construction funds in excess of the interest costs are required to be rebated to the federal government.

There is no arbitrage rebate liability as of September 30, 2022.

NOTE 11 – LEASES

Business-type Activities - Regulated Leases

The City is lessor on various regulated leases of facilities located at the Leesburg Regional Airport with lease terms extending to 2048. There are no variable lease payments associated with regulated leases. In fiscal year 2022, the City adopted GASB 87, which requires revenue from regulated leases to be recorded in the period received. Total revenue from regulated leases for the year ended September 30, 2022 was \$293,873. The following is a schedule of future minimum payments on regulated leases:

Fiscal Year	Amount
2023	\$ 278,722

Total Minimum Lease Payment Revenues	\$ 5,637,852

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Business-type Activities - Airport Non-Aeronautical Leases

The City owns and leases property to various tenants. Fixed monthly rent increases every two years based on the consumer price index (CPI). Under GASB 87, the discounted future minimum lease payments have been accrued as receivables at year end, generally offset by deferred inflows.

A discount rate of 6% was used to calculate the beginning receivables and deferred inflows of \$3,885,338 at October 1, 2021. The deferred inflows are being amortized to offset the scheduled principal payments on the related receivables. Amortization expense of \$467,864 was charged against lease revenue for 2022. Interest income was \$202,996 for 2022.

NOTE 12 – DEFINED BENEFIT PENSION PLANS (PLANS)

A. Plan Descriptions and Contribution Information

The City maintains three separate single-employer pension plans: a supplemental one for police officers; one for firemen; and a general employees' retirement plan that covers other full-time City employees, including police officers. These plans are maintained as pension trust funds and included as part of the City's reporting entity. City ordinance and state law requires contributions to be determined by actuarial studies. The City Commission has the authority to establish and amend the benefit provisions of the plans. Administrative costs are financed through contributions and investment earnings. Typically, the General Fund has been used in prior years to liquidate pension liabilities.

B. Basis of Accounting

The Plans' financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are recorded with the custodian. Benefits and refunds are recognized when due and payable in accordance with the terms of each Plan.

C. Methods Used to Value Investments

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

For financial statement purposes, the plans' assets are valued at market value for the General Employees', Municipal Police Officers', and Municipal Firemen's plans, as reported within the annual trustee statements. Because the plans do not issue stand-alone GAAP financial reports, the following individual financial schedules are presented for each of the plans:

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

All three plans provide retirement, disability, and death benefits to plan members and their beneficiaries as described below:

1. General Employees' Retirement Plan (GERP)

The General Employees' Retirement Plan was frozen as of September 30, 2008. City contributions to the plan will continue until such time as the pension obligation is fully funded. Effective October 1, 2008, active plan members no longer accrue benefits under this plan. The plan is a 100% employer contributory defined benefit plan and covers all full time employees except firemen who began employment with the City prior to October 1, 2008. Participants who have completed five years of credited service are fully vested in the plan.

Plan Administration – The plan is administered by a Board of Trustees comprised of: (1) City of Leesburg resident appointed by Commission, City Manager (or designee), Human Resources Director, one other department head appointed by the City Manager, (2) members of the plan who are not certified police officers and one member of the plan who is a certified police officer.

Benefits Provided – The plan provides retirement, termination, disability, and death benefits.

Normal Retirement – The attainment of age 65 with 5 years of credited service.

Normal Retirement Benefit – 2% of average compensation times credited service prior to October 1, 2008, with a maximum of 45 years of credited service.

Early Retirement – Attainment of age 50 with 15 years of credited service.

Early Retirement Benefit – Accrued benefit on early retirement date, reduced 3.33% for each year that early retirement precedes age 65.

Pre-Retirement Death Benefit – Monthly benefit provided by the greater of (i) or (ii), where (i) is the single sum value of the deferred monthly retirement income commencing at normal retirement date which has accrued to the date of death, and (ii) is the smaller of (a) 18 times average final compensation at the date of death and (b) 100 times the anticipated monthly retirement income at normal retirement.

Disability – Eligibility at 10 years of credited service. Prior to normal retirement date, the benefit payable is the lesser of 50% of the average final compensation or \$1,500. At normal retirement date, the benefit payable is 2% times average final compensation times years and months of credited service (to a maximum of 45 years) as if employment had continued from date of disability to normal retirement date.

Disabled Death Benefit – The greater of (i) or (ii), where (i) is equal to the single-sum value, as of the date of the participant's death, of the deferred monthly retirement income commencing at normal retirement date that the disabled participant would have accrued to the date of termination of service due to disability, and (ii) is the smaller of (a) 18 times average final compensation at the date of termination due to disability and (b) 100 times the participant's anticipated monthly retirement income at normal retirement.

Contributions – Remaining amount required in order to pay current costs and amortize unfunded past service cost, if any, as provided in Chapter 112, Florida Statutes.

Termination of Employment – Vesting Schedule: Less than 5 years zero percent vested; five or more years 100% vested.

Disability – Eligibility - Total and permanent as determined by Board of Trustees, this benefit is payable from the first day of the month following the last day the participant was paid basic compensation. The benefit is payable in the form of a 10-year certain and continuous annuity. The last payment is that due next preceding the earlier of (1) the date of recovery prior to the normal retirement date and (2) the later of the date of death or the 120th payment. Non-line-of-duty benefit amount: Less than 10 years: The monthly income which can be provided by the greater of (i) the single-sum value of the accrued benefit and (ii) 2 x basic compensation paid in the calendar year immediately preceding disability. The monthly retirement income which may be provided by (ii) is limited to 60% x anticipated monthly retirement income at the normal retirement date. More than 10 years: The monthly income which is the greater of (i) the monthly retirement income which can be provided by the single-sum value of the accrued benefit and (ii) 30% x basic compensation paid in the calendar year immediately preceding disability. Note the single-sum value of (ii) is limited to 100 x the anticipated monthly retirement income at the normal retirement date. The minimum amount payable is 25% of the participant's average monthly compensation at the time of disability. Line-of-Duty benefit amount: A monthly income equal to 50% x basic compensation paid in the calendar year immediately preceding disability where the single-sum value of the monthly amount does not exceed the 100 x the anticipated monthly retirement income at the normal retirement date. The minimum amount payable is the greater of 42% of the participant's average monthly compensation at the time of disability and the accrued benefit at disability.

Pre-Retirement Death Benefit – The monthly income, payable to designated beneficiary in the form of a 10 year certain and continuous annuity payable commencing on the first of the month coincident with or next following the participant's death which can be provided by the greater of (i) the single-sum value of the accrued benefit as of the date of death, not less than the single-sum value of the early retirement benefit which would have been payable if the participant had retired early on the date of death and (ii) 2 x basic compensation paid in the calendar year immediately preceding death limited to 100 x the anticipated monthly retirement income at normal retirement date.

Contributions – Employee: 6.5% of basic compensation; Premium Tax: 1.85% tax on fire insurance premiums; City: remaining amount necessary for payment of normal (current year's) cost and amortization of the accrued past service liability, as provided in Part VII, Chapter 112, Florida Statutes.

Actuarial Assumptions:

The measurement date is September 30, 2022 for all three pension plans. The measurement period for the pension expense is October 1, 2021 to September 30, 2022. The reporting period is October 1, 2021 through September 30, 2022.

The total pension liability for all plans was determined by an actuarial valuation as of October 1, 2021 updated to September 30, 2022 using the following actuarial assumptions applied to all measurement periods.

	<u>GERP</u>	<u>MPRP</u>	<u>MFRP</u>
Inflation	2%	2.5%	2.32%
Salary Increases	None (frozen)	Service based	4%-6%

Mortality rates (disabled lives) for the General plan was based on PubG.H-2010, set forward three years; the Police plan was based on 80% PubG.H-2010 and 20% PubS.H-2010; the Fire plan was based on 80% PubG.H-2010 and 20% PubS.H-2010.

For the General Employees' Fund, actuarial assumptions used were based on the results of an actuarial experience study dated September 3, 2007. The actuarial assumptions used for Police Officers' Fund were based on the results of an actuarial experience study dated December 3, 2021. The actuarial assumptions used for Firemen's Fund were based on the results of an actuarial experience study dated March 7, 2014 and updated at a January 8, 2017 meeting of the Retirement Committee.

I. Long Term Expected Rate of Return—All Plans

The long-term expected rate of return on all pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Pension Plan's target asset allocation as of September 30, 2022 are summarized in the following table:

J. Discount Rate

The discount rates used to measure the General Employees' pension liability was 7.00%, the Police Officers' pension liability was 6.80%, and the Firemen's pension liability was 7.00%.

The projection of cash flows used to determine the discount rate assumed that Plan Member contributions will be made at the current contribution rate and the Sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the Member rate. Based on those assumptions, the Pension Plans' Fiduciary Net Position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the Long-Term Expected Rate of Return on Pension Plan investments was applied to all periods of projected benefit payment to determine the Total Pension Liability.

NOTE 13 - DEFINED CONTRIBUTION PENSION PLAN

General employees of the City participate in the 401(a) Defined Contribution Pension Plan (401(a) Plan) administered by MassMutual Financial Group. The 401(a) Plan was authorized by City Commission Resolution. New employees become fully vested over a four-year period. For the year ended September 30, 2022, the City Commission approved a contribution rate of 5% of compensation. Total contributions amounted to \$845,512, or 100% of the amount authorized.

Employees may not contribute to the 401(a) Plan. Investments in 401(a) Plan assets are directed by individual employees.

