

This is Jack & Jill.

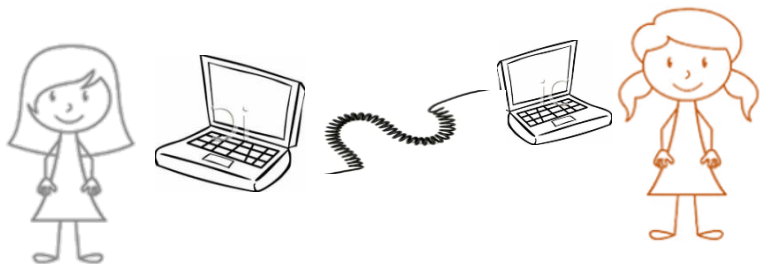

Jack & Jill like to get together with their friends.

They learned others are getting COVID-19 through small get togethers.

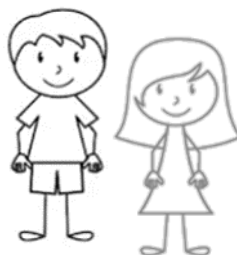

They decide to visit online.

Or wear masks when together.

Be like Jack & Jill.

This is Jack.

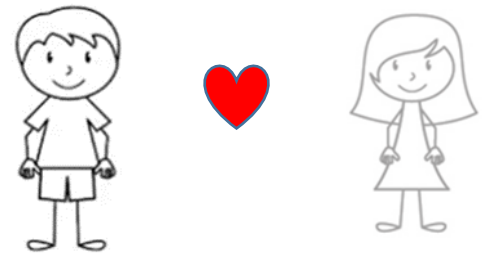

**This is Jack's wife, Jill.
She has diabetes.**

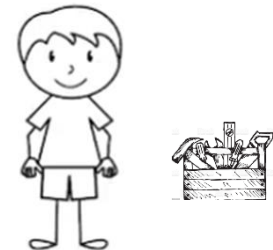

**Jill works from home,
because of COVID-19.**

Jack loves Jill very much.

But Jack has to go to work.

**So when Jack gets home from work,
he washes his hands VERY well,
because catching COVID could be
dangerous for Jill.**

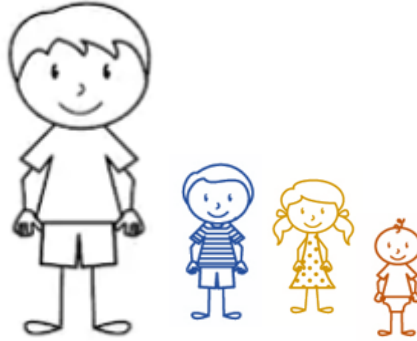

Be like Jack.

This is Jill.

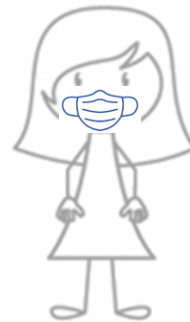

Jill loves her family.

Jill doesn't want her family to get COVID-19.

Jill wears a mask whenever she leaves the house.

Be like Jill.

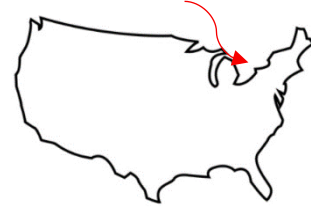

This is Jill.

Jill has elderly parents.

Jill's parents live far away.

Jill misses her parents, especially during the holidays.

But Jill knows lots of people have COVID. It may not be safe to travel or to be too close to them.

So Jill decided to teach them how to chat online.

Now the family can enjoy the holidays together, SAFELY.

Be like Jill.
