Executive Summary

ES-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Lincoln Park is a participating member of the Wayne County HOME Consortium and participates in the Consortium’s Consolidated Planning Process. The Consolidated Plan identifies the five year programmatic goals, and activities for the Home Investment Partnership Program (HOME) the Community Development Block Grant (CDBG), and the Emergency Solutions Grant (ESG) for Wayne County HOME Consortium. The Urban County of Wayne is comprised of 43 local units of government. The Wayne County HOME Consortium, comprised of the Urban County of Wayne, The Cities of Dearborn, Lincoln Park, Livonia and Taylor have prepared this Consolidated Plan (Plan), in order to qualify for CDBG, HOME, and other formula program funding administered by the U.S. Department of Housing & Urban Development (HUD). This Con Plan is effective from July 1, 2016 through June 30, 2020, and covers the 2016 to 2020 program years.

The Wayne County HOME Consortium members have undertaken numerous housing projects that service the low to moderate income population. Members have undertaken projects to construct single family homes, multi-family units, and single family home-owner rehabilitations. To accomplish our goals members have partnered with Habitat for Humanity. The 2016-2020 plan will continue to reinforce these accomplishments.

2. Summary of the objectives and outcomes identified in the Plan

The Consolidated Plan is a compilation of significant data regarding the community's economic factors, housing conditions, demographics and greatest needs of the community. Due to limited funds the needs are prioritized to realistically determine what can be accomplished, while still making an impact on the neighborhoods of the low to moderate income population. Replacing deteriorating infrastructure is the number one priority for the City. Needs such as housing rehabilitation and public services, which are critical to the community cannot be ignored. The objectives and outcomes are listed below:

**Improve Public Facilities and Infrastructure**

Community stakeholders and the public feedback demand that improvements to the City infrastructure be addressed. Infrastructure improvements will been and will continue to be a priority for Lincoln Park.
In order to sustain our neighborhoods the city will continue to improve roads, public facilities, water and sewer systems in low to moderate income census tracts.

**Improve the Affordability of Housing**

Through the revolving loan program, Lincoln Park will assist eligible homeowners with necessary housing rehabilitation. This program improves the stability of the neighborhood and the value of the homes.

**Improve Amount of Decent and Affordable Housing**

Lincoln Park has partnered with Habitat for Humanity on several new homes where the City provided vacant land and Habitat for Humanity built houses on the lots. The partnership has allowed for low to moderate income persons to own a home, possibly for the first, by putting in some sweat equity.

**Enhance Public Safety**

Public safety is always a community concern, and during times of economic challenges the level of concern tends to rise. Lincoln Park is committed to making its community safe for all residents. Through community policing and crime awareness programs, Lincoln Park hopes to foster a partnership between the police and the residents in achieving the goal of a safe community.

**Foster Economic Development**

Economic development, job creation and business attraction and retention continue to be a priority for Lincoln Park. The City is still recovering from a period of severe recession and as a result, many families are still unemployed or under employed.

**Code Enforcement**

In conjunction with improving the amount of decent and affordable housing, Lincoln Park has identified a need to expand code enforcement in creating sustainable neighborhoods.

**Provide and Expand Public Services**

During this time of recovering from the economic downturn, public services are even more critical and the need is even greater. Lincoln Park contracts with a wide variety of non-profits that provide services to food banks, battered spouses, and seniors.

**Parks & Playground Renovations**

The importance of outdoor recreation for families is important for Lincoln Park. Lincoln Park has 8 parks that are available to residents in low to moderate income areas.
Enhance Quality of Living Environment

In achieving our mission, Lincoln Park's CDBG program will build a viable community, provide structurally sound, affordable housing and economic opportunities for the community, principally focusing on the low to moderate income persons and therefore enhance quality of living for all the residents. This will be achieved by carrying out the projects listed in the plan in accordance with HUD regulations and guidelines.