NOTE 14 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

A. Plan Description and Benefits Provided

In accordance with Section 112.0801, Florida Statutes, the City allows retirees the option of continuing to participate in the City's group health insurance coverage at a premium cost of no more than the premium cost applicable to active employees. The City administers a single-employer defined other postemployment benefit (OPEB) plan which provides postretirement health care benefits, in accordance with City ordinance, to all employees who retire from the City with at least 15 years of continuous service. Benefit provisions for the Plan are established by the City Commission and may be amended by the City Commission. Employees retiring before age 55 may remain in the City's plan and pay all premium costs. Employees who retire between the ages of 55 and 58 and continue health coverage will become eligible for employer subsidized premiums at age 58. Employees retiring on or after attaining age 58 with at least 15 years of service remain in the plan with all employee premiums paid by the City up to a maximum of \$400 per month; if the cost to the City for health insurance coverage on the retired employee exceeds \$400 per month, the retiree will bear the cost over and above \$400; this \$400 per month stipend is no longer available to employees who were hired on or after October 1, 2008. This explicit City subsidy is available only for retiree coverage and is not available in whole or in part as an explicit subsidy for spouse or dependent coverage. A voluntary early retirement incentive program (VERIP) was implemented in 2014, allowing for retirees to retire as early as age 50 with 27 years of service, with varying amounts of service required from ages 51-57. The VERIP pays the maximum subsidy of \$400 per month. The City has implemented a \$400 per month subsidy cap in instances where the retiree is eligible to receive a subsidy. In instances where the premium exceeds the monthly cap, the excess premium becomes the responsibility of the retiree. In July 2018, the City began to offer a \$400 per month stipend as a cash benefit to retirees eligible for such who no longer remain in the City's health insurance plan. The plan does not issue a publicly available financial report. The OPEB payable from the governmental funds are typically liquidated in the General Fund.

B. Funding Policy

Currently, the City's OPEB benefits are unfunded. That is, there is no separate Trust Fund or equivalent arrangement into which the City would make contributions to advance-fund the obligation. Therefore, the ultimate subsidies which are provided over time are financed directly by general assets of the City. For the fiscal year ended September 30, 2022, retiree contributions for amounts not covered by the \$400 per month described in "Plan Description" above totaled \$339,624.

The City's total OPEB liability of \$22,322,427 was measured as of September 30, 2021, and was determined by an actuarial valuation as of September 30, 2021.

E. Significant Actuarial Assumptions and Other Inputs

The total OPEB liability was determined by an actuarial valuation as of September 30, 2021 using the following actuarial assumptions:

Inflation Rate	2.50%
Salary Increase Rate(s)	Varies by Service
Discount Rate	2.43%
Initial Healthcare Trend Rate	7.50%
Ultimate Healthcare Trend Rate	4.00%
Years to Ultimate	53

Mortality - All mortality rates were based on the Pub-2010 mortality tables with fully generational improvement using Scale MP-2021. Rates are based on those outlined in the July 1, 2021 Florida Retirement System (FRS) actuarial valuation report.

Active Lives - For female lives (non-special risk), the headcount-weighted PubG-2010 female employee table was used. For male lives, the headcount-weighted PubG-2010 male below-median income employee table, set back one year, was used. For special risk female lives, the headcount-weighted PubS-2010 female employee table, set forward one year, was used. For special risk male lives, the headcount-weighted PubS-2010 male below-median income employee table, set forward one year, was used.

Inactive Healthy Lives - For female (non-special risk) lives, the headcount-weighted PubG-2010 female below-median income healthy retiree table was used. For male (non-special risk) lives, the headcount-weighted PubG-2010 male below-median income healthy retiree table, set back one year, was used. For special risk female lives, the headcount-weighted PubS-2010 female healthy retiree table, set forward one year, was used. For special risk male lives, the headcount-weighted PubS-2010 male below-median income healthy retiree table, set forward one year, was used.

Disabled Lives - For female (non-special risk) lives, the headcount-weighted PubG-2010 female disabled retiree table, set forward three years was used. For male (non-special risk) lives, the headcount-weighted PubG-2010 male disabled retiree table, set forward three years, was used. For special risk female lives, an 80/20 blend between the headcount-weighted PubG-2010 and PubS-2010 female disabled retiree tables were used. For special risk male lives, an 80/20 blend between the headcount-weighted PubG-2010 and PubS-2010 male disabled tables were used.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Discount Rate - Given the City's decision not to fund the OPEB plan, all future benefit payments were discounted using a high-quality municipal bond rate of 2.43%. The high-quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by the S&P Dow Jones Indices nearest the measurement date. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard & Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends.

Projection of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

NOTE 15 - SELF-INSURANCE FUND

A. Employee Health Insurance Fund

The City maintains a self-insurance program for the payment of employee health and medical claims. The program provides for the payment of City and employee contributions into a self-insurance fund, which is managed by the City. Individual claims up to \$165,000 per claimant are paid from the assets of the self-insurance fund. Individual claims above \$165,000 are paid by the reinsurance up to an unlimited lifetime maximum. This coverage includes all amount for claims, regardless of the condition or disease, for this claimant during the policy period. In addition, the total of all claims (less reimbursements for the specific claims) are paid after the aggregate excess attachment point has been reached. Claims above this amount are reimbursed up to \$1,000,000 per fiscal year by the reinsurance policy purchased by the City. The City employs a third party claims administrator to manage claims. Each year, an actuarial analysis of the Health Insurance Fund is conducted in order to assure the financial soundness of the fund.

B. Workers' Compensation Insurance Fund

The City maintains a self-insurance program for the payment of employee workers' compensation claims. The program provides for City contributions into a self-insurance fund which is managed by the City. Employee claims up to \$500,000 per occurrence are paid from the assets of the self-insurance fund with amounts in excess of \$500,000 per occurrence being paid from a reinsurance policy purchased by the City. The City employs a third party claims administrator to manage claims. Each year, an actuarial analysis of the Workers' Compensation Insurance Fund is conducted in order to assure the financial soundness of the fund.

Changes in claims liabilities for the last two years follow:

	Balance October 1, 2021	Current Year Claims and Changes in Estimates	(Claims Paid)	Balance September 30, 2022
Employee Health Insurance Fund	\$ 443,731	\$ 6,253,213	\$ (6,255,004)	\$ 441,940
Workers' Compensation Insurance Fund	2,085,023	290,858	(307,468)	2,068,413
	<u>\$ 2,528,754</u>	<u>\$ 6,544,071</u>	<u>\$ (6,562,472)</u>	<u>\$ 2,510,353</u>
	Balance October 1, 2020	Current Year Claims and Changes in Estimates	(Claims Paid)	Balance September 30, 2021
Employee Health Insurance Fund	\$ 417,942	\$ 6,463,650	\$ (6,437,861)	\$ 443,731
Workers' Compensation Insurance Fund	1,669,061	888,084	(472,122)	2,085,023
	<u>\$ 2,087,003</u>	<u>\$ 7,351,734</u>	<u>\$ (6,909,983)</u>	<u>\$ 2,528,754</u>

Claim liabilities are calculated based on actuarial valuations, which include consideration of non-incremental claims adjustment expenses. Management estimates that \$723,945 of Workers' Compensation and \$441,940 of Employee Health Insurance claim liabilities are payable within one year. The amount of settlements have not exceeded insurance coverage in each of the past three fiscal years.

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

NOTE 16 – CONTINGENCIES AND COMMITMENTS

The City participates in a number of state and federal grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined, although the City expects such amounts, if any, to be immaterial.

The City is defending several claims and judgments arising from the normal course of business. The City expects to prevail in these matters; however, the final outcomes have not yet been determined.

NOTE 17 – ENCUMBRANCES

The City has outstanding encumbrances on various contracts for construction and other projects. These encumbrances, as of September 30, 2022, in the respective funds are as follows:

General Fund	\$ 219,911
Capital Projects Fund	558,085
Non-Major Governmental Funds	182,965
Electric Utility Fund	655,435
Gas Utility Fund	134,683
Water Utility Fund	981,726
Wastewater Utility Fund	6,449,398
Airport Fund	1,495,522
Non-Major Enterprise Funds	495,796
Internal Service Funds	531,840
Total	<u><u>\$ 11,705,361</u></u>

Long-term purchase contract obligations for the purchase of electric power are disclosed in Note 7. Long-term contracts are not included in the above outstanding encumbrance balances.

NOTE 18 – RISK MANAGEMENT

The City's self-insurance programs are accounted for in separate nonmajor internal service funds. Additionally, the City maintains insurance coverages for the following exposures:

- General and Automotive Liability
- Property Damage, including Inland Marine and Auto Physical Damage insurance
- Crime
- Law Enforcement Liability
- Public Officials and Employment Practices Liability
- Pollution Liability
- Excess Workers' Compensation Insurance
- Excess Health Insurance
- Unemployment Compensation
- Federal Flood Insurance
- Basic Life Insurance
- Airport Liability
- Marina Liability

CITY OF LEESBURG, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Exposures are limited by insurance coverage as noted. Settled general and automotive liability and workers' compensation claims have not exceeded the self-insured statutory limits in any of the past five years.

NOTE 19 – TAX ABATEMENTS

The City enters into property tax abatement agreements with local businesses under Article VII, Section 3(c) of the Florida Constitution and City Ordinance 12-42, which were approved by City voters on November 6, 2012, for the purpose of encouraging economic development and establishing new jobs in the City. City ad valorem taxes are abated for businesses that meet certain hiring, sales and/or productive output increases and file for such exemption with the Lake County Property Appraiser. The temporary exemption applies to new buildings and new equipment built or purchased by a qualifying business after the application for exemption is filed of up to 100% of ad valorem taxes on the new buildings and equipment for up to ten years; each exemption is granted on a case-by-case basis. A business which does not achieve the performance requirements specified in the individual authorizing ordinance could have the ad valorem tax exemption revoked in whole or in part. The City has elected to disclose all tax abatement agreements.

Currently, the City has an agreement with Coreslab to abate ad valorem property taxes on new buildings and equipment recently constructed and installed from tax years 2019-2021 (fiscal years 2019-2021). The amount of the abatement under the agreement was \$38,879 in fiscal year 2022, and estimated to be \$37,791 in fiscal year 2023. The City also sold additional property to Coreslab, and will have no tax abatements in relation to new buildings and equipment placed on the additional property until the property is developed.

