Curbside Recycling Service Suspended in Lincoln Park

The City of Lincoln Park is announcing that beginning on Monday March 30, curbside recycling will be suspended. The suspension is due to the temporary closure of the GFL Recycling Plant.

It is anticipated that services will resume on Monday April 13. The city is asking residents to not place curbside recycling out for pickup until April 13.

The temporary closure and suspension of service is a measure to prevent the further spread of coronavirus (COVID-19).
