Treasurer Kristie Hobbs reported her office is currently extremely busy, they have just finished collecting the first half of 2020 property taxes. Commissioner Sweetser stated he sits on the New Mexico State Insurance Board. The Civil Rights initiative can effect higher judgements to the point the insurance company will charge higher prices. This could have the potential to bankrupt small counties. We need to lobby our Representatives and Senators to make sure this is mitigated as much as possible.

Chair Reedy wanted to thank Commissioner Sweetser for his service as Chair in the last year. Chair Reedy said she has been educated by two other Commissioners and hopes she will be able to do as well a job as they have done.

COUNTY MANAGER'S REPORT: County Manager Chris Brice reported:

- Dispatch: Dispatch had a total of 9,437/911 calls and 102 warrants. A structure fire on January 1st burned through fiber optic cable that feeds the dispatch center. Dispatch had to move all 911 lines to Hidalgo County as dispatch administration lines were all affected. It took a few days to get that all corrected. Dispatch did a really good job transferring everything over. A demonstration from the State on the CAD system is scheduled in the near future. They are also in talks with Motorola for a new CAD system. They will also be coming to demonstrate their product. Mr. Brice is leaning towards the Motorola system because Hidalgo County just announced them as the winner of the RFP to provide their CAD systems. Unfortunately the State runs on six or seven different systems it makes it difficult to share with others. With the Motorola system, we would be able to share information with Hidalgo County.
- LCDC: There was a total of 238 people booked and 126 released. The average daily population was 238 with 142 Marshalls, which was somewhat under what we need to break even. We are taking a hard look at the remaining six months of this year to see where we are in respect to the budget and coming out even. The detention center is going to use the program that the County has been paying for called Survey Monkey. A staffing survey is being conducted at the detention center in search of the reason for the huge turnover rate in that area. Is the problem administration, supervisory, we need to find a balance. We have reached out to Workforce Solutions to get a hold of the surrounding military basis possibly to use the transition assistance program for discharged service members. I believe were missing out on a talent pool there. We currently have 22 Covid cases. The State is currently conducting waste water sampling of the LCDC discharge water. They notified us on Wednesday of a spike in Covid presence and sure enough on Friday individuals started showing systems.
- Road Department: We have begun finalizing the 2020 Department of Homeland Security and FEMA Emergency Road Project in the areas of Inman Road, Carzalia Loop, Perrin/Dwyer Roads, Cow Springs, Cedar Grove, and Gage Station. A total of 132 miles of road have been bladed with high traffic areas taking priority. We are working on Colonias applications at Majestic View for planning and design. We are also doing a preliminary engineering report on the Keeler Farm water source. We own a well there and want to find out what it would

take to get them hooked up into city water. Mr. Brice introduced David Bailey as the new Road Department Director. He said they are also working on revamping a plan to improve solid waste drop off locations to reduce overflow and limit collection of loose trash. In the future the county can get some inmates on work detail to clean these areas up but that is not possible right now due to Covid. A total of 2,574 tires were received. Community Development Director Premal Patel has a really good plan which he is working with the City on tracking where those tires are coming from.

- Budget and Procurement: We are patiently awaiting our audit findings. The Gross Receipt Tax received was much closer to normal, but still a little higher than normal.
- Human Resources: The Detention Center has 14 to 15 opened positions. The minimum wage as of January 1st is \$10.50 an hour. Employees were brought up to the minimum wage if they fell below \$10.50.
- Starmax: Sales for the month of December is \$542.00. Covid-19 testing continues to be done at the Starmax site. As of December 31st 1,130 individuals have been tested. Curative is soon taking over the testing process from the National Guard. Upgrades and improvements continue to be done throughout the facility.
- Emergency Management: Emergency Manager Phillip Rodriguez continues to assist the Department of Health and the New Mexico National Guard. A mass notification system for Luna County should be up and running by the end of January or the middle of February. Anyone who registers on their phones will be able to receive all emergency broadcast and any updates. The County has administered 317 doses of the Pfizer vaccine. We are also working on the hazard mitigation plan. We currently have two bids we have it out to request for proposal (RFP).
- Safety and Risk: A safety power point presentation was conducted for all new hires as part of orientation. They are working on the action plan for the safety program. Joann started back up with the defensive driving training. We will eventually get that all done.
- Luna County Fire: They responded to a vehicle fire, three building fires and five brush fires. They helped out Columbus Fire with a big wreck down there. We have approved through the budget committee to purchase two new brush trucks for our volunteer fire department. The ones being used now are a 1993 and 1997 with over 100,000 miles on them, they are in horrible shape sometimes inoperable.
- DWI: They are tracking 97 misdemeanor DWI offenders. Program Manager Edith Vasquez stated the average number of cases is actually going down since Covid started. Edith is working with the Coalition against Teen Substance Abuse center. She also just sent out educational newsletter in an effort to communicate programs.
- Community Health and Well Being: The Healing House staff are getting tactical training from the Detention Center. There have been some issues where the guest have gotten a little irate and have done crazy things to the staff. They may need the use of pepper spray and maybe even a hand held taser for defending themselves. CASA is serving 37 kids in Luna and Grant County. They also had a toy drive in Deming and Silver City. Parents as Teachers are serving 163 clients in Luna County and Hidalgo County. They distributed 150 Christmas bags to families. They helped Play Sharity with another 362 developmental toys. JJCS has 34