Notes to Schedule:

*The Covered Payroll amounts shown are in compliance with GASB 82, except for the 09/30/2015 measurement period.

Changes of assumptions:

For measurement date 09/30/2021, the Board approved the following assumption changes based on the December 3, 2021 actuarial experience study:

1. Decrease in investment return assumption from 7.0% to 6.8% per year, net of investment related expenses.
2. Increase the expected individual salary increases from 7.0% to 12.0% for the first year of employment and reduce the expectation in years 1-4 from 7.0% to 5.0% per year.
3. Update the expected rate of Early Retirement to be 10% per year, regardless of Credited Service and the expected rate of Normal Retirement to be 75% at first eligibility and 100% beginning one year after first eligibility.
4. Switch to an entirely service-based assumption for expected turnover rates, with 13% for each of the first 5 years of employment, 9% for the next 5 years of employment, 8% for the next 5 years of employment and 2% per year beginning at 15 years of employment.

For measurement date 09/30/2020, as mandated by Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the rates used in the July 1, 2019 actuarial valuation for special risk lives, with appropriate risk and collar adjustments made based on plan demographics.

For measurement date 09/30/2020, amounts reported as changes of assumptions resulted from lowering the investment rate of return from 7.40% to 7.00%, net of investment related expenses.

Notes to Schedule

Valuation Date: 10/1/2020

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding method	Entry Age Normal Method
Mortality	Mortality Rate Healthy Active Lives: Female: PubG.H-2010 for Employees. Male: PubG.H-2010 for Employees, set back one year. Mortality Rate Healthy Retiree Lives: Female: PubG.H-2010 for Healthy Retirees. Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year. Mortality Rate Beneficiary Lives: Female: PubG.H-2010 (Below Median) for Healthy Retirees. Male: PubG.H-2010 for Healthy Retirees, set back one year. Mortality Rate Disabled Lives: PubG.H-2010 for Disabled Retirees, set forward three years.
Termination Rates	See Table below.
Disability Rates	See Table below.

Retirement Rates:	<u>Age</u>	<u>Rate Per Year</u>
	50-54	2%
	55-58	20%
	59-61	20%
	62	50%
	63-64	25%
	65	100%

Interest Rate	7.00% per year, compounded annually, net of investment related expenses.
Salary Increases	None (frozen plan)
Payroll Increases	None (frozen plan)
Cost-of-Living Adjustment	2.0% per year after 3 years (none for VT's)
Actuarial Asset Method	All assets are valued at market value with an adjustment to uniformly spread actuarial investment gains and losses (as measured by actual market value investment return against expected market value investment return) over a five-year period. Previously, the prior actuarial value of assets were brought forward utilizing the historical geometric 4-year average market value return.

Notes to Schedule

Valuation Date: 10/1/2020

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding Method	Frozen Entry Age Actuarial Cost Method
Mortality	Mortality Rate Healthy Active Lives: Female: PubS.H-2010 (Below Median) for Employees, set forward one year. Male: PubS.H-2010 (Below Median) for Employees, set forward one year. Mortality Rate Healthy Retiree Lives: Female: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year. Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year. Mortality Rate Beneficiary Lives: Female: PubG.H-2010 (Below Median) for Healthy Retirees. Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year. Mortality Rate Disabled Lives: 80% PubG.H-2010 for Disabled Retirees/20% PubS.H-2010 for Disabled Retirees.
Interest Rate	6.80% per year compounded annually, net of investment related expenses.
Retirement Age	See Table below.
Early Retirement	Commencing at eligibility for early retirement members are assumed to retire with an immediate benefit at the rate of 10% per year.
Disability Rates	See Table on next page. It is assumed that 75% of disablements are service related.
Termination Rates	See Table on next page.
Salary Increases	See Table on next page. (Projected salary at retirement is increased individually to account for non-regular compensation)
Cost-of-Living Adjustment	None
Payroll growth assumption	0% annually for amortizing UAAL
Asset Valuation	All assets are valued at market value with an adjustment to uniformly spread actuarial investment gains and losses (as measured by actual market value investment return against expected market value investment return) over a five-year period.

Retirement Age:	Years After Normal Eligibility	Probability
	0	75%
	1+	100%

Notes to Schedule:

Covered Employee Payroll was projected one year forward from the valuation date for the reporting period ending September 30, 2022.

Changes of Assumptions:

Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

FY2022	2.43%
FY2021	2.14%
FY2020	3.58%

Benefit Payments:

The plan sponsor did not provide actual net benefits paid by the plan for the fiscal year ending on September 30, 2022. Expected net benefit payments produced by the valuation model for the same period are shown in the table above.

No assets are accumulated in a trust that meets the criteria detailed in GASB 75, paragraph 4 to pay related benefits.

NOTE: This schedule is intended to show information for ten years; however, data was unavailable prior to 2018. Additional years' information will be presented as they become available.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenue sources (other than expendable trusts and major capital projects) that are legally restricted for specific purposes as described below.

Housing Assistance Fund accounts for grant funds received to provide affordable housing for low income households.

Police Forfeitures Fund accounts for funds associated with Municipal, State and Federal seizures. Revenues are split between State and Federal forfeitures, each having their own rules and restrictions as to how the funds may be spent.

Police Education Fund accounts for funds created by Criminal Justice Education Funding. Revenue is set aside to fund criminal justice education programs and training courses which include basic recruit, officer, and agency support personnel training.

Discretionary Sales Tax Fund accounts for income received from Lake County's Local Government Infrastructure Surtax, which are restricted for specific uses. Those uses include: public facility construction, reconstruction, and improvement; fire, police, and emergency vehicles and equipment to outfit such; and emergency shelters.

Gas Tax Fund accounts for income associated with the Ninth-cent Fuel Tax, Local Option Fuel Tax, and Revenue Sharing Gas Tax, which are restricted for specific uses. Those uses include: construction, reconstruction and maintenance of roads, streets, bicycle and pedestrian pathways. Funds may also be used for utility relocation.

Police Impact Fee Fund accounts for Municipal Impact Fees collected on land developed within the City, for the provision of Municipal Services Capital Facilities related to police services, due to a new development.

Fire Impact Fee Fund accounts for Municipal Impact Fees collected on land developed within the City, for the provision of Municipal Services Capital Facilities related to fire services, due to a new development.

Recreation Impact Fee Fund accounts for Municipal Impact Fees collected on land developed within the City, for the provision of Municipal Services Capital Facilities related to recreation services, due to a new development.

Building Permits Fund accounts for the cost of building permit and inspection services, through the dedicated revenues generated in providing these services.

DEBT SERVICE FUND

Debt Service Fund accounts for the accumulation of resources for, and the payment of, interest and principal on most general governmental obligations.

NONMAJOR ENTERPRISE FUNDS

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises where the costs of providing goods or services to the general public are recovered primarily through user charges; or where the City has decided that determination of net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Individual nonmajor enterprise funds are described below.

Stormwater Fund accounts for the costs associated with the management, construction, maintenance, protections, control, regulation, use, and enhancement of stormwater systems and programs within City limits.

Solid Waste Fund accounts for the City's solid waste disposal and reduction needs, including residential and commercial collection, curbside recycling collection, yard waste collection, and postclosure monitoring of the closed landfill.

COMMUNITY REDEVELOPMENT AGENCY FUNDS

Community Redevelopment Agency Funds, a major special revenue fund of the City, consists of the Greater Leesburg Community Redevelopment Agency, Carver Heights/Montclair Area Community Redevelopment Agency, and U.S. Highway 441 & 27 Community Redevelopment Agency which are incremental tax districts established pursuant to Florida Statutes. The fund accounts for the incremental increase in ad valorem tax revenue collected within the designated community redevelopment areas. Revenues must be utilized and expended in accordance with the respective community redevelopment plans.

STATISTICAL SECTION

(Unaudited)

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These schedules reflect social and economic data and financial trends of the City of Leesburg, Florida, and are designed to give the reader insights into the financial position of the City of Leesburg not readily apparent from the financial statements.

Statistical data are presented to provide more detailed information than reported in the preceding basic financial statements. This information in many cases has been spread throughout the report and is brought together here for greater clarity. Statistical data are not necessary for fair presentation in conformity with generally accepted accounting principles.

The schedule entitled "Computation of Legal Debt Margin," which is recommended for inclusion in the Annual Comprehensive Financial Report by the Government Finance Officers Association of the United States and Canada, is not included within this report inasmuch as no legal debt margin has been established for the City pursuant to the Constitution of the State of Florida, Florida Statutes, City ordinances or other laws applicable to the City. The City has had no general obligation debt outstanding during the past ten years.

Note: The City of Leesburg created the Carver Heights/Montclair Area Community Redevelopment Agency (CHCRA) on December 10, 2001 (Ordinance 01-61) pursuant to Section 163.512, Florida Statutes. The CHCRA was created to identify and address blighted conditions within its boundaries and to enable the City to establish a mechanism to finance redevelopment projects through Tax Increment Financing (TIF). The base year was established in 2001 with an assessed value of \$57,980,259. The CHCRA generates a majority of its annual income from tax increment revenues.

On July 13, 2015 (Ordinance 16-26), the City amended the plan for the CHCRA, expanded the boundaries and extended the timeframe to add thirty (30) years from the time of amendment. The agency will expire in 2046.

Note: The City of Leesburg created the U.S. Highway 441 & 27 Community Redevelopment Agency (Agency) on February 13, 2006 (Ordinance 06-13) pursuant to Section 163.512, Florida Statutes. The Agency determined the existence of blighted areas and is part of the City's plan to improve conditions within the corridor areas. The base year was established in 2006 with an assessed taxable value of \$352,255,087. In FY 2016, the Agency was rebased with an assessed taxable value of \$333,357,278. The Agency generates a majority of its annual income from tax increment revenues which expires in 2046.

In FY 2012, taxable values dropped below the base year values resulting in zero tax revenue for the CRA.

