SECTION 4: The Franchise rights and privileges extended by this grant shall never be construed or held to be exclusive. The County retains and shall ever be

SECTION 1: All grants and privileges herein granted and conferred upon CEC, its legal representatives, successors and assigns, shall continue in full force and effect for a period of twenty-five (25) years from the date of this CEC Electric Franchise Ordinance.

SECTION 2: CEC will use reasonable diligence to furnish a regular and uninterrupted supply of energy; PROVIDED, HOWEVER, that CEC shall not be liable to anyone by reason of this CEC Electric Franchise Ordinance or the granting of this Franchise. Service interruptions or partial interruptions may occur or service may be curtailed or fail as a result of circumstances beyond the control of CEC, or be caused by

public enemies, accidents, strikes, legal processes, governmental restrictions, fuel shortages, breakdown or damages to generation, transmission or distribution facilities of CEC, and repairs or changes in CEC's generation, transmission or distribution facilities.

ARTICLE VI – RATES TO BE CHARGED

The rates to be charged by CEC for furnishing electricity shall be those rates effective by tariffs filed with the New Mexico Public Regulation Commission, or successor agency, as the same may be amended from time to time, in accordance with the rules and regulations of the New Mexico Public Regulation Commission, or successor agency, and the statutes of the State of New Mexico.

CEC shall avoid any unreasonable delay in backfilling such excavations, and all such excavations shall be restored by CEC in accordance with conditions set forth by the County in any valid ordinances and/or resolutions and/or regulations which may be adopted by the County to reasonably control and monitor such activities. If such ordinances, resolutions or regulations are not adopted or effective, it shall then be the responsibility of CEC to restore such property, insofar as practicable, to the original condition of such property. If CEC determines to install any facilities underground, then such facilities shall be buried to a depth required by applicable statute, code or regulation.

SECTION 3: Tree Trimming and Obstructions: CEC shall have the right and authority to trim trees overhanging or within any public way and to remove any obstruction within any public way in order to eliminate or minimize interferences with its plant, lines or system.

ARTICLE VIII – RELOCATION OR REMOVAL OF FACILITIES

When required by the County for reasons of public safety, street construction (including rerouting, improving or widening), bridge repair or reconstruction, or change or establishment of street grade, CEC shall, at its own expense, protect, support, temporarily disconnect, relocate or remove its facilities along, under or over any Public Rights-of-Way (“Relocation Costs”); provided, however, that CEC shall not be responsible for Relocation Costs:

- (1) where by County application, specific monies can be and are obtained from Federal or State sources for Relocation Costs, provided that no County matching funds would be required, the scope of the County project would not be diminished and the County would not be required to spend additional monies;
- (2) if the specific street excavation, street construction, or street regrading is done to accommodate the actions or plans of private individuals or entities who are developing or intend to develop property within the Franchise Area, then such private individuals or entities shall be responsible for the Relocation Costs provided that in no event shall the County be liable for such Relocation Costs;
- (3) related to the construction, reconstruction, removal or relocation of streetlighting systems installed in the Public Right-of-Way at the County’s request to provide streetlight service to the County, *provided that such streetlighting relocation costs are regulated by a tariff approved by the New Mexico Public Regulation Commission or its successor agency; or*
- (4) that State or Federal law requires the County to pay.

It is specifically agreed and understood, however, that before the County shall provide CEC with written notice at least sixty (60) days in advance of the commencement of the contemplated changes so that CEC may have sufficient time to make recommendations intended to minimize the cost of relocating or removing its facilities. The County agrees that it will act in good faith and use its best efforts to cooperate with CEC in attempting to implement any recommendations offered by CEC.

ARTICLE IX – INDEMNITY

CEC shall indemnify and save harmless the County, its governing body officers, agents and employees from and against any and all claims or obligations caused by the sole negligence of CEC, its officers, agents or employees, contractors or subcontractors in connection with the installation, repair, operation or maintenance of any of CEC's facilities or in any work done as authorized or required by this Franchise. The County shall give prompt notice to CEC of any claim or suit arising under this indemnity agreement and CEC or its insurer shall have the option to compromise and defend the same to the extent of their own interest. Nothing in this indemnity agreement shall be construed to depart from the present or future law of New Mexico concerning comparative negligence and contribution among or between joint tortfeasors.

ARTICLE X – ACCEPTANCE

SECTION 1: CEC shall, within thirty (30) days after the passage and approval of this CEC Electric Franchise Ordinance or any amendment hereto, file in the office of the Clerk of the County of Luna a written statement of acceptance of this CEC Electric Franchise Ordinance or the amendment duly signed and acknowledged by the proper officer of CEC authorized to execute such acceptance, and, if required by statute or regulation, shall file a true copy of this CEC Electric Franchise Ordinance or the amendment and the acceptance of CEC with the New Mexico Public Regulation Commission, or its successors.

SECTION 2: In the event such acceptance of this CEC Electric Franchise Ordinance or any amendment hereto is not filed with Clerk of the County of Luna within said period, this CEC Electric Franchise Ordinance or the amendment hereto and the rights, privileges and franchises granted by this CEC Electric Franchise Ordinance or the amendment, as the case may be, shall be terminated and void; PROVIDED, HOWEVER, the county may by resolution extend the time herein for the filing of such acceptance for an additional period.

SECTION 3: This CEC Electric Franchise Ordinance hereto, if accepted by CEC as hereinbefore provided, shall supersede, cancel and bind in lieu of any and all other existing or prior grants of rights, permission and authority to CEC or any predecessor companies or assignors of CEC to construct, operate and maintain any system for the production, transmission, distribution and sale of electricity for lighting, heating, power or other purpose within the Franchise Area.

ARTICLE XI – PARTIAL INVALIDITY

If any section, paragraph, subdivision, clause phrase or provision of this CEC Electric Franchise Ordinance shall be adjudged invalid or unconstitutional, the same shall not affect the validity of this Ordinance as a whole or any part of the provisions hereof, other than the part so decided to be invalid or unconstitutional.
