Time allotted | 1006 | Agenda topic: **Presentation** – Eagle Moon (site-walkthrough) for First Responders

Pablo advised we would be heading out to the Eagle Moon for a walk through if anyone wanted to participate due to learning the layout ref to 2 calls that needed immediate response. Unknown exact cause of explosion but not knowing the chemicals and procedure of evacuation plans it would be good we go check it out and learn about it just in case we get any requests for responders to respond out there in the future we have some knowledge.