On December 7, 2015, Ordinance 15-49 amended the base year for computation of tax increment revenues specifying the use of the tax roll adopted by the Property Appraiser of Lake County, Florida for tax year 2015.

Notes: The City has no general obligation debt. Utility revenue bonds are excluded.

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Leesburg. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

CITY OF LEESBURG, FLORIDA
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
FOR THE YEAR ENDED SEPTEMBER 30, 2022

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS:

NOTE 1 -REPORTING ENTITY

For reporting entity purposes, the Schedule of Expenditures of Federal Awards and State Financial Assistance includes the federal and state grant activities of the primary government of the City of Leesburg, Florida (the "City").

NOTE 2 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards and State Financial Assistance is prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applicable to governmental organizations.

NOTE 3 -CONTINGENCIES

Grant monies received by the City are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the City does not believe such disallowances, if any, would have a material effect on the financial position of the City. As of September 30, 2022, there were no material questioned or disallowed costs as a result of grant audits in process or completed of which management was aware. Any adjustments as a result of grant findings are recorded in the year the adjustment occurs.

NOTE 4 -INDIRECT COST RATE

The City has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Leesburg, Florida, (the "City") as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 22, 2023. Our report includes a reference to other auditors who audited the financial statements of the City of Leesburg Municipal Firemen's Retirement Plan, as described in our report on the City's financial statements. This report includes our consideration of the results of the other auditor's testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We reported certain other matters to management of the City in a separate letter dated March 22, 2023.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND MAJOR STATE PROJECT AND ON INTERNAL CONTROL
OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL
AWARDS AND STATE FINANCIAL ASSISTANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited the compliance of the City of Leesburg, Florida (the "City") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") *Compliance Supplement* and Department of Financial Services *State Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs and major state projects for the fiscal year ended September 30, 2022. The City's major federal programs and major state projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and major state projects for the fiscal year ended September 30, 2022.

Basis for Opinion for Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibility of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance; and Chapter 10.550, *Rules of the Auditor General* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Report on Internal Control over Compliance (*Continued*)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated March 22, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis, as required by the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

INDEPENDENT ACCOUNTANT'S REPORT

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

We have examined the compliance of the City of Leesburg, Florida (the "City") with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2022. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the City's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2022.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Leesburg, Florida (the City) as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated March 22, 2023. Our report also includes a reference to other auditors, who audited the financial statements of the City of Leesburg Municipal Firemen's Retirement Plan, as described in our report on the City's financial statements.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have also issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Major State Project and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance in Accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated March 22, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

The Honorable Mayor and
Members of the City Commission
City of Leesburg, Florida

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific information for Carver Heights/Montclair Community Redevelopment Agency, Greater Leesburg Community Redevelopment Agency, and the U.S. Highway 441/27 Community Redevelopment Agency (collectively, the CRAs), that is required by Section 218.39(3)(c), Florida Statutes, and Section 10.544(1)(i)6, *Rules of the Auditor General*, is reported in the respective CRAs' management letter for the fiscal year ended September 30, 2022.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Commission, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

Notes:

Gross Revenues are defined pursuant to Resolution 7143 adopted June 14, 2004, as all income and earnings derived by the City from the ownership, operation, leasing, or use of the system, and investment income, excluding capital expansion and system improvement grants.

Operation and Maintenance Expenses are defined as the cost of operation and maintenance as current expenses, paid or accrued, less depreciation and amortization expense.

Net Revenues and Pledged Revenues are defined as gross revenues less operation and maintenance expenses plus capacity charges.

¹ **Series 2004** - The annualized interest payments for fiscal years 2004, 2005 and 2006 were paid 100% from the Capitalized Interest Fund of \$2,380,265. This series was refunded by the Series 2013 Bonds as discussed in note 5 below.

² **Series 2007A & 2007B** - Resolution 7965, adopted July 23, 2007, the City amended Resolution 7143 for the purpose of authorizing the issuance of the Utility System Revenue Bonds, Series 2007A and Taxable Utility System Revenue Bonds, Series 2007B ("Series 2007 Bonds") on a parity with the City's outstanding Utility System Revenue Bonds, Series 2004. First two years payments for these bonds were interest only and were paid 100% from the Capitalized Interest fund of \$1,341,602.

³ **Series 2010** - Resolution 8673, adopted June 28, 2010, the City authorized the issuance of an \$8,000,000 note that fully paid off a prior \$8,000,000 Plantation System seller's note. This prior note was part of the purchase price for this \$15,000,000 utility and the 2010 note is on parity with the 2004 and 2007A&B bonds.

⁴ **Series 2013** - Resolutions 9183 and 9184, adopted April 22, 2013, the City authorized the issuance of the Utility System Refunding Revenue Bonds, Series 2013 to refund the Series 2004 Utility Bonds with the same parity and pledged revenues as the Series 2004.

⁵ **Series 2016** - Resolutions 9794 and 9795, adopted May 9, 2016, the City authorized the issuance of the Utility System Refunding Revenue Bonds, Series 2016 to refund all or a portion of the City's outstanding Utility System Revenue Bonds, Series 2007A, on parity with the outstanding Taxable Utility System Revenue, Series 2007B, Utility System Revenue Refunding Note 2010 and Utility System Refunding Revenue Bonds, Series 2013.

⁶ Excludes revenues from capacity charges per Bond Resolution.

⁷ Includes revenues from capacity charges per Bond Resolution.

⁸ **Series 2020** - Resolution 10,625, adopted on April 16, 2020, the City authorized the issuance of a \$15,000,000 note. This note is payable from and secured solely by net revenues of the City's utility system on parity with the City's outstanding Taxable Utility System Revenue Bonds 2007B, Utility System Revenue Refunding Note 2010, and Utility System Refunding Revenue Bonds Series 2016. Proceeds from the note were used for the expansion of the Turnpike Wastewater Plant and other improvements to the City's Water and Wastewater System.

⁹ **Series 2022** - Resolution 11,333, adopted on July 29, 2022, the City authorized the issuance of a \$15,000,000 bond. This bond is payable from and secured solely by net revenues of the City's utility system on parity with the City's outstanding Taxable Utility System Revenue Bonds, Series 2007B, Utility System Revenue Refunding Note - 2010, Utility System Refunding Revenue Bonds, Series 2013, Utility System Revenue Refunding Bonds, Series 2016, and Utility System Revenue Note - 2020. Proceeds from the bond were used for the acquisition, construction and equipping of a wastewater treatment facility and other improvements to the City's Wastewater System.

AN ORDINANCE OF THE CITY OF LEESBURG, FLORIDA, AMENDING §22-246 OF THE CODE OF ORDINANCES PERTAINING TO NATURAL GAS RATES; INCREASING MONTHLY CHARGES FOR ALL CLASSIFICATIONS OF CUSTOMER; PROVIDING FOR ANNUAL INFLATION ADJUSTMENT; CHANGING THE GROSS PROFIT MARGIN OF THE CITY; CHANGING THE CALCULATION METHOD FOR THE FUEL ADJUSTMENT CHARGE; REPEALING CONFLICTING ORDINANCES; PROVIDING A SEVERANCE CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

BE IT ENACTED BY THE PEOPLE OF THE CITY OF LEESBURG, FLORIDA:

SECTION I.

§22-246 of the Code of Ordinances for the City of Leesburg, Florida, is hereby amended in its entirety to read as set forth below:

Sec. 22-246. Gas service rate schedule.

The rates for the furnishing of gas service by the city shall be as set forth below. Rates shown shall be subject to periodic adjustment under §22-166 of this Code. The automatic annual adjustment described by 22-166 shall not apply to the Energy Conservation Adjustment. Rates described herein shall be effective for all utility bills rendered on or after the first day of the month following adoption of this Ordinance.

(1) Residential.

- a. Applicable. Service under the rate shall apply only to gas service used in a single private dwelling unit and its appurtenances and used for other than heating only and shall not be resold. Each dwelling unit in an apartment house shall be separately metered. Housing projects in which gas service is furnished by the lessor may be singularly metered and billed.
- b. Deposits. Deposits for each account shall be required as set forth more particularly in § 22-181 of this Code.
- c. Monthly rate.
Availability charge exclusive of use . . . \$6.78
Delivery Charge per therm, effective 6-1-2007 0.464400

(2) Heating only, residential.

- a. Applicable. Service under this rate shall apply only to gas service used for heating only in a single private dwelling unit and its appurtenances and shall

not be resold. Each dwelling unit in an apartment shall be separately metered. Housing projects in which gas service is furnished by the lessor may be singularly metered and billed.

- b. Deposits. Deposits for each account shall be required as set forth more particularly in § 22-181 of this Code.

- c. Monthly rate.
Availability charge, exclusive of use . . . \$10.17

Delivery Charge per therm, effective 6-1-20070.464400

(3) Public building, commercial and small industrial (not contract).

- a. Applicable. To all publicly owned buildings, school buildings, commercial and industrial consumers.

- b. Monthly rate.
Availability charge, exclusive of use . . . \$10.17
Energy Charge per therm, effective 6-1-2007 0.464400

(4) Large industrial--Contract.

- a. Applicable. Gas service under this rate shall apply to large consumers of gas.
- b. Rate. The rate shall be as fixed by contract between the city and the consumer, negotiated by the city manager, with the approval of the city commission.

(5) Reconnection charge. When any service is cut off for nonpayment of bill, and when connection service is requested to be performed after normal business hours, the reconnection charge shall be pursuant to the Utility Service Fee Schedule described in §22-6 of this Code. Service will not be restored after it is cut off for nonpayment until the account is paid current and the reconnection charge is paid.

(6) Fuel adjustment charge. All non-contract natural gas rates shall include a fuel adjustment charge. The fuel adjustment charge is the average cost of natural gas, per delivered therm. The calculation of the fuel adjustment charge shall be based upon past and estimated future costs. The fuel adjustment charge shall be calculated by the Finance Director, or his delegate, and revised as frequently as necessary to assure that the City recovers the total cost of all natural gas purchased.