3. Evaluation of past performance

The mission of the City of Lincoln Park's CDBG program is to build a viable community, provide structurally sound, affordable housing and economic opportunities for the community, principally focusing on the low to moderate income persons. Lincoln Park has successfully achieved this mission year after year, by supporting projects and programs that improve the infrastructure, rehabilitate housing and providing public services to the community. Lincoln Park has a proven system of departments and non-profits requesting allocations, which identifies the needs they are addressing and the outcome that will be achieved. In addition Lincoln Park has an established system of documentation and controls that ensure compliance with HUD regulations and guidelines.

4. Summary of citizen participation process and consultation process

The following represents a summary of Citizens Participation Plan (hereinafter Plan) for the City of Lincoln Park CDBG Program. The Plan will apply to all projects and activities carried out using CDBG funds. The plan is designed to ensure that all citizens, non-profits organizations, neighborhood groups, the business community and other interested parties are given adequate notice and an opportunity to actively participate in, review, be heard and comment on all proposals relating the CDBG Program. This Plan is designed to reach out to and encourage the participation of various community stakeholders. More specifically, this Plan is designed to encourage the input and participation of various stakeholders in the Consolidated Plan, Annual Action Plan and other related housing and non-housing community development plans, revisions, performance reports and amendments for the City of Lincoln Park.

The plan is designed to encourage participation by extremely low to moderate income residents, minorities, non-English speaking peoples, persons with mobility, visual or hearing impairments or any other physical limitations. The Grantee made every effort to reach out to the community and take special actions as necessary in order to ensure the active participation of all stakeholders in the development process.

Public Hearings

Lincoln Park had provided two public hearings, as required, on the following dates: February 1, 2016 and February 16, 2016. There was a third meeting for a council resolution to adopt the 2016/2017
Annual budget on March 7, 2016. Lincoln Park has recently emerged from Emergency Management and therefore required an additional step of receiving approval of the Lincoln Park Receivership Transition Advisory Board which was granted on March 15, 2016.

Proper notice for the Public Hearings were placed in the local paper, website, cable and posted in government buildings.

Public hearings were designed to obtain views of citizens, public agencies, non-profit groups, neighborhood groups and other interested parties, to respond to proposals, and to comment on stages of the drafting and submission process.

**Publishing proposed Consolidated Submission**

The City published the Proposed Action Plan and five year Consolidated Plan in a manner to provide affected citizens a sufficient opportunity to review the plan and to make comments. Comments were to be submitted to Donald Cook, Director of the Department of Community Planning and Development.

Copies of the summary of the Annual Action Plan and Consolidated Plan were made available to the public on the City's website, in the Office of Community Planning and Development and at the Office of the City Clerk. The City will provide the Annual Action Plan and Consolidated Plan free of charge to persons requesting copies.

5. **Summary of public comments**

6. **Summary of comments or views not accepted and the reasons for not accepting them**

None

7. **Summary**

Lincoln Park remains a good place to live, work and play. The Southeastern Area of Michigan is slowly rebounding from a long economic downturn that hit Lincoln Park especially hard. Economic struggles, while not as bad, still remain - property values are low and unemployment or under employment is high. Municipalities have experienced not only a steep decline in tax revenues, but also have to contend with continual cuts to their State revenue sharing. This is all happening at time when the community needs more services than ever from the local government. Quality of Life in Lincoln Park is unstable and the efforts of the Department of Planning and Community Development to address issues for those at risk, low to moderate income population, are as important as ever.
The Process

PR-05 Lead & Responsible Agencies - 91.200(b)

1. Describe agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

PR-10 Consultation - 91.100, 91.200(b), 91.215(l)
1. Introduction

Lincoln Park has a close working relationship with the City's Public Housing Authority. Since Wayne County HOME consortia was the lead for the housing needs assessment, Lincoln Park facilitated the information required from the PHA and Continuum of Care.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Department of Planning and Community Development has a good working relationship with the City's Public Housing Authority. The Mayor and City Council appoint the members of the Lincoln Park Housing Commission. The PHA has outsourced its operations to Fourmidable, a for profit entity with their Lincoln Park office located at 1256 Electric Street. Fourmidable handles the daily operation of services for the PHA.