graduates from the girl circle and boys council program from both Luna and Hidalgo Counties now we have 18 participants and 9 adult drug participants.

- IT: IT had a total of 819 work orders. The Professional Document Services (PDS) is conducting training in the basement. Training consists on scanning files. PDS will be working for the next few weeks on getting the piles of documents scanned so we can rid of all the paper we have had sitting in the office.
- Economic Development: We are looking at the Fina station which is Joanne's idea possibly using that for the County vehicle maintenance area. We are looking at getting appraisers and surveyors to get an idea of cost since it was a gas station previously. Working on projects with Starmax expansion of the facility and moving the sports bar into the train depot. Dollar General just closed on the property on Hwy 11. The meat market south of town is waiting on approval for a water variance. Mr. Patel is working diligently on grants and other things. He has a couple more Ordinances for review in the next meeting.
- Maintenance/Projects: The Health Complex is on track with CDBG \$750,000 from Capital Outlay. Just finished some minor design changes, Dekker/Perich/Sabatini will be moving forward with the design. The next step would be construction documents, we should be ready to go out to bid by April on revamping the old slate street building and turning that into the new Health Department. The Healing House flooring is being renovated. The Park Plaza electrical design has been upgraded. Maintenance has been disinfecting with foggers all County buildings and emergency lights were installed throughout the Mimbres Valley Learning Center.

INDIGENT CLAIMS REPORT: Upon a motion by Commissioner Smrkovsky and a second by Commissioner Sweetser, the meeting of the Board of County Commissioners was unanimously recessed and the meeting of the Indigent Hospital Claims Board convened.

Budget and Procurement Director Joanne Hethcox reported zero claims for the month of December. No expenditures were reported. The total for this year has been \$113,700.62. The money received for the month of December is \$84,598.79 and the balance for the Indigent Claims Fund totaled \$1,622,091.22, of that \$374,617.86 is encumbered. Ms. Hethcox reported the second quarterly payment has been made for the safety net care pool in the amount of \$94,000. Commissioner Smrkovsky asked Ms. Hethcox if she foresees any changes to this money going forward. Ms. Hethcox stated she does not see any changes as this is a GRT imposed by the citizens. She does anticipate being able to distribute it to help the detention center more. Commissioner Sweetser motioned to approve the Indigent Claims Report as presented. Commissioner Smrkovsky seconded the motion which carried unanimously.

Commissioner Smrkovsky motioned to recess as a Claims Board and reconvene as a County Commission. Commissioner Sweetser seconded the motion which carried unanimously.

PUBLIC COMMENT: Chair Reedy opened the floor to public comment. Alberta Morgan went before the board and commented on the insurance cost due to civil rights, the excess tires, phone systems and local fires.

Crystal Replogie, Andriana Salvidares, Chelsea Newman and Monica Tubble from Play Sharity appeared virtually requesting the Board's approval for funding.

- a. **Resolution 21-03 Notice of Fees:** Mr. Brice explained many fees were in ordinances but that makes it cumbersome to make changes to a fee as needed. Mr. Patel is moving to essentially having an ordinance for fees but there will also be a fee schedules which will be passed annually by resolution. Some of the fees under the ordinances will be moved into the fee schedules which will include the animal fees. Commissioner Sweetser motioned to approve Resolution 21-03 Notice of Fees. Budget & Procurement Director Joanne Hethcox and County Manager Chris Brice explained it is for modular jail cells no longer being used at the detention center and a gold Ford 500 vehicle which is no longer mechanically sound. Commissioner Smrkovsky motioned to approve Resolution 21-12 Disposition of Personal Property. The motion was seconded by Commissioner Sweetser and carried unanimously following a roll call vote.