(7) Turn-off and turn-on fee for gas service interrupted at customer's request. Any gas service interrupted at the request of the customer and restored for the same customer at the same address shall have the fees assessed according to the Utility Service Fee Schedule pursuant to §22-6 of this Code.

(8) Master metering. Where natural gas service charges are measured, in whole or in part, by a master meter, the availability charge on the master meter shall be the number of units served by the master meter times the rate per month availability charge. All consumption on the master meter shall be billed at the monthly rate per therm, as applicable, plus all other charges. The master meter shall be classified to the rate schedule which yields the highest

revenue consistent with the applicability clauses of the rate classes. Each and every user served by the master meter may be billed, at the discretion of the city, for the fixed charge assessed for each user within the particular user's service classification, and the person or entity in whose name the master meter is registered on the city's records shall in such event be billed for the variable charge assessed for the service being provided. As used in this subsection, the following terms shall have the meanings indicated:

- a. Master meter: Shall refer to a meter measuring the service provided to two (2) or more occupancy units being served by a single meter.
- b. Occupancy unit: Shall refer to that portion of any commercial establishment, single- or multi-unit residential building, or trailer, mobile home, manufactured housing, or recreational vehicle park, or marina which is set apart from the rest of such facility by clearly determinable boundaries, as described in the rental, lease or ownership agreement for such unit, or in the absence of such an agreement, where that portion of the facility is clearly set apart from the rest of the facility in a manner which evidences an intent to render the unit suitable for occupancy as a residential, commercial or other space as a discrete unit, separate and apart from the use or occupancy of other units within the same facility.
- c. User: Shall refer to the occupant(s) of any individual occupancy unit served by a master meter.
- d. Fixed charge: Shall refer to the minimum charge imposed by the city during a billing period, in the particular customer's service classification, for the availability of the service, if no service is actually used by the customer in a given billing period.
- e. Variable charge: Shall refer to that portion of the bill for the utility service which is assessed in addition to the fixed charge and which is based on actual usage in a given billing period.

(9) Initial connection fee. An initial connection fee per utility shall be charged according to the Utility Service Fee Schedule described in §22-6 of this Code.

(10) Energy conservation adjustment (Rider ECA). A rider applicable to all firm standard natural gas therm rates to recover the cost of energy conservation programs undertaken by the Leesburg Gas System and approved by the city manager. The ECA will not be applied to interruptible natural gas or contract rates. The currently calculated ECA rate is:

Natural gas rate schedule ECA, per therm . . . \$0.05

The above ECA rate is based on twelve (12) months projected expense levels. This ECA rate will normally be reviewed semi-annually in April and October and may be adjusted upward or downward based on actual and projected energy conservation program costs and projected consumption levels in order to recover the total cost of applicable gas system programs, including energy conservation incentive payments as well as the labor and other costs attributable to such energy conservation programs. The over and under recovery of these ECA costs will be computed and an adjustment in the ECA rate will be made. However, the ECA rate will be adjusted anytime the over or under recovery for a 12-month

period exceeds or is projected to exceed fifty thousand dollars (\$50,000.00) Any adjustment must be approved by the city manager and will be reported to the city commission at the first regularly scheduled commission meeting following the adjustment.

(11) Tax adjustment clause, TAC.

- a. Applicability. Tax adjustment clause shall be applicable to the monthly rate of each filed rate schedule as indicated with reference to billing adjustment.
- b. Calculation of tax adjustment. Calculation shall be minus or plus the applicable proportionate part of any taxes and assessments imposed by any governmental authority below or in excess of those in effect on the effective date hereof including, but not limited to, the City of Leesburg's Utility Service Tax, which are assessed on the basis of revenues from natural gas or service sold or the volume of natural gas purchased for sale or sold. Such taxes and assessments are to be reflected on the bills of only those customers within the jurisdiction of the governmental authority imposing the taxes and assessments.

SECTION II.

If any portion of this ordinance is declared invalid or unenforceable, then to the extent it is possible to do so without destroying the overall intent and effect of this ordinance, the portion deemed invalid or unenforceable shall be severed herefrom and the remainder of this ordinance shall continue in full force and effect as if it were enacted without including the portion found to be invalid or unenforceable.

SECTION III.

All ordinances or parts of ordinances which are in conflict with this ordinance are hereby repealed, to the extent necessary to alleviate the conflict, but shall continue in effect insofar as they are not in conflict herewith, unless repeal of the conflicting portion destroys the overall intent and effect of any of the conflicting ordinance, in which case those ordinances so affected shall be hereby repealed in their entirety.

SECTION IV.

This ordinance shall become effective immediately upon its passage.

In all categories, for installations which have fire protection systems utilizing city water, whether or not metered, there shall be imposed a monthly availability charge, regardless of actual usage, in the amount of \$2.00 per inch diameter of service pipe serving the fire protection system.

(b) Deposits for each account shall be required as set forth more particularly in section 22-181 of this Code.

(c) A reconnection charge, when service is cut off for nonpayment of bill, and when connection service is requested to be performed after normal business hours, will be imposed as provided in the utility service fee schedule adopted or amended from time to time by Resolution of the City Commission.

(d) Service will not be turned on after it is cut off for nonpayment until the account is paid current and cut-on charge is paid. In those installations which have fire protection systems which are operated by city water, service shall remain turned on to the fire protection system as a matter of public safety, however there shall be charged, in addition to the normal reconnection charge, a reconnection surcharge of two dollars (\$2.00) per month per inch diameter of service pipe serving the installation.

(e) Where water service charges are measured, in whole or in part, by a master meter, the availability charge on the master meter shall be the number of units served by the master meter times the rate per month availability charge. All consumption on the master meter shall be billed at the charge per one hundred (100) cubic feet, as applicable, plus all other charges. The master meter shall be classified to the rate schedule which yields the highest revenue consistent with the applicability clauses of the rate classes. Each and every user served by the master meter may be billed, at the discretion of the city, for the fixed charge assessed for each user within the particular user's service classification, and the person or entity in whose name the master meter is registered on the city's records shall in such event be billed for the variable charge assessed for the service being provided. As used in this subsection, the following terms shall have the meanings indicated:

(1) *Master meter*: Shall refer to a meter measuring the service provided to two (2) or more occupancy units being served by a single meter.

(2) *Occupancy unit*: Shall refer to that portion of any commercial establishment, single- or multi-unit residential building, or trailer, mobile home, manufacture housing, or recreational vehicle park, or marina which is set apart from the rest of such facility by clearly determinable boundaries, as described in the rental, lease or ownership agreement for such unit, or in the absence of such an agreement, where that portion of the facility is clearly set apart from the rest of the facility in a manner which evidences an intent to render the unit suitable for occupancy as a residential, commercial or other space as a discrete unit, separate and apart from the use or occupancy of other units within the same facility.

(3) *User*: Shall refer to the occupant(s) of any individual occupancy unit served by a master meter.

(4) *Fixed charge*: Shall refer to the minimum charge imposed by the city during a billing period, in the particular customer's service classification, for the availability of the service, whether or not service is actually used by the customer in a given billing period.

(5) *Variable charge*: Shall refer to that portion of the bill for the utility service which is assessed in addition to the fixed charge and which is based on actual usage in a given billing period.

SECTION 2.

All ordinances or parts of ordinances which are in conflict with this ordinance are hereby repealed, to the extent necessary to alleviate the conflict, but shall continue in effect insofar as they are not in conflict herewith, unless repeal of the conflicting portion destroys the overall intent and effect of any of the conflicting ordinances, in which case those ordinances so effected shall be hereby repealed in their entirety. Except as specifically modified by this Ordinance, the provisions of Ordinance 09 – 64 are hereby ratified and confirmed as originally enacted and shall be and remain in full force *nunc pro tunc* to its original adoption date of October 26, 2009.

SECTION 3.

If any portion of this ordinance is declared invalid or unenforceable, and to the extent it is possible to do so without destroying the overall intent and effect of this ordinance, the portion deemed invalid or unenforceable shall be severed herefrom and the remainder of this ordinance shall continue in full force and effect as if it were enacted without including the portion found to be invalid or unenforceable.

SECTION 4.

This ordinance shall become effective upon passage.

AN ORDINANCE OF THE CITY OF LEESBURG, FLORIDA, AMENDING §22 – 211 OF THE CODE OF ORDINANCES PERTAINING TO WATER RATES, PROVIDING NEW RATE TABLES FOR CUSTOMERS CONNECTED TO THE ROYAL HIGHLANDS WATER TREATMENT PLANT; AMENDING SUBSECTIONS (a)(3) AND (a)(4) OF §22 – 211 TO EXCLUDE FROM THE RATE TABLES IN THOSE SUBSECTIONS ANY CUSTOMERS CONNECTED TO THE ROYAL HIGHLANDS WATER TREATMENT PLANT; CREATING SUBSECTIONS (a)(5) AND (a)(6) OF §22 – 211 TO SPECIFY THE RATES FOR CUSTOMERS CONNECTED TO THE ROYAL HIGHLANDS WATER TREATMENT PLANT; LIMITING CONNECTIONS TO THE ROYAL HIGHLANDS WATER TREATMENT PLANT TO CONFORM TO THE WITHDRAWAL LIMITATIONS FOR THAT FACILITY IN THE CITY'S CONSUMPTIVE USE PERMIT; SETTING FOR LEGISLATIVE FINDINGS; REPEALING CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

NOW THEREFORE, BE IT ENACTED BY THE PEOPLE OF THE CITY OF LEESBURG, FLORIDA:

SECTION I.