Lincoln Park facilitated the coordination of information from Fourmidable to Wayne County, HOME Consortia Lead. Fourmidable responded to the request and the answers were incorporated into corresponding sections of this plan.

The City of Lincoln Park provides CDBG funding and refers citizens of Lincoln Park to The Guidance Center. The Guidance Center is a Subrecipient which provides mental health and substance abuse services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

Other than CDBG funds the City of Lincoln Park is not a direct recipient of any other source of funds that address homeless needs and to prevent homelessness. The City does however; plan to assist homeless and/or persons at-risk of becoming homeless through continued support and participation in the Out Wayne County Homeless Service Coalition, which serves the area as its Continuum of Care body.

Out Wayne County Homeless Service Coalition coordinates the activities of its members with a comprehensive and strategic approach to combat homelessness. The Coalition is composed of serval agencies, organizations, governmental units, businesses and individuals working to meet the needs of homeless and near homeless persons. Funding for the Continuum of Care comes from a variety of
sources, including HUD, the Emergency Service Grant, the Michigan Housing Development Authority, and McKinney-Vento Homeless Assistance grant.

This year, the City will use CDBG Public Service funding to augment the operation of the First Step Domestic Violence Program, The Senior Alliance and The Guidance Center, in an effort to prevent homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

Wayne County and Continuum of Care would have addressed these procedures and is included in the Wayne County Portion of the plan.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities

Summarize citizen participation process and how it impacted goal-setting

Lincoln Park consulted with residents, non-profits organizations, department heads, and elected officials in the creation of this plan. Lincoln Park also participated in the broader outreach campaign conducted for the preparation of the Wayne County HOME Consortium Plan. Plan outreach utilized focus groups and online surveys. To encourage maximum involvement the focus group meetings were open to the public.

Needs Assessment

NA-05 Overview

Needs Assessment Overview
NA-50 Non-Housing Community Development Needs - 91.415, 91.215 (f)

Describe the jurisdiction’s need for Public Facilities:

The provision of public facilities and the improvements of these facilities address the goal of providing public services and recreational activities for low to moderate income persons. The needs include renovations to the senior center, community center, and park improvements. The following needs and improvements are based on input from community stakeholders and the public.

**Senior Centers:** Improvements to the senior center facility.

**Removal of Architectural Barriers:** Compliance with American disabilities Act

**Parks, Recreational Facilities:** Improvements to parks and recreational facilities

**Community Center:** Improvements to Community /Neighborhood Centers

**Fire Stations/Equipment:** Improvements to Fire Station and required equipment

**How were these needs determined?**

The above improvements are based, consultation with City Administration and Department Heads and public input from surveys and public meetings.

Describe the jurisdiction’s need for Public Improvements:

The age of the infrastructure, which was mainly constructed 60 to 70 years ago, which makes the need for repair and replacement ongoing.

**Parking Facilities:** Improvements to parking facilities

**Water / Sewer Improvements:** Improvements to water, storm and sanitary sewers

**Street Improvements:** Roadway sectioning and replacement.

**Sidewalks:** Sidewalk installation, sectioning and replacement

**Tree Planting:** Planting of Trees

**How were these needs determined?**
The need for public improvements are based on consultation with City Administration and Department Heads and public input from surveys and public meetings. In addition Lincoln Park conducted a PASER Study, which is a State authorized study of the conditions of the roads. The DPW department and City Engineer also track water main breaks and other maintenance issues that identify potential infrastructure issues.

Describe the jurisdiction’s need for Public Services:

The need for public services is based on the goal to provide adequate health, recreational, and crime awareness for low to moderate income persons and low to moderate clientele. Based on the input received the need for public services are as follows:

Food Banks: improvement to better service clientele.