Commissioner Smrkovsky stated that she knows this funding request would be brought back in January and realizes they are developing a really good program but for clarification she stated this request would be for the \$25,000 which would complete the funding of \$50,000. She stated as the GRT seems to be going down all contributions will have to be looked at very closely again. Commissioner Smrkovsky motioned to approve PlaySharity Funding Request. The motion was seconded by Commissioner Sweetser and carried unanimously following a roll call vote.

UPCOMING MEETINGS: Chair Sweetser announced the following upcoming meetings:

Regular Commission Meeting – February 11, 2021 @ 10 a.m.

Commissioner Smrkovsky wanted to bring up before closing this meeting that she has received many calls from constituents regarding the county being in the red zone implemented by the Governor's office. Commissioner Smrkovsky recommended that we send a letter to the State asking them to allow us to be at the table when they make decisions regarding rural communities. Mr. Brice explained that all tests are being counted and what it boils down to is the Governor's positivity rate requirements. At this time, there is only one county in the green another one is yellow and the rest is red. We have sent letters on behalf of our constituents and our county in the past to the Governor asking to be part of these negotiations without any acknowledgment from them. Mr. Brice stated he is aware that it is almost impossible for us to meet the requirements to move out of the red zone. Ms. Smrkovsky also mentioned that if the borders open up and the asylum seekers arrive in Luna County, as 95% of asylum seekers are testing positive for Covid that would not be good for the County. Mr. Brice stated it will be another battle if these tests are being reported and counted in Luna County. Those results should not be counted in our county if they are asylum seekers, but maybe they will be.

ADJOURN: The meeting was adjourned by Chair Reedy at 12:16 p.m.

Be it remembered that at the Regular Meeting of the Board of County Commissioners of Luna County in Deming New Mexico, on the 11th day of February 2021, the following proceedings were had and entered of record.

RESOLUTION 21-16

A RESOLUTION OPPOSING HOUSE BILL 4

WHEREAS, in Laws 2020, 1st Special Session, Chapter 1 (HB 5) and in response to certain high-profile civil rights violations by law enforcement officers in other states, the New Mexico Legislature created the New Mexico Civil Rights Commission (Commission) to develop policy proposals for laws for the creation of a civil right of action for the deprivation, by a public body or a person acting on behalf of or under the authority of a public body, of any right, privilege or immunity secured by the Constitution of New Mexico; and

WHEREAS, a divided Commission voted 5-4 to recommend that the Legislature create a new State law cause of action for violations of the New Mexico Constitution that:

would NOT include a cap on compensatory damages, which is a break from the long-standing balance struck in the New Mexico Tort Claims Act (NMTCA) between compensating those harmed by government action and the public good; and

WOULD mandate the award of litigation expenses and attorney fees for prevailing plaintiffs, which can exceed the damages awarded to plaintiffs and are based upon hourly rates over \$450/hour; and

WHEREAS, the Commission's recommended legislation was largely introduced into the First Session of the 55th Legislature of the State of New Mexico as House Bill 4 (HB 4); and

WHEREAS, a new cause of action is unnecessary to address New Mexico constitutional deprivations by law enforcement officers (including detention officers at county jails), since the NMTCA already waives sovereign immunity for such claims and qualified immunity is not a defense to such claims (NMSA 1978, §41-4-12); and

WHEREAS, the NMTCA allows plaintiffs to recover damage awards up to \$1,050,000 and does not allow for the recovery of litigation expenses and attorney fees; and

WHEREAS, the NMTCA balances compensating those damaged by government action and the public good, since insurance premiums and uninsured claim costs take away money that would otherwise be available for essential government services; and

WHEREAS, research by New Mexico Counties presented to the Commission demonstrated that New Mexico – one of the poorest states in the Union – already allows for some of the highest damage awards in the Country for State law claims against law enforcement officers; and

WHEREAS, eliminating caps and mandating the award of litigation expenses and attorney fees will increase the costs of claims and will likely encourage more claims to be filed; and

WHEREAS, New Mexico Counties and other governmental entities also demonstrated that a new cause of action would cause reinsurance and other insurance coverage to no longer be available to the New Mexico County Insurance Authority; and

WHEREAS, the unavailability of reasonably-priced insurance will cause local governments to self-insure significant risk, which will divert scarce resources away from the very services that proponents of the new cause of action are trying to improve to individual claimants and their attorneys; and

WHEREAS, the new cause of action carries the risk of unintended, negative consequences, including the elimination of services or the privatization of services; and

WHEREAS, uninsured judgments that cannot be satisfied through existing resources will be paid by our citizens, through property taxes levied to meet the judgment (N.M. Const., Art. VIII, Section 7; NMSA 1978, §7-37-7(C)(3)); and

WHEREAS, many challenges faced by local law enforcement and county jails stem from substance abuse and mental health disorders in the population with which they interact; and