The City Commission of the City of Leesburg, Florida, makes the following legislative findings with respect to the rates charged for water supplied by the City's Royal Highlands Water Treatment Plant:

- The City of Leesburg provides potable water to its customers under the provisions of Consumptive Use Permit (CUP) # 94, issued by St. Johns River Water Management District (SJRWMD).
- CUP # 94 was issued by SJRWMD on November 16, 2010.
- SJRWMD has previously established Minimum Flows and Levels (MFL's) for Lake Apshawa (North and South).
- The MFL's for Lake Apshawa have been violated in the historic period since establishment of the MFL's for that body of water.
- CUP permitting rules prohibit issuance of a permit which will impact an MFL which has been violated.
- Hydrogeologic modeling of ground water withdrawals from the Royal Highlands Wellfield demonstrated that the MFL's for Lake Apshawa would be impacted by then-current withdrawals, necessitating a reduction of ground water withdrawals from the Royal Highlands Wellfield.
- CUP # 94 contains Condition # 24, which allocates maximum annual groundwater withdrawals from the Royal Highlands Wellfield as follows:
 - 354.05 million gallons (0.97 million gallons per day (mgd) average) in 2010,
 - 321.20 million gallons (0.88 mgd average) in 2011,
 - 292.00 million gallons (0.80 mgd average) in 2012,
 - 277.40 million gallons (0.76 mgd average) in 2013,
 - 266.45 million gallons (0.73 mgd average) in 2014,

- 259.15 million gallons (0.71 mgd average) in 2015 and,
- 251.85 million gallons (0.69 mgd average) in 2016 through 2030.
- 2010 groundwater withdrawals from the Royal Highlands Wellfield were 0.94 mgd, which is acceptable under condition # 24 but exceeds the allocation for 2011.
- Implementation of an enhanced conservation rate structure is necessary to discourage high water consumption that would cause overwithdrawal from the Royal Highlands Wellfield and therefore violate Condition 24 of CUP # 94 in 2011 and succeeding years.
- The enhanced conservation rate structure should be applied to all residential customers attached to the Royal Highlands Water Treatment Plant.

SECTION II.

§22 – 211(a) of the Code of Ordinances of the City of Leesburg, Florida, is hereby amended to read as follows:

If the withdrawals from the Royal Highlands Wellfield have been within limits established in Condition 24 of Consumptive Use Permit 94 for two consecutive full calendar years after the effective date of this Ordinance, the BAS4 rates shown in subsections (3) and (4) above, for customers connected to the Royal Highlands Water Treatment Plant only, as those rates may have been adjusted under §22 – 166 of this Code, shall decrease by 25%, and BAS5 rates shown in those same subsections (as adjusted under §22 – 166) shall decrease by 33%. However, if in any calendar year withdrawals exceed the limits of Condition 24, the BAS4 and BAS5 rates in those subsections

shall revert to the higher rate for BAS4 and BAS5, computed based on the rates shown in those subsections as adjusted under §22 – 166 up to the time of the increase.

No additional connections shall be made to the Royal Highlands Water Treatment Plant following the effective date of this Ordinance, except for the following:

- (i) Lots within the following plats comprising the development Royal Highlands, which have never been connected to the Royal Highlands Water Treatment Plant before the effective date of this Ordinance: Plat Book 37, Page 3; Plat Book 43, Page 66; Plat Book 39, Page 32; Plat Book 40, Page 34; Plat Book 41, Page 49; Plat Book 44, Page 31; Plat Book 44, Page 91; Plat Book 46, Page 59; Plat Book 50, Page 30; and Plat Book 38, Page 16; all in the Public Records of Lake County, Florida.
- (ii) Lots within the plat of Whitemarsh, according to the plat thereof recorded in Plat Book 61, Page 22, Public Records of Lake County, Florida, which have never been connected to the Royal Highlands Water Treatment Plant before the effective date of this Ordinance.
- (iii) Such other connections as are approved by Resolution adopted by the Leesburg City Commission.

In all categories, for installations which have fire protection systems utilizing City water, whether or not metered, there shall be imposed a monthly availability charge, regardless of actual usage, in the amount of two dollars (\$2.00) per inch diameter of service pipe serving the fire protection system.

SECTION III.

All ordinances or part of ordinances which are in conflict with this Ordinance are hereby repealed, to the extent necessary to alleviate the conflict, but shall continue in effect insofar as they are not in conflict herewith, unless repeal of the conflicting portion destroys the overall intent and effect of any of the conflicting ordinance, in which case those ordinances so affected shall be hereby repealed in their entirety.

SECTION IV.

If any portion of this Ordinance is declared invalid or unenforceable, and to the extent that it is possible to do so without destroying the overall intent and effect of this Ordinance, the portion deemed invalid or unenforceable shall be severed herefrom and the remainder of the ordinance shall continue in full force and effect as if it were enacted without including the portion found to be invalid or unenforceable.

SECTION V.

This Ordinance shall become effective upon its passage and adoption according to law.

PASSED AND ADOPTED at the regular meeting of the City Commission of the City of Leesburg, Florida, held on the 25 day of July, 2011.

THE CITY OF LEESBURG, FLORIDA

BY: Bill Polk
MAYOR

Attest: Betty Richardson
CITY CLERK

AN ORDINANCE OF THE CITY OF LEESBURG, FLORIDA, AMENDING CERTAIN SUBSECTIONS OF §22 – 196 OF THE CODE OF ORDINANCES, PERTAINING TO ELECTRIC RATES, INCREASING THE RATES IN SCHEDULES RS (RESIDENTIAL SERVICE), GS (GENERAL SERVICE NON _ DEMAND), GSD (GENERAL SERVICE DEMAND), AND TOU (TIME OF USE); PROVIDING FOR AUTOMATIC ANNUAL INCREASES OF 5% PER YEAR FOR 2014 AND 2015; SPECIFYING HOW THE ANNUAL 5% RATE INCREASES IN 2013, 2014 AND 2015 ARE TO BE APPLIED IN CONJUNCTION WITH THE AUTOMATIC INCREASES SPECIFIED IN §22 – 166 OF THE CODE OF ORDINANCES; PRESERVING §22 – 196 EXCEPT AS AMENDED HEREBY; REPEALING ANY CONFLICTING ORDINANCES; PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

BE IT RESOLVED BY THE PEOPLE OF THE CITY OF LEESBURG, FLORIDA:

SECTION I.

§22 – 196 of the Code of Ordinances of the City of Leesburg, Florida, is hereby amended so that the subsections thereof listed below shall, following the effective date of this Ordinance, read as follows (NOTE: provisions in ~~strikeout~~ are being deleted from the existing ordinance, provisions in double underline are being added or amended by this Ordinance, and text not marked remains the same as in the existing ordinance):

(1) *Rate schedule RS, residential service.*

- a. *Availability:* This rate is available to all applicable customers in the service area.
- b. *Applicability:* The residential electric rate applies to an electrical service supplying electricity to a single-family residence. Service provided under this section shall not be shared with or resold to others.
- c. *Character of service:* Service shall be single-phase, sixty (60) cycles and approximately 120/240 volts. If three (3) phases are desired, additional charges must be paid by the customer.
- d. *Limitations:* Service is subject to all of the rules and regulations of this tariff and general rules and regulations of the utility. Standby or resale service is not permitted.
- e. Rate per month.

Customer charge\$40.62 11.77
 All kwh, per kwh~~0.08129~~ 0.090108

The rates per month shall become effective with all bills rendered on or after the first day of the month subsequent to adoption November 1, 2013. Such rates per month are subject to the

annual inflation adjustment component pursuant to section 22-166, beginning as of October 1, 2016.

f. *Minimum charge:* The minimum monthly bill shall be the customer charge plus other applicable charges, covered by ordinance, state statutes or federal law.

g. *Terms of payment:* All bills and charges for electric current are due and payable twenty (20) days following date of billing. If not paid within twenty (20) days a carrying charge equal to five (5) percent of the total bill is added. Service is discontinued if bill and carrying charge are not paid on or before thirty (30) days succeeding that in which electricity shall have been furnished by the city as stated in all bills rendered.

h. *Billing adjustments:* See "Bulk Power Cost Adjustment," "Energy Conservation Cost Recovery," and "Tax Adjustment Clause".

i. *Deposits.* Deposits for each account shall be required as set forth more particularly in section 22-181 of this Code.

j. *Reconnection charge:* When service is cut off for nonpayment of bill, and when connection service is requested to be performed after normal business hours, the reconnection fee shall be as prescribed by the utility service fee schedule pursuant to section 22-6 of this Code. When service is cut off for meter-tampering, the charge to reconnect shall be as prescribed by the utility service fee schedule pursuant to section 22-6 of this Code plus damages and penalties allowed by state statutes.

(2) Rate schedule GS, general service, nondemand.

a. *Availability.* This rate is available to all applicable customers in the service area.

b. *Applicability.* This rate shall be applicable to all electrical services not covered by any of the other rate categories, residential electrical rate, general service demand rate and flat service rate.

c. *Limitation.* Service is subject to all of the rules and regulations of this tariff and general rules and regulations of the utility. Standby or resale is not permitted.

d. *Rate per month.*

Customer charge~~\$40.62~~ 11.77

All kwh~~0.08847~~ 0.098067

The rates per month shall become effective with all bills rendered on or after the first day of ~~the month subsequent to adoption~~ November 1, 2013. Such rates per month are subject to the annual inflation adjustment component pursuant to section 22-166, beginning as of October 2, 2016.

c. *Minimum charge:* The minimum monthly bill shall be the customer charge plus other applicable charges, covered by ordinance, state statutes or federal law.

f. *Terms of payment:* All bills and charges for electric current are due and payable twenty (20) days following date of billing. If not paid within twenty (20) days a carrying charge equal to five (5) percent of the total bill is added. Service is discontinued if bill and carrying charge are not paid on or before thirty (30) days succeeding that in which electricity shall have been furnished by the city as stated in all bills rendered.

g. *Billing adjustments:* See "Bulk Power Cost Adjustment," "Energy Conservation Cost Recovery," and "Tax Adjustment Clause".

h. *Deposits.* Deposits for each account shall be required as set forth more particularly in section 22-181 of this Code.

i. *Reconnection charge:* When service is cut off for nonpayment of bill, and when connection service is requested to be performed after normal business hours, the reconnection fee shall be as prescribed by the utility service fee schedule pursuant to section 22-6 of this Code. When service is cut off for meter tampering, such reconnection charge shall be as prescribed by the utility service fee schedule pursuant to section 22-6 of this Code plus damages and penalties allowed by state statutes.