**Senior Services:** Services provided to seniors

**Youth Services:** Services provided to at risk youth

**Battered and Abused Spouses:** Services provided for victims of abuse

**Crime Awareness:** Lincoln Park Community Policing

**Fair Housing Activities:** Addressing impediments to fair housing

**Mental Health Services:** Assistance to programs that address mental health

**Screening for Lead-Based Paint/Lead Hazards Poison:** Advertising and distribution of pamphlets and public service announcements regarding lead poisoning

How were these needs determined?

The need for public services are based on consultation with City Administration, Department Heads and non-profit service providers.

Based on the needs analysis above, describe the State's needs in Colonias

</table>

Table 11 – Median Earnings in the Past 12 Months

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

The largest number of jobs in Lincoln Park is Retail Trade with 30% of total jobs, it is followed by Education and Health Care Services with 17% and Arts, Entertainment, Accommodations with 17%.

Describe the workforce and infrastructure needs of the business community:

The top three occupations in Lincoln Park are Sales and Office (34%), Service (17%) and Management, Business and financial (17%).

An overwhelming majority (72%) of workers in Lincoln Park travel less than 30 minutes to work.

Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.
Lincoln Park has an active Economic Development Corporation (EDC) that works to:

- assist and retain local industries and commercial enterprises as part of our urban strategy
- strengthen and revitalize the economy of the City of Lincoln Park
- provide means and methods for the encouragement and assistance of industrial and commercial enterprise in:
  - Locating, purchasing, constructing, re-constructing, modernizing, maintaining, furnishing and expanding in Lincoln Park
  - provide needed services and facilities of the business enterprises to the city and its residents

The EDC also works closely with the MEDC to provide assistance to attract and retain economic investment in Lincoln Park.

**How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?**

The unemployment rate is much higher in the 16-year to 24-year age bracket, at 25.05%. Comparatively, the unemployment rate for people age 25 to 65 is 8.78%. Combining to an overall unemployment rate of 13.6% for Lincoln Park.

Educational level appears to have a direct correlation to employment rate in Lincoln Park. 80% of person with a bachelor’s degree or higher are employed, about 7% are unemployed and 13% are not in the workforce. On the other end of the spectrum 50% of persons with less than high school diplomas are employment, about 9% are unemployed and 41% are not in the workforce. People age 25 to 65 account for the vast majority of college educated people, representing approximately 95% of those with an associate degree, those with a bachelor’s degree, and those with a graduate or professional degree.

These two factors considered together, educational attainment by employment status and educational attainment by age, combine to suggest and inform the high unemployment rates seen by persons age 16 to 24, is a result of this demographic not having had time yet to achieve education and specialization commensurate with higher rates of employment.
Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

Lincoln Park has access to the Downriver Community Conference which is the provider for Michigan Works providing workforce development in SE Michigan.

The purpose of Michigan Works is to enhance the quality of life for residents, workers and businesses. Also responsibly manages the necessary financial resources to successfully implement this vision.

1. On Site Services

- Job search support materials
- Resume and cover letter guides
- Career exploration tools
- Workshops include, interviewing for success, computer and printer training along with learning networking techniques

1. Youth Services

- DCC will guide the youth ages 12-24 to receive proper guidance in obtaining a high school diploma along with the proper training to assist them with job placement.

1. Pure Michigan Talent
-This website allows you to post your resume which automatically forwards it to hundreds of employers instantly as it matches your unique skills and abilities accordingly.

4. Job Search Websites

-Flipdog.com

-Monster.com

-Hotjobs.com

**Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?**

No

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

**Discussion**
MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")

Specific neighborhood information on concentrated housing problems is not available. Though specific information is not available, homes in need of the most repair are located in the areas with the greatest concentration of low income households.

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")

According to the 2010 Census the African American population in Lincoln Park is 6% and the Hispanic Population is 15% - listed below are census tracts with concentrations of 6% African American and 15% Hispanic.