WHEREAS, instead of diverting resources to individual claims, the Legislature should be providing more resources to serve this population, which would minimize their interactions with law enforcement and keep them out of county jails; and

WHEREAS, information presented to the Commission demonstrated that the New Mexico Law Enforcement Academy needs additional resources to better train law enforcement officers and timely discharge its goal of investigating law enforcement officers accused of misconduct; and

WHEREAS, timely removing the certification of so-called “bad cops” would more effectively and quickly meet the goal of improving law enforcement by avoiding the recycling of such bad actors among law enforcement departments; and

WHEREAS, the proposed new cause of action would apply to any public body, defined as a “state or local government, an advisory board, a commission, an agency or an entity created by the constitution of New Mexico or any branch of government that receives public funding, including political subdivisions, special tax districts, school districts and institutions of higher education” or person acting on its behalf; and

WHEREAS, such a broadly drawn cause of action could have far reaching ramifications in areas not considered by the Commission, including actions by former students against school districts for failing to provide an adequate education as required by NM Const., Art. XII, Section 1.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Luna County that:

It opposes House Bill 4 in its current form, since:

it is unnecessary because victims of State constitutional violations by law enforcement officers (including detention officers) can already bring lawsuits for money damages for violations of their New Mexico Constitutional rights under existing state law;

it will not address the root cause of many claims against local governments, namely the lack of adequate state resources to treat substance abuse and mental health disorders in our community;

it will further harden the public liability insurance market, requiring local governments to self-insure more risk and creating the real possibility that property taxes will need to be imposed to meet uninsured judgments;

it will be ineffective at driving reform or otherwise improving law enforcement or other services because it will divert resources away from law enforcement and detention officer recruitment, retention, and training and other critical services to claims; and

it will almost certainly have unintended, negative consequences, such as eliminating critical high risk services, reduction of resources to educate students, and a return to privatization of detention facilities to transfer risk to private companies.

If a new State law cause of action for the deprivation of New Mexico Constitutional rights is to be enacted, it urges the Legislature to:

enact caps on compensatory damages comparable to those in the NMTCA; and

not allow the award of litigation expenses and attorney fees to prevailing plaintiffs, which will increase the costs of all claims and will encourage more claims to be filed, including those with minimal damages.

It urges the Legislature to invest in:

behavioral health prevention and treatment, to address the root cause of many law enforcement claims against local governments; and

revamping and improving the operations of the New Mexico Law Enforcement Academy.

Be it remembered that at the Regular Meeting of the Board of County Commissioners of Luna County in Deming New Mexico, on the 11th day of February 2021, the following proceedings were had and entered of record.

RESOLUTION 21-17

A RESOLUTION SUPPORTING STATE MEAT INSPECTION PROGRAM

WHEREAS, New Mexico livestock producers produce the highest quality of meat;

WHEREAS, the value of New Mexico livestock production exceeds Three Billion Dollars (\$3,000,000,000) annually, with Eight Hundred Twenty-four Million Three Hundred Thousand Dollars (\$824,300,000) in cash receipts generated by beef cattle and calves alone;

WHEREAS, the vast majority of meat processing is done by only four large companies geared towards bulk delivery to food service, restaurants and schools;

WHEREAS, the COVID-19 pandemic caused an abrupt and dynamic change in how food reaches the consumer's table which disrupted the meat processing industry, led by the four large processing companies, which were unable to adapt to the COVID-19 era demand for smaller packaging and delivery to retail outlets which led to empty shelves nationwide and particularly in rural New Mexico;

WHEREAS, Consumers are now demanding to know where their food comes from and how it was grown, with a clear preference for fresh local products, including beef;

WHEREAS, New Mexico livestock producers hurt by the disruption of the food supply chain are ready, willing and able to help meet these needs and demands with locally sourced beef; and

WHEREAS, New Mexico livestock producers are unable to help themselves and their fellow New Mexicans by supplying locally source beef because New Mexico does not have a regulatory process for the inspection of and promoting locally grown meat products.

NOW, THEREFORE, BE IT RESOLVED that the Board of Commissioners of Luna County urges the immediate implementation of a regulatory scheme that provides for the inspection of locally sourced meat products and facilitates the provision of New Mexico meat products to New Mexicans.

BE IT FURTHER RESOLVED that the Board of County Commissioners of Luna County supports the passage and enactment of House Bill 33 expanding the New Mexico Livestock Board's ability to conduct meat inspections and House Bill 121 appropriating funds to establish a statewide meat processing and marketing program expanding access to access beef produced locally, expanding local processing of beef and increasing retail opportunities for local beef producers.
