The purpose of the proposed project is to provide rehabilitation to existing sanitary sewers, pump stations, retention basin, manholes other necessary improvements throughout the City where structural defects and needed improvements were identified during a City-wide sewer cleaning and television investigation and manhole investigation program. Project construction will involve the rehabilitation of existing sewers utilizing trenchless technologies such as installation of cured-in-place pipe linings and sectional replacement of sewers by means of open cut excavation for those defects deemed too severe for trenchless technology to be utilized, pump station improvements. The project will also involve retention basin repairs and cleaning and televising the sanitary sewer system and various other improvements to the sanitary sewer system deemed necessary. The estimated cost of the project is approximately \$15,500,000.00. The typical user would see a rate increase of \$5.00 per month.

Copies of the project plan detailing the proposed projects will be available for inspection by the general public at the Office of the City Clerk, 1355 Southfield Road, Lincoln Park, Michigan starting Friday, April 9, 2021. Written comments received before the public hearing is closed on May10, 2021 will be reviewed for incorporation into the final project plan. Written comments should be sent to the City of Lincoln Park's Clerk's Office located at 1355 Southfield Road, Lincoln Park, Michigan.

Kerry A. Kehrer
City Clerk