Census Track 5772 - 6% African American / 15% Hispanic

Census Track 5771 - 8% African American / 22% Hispanic

Census Track 5770 - 19% African American / 22% Hispanic

Census Track 5774 - 15% Hispanic

The following census tracks have a low to moderate income population of greater than 50.5%

5770.01, .03, .04, .05

5771.01, .02, .03, .04

5772.01, .02

5774.01, .02

5775.01, .04

5776.03

5777.01

5778.02

5779.01
What are the characteristics of the market in these areas/neighborhoods?

As in most of Lincoln Park the age of the housing stock and need for improvement is vast. Most homes are smaller in size, approximately 1,000 square feet or less. The areas tend to have higher volume of rentals mixed with longtime elderly owners and vacant homes.

According to Semcog data in Lincoln Park the owner occupied homes has decreased from 12816 in 2000 to 11024 in 2010, while the rental occupied has increased from 3,388 in 2000 to 3900 in 2010, and the number of vacant units has increased significantly 617 homes in 2000 to 1606 homes in 2010.

Are there any community assets in these areas/neighborhoods?

The Lincoln Park has several parks throughout the City and eight of them are located in census tracks with a low to moderate income population of over 50.5%. In addition to the parks the historical museum and library are also located in a LMA.

Are there other strategic opportunities in any of these areas?
Strategic Plan

SP-05 Overview

Strategic Plan Overview

Lincoln Park is expected to receive an average of approximately $690,000 in federal funding each year over the next five years, through US Department of Housing and Urban Development Community Block Grant. These Funds will be used to address the following priority needs as identified by the Community:

- Senior Center Improvements
- Removal of Architectural Barriers
- Parks, Recreational Facilities
- Community Center Improvements
- Fire Station / Equipment
- Parking Facilities
- Water / Sewer Improvements
- Street Improvements
- Sidewalks
- Tree Planting
- Public Services
- Senior Services
- Youth Services
- Battered and Abused Spouses
- Community Policing and Crime Awareness
- Fair Housing
- Mental Health Services
- Screening for Lead Based Paint / Lead Hazards Poisons
- Acquisition of Real Property
- Disposition of Real Property
- Clearance and Demolition
- Construction of Housing
- Rehab Single - Family Residence
- Public Housing Modernization
- Rehab: Other Publicly Owned Residential Buildings
- Rehab: Publicly or Privately Owned Commercial
- Code Enforcement
- Lead Based / Lead Hazard Test / Abatement
- Economic Development
- Administration and Planning
Addressing these needs will assist the City in achieving the overall goals of housing and community development:

- Improve Public Facilities and Infrastructure
- Improve the Affordability of Housing
- Improve Amount of Decent and Affordable Housing
- Enhance Public Safety
- Foster Economic Development
- Code Enforcement
- Provide and Expand Public Services
- Parks & Playgrounds Renovation
- Enhance Quality of Living Environment
### SP-10 Geographic Priorities - 91.415, 91.215(a)(1)

</tr>
</tbody>
</table>
Are there barriers to improvement in this target area? | The main barrier is the lack of funding to complete all that is needed in these low and low-moderate areas.
---|---
2 | Area Name: City-Wide
Area Type: Local Target area
Other Target Area Description:
HUD Approval Date:
% of Low/ Mod:
Revital Type: Other
Other Revital Description: Public Services
Identify the neighborhood boundaries for this target area. | This target area is for the public services portions of the plan, which focuses on the income level of the individual
Include specific housing and commercial characteristics of this target area. | Low to moderate income or presumed low to moderated income persons
How did your consultation and citizen participation process help you to identify this neighborhood as a target area? | The need for services for the at risk population is a priority of the City.
Identify the needs in this target area. | Services such as Food banks, battered spouses and senior services.
What are the opportunities for improvement in this target area? | The funding limits the amount of services we are able to provide - at this time we can not address all the public service needs of the community.
Are there barriers to improvement in this target area? | The only barrier is the lack of funding

**Narrative (Optional)**
SP-35 Anticipated Resources - 91.420(b), 91.215(a)(4), 91.220(c)(1,2)

Introduction

Lincoln Park receives Program Income from monthly loan payments and deferred loan payoffs from the Rehabilitation Loan Program. These funds are receipted back to the program to be used again, in the housing rehab program. Lincoln Park anticipates receiving $25,000.00 in program income on an annual basis.

