

Cannabis Informational Materials

As a result of the continuing conversation around cannabis, LPHA has received several requests for additional informational materials on cannabis. Below are resources for you to reference as needed:

- [Minnesota Prevention Resource Center Marijuana Materials](#) – multiple resources including links to customizable data, links to resources, info briefs, and studies
- California State Association of Counties, [Cannabis Policy Videos](#) – county challenges in implementing cannabis-related laws, including information about banking, taxation and cultivation
- CDC, [Marijuana and Public Health](#) – health effects and data
- NACCHO, [Statement of Policy on Medical and Recreational Cannabis and Cannabinoids](#) – policy statement
- National Environmental Health Association (NEHA), [Cannabis Resources](#) – glossary of terms, food safety guidance for cannabis products, policy statement, and webinars
- American Public Health Association, [Regulating Commercially Legalized Marijuana as a Public Health Priority](#) – policy statement
- International City/County Management Association, [Local Impacts of Commercial Cannabis](#) – written report
- National Association of Counties, [Medical and Recreational Marijuana Legalization: Impacts on Counties](#) – video and slide deck
- California Department of Public Health, [Let's Talk About Cannabis](#) – various videos, resources, a toolkit, a discussion of what is legal, and data and information
- [Smart Approaches to Marijuana](#) – this is an advocacy group that is against legalizing marijuana but provides links to various studies
- [Marijuana Policy Project](#) – this is a group that advocates for decriminalizing marijuana and making medical marijuana available
- [NORML, Working to Reform Marijuana Laws](#) – this is a pro legalization advocacy group
- Minnesota Department of Health, [Medical Cannabis](#) – this site has various resources and information related to Minnesota's medical cannabis program
- Business Insider, [New Jersey lawmakers postponed a critical vote to legalize marijuana — here are all the states where pot is legal](#) (March 26, 2019) – recent article that highlights different cannabis laws throughout the country
- Washington Post, [U.S. Marijuana Laws: A History](#) – A short tool that lays out the history of marijuana in the U.S.
- Colorado Department of Health and Environment, [Marijuana](#) – information on marijuana research and policies in Colorado
- Denver Public Health, [Data about the Public Health Effects of Marijuana](#) – Denver provides links to various studies and also local data about the impacts of cannabis in Denver