(3) *Rate schedule GSD, general service, demand.*

a. *Availability.* This rate is available to all applicable customers in the service area.

b. *Application.*

1. *GSD-1:* For electric service for commercial or industrial lighting, power and any other purpose to any customer with a measured demand in excess of 20 kW and less than 500 kW. Customers with a demand of 20 kW or less may enter into an agreement for service under this schedule based on a demand charge for a minimum of 21 kW.
2. *GSD-2:* For electric service for commercial or industrial lighting, power and any other purpose to any customer with a measured demand of 500 kW and less than 2,000 kW. Customers with a demand of less than 500 kW may enter into an agreement for service under this schedule based on a demand charge for a minimum of 500 kW.
3. *GSD-3:* For electric service for commercial or industrial lighting, power and any other purpose to any customer with a measured demand of 2,000 kW or more. Customers with a demand of less than 2,000 kW may enter into an agreement for service under this schedule based on a demand charge for a minimum of 2,000 kW.

c. *Special provisions.* Any customer whose demand is greater than twenty (20) kw, but less than fifty (50) kw, may at the option of the customer elect to be billed at the general service rate schedule, GS Code 444.2. If the customer modifies electrical usage to the extent the general service demand rate, GSD Code 444.3, produces lower billing, customer may at its option rescind the election to be billed at the general service rate schedule, GS Code 444.2, provided however, that the option of being billed at the general service rate schedule, GS Code 444.2 shall then no longer be available to such customer.

d. *Character of service.* The service shall be three-phase, sixty (60) cycles and approximately one hundred twenty (120) volts or higher, at utility option.

e. *Limitations.* Standby or resale is not permitted.

f. *Rate per month.*

1. GSD-1. Billing demand of 21kW—499kW:

Customer charge~~\$22.66~~ 25.02

Demand charge~~10.55~~ 11.38

Energy rate~~0.04165~~ 0.045991

2. GDS-2. Billing demand of 500—1,999 kW:

Customer charge~~\$40.16~~ 44.34

Demand charge~~12.05~~ 12.99

Energy rate~~0.03806~~ 0.042024

3. GSD-3. Billing demand of 2,000 kW or more:

Customer charge~~\$80.32~~ 88.68

Demand charge~~14.96~~ 16.13

Energy rate~~0.03304~~ 0.036481

The rates per month shall become effective with all bills rendered on or after the first day of the ~~month subsequent to adoption~~ November, 2013. Such rates per month are subject to the annual inflation adjustment component pursuant to section 22-166, beginning as of October 2, 2016.

g. *Minimum charge.* The minimum monthly charge shall be not less than the sum of customer charge and the demand charge for the currently effective billing demand, plus other applicable charges covered by ordinances, state statutes or federal law.

h. *Billing demand.* The maximum fifteen-minute integrated demand established during the current billing period.

i. *Power factor.* When the power factor is less than ninety (90) percent, the billing demand may be determined upon the basis of ninety (90) percent of the calculated kVa, demand.

j. *Deposits.* Deposits for each account shall be required as set forth more particularly in section 22-181 of this Code.

k. *Reconnection charge.* When service is cut off for nonpayment of bill, and when connection service is requested to be performed after normal business hours, the reconnection charge shall be as prescribed by the utility service fee schedule pursuant to section 22-6 of this Code. When service is cut off for meter tampering, there shall be a reconnection charge as prescribed by the utility service fee schedule pursuant to section 22-6 of this Code, plus damages and penalties allowed by state statute.

l. *Terms of payment.* All bills and charges for electric current are due and payable twenty (20) days following date of billing. If not paid within twenty (20) days a carrying charge equal to five (5) percent of the total bill is added. Service is discontinued if bill and carrying charge are not paid on or before thirty (30) days succeeding that in which electricity shall have been furnished by the city as stated in all bills rendered.

m. *Term of service.* Service under this rate shall be for a minimum initial term of twelve (12) months from commencement of service and shall continue thereafter until receipt of notice by the city from the customer to disconnect, or upon disconnect by the city as provided by ordinance, or until the customer's demand is below twenty (20) kw for a consecutive twelve-month period. Customers taking service under another rate schedule who elect to transfer to this rate must remain on this rate for a minimum of twelve (12) months. Where special equipment to serve the customer is required, the city may require a specified term of service contract.

n. *Special provisions.*

1. Any customer other than residential whose monthly demand is greater than twenty (20) kw but does not exceed forty-nine (49) kw for more than two (2) months out of the preceding twelve (12) consecutive months ending with the current billing period may, at the option of the customer, elect to be billed at the General Service Rate Schedule, GS Code 4442. Provided, that once a customer has exceeded forty-nine (49) for more than two (2) months out of the preceding twelve (12) consecutive months, no rate change option is available. If the customer modifies electrical usage to the extent the General Service Demand Rate (GSD Code 4443) produces lower billing, customer may, at its option, rescind the election to be billed at the General Service Rate Schedule, GS Code 4442; provided, that the option of being billed at the General Service Rate Schedule, GS Code 4442, shall then no longer be available to such customer.
2. The city may, under the provisions of this rate, require a contract with the customer. Whenever the customer increases his electrical load, which increase requires the city to increase facilities installed for the specific use of the customer, a new term of service may be required.
3. Any church or religious institution may, at their option, regardless of their demand, elect to be billed at the General Service Non Demand Rate and may not rescind such election thereafter for a period of twelve (12) months. This election may be for the sanctuary and related Sunday School or religious educational buildings.

o. *Billing adjustments.* See "Bulk Power Cost Adjustment," "Energy Conservation Cost Recovery," and "Tax Adjustment Clause".

(13) *Rate Schedules TOU – 1 and TOU – 2, Time of Use Rates.*

- a. *Availability.* Available throughout the entire territory served by the City subject to equipment availability. This is an optional service available at the customer's request. Customer may choose either rate schedule TOU-R1 or TOU-R2.

- b. *Applicability.* The residential electric rate applies to an electrical service supplying electricity to a single-family residence. Service provided under this section shall not be shared with or resold to others.
- c. *Character of Service.* Service shall be single-phase, sixty (60) cycles and approximately 120/240 volts. If three (3) phases are desired, additional charges must be paid by the customer.
- d. *Limitations.* Service is subject to all of the rules and regulations of this ordinance and the general rules and regulations of the City's electric utility. Standby or resale service is not permitted. No customer who elects to obtain service under this TOU rate schedule shall be eligible for any other load management credits offered by the City to residential customers.
- e. *Rates per month.* The following rate schedules shall apply to this TOU rate:

Customer Charge ~~\$41.40~~ 11.77

Rate per kWh:

	<u>TOU-R1</u>	<u>TOU-R2</u>
Winter – On-peak	\$0.404134 <u>\$0.424341</u>	\$0.265005 <u>\$0.278255</u>
Winter – Off-peak	0.060165 <u>0.063173</u>	0.070985 <u>0.074534</u>
Summer – On-peak	0.352527 <u>0.370153</u>	0.230715 <u>0.242251</u>
Summer – Off-peak	0.062573 <u>0.065702</u>	0.072777 <u>0.076416</u>

Winter – On-peak is defined as the hours from 7 a.m. to 9 a.m. on Monday through Friday during the months of December, January and February, excluding any federal holiday occurring on those days. Winter – Off-peak is defined as all other hours during the months of December, January and February.

Summer – On-peak is defined as the hours from 3 p.m. to 5 p.m. on Monday through Friday during the months of March through October, excluding any federal holiday occurring on those days. Summer – Off-peak is defined as all other hours during the months of March through October.

The rate per month is subject to the annual inflation adjustment component pursuant to §22 - 166. Promptly after each annual inflation adjustment, the City will for informational purposes notify the Florida Public Services Commission in writing of its then current rates including any annual inflation adjustment.

- f. *Minimum Charge.* The minimum monthly bill shall be the customer charge plus other applicable charges, covered by ordinance, state statutes or federal law.

- g. Maximum Charge.* After the customer's first three billing months under this rate schedule, at the customer's request, the City will calculate the total billings the customer would have been charged under the basic residential rate, Rate RS, and refund to the customer any excess of the actual billings under this rate over such calculated amount.
- h. Term of Service.* Service under this TOU rate schedule shall be for a minimum initial term of twelve (12) months from commencement of service and shall continue thereafter until receipt of notice by the City from the customer to disconnect, or upon disconnect by the City as provided by City ordinance. Customers taking service under another rate schedule who elect to transfer to this rate must remain on this rate for a minimum of twelve (12) months. A customer taking service under this rate schedule who elects to transfer to another rate will be prohibited from taking service on this rate schedule again for a minimum of twelve (12) months.

SECTION II.

The rates set by this Ordinance shall take effect November 1, 2013, and remain in effect until October 31, 2014. On November 1, 2014, those rates each shall increase by 5%, and the increased rate shall remain in effect until October 31, 2015. Beginning November 1, 2015, the rates in effect from November 1, 2014 through October 31, 2015, each shall increase by 5%, and those increased rates shall remain in effect until September 30, 2016. On October 1, 2016, and each year thereafter, the automatic increases specified by §22 – 166 of the Code of Ordinances shall be applied to each rate schedule listed above. Between the effective date of this Ordinance and October 1, 2016, the annual increases specified in this Ordinance shall take the place of the automatic increases provided by §22 – 166.

SECTION III.

Except as specifically amended by this Ordinance, the provisions of §22 – 196 of the Code of Ordinances shall continue in full force and effect in the form existing prior to this Ordinance, and the rate increases specified in §22 – 166 shall continue to apply annually to any rates not specifically increased by this Ordinance.

SECTION IV.