Table 14 - Anticipated Resources
Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Program income is received from payoff of liens placed on homes that were rehabbed under the CDBG program. The funds are utilized for the rehab of additional homes in the community. These funds are leveraged to extend the City's Rehab program.

The City's number one priority is infrastructure improvements, and the City is continually looking for grant opportunities from the State and Federal government to leverage the allocation of the CDBG funds to address this great need. In order to maximize federal funding the city solicits grants from county and state sources.

The City also supports public service providers who receive additional funding which maximizes the City's CDBG Funding and services provided.

If appropriate, describe publically owned land or property located within the state that may be used to address the needs identified in the plan

The City will address needs of Parks owned by the City which are located in low-to-moderate area census blocks.

Discussion
### SP-40 Institutional Delivery Structure - 91.415, 91.215(k)

Explain the institutional structure through which the jurisdiction will carry out its consolidated plan including private industry, non-profit organizations, and public institutions.

**Table 15 - Institutional Delivery Structure**

**Assess of Strengths and Gaps in the Institutional Delivery System**

The City of Lincoln Park ensures overall compliance with its programs. Wayne County, as lead entity for the HOME Consortium, ensures compliance for HOME related projects. Both entities monitor program
controls including requirements for continuing affordability, affirmative marketing, procurement and labor standards and shares data with members. The County monitors (and provide technical assistance) to CHDO entities as prescribed by regulation but also based on assessed risk. It will monitor more frequently, if needed.

**Table 16 - Homeless Prevention Services Summary**

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

Lincoln Park benefits from being part of the downriver communities which have major community partners in the area to combat homelessness. However, the need for permanent affordable supportive housing and services continues to be a pressing issue for persons experiencing homelessness and special needs populations.
The only recipient of HOPWA funds in Wayne County is the City of Detroit.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

Lincoln Park has excellent administrative capacity, with capable staff, excellent relationships with communities and non-governmental entities, and innovative programs. In addition to positive relationships with communities, the Department maintains open lines of communication with the CoC and many other non-profits servicing Lincoln Park low-income residents. The major gap is in the amount of funding, with the current economic environment, recently exiting an emergency manager the City does not have enough funds to provide all the services needed by the low to moderate income population and well as the persons with special needs.

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

Lincoln Park continually looks for opportunities for additional grant funds to fill the gap and looks for partnership opportunities with other communities and non-profits.

<td>Goal Name</td>
<td>Enhance Quality of Living Environment</td>
</tr>
<tr>
<td></td>
<td>Goal Description</td>
<td>It is a goal of the City to be a community that is noted for the quality and affordable mix of housing opportunities it possesses. The City would also like to be noted for its recreational and cultural opportunities. The City has the goal of enhancing the commercial opportunities and the provision of quality goods and services to the residents of the neighborhoods.</td>
</tr>
</tbody>
</table>

**Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)**

The City is anticipating one new construction home per year from the Wayne County HOME consortia with an additional two homes purchased, rehabilitated and sold through the CDBG Allocation for each of the plan years.
SP-65 Lead-based Paint Hazards - 91.415, 91.215(i)

Actions to address LBP hazards and increase access to housing without LBP hazards

The City has adopted a policy of addressing lead-based paint hazards when required in providing CDBG housing rehabilitation assistance. Lead risk assessments are completed for required rehabilitation receiving funds through the Lincoln Park CDBG housing rehabilitation program. When conditions indicated a potential lead-based paint hazard, appropriate remedial action is included as part of the rehabilitation work. All lead work is conducted in accordance with federal regulations and performed by a certified and/or licensed contractor.

How are the actions listed above integrated into housing policies and procedures?

In accordance with federal regulations, at the time of the application, the staff distributes the EPZ/HUD "Protect Your Family from Lead in Your Home" pamphlet and provides guidance to all housing rehabilitation assistance recipients. The pamphlet explains the dangers of lead based paint, symptoms of lead based paint poisoning, and provides instructions on actions to be taken if lead based poisoning is suspected.

Staff periodically attend training provided by HUD and other regulatory agencies to stay current with the regulatory guidelines regarding lead based paint hazards
SP-70 Anti-Poverty Strategy - 91.415, 91.215(j)

Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

Lincoln Park has made the decision to concentrate its limited resources for poverty reduction by renovating the infrastructure which benefits residents and businesses, which will make private investment in Lincoln Park more attractive. Crime reduction through community policing and the provision of low interest rehabilitation loans to existing business has the potential to business retention and show to outside investors that Lincoln Park is able to provide mutually beneficial services to the private sector and residents. Public-Private partnerships and intergovernmental collaborations are becoming standard practice in Lincoln Park.

How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

Through home renovation programs, supporting public housing and Section 8 housing providers, and contracting with sub-recipients homeless shelters and domestic violence centers, the City is able to reduce the number of poverty level families. By providing home renovations loans to income eligible individuals, it allows families to bring their homes to code. By supporting non-profit and for-profit public housing providers, the City is able to expand housing options for a wide variety of circumstances. However, the City believes that it should focus its limited resources for poverty reduction renovating the infrastructures that benefits residents and businesses, which will make private investment in Lincoln Park more attractive.
SP-80 Monitoring - 91.230

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.
Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

Lincoln Park receives Program Income from monthly loan payments and deferred loan payoffs from the Rehabilitation Loan Program. These funds are receipted back to the program to be used again, in the housing rehab program. Lincoln Park anticipates receiving $25,000.00 in program income on an annual basis.

</tr>
</tbody>
</table>

**Table 18 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

Program income is received from payoff of liens placed on homes that were rehabbed under the CDBG program. The funds are utilized for the rehab of additional homes in the community. These funds are leveraged to extend the City's Rehab program.

The City's number one priority is infrastructure improvements, and the City is continually looking for grant opportunities from the State and Federal government to leverage the allocation of the CDBG funds to address this great need. In order to maximize federal funding the city solicits grants from county and state sources.

The City also supports public service providers who receive additional funding which maximizes the City's CDBG Funding and services provided.
If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City will address needs of Parks owned by the City which are located in low-to-moderate area census blocks.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

While Lincoln Park is not officially establishing Geographic Priority Areas in the 2016 to 2020 plan, the CDBG program will operate on a citywide basis but will concentrate in low and moderate income Census tracts and block groups of the City. The City of Lincoln Park intends to dedicate 100% of its CDBG allocation to housing and public services that provide assistance to the low and low-moderate income persons and households on citywide bases. All infrastructure improvements utilizing CDBG funds will take place in the low to low-moderate income census block groups.

Table 21 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

These areas have the greatest need for improvements to the infrastructure and housing.

Discussion
AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Actions planned to address obstacles to meeting underserved needs

The City will continue to support non-profit agencies, homeless providers, and special needs groups in their goal to meet the underserved persons of the community. The City will continue to communicate with these groups to assist in the coordination of services and to provide technical assistance when needed.

The primary obstacle to meeting underserved needs of the low and moderate income populations continues to be the lack of sufficient funding. Organizations serving these populations have seen funding decrease while the demand for services increases. The City’s Program Year 2016/2017 CDBG allocation represents the city’s only viable funding source available to meet the needs of its underserved residents. To address this obstacle the city intends to commit 100% of its CDBG allocation entirely to meeting the needs of our underserved residents. Other than that, the City has experienced dramatic reductions in its operating budget due to staggering losses in property value and state revenue sharing. As a result the City is not in a financial position to provide much more than limited CDBG funding. To the greatest extent possible the city will maximize these limited resources by attempting to leverage its funds and to seek new sources of funding.