All ordinances or part of ordinances which are in conflict with this Ordinance are hereby repealed, to the extent necessary to alleviate the conflict, but shall continue in effect insofar as they are not in conflict herewith, unless repeal of the conflicting portion destroys the overall intent and effect of any of the conflicting ordinance, in which case those ordinances so affected shall be hereby repealed in their entirety.

SECTION V.

If any portion of this Ordinance is declared invalid or unenforceable, and to the extent that it is possible to do so without destroying the overall intent and effect of this Ordinance, the portion deemed invalid or unenforceable shall be severed herefrom and the remainder of the ordinance shall continue in full force and effect as if it were enacted without including the portion found to be invalid or unenforceable.

SECTION VI.

This Ordinance shall become effective upon its passage and adoption according to law, provided that the rate increases hereby imposed shall not take effect until November 1, 2013.

ORDINANCE NO. 16-32

AN ORDINANCE OF THE CITY OF LEESBURG, FLORIDA, AMENDING §22-166 OF THE CODE OF ORDINANCES PERTAINING TO ANNUAL UTILITY RATE INCREASES BASED ON AN INDEX; CHANGING THE INCREASES BASED ON THE INDEX SO THEY ARE NOT IMPOSED AUTOMATICALLY ON AN ANNUAL BASIS BUT ARE INSTEAD IMPOSED AT THE DISCRETION OF THE CITY MANAGER; REPEALING CONFLICTING ORDINANCES; PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

BE IT ENACTED BY THE PEOPLE OF THE CITY OF LEESBURG:

SECTION I.

§22-166 of the Code of Ordinances of the City of Leesburg, Florida, is hereby amended to read as set forth below:

Sec. 22-166. - Annual rate adjustments based on index.

All utility rates and charges established in or through procedures set forth in divisions 3, 4, 5, 6, 7 and 9 of this article V, except for the effects of automatic pass-through rate components such as the bulk power cost adjustment and purchased gas adjustment mechanisms, may at the discretion of the City Manager be adjusted annually on October 1 according to the percentage increase or decrease in the gross domestic product implicit price deflator index (the "Index"). This increase or decrease shall be measured by comparing the final revision of the Index for the second quarter of the current calendar year to the Index at the same time during the previous year. Rates so adjusted shall go into effect as of the next billing cycle following October 1 of the year in which the increase is imposed. This adjustment shall be implemented by written action of the City Manager issued no later than September 1 of any year in which an adjustment is to be made under this Section. The City Manager may apply such an adjustment to any one or more of the utility rates and is not required to increase all rates simultaneously. For any year a rate is not adjusted according to the Index, the amount by which the rate could have been increased may be applied cumulatively with future increases at a later date if the City Manager so determines.

SECTION II.

All ordinances or part of ordinances which are in conflict with this Ordinance are hereby repealed, to the extent necessary to alleviate the conflict, but shall continue in effect insofar as they are not in conflict herewith, unless repeal of the conflicting portion destroys the overall intent and effect of any of the conflicting ordinance, in which case those ordinances so affected shall be hereby repealed in their entirety.

SECTION III.

If any portion of this Ordinance is declared invalid or unenforceable, and to the extent that it is possible to do so without destroying the overall intent and effect of this Ordinance, the portion deemed invalid or unenforceable shall be severed herefrom and the remainder of the ordinance shall continue in full force and effect as if it were enacted without including the portion found to be invalid or unenforceable.

SECTION IV.

This Ordinance shall become effective upon its passage and adoption according to law.

PASSED AND ADOPTED at the regular meeting of the City Commission of the City of Leesburg, Florida, held on the 12th day of September, 2016.

AN ORDINANCE OF THE CITY OF LEESBURG, FLORIDA, CREATING SECTION 22-250 OF THE CODE OF ORDINANCES, SETTING FORTH RATE PARAMETERS FOR PROVIDING NATURAL GAS SERVICE WITHIN THE VILLAGES SERVICE AREA, PROVIDING FOR THE APPLICABILITY OF THIS ORDINANCE, DEFINING THE VILLAGES SERVICE AREA, REPEALING ORDINANCES IN DIRECT CONFLICT, PROVIDING A SAVINGS CLAUSE, AND PROVIDING AN EFFECTIVE DATE.

BE IT ENACTED BY THE PEOPLE OF THE CITY OF LEESBURG, FLORIDA:

SECTION I.

Section 22-250 of the Code of Ordinances of the City of Leesburg, Florida, is created to read as set forth below:

Sec. 22-250 Villages Natural Gas Rate Structure and Method of Setting Rates

- A. Villages Monthly Customer Charge. The amount charged to natural gas customers within the Villages Service Area ("Villages Monthly Customer Charge") shall, except as provided below, be equal to the total monthly customer charge as issued by the company currently doing business as TECO People's Gas, (hereafter "Peoples") and its successors, from time to time; *provided however*, the City shall not be required to reduce the Villages Monthly Customer Charge for residential or commercial customers below the monthly customer charges imposed against similarly situated customers served by Peoples on January 1, 2018, even if Peoples subsequently reduces its monthly customer charges.
- B. Villages Aggregate Charge. There shall be a total aggregate charge per therm, which shall generally consist of a distribution charge, other surcharges, and a fuel charge. Subject to the proviso in subsection (A) that the Villages Monthly Customer Charge is not to be reduced below the amount charged by Peoples on January 1, 2018, the Villages Aggregate Charge ("Villages Aggregate Charge") shall be equal to the total aggregate charges per therm for distribution, other surcharges and fuel as issued by Peoples, and its successors, as amended from time to time, with any changes in the monthly fuel charge by either Peoples or the City to be reflected in the distribution charge component of the Villages Aggregate Charge. Notwithstanding the foregoing, the City may request that SSGC consent to a temporary increase in the Villages Aggregate Charge so that the difference between the Villages Aggregate Charge, and the "Native Rate" (as defined in the Agreement), is maintained at the minimum levels described in Paragraph 7(C) of the Agreement.
- C. Service Charges. The City shall not offer transportation service to any customer, residential, commercial, industrial or other, located in the Service Area. Fees for service turn-on and turnoff shall not exceed those charged by Peoples, unless the fee

charged by Peoples is less than the fee charged to City's natural gas customers outside the Villages Service Area, in which case the charge within the Villages Service Area shall equal the charge imposed on City's natural gas customers outside the Villages Service Area. The City may also charge customers for other miscellaneous non-recurring charges and fees, such as Collection Charges and Late Fees, at the same level and method as the City charges for its customers outside the Villages Service Area. The City shall apply its existing natural gas deposit ordinance for its customers outside the Villages Service Area, as modified from time to time by the Leesburg City Commission, to all customers served under this rate structure. Fees and service charges for services required in this section shall be as set forth in the city's adopted utility service fee schedule, then in effect.

- D. This Ordinance shall apply only to natural gas rates within the "Villages Service Area," as that term is defined in the Natural Gas System Construction, Purchase, and Sale Agreement between the City of Leesburg and South Sumter Gas Company, LLC (referred to elsewhere in this Ordinance as "SSGC"), as amended from time to time (referred to elsewhere in this Ordinance as the "Agreement"), and not to rates for natural gas sold by the City of Leesburg outside the Villages Service Area.

SECTION II.

If any portion of this ordinance is declared invalid or unenforceable, then to the extent it is possible to do so without destroying the overall intent and effect of this ordinance, the portion deemed invalid or unenforceable shall be severed herefrom and the remainder of this ordinance shall continue in full force and effect as if it were enacted without including the portion found to be invalid or unenforceable.

SECTION III.

All ordinances or parts of ordinances which are in direct conflict with this ordinance are hereby repealed, to the extent necessary to alleviate the conflict, but shall continue in effect insofar as they are not in direct conflict herewith, unless repeal of the conflicting portion destroys the overall intent and effect of any of the conflicting ordinances, in which case those ordinances so affected shall be hereby repealed in their entirety.

SECTION V.

This ordinance shall become effective upon its passage and adoption according to law.

PASSED AND ADOPTED at the regular meeting of the City Commission of the City of Leesburg, Florida, held on the 26th day of February 2018.

RESOLUTION NO. 11,189

**RESOLUTION OF THE CITY COMMISSION OF THE CITY OF
LEESBURG, FLORIDA, ADJUSTING CUSTOMER RATES FOR
ELECTRIC, GAS, WATER, IRRIGATION WATER, WASTEWATER, AND
REUSE WATER, FOR UTILITY SERVICE OBTAINED FROM THE CITY,
SETTING FORTH FINDINGS, PROVIDING A SAVINGS CLAUSE, AND
PROVIDING FOR AN EFFECTIVE DATE OF OCTOBER 1, 2022.**

WHEREAS, the City of Leesburg provides electric, gas, water, irrigation water, wastewater, and reuse water utility service to customers within its service area, and sets rates and charges for those services; and

WHEREAS, under §22-166 of the Code of Ordinances, utility rates are generally established and adjusted from time-to-time by resolution of the City Commission except the City Manager is given discretion to annually adjust certain automatic pass-through rate components on October 1 of each year, and

WHEREAS, the City Commission finds that the City has the financial need to increase certain utility rates for its customers, and that increasing the rates is the financially responsible action in light of increasing operational and expansion costs associated with the utilities.

**NOW THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF
LEESBURG, FLORIDA:**

SECTION I. The following rates for utility service, referenced in Attachment A, obtained from the City of Leesburg shall be adjusted on the effective date of this Resolution.

SECTION II. If any portion of this Resolution is declared invalid or unenforceable, and to the extent that it is possible to do so without destroying the overall intent and effect of this Resolution, the portion deemed invalid or unenforceable shall be severed herefrom and the remainder of the Resolution shall continue in full force and effect as if it were enacted without including the portion found to be invalid or unenforceable.

SECTION III. This Resolution, and the rates established by it, shall become effective at 12:01 a.m. on October 1, 2022.

PASSED AND ADOPTED at the regular meeting of the City Commission of the City of Leesburg, Florida, held on the 26th day of September 2022.