Actions planned to foster and maintain affordable housing

Actions planned to reduce lead-based paint hazards

The City has adopted a policy of addressing lead-based paint hazards first when doing any type of rehabilitation work in a home. The Office of Community Planning and Development operates a Home Rehabilitation Loan Program through which it loans money to qualified homeowners and rental property owners to use in renovating housing units. As a part of that activity, the City pays for and conducts testing of the homes to determine the presence of lead-based paint hazards. All homes acquired for rehabilitation through the City’s Housing Stock Improvement Program goes through the lead abatement process as well. Due to limited funds, the City cannot get to enough of the housing each year. The City prioritizes lead mitigation to homes with small children. The City also works with the State of Michigan and the Wayne County Lead Safe program for lead mitigation efforts. ETC Environmental Services of Romulus, MI performs the testing. If the city discovers lead based paint hazards, loan funding is made available to ameliorate the hazards. The City makes available a variety of publications that explain the
dangers of lead in the home and what can be done to prevent and/or deal with those hazards. The City encourages local contractors to get trained and become certified as lead contractors in order to increase options for local residents. The CPD Staff periodically attends training provided by HUD and others to stay current with this issue and deal with it effectively.

**Actions planned to reduce the number of poverty-level families**

In 2010, the poverty threshold in the Continental United States for a family of four was $22,190. The poverty status of persons for which poverty status is determined in Lincoln Park from 2008-2010 census estimates is as follows. Families living below the federal poverty level represented 14.6% of total families in the city. Families with children living below the federal poverty level represented 20.8% of total families in the city. Of families headed by a married couple, 7.5% lived below the poverty level. A more significant problem is represented by the fact that 31% of female-headed households with no male present in the City live below the poverty level. Of persons under the age 18, 23.3% live below the poverty level. Those aged 65 and older fared even better as only 6.8% of that group live at or below the poverty level.

In order to break the cycle of poverty, retaining existing jobs and expanding business opportunities in such a way as to provide more quality jobs for the members of the community must be a priority. The public sector can assist with training and equipping citizens for new jobs and should continue to do so. Lincoln Park will concentrate its limited resources for poverty reduction by renovating the infrastructure that benefits residents and businesses, which will make private investment in Lincoln Park more attractive. Crime reduction through community policing and the provision of low interest loans to existing businesses has the potential to increase business retention and show to outside investors that Lincoln Park is able to provide mutually beneficial services to the private sector and residents. Public-Private partnerships will be a fact of collaboration in Lincoln Park for years to come.

**Actions planned to develop institutional structure**

Non-profit entities such as:

- First Step: Western and Downriver Wayne County Project on Domestic and Sexual Violence
- Out Wayne County Homeless Services Coalition
- Citizens Patrol Watch
• Lions Club
• SEMCOG,
• Michigan Community Development Directors Association,
• Downriver Community Conference,
• Michigan Suburbs Alliance,
• Wayne Metro Community Services Agency,
• The Senior Alliance,
• The Guidance Center;

The City will also work closely with:

• State of Michigan,
• Michigan State Housing Development Authority,
• Wayne County, Neighboring Cities of Detroit, Ecorse, Wyandotte, Southgate, Allen Park, and Melvindale.

**Actions planned to enhance coordination between public and private housing and social service agencies**

**Discussion**
Program Specific Requirements
AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)
Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed 0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. 0
3. The amount of surplus funds from urban renewal settlements 0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan 0
5. The amount of income from float-funded activities 0
Total Program Income: 0

Other CDBG Requirements

1. The amount of urgent need activities 0

2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. 80.00%
